## 10 A's vir cara

Cara Burger (middel) - nóg 'n leerling van die Hoërskool Rustenburg wat die wenkbroue laat lig het in die onlangse 2019 Graad 12-eindeksamen nadat sy 'n bykans ontmoontlike 10 onderskeidings behaal het. Cara is vanaf vandeeweek 'n mediese student aan die Universiteit van Pretoria en sy sien daarna uit om mense te dien, te help en te genees. Cara se trotse ouers is Wikus en Charlotte Burger. Lees meer op bladsy 10.

### Wen R1000 met jou advertensie

Een gelukkige adverteerder kan binnekort R1000 ryker wees. Al wat jy hoef te doen, is om ons webwerf by <https://www.northwestnewspapers.co.za/herald/> te besoek en 'n geklassifiseerde advertensie ('classified') te plaas. Alle advertensies wat op dié manier geplaas word, sal kwalifiseer vir die gelukkige trekking. Almal mag deelneem - privaat persone, besighede, organisasies, klubs en kerke. Raak ontslae van daardie stuk kombuisgereedskap wat net staan en stof vergaar, sporttoerusting wat nie meer gebruik word nie, ongewensde geskenke of vertel lesers van die dienste wat jy lewer. Dié is nou jou kans om 2020 op die beste noot - 'n geldnoot - af te skop.

## Dam levels improve due to persistent rain

RUSTENBURG HERALD - RUSTENBURG - Dam levels in parts of South Africa have slightly begun to improve as a result of persistent rain.

According to the Department of Water and Sanitation (DWS) dam waters rose by 1% week-on-week, while an average national level is at 60.2% - an improvement from 59.2% which was recorded the previous week.

Human Settlements, Water and Sanitation Minister Lindiwe Sisulu encouraged South Africans to use water sparingly, despite the improvement in dam levels as some communities are still experiencing drought.

Dam levels in the North West increased to 61% according to the latest information.

## Wedding celebrated

The wedding of Sakie Phinithi and Snkie Molato took place on 29 December 2019 at Lethlhabile and Madikwe respectively. In attendance were family, friends and community members. Congratulations on your wedding! (Photograph by Philly Motswabang).

## Safer Festive Season operations in Boitekong

RUSTENBURG HERALD- BOITEKONG - Festive season operations continued within the Rustenburg Cluster, bringing with it an array of positive successes.

The Cluster Commander, Major General Arthur Adams celebrated his birthday by recently joining and encouraging his members to uphold the image of the SAPS during a joint operation together with other Law enforcement Agencies in the Boitekong area. A combined team of approximately 120 members, including the Community Policing Forum took to the streets to address all matters relevant to law enforcement. According to information, the operation was conducted in two phases, which saw the Detectives tracing and arresting wanted suspects in connection with armed and business robberies as well as malicious damage to property during phase one. The multi disciplinary approach was carried out in phase two. Members set up a roadblock during which vehicles were impounded and Aarto fines to the value of R16 400 were issued. Shebeens were inspected for liquor compliance and R90 000 worth of liquor was confiscated and some of these shebeens were shut down for non compliance. Several second hand goods premises were visited for the purpose of ensuring compliance. In addition to all the above, 39 illegal immigrants were arrested. Major General Arthur Adams and members of Senior Management worked vigorously with members, leading by example. Suspects arrested for serious offences have appeared at the Rustenburg Magistrates' Court on Monday (20 January).

Dagga plantation uprooted in Popo Molefe squatter camp.

Liquor confiscated.

## Drugs, illegal firearms and ammunition seized

RUSTENBURG HERALD- RUSTENBURG - 2020 started on a vibrant note, as SAPS officers and members from Lethabong, Marikana as well as Rustenburg seized illegal firearms, ammunition and drugs and managed to arrest a number of suspects.

On Sunday (12 January) Marikana SAPS members conducted a crime prevention operation during which one suspect (37) was arrested for the unlawful possession of ammunition.

A hand gun was seized with six rounds of ammunition and during a further search of the premises, 37 round of ammunition were seized. Preliminary investigations

revealed that the firearm was allegedly stolen during September 2019 in Boons.

Crime prevention operation by members of Marikana Crime Prevention continued and led to the arrest of a second suspect, 39-year-old Lehonti Ntshingila for possession of an unlicensed hunting rifle and 719 live rounds of ammunition.

## Rift Valley Fever a concern

RUSTENBURG HERALD - RUSTENBURG - The Department of Agriculture, Land Reform and Rural Development has reminded owners of cattle, sheep and goats to vaccinate their animals against Rift Valley Fever (RVF).

The department warned that the recent good rainfall in certain areas of the country will result in the numbers of mosquitoes that transmit this disease.

RVF is a serious viral disease that is spread through mosquitoes. It causes abortions and death in young cattle, sheep and goats. People coming into contact with the blood and other body fluids of infected animals can also develop RVF. "Farmers are therefore advised to vaccinate all cattle, sheep and goats against Rift Valley Fever, especially in areas that have recently received rainfall. Live vaccine (OBP Live) can only be used in non-pregnant animals as the live vaccine can cause abortions. Only the inactivated (OBP) vaccine must be used in pregnant animals. It is the responsibility of the animal owners to vaccinate their animals and prevent loss," said the department. Any suspicion of RVF must be reported immediately to the nearest State veterinarian.

## Suspect arrested with two hunting rifles

RUSTENBURG HERALD- RUSTENBURG - Rustenburg Crime Intelligence, supported by Phokeng K9 and Flying Squad, recently arrested a 24-year-old suspect at his home, in a town complex in Rustenburg.

According to Captain Elsabé Augoustides, police spokesperson in Rustenburg, two hunting rifles, a 303 (with 13 rounds of ammunition) and a 202 (with 49 rounds of ammunition) were seized after a thorough search was conducted. It is alleged that the suspect could not produce the necessary lawful documentation and as arrested for the illegal possession of firearms and ammunition. The Cluster Commander of Rustenburg Major General Arthur Adams, congratulated all members for their dedication and hard work by removing firearms and ammunition off the streets that could potentially be used to commit crime. He reminded the community of the "Firearm Amnesty" which commenced on 1 December 2019 until 31 May 2020. Amnesty creates an opportunity for members of the public to surrender illegally possessed or unwanted firearms, ammunition and/or firearm parts to the South African Police Service, without fear of prosecution for the unlawful possession thereof.

## Ready for the road

Those of us who were fortunate enough to load the bakkies for the long and winding road during the recent Christmas holiday period and who thought that they knew a thing or two about loading a one ton bakkie, better think again. These two bakkies were spotted at the BP garage at the Waterfall Mall during the holiday and we just couldn't resist talking to the gentlemen. Three men were travelling in the bakkies and told us that they were on their way to Malawi for business. The journey would take at least three days, the gentlemen said. Prompted if they weren't hesitant about the consequences of problems with traffic police, we were told "no sir, no problem, it is not overloaded"...

## Rustenburg Home Affairs open longer

RUSTENBURG HERALD - RUSTENBURG - The local offices of Home Affairs will operate with extended hours this weekend.

On Saturday (25 January) the offices will be open from 08:00 until 16:00.

# Joey Classens (1942 – 2019)

**RUSTENBURG HERALD**  
RUSTENBURG - Johanna Magdalena (Joey) Classens is gebore op 5 Oktober 1942 in Kroonstad. Haar dogter Ronel skryf dat sy skoolgegaan het in Potchefstroom en ook later daar gewerk het.

Op 24 Augustus 1963 trou sy en hulle vestig hulle by Modderfontein. Hulle verhuis na Vlakhoek Derby waar sy vir 54 jaar bly. Sy was huisvrou, boervrou en VLU-vrou gewees. Sy word oorleef deur twee seuns, een dogter, twee kleinseuns, twee kleindogters en een agterkleindogter. Haar kinders was baie kosbaar vir haar. Sy was lief vir die see en om saam met die familie vakansie te hou. Haar mede-VLU-lede sal haar onthou as die een met die glinster in haar oog en glimlag op haar gesig. Op 28 Desember 2019 is die laaste bladsy van haar lewensboek voltooi. Derby VLU groet tannie Joey.

Die begrafnis van wyle Ina Smit (68), wat op 20 Januarie 2020 oorlede is, vind op Maandag 27 Januarie 2020 om 10:00 by Rietvlei Begraafplaas plaas. Die dankdiens daarna vind plaas om 11:00 vanuit die AGS Kerk Deo Gloria, Waterboomlaan 19, Rustenburg. Die diens word geleei deur pastoor Leon Crouse. Vir meer navrae skakel Cobus 081 379 8919 of Wilna 074 200 2687 by Econo Begrafnisdienste. 'n Diens met liefde en waardigheid deur Econo Begrafnis en Verassingsdienste. (217585)

Die oorwinningsdiens van Liesel Oberholzer (46), wat op 17 Januarie 2020 oorlede is, vind plaas op Maandag 27 Januarie 2020 om 10:00. Die diens vind plaas vanuit die NG Kerk Raslouw, Centurion. Vir meer navrae skakel Cobus 081 379 8919 of Wilna 074 200 2687 by Econo Begrafnisdienste. 'n Diens met liefde en waardigheid deur Econo Begrafnis en Verassingsdienste. (217585)

Die begrafnisdien van wyle Marnus Viljoen (18), wat op 19 Januarie 2020 oorlede is, vind plaas op Maandag 27 Januarie 2020 om 11:00 vanuit die NG Kerk Moedergemeente, Fatima Bhayatstraat, Rustenburg. Die diens word geleei deur dr Hennie Kotze. Vir meer navrae skakel Cobus 081 379 8919 of Wilna 074 200 2687 by Econo Begrafnisdienste. 'n Diens met liefde en waardigheid deur Econo Begrafnis en Verassingsdienste. (217585)

Die oorwinningsdiens van die klein engeltjie, Chante-Amoré Koekemoer, wat op 14 Januarie 2020 oorlede is, vind plaas op Vrydag 24 Januarie 2020 om 15:00. Die diens vind plaas vanuit die NG Kerk Moedergemeente, Fatima Bhayatstraat, Rustenburg. Vir meer navrae skakel Cobus 081 379 8919 of Wilna 074 200 2687 by Econo Begrafnisdienste. 'n Diens met liefde en waardigheid deur Econo Begrafnis en Verassingsdienste. (217585)

Die roudiens van wyle Flip Opperman (69), wat op 19 Januarie 2020 oorlede is, vind plaas op Donderdag 23 Januarie 2020 om 11:00 vanuit die Ou Apostoliese Kerk Sentraalgemeente, Dawesstraat, Rustenburg. Wil net baie dankie sê vir die puik en professionele diens van Rustenburg Crematorium vir die voorverreelings van Derrick Kleynhans 20 Desember 2019.

Almal was so behulpsaam en vriendelik. Al die reëlings was perfek en in detail besprek. Ek was so rustig na ons afspraak met hulle en so gemaklik in die proses tot die diens. Die venue is 'n kapel, kan 150 persone akkommodeer, pragtig ingerig. Daar is 'n vertoonkamer en onthaalarea met kombuis en badkamers, netjies ingerig en genoegsaam parkering.

Ek beveel die besigheid ten volle aan die publiek. Evert, Pricilla, Edward en Ruan Kleynhans wil baie dankie sê, God's rykse seën, vrede en liefde vir almal!

# Hesmarie weer op die been na krokodilaanval

RUSTENBURG HERALD - SWARTRUGGENS - Dit gaan aansienlik beter met die vyftienjarige Hesmarie van Loggerenberg, 'n jong meisie van ons buurdorp Swartruggens wat verlede Woensdag die skrik van haar lewe op die lyf gejaag is toe sy onverwags deur 'n krokodil in die Elandsrivier aangeval is.

Sy is vroeër vande week uit die hospitaal in Rustenburg ontslaan. Hesmarie kon die aanval oorleef danksy die vinnige optrede van mense in die omgewing van die rivieroewer

wat hulle onmiddellik tot haar redding gehaal het en haar prakties gesproke uit die kake van die krokodil getrek het. Mans in die omgewing wat hulle na die toneel gehaal

het, het klippe na die krokodil gegooi en 'n stuk boomtak na haar toe uitgehou waarmee sy haarsel nader aan die oewer kon trek. Hesmarie het onverpoosd wild na die krokodil geskop en die dier het skynbaar besluit om die stryd gewonne te gee. Ooggetuies het gesê dat die krokodil nie veel kleiner as twee meter lank was nie. Dit voorval het in die Elandsrivier tussen die dorpie en laer af in die rivier duskant Lindleyspoortdam plaasgevind. Gerugte van nog 'n meisie wat blykbaar 'n paar dae voor die jongste voorval ook deur 'n krokodil in dieselfde rivier aangeval is, kon intussen nog nie bevestig word nie.

Hesmarie het kwaai bytwonde aan haar linkerbeen opgedoen en verskeie diep weefselwondes is met tientalle steke geheg. Sy sal waarskynlik later plastiese chirurgie aan haar been moet ondergaan om wonde aan haar been minder opvallend te laat lyk. Hesmarie is kort na die aanval na die Job Shimankana-hospitaal in Rustenburg gehaal waar sy uitstekende mediese hulp ontvang het. Sy weet egter self nie hoeveel steke sy aan haar been het nie en ondervind nie eintlik meer veel pyn nie. Haar wonde sal egter baie lank neem om volledig te herstel.

Hesmarie is in die sorg van haar ouma op Swartruggens nadat haar moeder 'n paar jaar gelede oorlede is. Amtsenare van die departement omgewingsake is intussen nog steeds op soek na die krokodil maar geen spoor van die gedierte kon intussen gevind word nie. Enigiemand wat teen hulle weet dalk iets van die krokodil se bewegings, is versoek om onverwyld met die departement omgewingsake of naaste polisiestasie in verbinding te tree. (Foto:Facebook)

**Two arrested for possession of drugs**

RUSTENBURG HERALD - RUSTENBURG - Following a tip off from the community, Lethabong police members arrested two suspects, aged 22 and 39-years-old for possession of drugs to the value of R600 on Monday (13 January).

Additional information was followed up and a third suspect, utilising a red VW Golf, was spotted by members of the Phokeng Flying Squad. The driver according to information received, was stopped and searched. A 6.35 pistol with magazine and two bullets were seized. The 26-year-old suspect was arrested for the illegal possession of a firearm. He will appear in the Rustenburg Magistrates' court on 2 March 2020.

## Police Constable arrested for alleged rhino poaching

RUSTENBURG HERALD - BOITEKONG - During a Crime Intelligence Operation held in the evening of Tuesday (14 January), members of the Provincial Organised Crime intercepted four suspects, who were allegedly in the process of poaching rhinos at a Game Lodge in Boitekong.

According to Provincial Police Spokesperson, Colonel Adéle Myburgh, the suspects, upon realising that they were cornered, disappeared into thick bushes, but police managed to arrest a 33-year-old suspect, who was the driver of the vehicle, a VW Polo. Upon investigation, the suspect was identified as being a police Constable, Amukelani Nkuna. He has already appeared before the Thlabane Magistrates' Court for the alleged conspiracy to Commit Rhino Poaching. He was remanded in custody until his next court appearance on Friday (24 January). Furthermore, the suspects are possibly linked to more cases of rhino poaching reported in Pilanesberg and more arrests are eminent. The North West Provincial Commissioner, Lieutenant General Sello Kwena, congratulated the team for the arrest. He said that it is disappointing when a police member is arrested for the alleged conspiracy to commit a crime, but that unlawful and corrupt conduct will not be tolerated.

# Toe word hondekind die 'hero'!

RUSTENBURG HERALD - RUSTENBURG - 'n Gesin van die woonbuurt Safarituin het hul lewens te danke aan hul geliefde pitboel.

Die stil straat met sy mooi huise was in die vroeë oggendure van Saterdag (11 Januarie) in rep en roer toe gewapende mans toegang tot 'n woning probeer verky het. "Ons het wakker geword van ons pitboel se geblaf. Ons kon onmiddellik hoor dié is nie net 'n gewone blaf nie; die hond was duidelik baie omgekrap," \*Elma aan Rustenburg Herald.

Haar man het opgestaan en sy vuurwapen uit die

Die 11-jaar oue pitboel wat waarskynlik sy huismense se lewens gered toe hy onverskrokke 'n gewapende rower angevat het.

kluis gaan haal. Die volgende oomblik het hul 'n skoot hoor afgaan en hul hond wat jammerlik tjank.

Intussen het hul nog 'n skoot, effens verder weg, gehoor. Dié skoot, het hul later uitgevind, is deur een van hul bure afgevuur toe hul die inbrekers oor die muur sien klouer om te vlug. Toe Elma en \*Frans kon bepaal dis veilig, het hul buite toe gegaan en toe die ontdekking gemaak dat hul hond gewond is. Hy het waarskynlik die voornemende inbreker se vuurwapen probeer gryp en dié het toe 'n skoot afgevuur. Die pitboel is in sy mond getref, maar die koel het ook skade aan sy bors en blad aangerig. Die egaar het die 11-jarige hond sonder versuim na 'n veearts geneem vir noodbehandeling.

Hy is daardie Saterdagmiddag geopereer en sterk tans nog aan. "Hy is net nie baie lus om sy medisyne te drink nie; ons het omtrent 'n stryd om hom sover te kry om dit te neem," skerts Elma. Maar, erken sy, daar is die laaste week van so maar min om oor te glimlag. "Ons is dankbaar dat ons ongedeerd is, natuurlik. Ons bly egter maar die hele tyd onrustig en alles en almal wat net verby die huis gaan, maak mens nou agterdogtig."

Polisiewoordvoerder, kapt Elsabé Augoustides, sê dat 'n klag van poging tot huisbraak ondersoek word, asook 'n klage met betrekking tot die skiet van die hond. Teen druktyd was niemand nog in verband met die voorval in hegteenis geneem nie.

\*Elma en \*Frans is skuilname. Die egaar het gekies om nie hul identiteit bekend te maak nie.

Kapt Elsabé Augoustides met die hondjie wat in Sunrise Park gered is.

# SAPS red babahondjie

RUSTENBURG HERALD - RUSTENBURG - Lede van die plaaslike polisie hier is aan die hart geruk toe hul tydens 'n operasie verlede week op 'n erg mishandelde babahondjie afgekom het.

Die misdaadvorkomingsoperasie is Vrydag (17 Januarie) in verskeie omliggende areas van die stad uitgevoer. Die ontdekking is by 'n huis in Sunrise Park gemaak.

"Die klein hondjie het swaar nekband om die nek gehad en was met 'n stuk draad aan 'n heining vasgemaak. Sy oortjies was verrinneweer en hy was brandmaer," vertel kapt Elsabé Augoustides, Rustenburg SAPS woordvoerder. "Ons het hom na die Rustenburg DBV geneem en hulle het toegesien dat 'n veearts hom sonder versuim versorg." Volgens Augoustides het die hondjie, 'n oulike klein pitbull, baie goed op die behandeling gereageer en het hy hom mooi tuisgemaak by die DBV. Hy was ook baie dankbaar dat die aaklike band van sy nek afgehaal is. "Ons hoop dat iemand vir dié hondjie 'n veilige, liefdevolle huis sal gee. Die aanneemfooi is 'n druppel in die emmer as 'n mens dink aan hoeveel liefde dié mannetjie het om aan 'n gesin te gee," het Augoustides gesê. Sy het bygevoeg dat daar reeds 'n saak van dieremishandeling teen die eienaars geopen is. "Ons neem dit nie ligtelik op nie. Vir ons as SAPD-lede is elke lewe kosbaar," het kapt Augoustides gesê.

Die eienaar van die hondjie het die dingetjie se ore erg verniel. 'n Saak van dieremishandeling word teen die persoon ondersoek.

## PUBLIC PARTICIPATION PROCESS

THARISA MINERALS (PTY) LTD

tharisa

### ALTERNATIVE CLOSURE AND REHABILITATION PROJECT AT THE THARISA MINE

**Tharisa Minerals (Pty) Ltd (Tharisa)** is an opencast mining operation that produces chrome and platinum group metal (PGM) concentrates. The opencast mine is located on farms 342 JQ and Elandsdrift 467 JQ, south of the Marikana Town, in the North West Province.

Tharisa holds existing environmental authorisations and licenses under the Mineral and Petroleum Resources Development Act, 28 of 2002 (MPRDA), the National Environmental Management Act, 107 of 1998 (NEMA) and the National Water Act, 36 of 1998 (NWA).

The approved 2008 EMPR commits Tharisa to complete backfill of the pit voids to natural ground level and restoration of the pre-mining potential of the land, namely agricultural land with grazing and wilderness capabilities. Tharisa is considering alternative pit rehabilitation and waste rock handling strategies to identify an optimal closure solution for the open pits and waste rock dumps at the mine, that aims to achieve a sustainable end-state land use. The proposed project focuses on developing an updated closure and rehabilitation strategy and plan that would be refined during the ongoing operation of the mine, until such time as Tharisa applies for a closure certificate. Through this process, a final closure site layout would be developed.

Likely applications to be made for authorisation of the proposed project in terms of the environmental legislation are listed below:

Applicable legislation	Details	Key Process Elements	Competent Authority
National Environmental Management Act (No. 107 of 1998) and Environmental Impact Assessment Regulations, 2014 as amended	GNR 984. Listing Notice 2: Activity 6 ( <i>any activity requiring a permit or license for the generation or release of emissions, pollution or effluent</i> ) and 15 ( <i>clearance of 20ha or more of indigenous vegetation</i> )	<ul style="list-style-type: none"> <li>Integrated Environmental Authorisation Application (including waste activities)</li> <li>Scoping and EIA reports, including Environmental Management Programme and supporting specialist studies</li> <li>Stakeholder engagement</li> </ul>	North West Department of Mineral Resources
National Environmental Management: Waste Act (No. 59 of 2008)	GNR 921. Category B (Activity 7, 10 and 11) B (Activity 4, 5 and 11): <i>The establishment of any additional waste rock dumps would require a waste management licence.</i>		
National Water Act (No 36 of 1998) and Regulations Regarding the Procedural Requirements for Water Use Licence Applications and Appeals (GNR. 267 of 2017)	Section 21 (g): <i>The establishment of any additional waste rock dumps would require a water use license.</i>	<ul style="list-style-type: none"> <li>Water Use Licence Application</li> <li>Integrated Water and Waste Management Plan and supporting specialist studies</li> <li>Stakeholder engagement</li> </ul>	North West Department of Water and Sanitation

Any additional authorisations or licenses, where relevant, will be identified during the EIA process.

**SLR Consulting (South Africa) (Pty) Ltd (SLR)**, an independent firm of environmental consultants, has been appointed by Tharisa to manage the Scoping & EIA process. Community meetings have been arranged to provide you with information on the project, as follows:

Date	Venue	Time
Wednesday 12 February 2020	Mmadithokwa Community Centre	12h00-13h30
Wednesday 12 February 2020	Lapologang Open space	14h30-16h00

All stakeholders are invited to register as Interested and Affected Parties (I&AP) and submit any initial comments to SLR by 12 February 2020. All registered I&APs will continue to be given the opportunity to participate and comment for the full duration of the S&EIA process. Registered I&APs will be notified when the Scoping Report will be available for public review. To register or to check that you are registered and/or to submit any comment on the proposed project and process contact SLR at the contact details below:

## Grootouers in hof oor versuim om verkragting aan te meld

RUSTENBURG HERALD - RUSTENBURG - 'n Ouma en oupa sal einde Januarie hier moet antwoord op klage dat hul versuim het om die polisie in kennis te stel dat hul twee kleinkinders na bewering deur hul pa verkrag is.

Die ouma het verlede jaar Junie 'n klag by die polisie gaan lê waarin sy beweer het dat haar skoonseun sy twee kinders onderskeidelik agt-en tienjaaroud verkrag en seksueel gemolesteer het. Die 43-jarige man is daarna in hegteenis geneem en het verskeie kere in die hof verskyn. Die saak is eindelik tot 21 Januarie uitgestel; die verdagte het deurentyd in aanhouding gebly.

Tydens die polisie se ondersoek het dit egter aan die lig gekom dat die ouma en oupa al sedert 2013 bewus was daarvan dat hul skoonseun onbehoorlike dade met sy kinders pleeg. Omdat hulle dit nie aangemeld het nie, is hulle toe op 31 Desember in hegteenis geneem. Hulle het op 2 Januarie vanjaar vlugtig in die hof verskyn en is op R1000 borg elk vrygelaat. Die saak is tot 31 Januarie uitgestel. "Die versuim om 'n seksuele misdryf teen 'n kind aan te melk, is 'n misdaad. Soda 'n lid van die publiek bewus word van so 'n tipiese misdryf, moet dit onmiddellik aangemeld word," verduidelik polisiewoordvoerder, kapt Elsabé Augoustides.

Die blyk die grootouers en ouers van die kinders het in 2013 saam in 'n huis in Randfontein gewoon. Daarna het die huisgesinne saam na Rustenburg getrek en weer saam gewoon. In Junie 2019 het die twee jong kinders se ma hul pa verlaat en by 'n ander man ingetrek. Die kinders het vir hierdie nuwe man vertel van die dade wat hul pa met hulle pleeg en dit was hy wat daarop aangedring het dat 'n klag gelê moes word. Eers toe het die ouma 'n verklaring by die polisie gaan afly.

## Poor Metabolism - Is Your Body's Accelerator Working Properly?

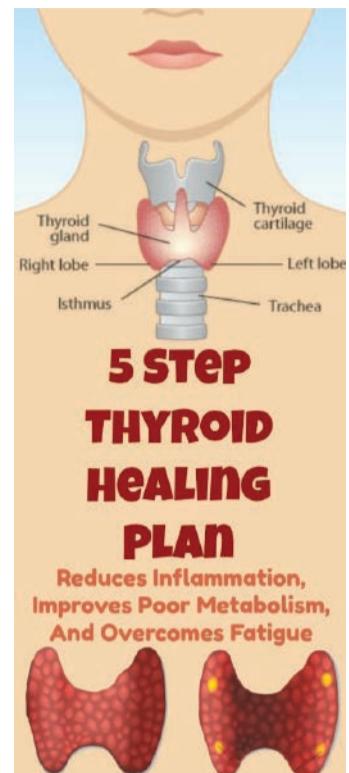

RUSTENBURG HERALD - RUSTENBURG - Lacking energy? Gaining weight too easily?

Having problems remembering things? Forget why you went into that room? These are all signs that your body's accelerator may not be working as it should. Your thyroid gland – that's the butterfly-shaped gland at the bottom of your neck – is like the accelerator in your car. It controls the speed of the engine – in the case of the body, the metabolism.

### Thyroid

A sluggish thyroid allows the heart to beat slower than it should, resulting in poor circulation – cold feet and hands, unhealthy hair, skin and nails. Less energy due to a slow metabolism is also probably why one has trouble remembering. When it's extremely hot, the sluggish blood stream fails to cool the body properly and you suffer from heat. In mildly hot weather, one probably feels fine. "That's the kind of weather I like". An iodine-deficient thyroid causes too little food to be burned in the body – another reason one suffers from cold, lack of pep, and why one gains weight easily, the same lack of vitality shown by low blood pressure and a tendency toward constipation. A small amount of iodine may seem unimportant, but it can make the difference between feeling rotten and being on top of the world. A slight thyroid deficiency, caused by a lack of iodine, can result in overweight, lack of drive (including sex drive) and energy, sluggish thinking, low blood pressure, anemia, sensitivity to cold and heat, reduced circulation causing cold hands, feet, falling hair and brittle fingernails. A severe deficiency of iodine results in goiter. (If the thyroid has not been injured, the condition can be corrected with a good diet, rich in iodine.) Sources of iodine are unrefined salt, sea foods and seaweed (or dulse), kelp, etc. There are many areas in the USA that are iodine-deficient, particularly the Mid-West. Vitamins D and B complex are important in stimulating normal activity of the thyroid gland and vitamins A and C in preventing infections of the gland. In the case of exophthalmic goiter (excessive production of thyroid hormones accompanied by protrusion of the eyeball from its socket), the diet should be unusually rich in protein, the B vitamins, vitamin A, iodine, and calcium. It is especially important to ensure that you have sufficient iodine during radioactive fallout such as occurred in Japan and here in the USA. Radioactive fallout does not take boundaries into consideration as it drifts in the atmosphere. Sufficient iodine prevents destruction from radiation so be sure to check with your doctor and/or nutritionist about this.

Please place your order with Anya or Lorraine at (011) 452 8892/3/5.

## Nog welkomme hulp vir droogteboere op pad

Waldie Volschenk

RUSTENBURG HERALD - Rustenburg Herald het laat verlede jaar op groot skaal berig van die reuse-uitreikprojek deur Boere Droogtehulp NPC wat vanuit Rustenburg opereer toe 'n konvooi van bykans 30 vragmotors tientalle tonne se bale voer, water, kos, algemene kruideniers en noodsaaklike lewensmiddele aan droogtegeteisterde boere in Cradock in die Oos-Kaap gaan aflewer het.

Maar selfs na hierdie uitreikprojek is die nood onder droogtegeteisterde gemeenskappe nog baie groot en weet baie boere en hul gesinne nie hoe hulle die volgende paar weke gaan oorleef nie. Verblydende nuus is dat mnr Chris van Biljon van Rustenburg wie se geesteskind die Boeredroogtehulpprojek is en sy talle helpers vandeelsweek weer inspring met 'n konvooi vragmotors wat waarskynlik soos u hier lees reeds op pad is na Aggenys, Gamoeop en Springbok in die Noord-Kaap waar hulle hierdie keer 'n ietwat kleiner hoeveelheid bale voer, "chop" ('n afvalproduk van mielies) en ander belangrike lewensmiddele aan boere gaan aflewer. Net soos die vorige keer word die konvooi deur SA-verkeersdienste begelei en is daar selfs paramedici en nooddienstspanne wat die pad Namakwaland toe saam met die manne aanpak en gaan seker maak dat daar nie onnodig broodnodige mannekrag langs die pad verlore gaan nie. Boere Droogtehulp NPC bedank elke donateur, elke borg, elke skenker wat 'n ietsie tot die jongste projek bygedra het, al is dit net seën of 'n boodskap van hoop. Hou gerus die Herald dop en sien wat vandeelsweek nog agter die gordyne gebeur het.

'n Paar plaaslike organisereers en administrateurs by die jongste projek van Boere Droogtehulp NPC wat Donderdag met nog 'n konvooi voerbale en noodsaaklike lewensmiddele na die Namakwaland vertrek. In gewone volgorde hierbo is pa en dogter Fred en Nicole Wille en Piet Rich, almal van Rustenburg.

# Hoërskool Rustenburg spog met slimkoppe

RUSTENBURG HERALD - RUSTENBURG - Rustenburg Herald het verlede week berig oor die akademiese prestasies van Arno Venter - Graad 12-leerder van die Hoërskool Rustenburg wat in die onlangse Graad 12-eindeksamen as beste presteerde in die Rustenburg-streek (kwintiel 4-skole) geëindig het.

Arno het met sewe onderskeidings en 'n gemiddeld van 91.5% algeheel derde in Noordwes geëindig. In wiskunde waarin hy 95% behaal het, het hy egter as die beste leerder in Noordwes geëindig. Maar dit is nie hier waar die Graad 12-prestasies van Hoërskool Rustenburg opgehou nie. Nog 'n leerder van Ou Hoë, Cara Burger, is een van Rustenburg en Noordwes se groot uitblinkers nadat sy nie minder nie as 10 onderskeidings in die eindeksamen behaal het.

Cara was toevallig (of juis nie) die Hoërskool Rustenburg se Dux-leerder van 2019 en dit is beslis nie vir haar 'n nuutjie om op akademiese gebied uit te blink nie! Ons het met Cara gesels terwyl sy hard besig was om in te pak en haar voor te berei vir haar studentedae wat vandeelsweek nog op die kampus van die Universiteit

van Pretoria afgeskop het. Cara het opgewonde vertel dat haar matriekjaar 'n jaar vol vreugde en opwinding was maar dat die uitslae wat sy vroeggen op 8 Januarie ontvang het, loshande die kersie op die koek was! "Ek het in my sewe skoolvakke onderskeidings ontvang tydens die eindeksamen - naamlik: Afrikaans (86%), Engels (87%), wiskunde (95%), fisiese wetenskap (88%), lewenswetenskappe (89%), rekenkunde (89%) en lewensoriëntering (95%)" Dan het Cara ook vanaf graad 9 'n agtste vak, AdMaths, geneem. Hierdie vak het die geleentheid geskep om drie bykomende wiskunde-eksamens aan te pak, naamlik AdMaths (88%), Alpha wiskunde (87%) en gevorderde programwiskunde, 'n IEB-eksamen, (80%).

"Ek het dus in totaal 10 onderskeidings verwerf en myself verskriklik verbaas. Ek moes myself deur die loop van die eksamen telkens herinner om in myself te glo, maar dit het soms net onmoontlik gevoel. Ek hoop elkeen wat in die toekoms matrikuleer of selfs 'n ander uitdaging aanpak sal weet: "Jy kan! Selfs al voel jy jy kan nie, kan jy!"

. Ek wil graag van die geleentheid gebruik maak om my ongelooflike skool te bedank. Die Hoërskool Rustenburg het my nie net op akademiese gebied voorberei nie, maar vir my die geleentheid gegee om myself te leer ken; my waardes, my doelwitte en my vermoëns." Cara wil ook haar ouers, Charlotte en Wikus Burger, haar suster Cherése, die res van die familie, haar "koshuissussies" en vriende bedank vir die onophoudelike ondersteuning, motivering en geloof wat hulle in haar gehad het. "Bowenal sê ek dankie vir die Here wat my toegerus het met die nodige vaardighede om te kon bereik wat ek wou en nou die geleentheid mag hê om my toekomsdrome uit te leef. Ek glo heelhartig dat elke goeie gawe en volmaakte geskenk van Bo af kom, soos Jakobus 1:17 sê, en daarom verdien Hy alle eer." Cara het vandeesweek nog by Tukkies ingeval waar sy medies gaan studeer. "Ek hoop om eendag 'n dokter te word wat mense kan dien, kan genees en kan help. Baie geluk aan elke matrikleerder van 2019. Mag ons groep diep spore trap en bankvas staan agter wat reg is. Sterkte vir die toekoms!"

Cara Burger

## Smelter's future undecided

RUSTENBURG HERALD - RUSTENBURG - Approximately 665 jobs could be on the line at Glencore Alloys and Merafe Resources at the Rustenburg smelter according to information received recently.

The joint venture partners Glencore and Merafe Resources could cut up to 665 jobs at their Rustenburg ferrochrome smelter, and this, according to a statement issued by the company, is a result of power cuts and rising electricity tariffs.

"This decision is a result of deteriorating operating and market conditions across the South African Ferrochrome industry, including unsustainable electricity tariffs and interruptions, cross subsidies and real cost inflation," a statement issued on Friday (17 January) read.

The company engaged in extensive consultations with stakeholders, including employee representatives, local and regional government. This consultation will continue to attempt to secure the future of the operation.

The company views its engagement with the employee representatives and recognised Trade Unions of Rustenburg Smelter as an ongoing process and all alternatives will be considered. Further updates will be issued as appropriate.

# BrieweLetters}\* {StandpuntViewpoint}\*

## Kan Moeder Aarde politiek oorleef?

Daar is die afgelope vier tot vyf jaar indien nie langer wyd bespiegel oor die effek van globale verhitting wat deur baie deskundiges en veral doemprofete die skuld vir die wêreldwye tendens van klimaatsveranderinge gekry het. Dit is algemene kennis dat sogenaamde klimaatsveranderinge in veral die afgelope dekade vir buitengewone natuurverskynsels en veral -fratse geblameer is. Van die ooglopende van hierdie verskynsels was benewens tsoenamis en vloede, buitengewone droogtes en hongersnood wat wêrelwyd tot derduisende mense se dood gelei het. As ons maar net dink aan die afgelope nagenoeg vyf jaar se droogtes in Suid-Afrika en veral die Noord-en Oos-Kaap wat tot ongekende veeverliese gelei het, is dit maklik om die meeste van hierdie bespiegelings te glo. Mense is ook terdeë bewus van die internasionale veldtog van die jong Sweedse omgewingsaktivis Greta Thunberg wat internasionale nywerhede en politici skerp gekritiseer het vir hul aandeel in die eskalering van die effek van globale verhitting wat ongetwyfeld groter bewustheid jeans die gevare van globale verhitting aangewakker het. Tot dusver is dit egter te betwyfel of Thunberg se veldtog waarin daar ongetwyfeld baie meriete is, intussen veel van betekenis uitgerig gekry het om die primêre rolspelers onder die wêreld se besoedelingsargitekte tot inkeer of ander insigte te bring.

Vreemd genoeg (of dalk nie?) is daar nog tale mense wat redeneer dat ewuels soos die vernietiging van die oosoonaal waaraan die wêreld oor die algemeen die afgelope 10 tot 12 jaar op die agtervoete was (en wat weliswaar tot tale internasionale maatreëls gelei het) en veral globale

verhitting, doodnormale natuurverskynsels is wat deur wetenskaplikes en sogenaamde natuurkenners oordryf is. Baie van hierdie mense is van mening dat die skepping groot en wonderlik is en dat die aarde altyd daarna sal streef om onreëlmagtighede in die natuur te balanseer en uiteindelik te neutraliseer en dat die effek hiervan die ongewone natuurverskynsels is wat vir 'n bepaalde tyd sal voorkom op plekke en in streke waar sulke verskynsels heeltemal ongehoord is.

"As die wêreld (aarde) daarin kon slaag om die grootskaalse verwoesting van Moeder Aarde weens die sondvlood, die vernietiging van die dinosaur-dinastie, die Eerste en Tweede Wêreldoorloë, vulkaniese uitbarstings, kernteknologie (dink maar aan Chernobyl), tsoenamis en dies meer te oorleef en homself te genees, is daar tog sekerlik nie werklik genoeg rede vir die mensdom om hom te bekommern oor die "tydelike" effek van globale verhitting nie", is hoe sommige mense die situasie sien.

Daar sal nog vir 'n baie lang tyd baie wetenskaplikes, kundiges en kenners wees wat mekaar van tyd tot tyd oor die onderskeie standpunte sal weerspreek. Intussen blyk dit asof die situasie in Suid-Afrika en die kontinent se weerpatrone in die laaste jaar of wat genormaliseer het en besig is om terug te keer na die bekende patronne wat die mensdom dink hy ken.

Hoewel ons nie met die wetenskap in argumente betrokke wil raak nie, wil ons tog van harte glo dat laasgenoemde teorie inderdaad waar is en dat ons land en die wêreld se boerderypraktyle weer soos in die jare van ouds sal gely. Tog jammer dat ons blykbaar nie naastenby dieselfde van die politiek in ons land kan sê nie...

## Will Mother Earth survive politics?

During the past four to five years the world has witnessed wide and wild speculation about the effects of global warming which are largely blamed by scientists and prophets of doom for the worldwide phenomenon of climate change.

It is thus generally accepted that so-called climate change over the past decade should be blamed for the extraordinary natural phenomenon of floods, droughts, famine and other natural events which has led to death of hundreds of thousands of people worldwide.

If we simply look at the situation in South Africa and especially the droughts and famine in the Northern and Eastern Cape which caused unimaginable cattle and livestock losses, it is easy to believe the most of these speculation. People in general are increasingly aware of the international campaign of Swedish environmental activist Greta Thunberg who has sharply criticized worldwide industries as well as global political leadership for their role in the escalation of the effects of global warming.

This has undoubtedly led to greater awareness of the dangers threatening our environment. Until now, it is however, debatable if any of Thunberg's campaigns have indeed resulted in effective and active measures by leading countries to effectively attempt to curb the human causes for global warming.

Ironically (or not?) there are still many people who argue that sins such as the destruction of the ozone layer which brought the world to the brink of an industrial "war" against CFCs some 10 to 12 years ago, are actually quite a normal phenomenon which is often exaggerated by scientists and environmentalists. Many of these people

reckon that the creation is huge, wild and wonderful and that Mother Earth will always strive to find a natural "cure" in terms of balance and that it will naturally succeed in neutralising the effects of unnatural or extraordinary events by arguing that these "corrective measures", though for extended periods of time, may be only temporary. According to them, this explains the reason for floods and disasters in areas where these are almost unheard of.

"Also", they say, "if Mother Earth could manage to survive disasters such as the Biblical flood, the wipe out of the dinosaur dynasty, the First and Second World Wars, thousands of volcanic eruptions, earth quakes, nuclear technology and disasters (just think about Chernobyl) tsunamis and the like, surely mankind shouldn't concern itself with the temporary effects of global warming and such?"

It is a cut and dried matter that for generations to come, scientists and experts will continue to contradict themselves and others.

Meanwhile the situation in South Africa and the African continent seems to have normalised (temporarily?) at least, in terms of rainfall on the sub continent and that these patterns could return to those that mankind thought it knew.

Though we are not even remotely equipped to differ with science, we are tempted to believe that the latter is true and that our country and the world's agricultural and food production sectors could restore itself and return to the ways it has been for ages. It is such a pity that apparently for a very long time still, we will never be able to say the same about the political events in our country...

Viewpoint by Waldie Volschenk, 13 Coetzer Street Rustenburg

### IMPORTANT

Please keep your letters short and to the point. Letters which contain slander, party political propaganda or advertising for business concerns cannot be accommodated. Please sign all letters (even where a non de plume is used) and SUPPLY YOUR TELEPHONE NUMBER. • The Rustenburg Herald does not necessarily agree with the opinion expressed in letters and columns.

## 2020 - a new year, a new opportunity to be a change maker for good

### The editor,

"What if the act of giving could change lives for the better in the most meaningful lasting way. Grace Help Centre is inviting you to become involved! Grace Help Centre is currently home to 50 children. Each child has experienced some form of trauma or abandonment. Grace Help Centre is the first home-like environment that allow them to be children again. The safe house for female gender based violence victims is a safe haven that allows each woman and woman with children the chance to live life free from fear again and able to focus on creating a future.

But how can you make a difference, you may ask? It's simple, there are numerous ways: Are you a website developer? Or a social media genie? Able to create an outstanding social media strategy. That will allow us to connect more with society to make them aware of the services available. We welcome your assistance.

Beds and Bedding - With being home to upwards of 75 people, beds and bedding remain a priority on our priority list! Why not challenge your colleagues for a Bed Race or organise an Employee Volunteer day where you arrange a bedding drive and come visit our precious little lives and see how your act of kindness is touching special little lives. Our current target is 20 beds. We would genuinely appreciate plain and fitted sheets plain pillow cases and scatter cushions would be most appreciated.

Appliances and Home Care Essentials - It is no small task to provide the day to day essentials for 75 people. Especially when it comes to laundry. Currently we are in need of two industrial large washing machines for our child and youth care centres.

Our 2020 wish list essentials: Beds and Bedding - flat sheets, pillow cases, preferably plain colours; Craft Materials from craft magazines to paint and paintbrushes mosaic essentials craft glue, hand sewing essentials,

fabric off cuts and stuffing; Sports and Gym Equipment and any sports wear or accessories for boys and girls; Magazines for school projects English and Afrikaans.

**Grace Help Centre is registered with Sars, so can gladly issue a Tax Rebate Certificate for the value of the donation. For any enquiries please contact Rina on 072 348 6526".**

Thank you,

Eunice!

'n Baie verligte Easy Skip drywer, Rudie Van Der Sluis, hier saam met Eunice Lesame van Freedom Park. Rudie het onlangs per ongeluk 'n tweerigtingradio verloor en was baie bly en dankbaar toe Eunice - wat ver geloop het om die radio terug te besorg - by hul kantore daarmee opdaag.

## No registration fee for eligible NSFAS students

RUSTENBURG HERALD- RUSTENBURG-Higher Education, Science and Technology Minister, Blade Nzimande announced that all National Student Financial Aid Scheme (NSFAS) qualifying students do not have to pay upfront registration fees at universities or colleges.

Briefing the media on Post-school Education and Training sector state of readiness for the academic year 2020, Nzimande said that 430 000 applications have been approved for NSFAS funding. He said NSFAS received a record-breaking number of applications by the closing date of 30 November 2019, with more than 543 268 first-time applications (prior year 428 929), received from applicants across the country, with majority of the applicants submitting applications online via the myNSFAS portal.

"Applicants include those who were in Matric in 2019, learners in Grade 10-11 and those intending to further studies at the TVET (Technical Vocational Education and Training) Colleges, out of school youth, returning/continuing students without NSFAS funding in prior years," Nzimande said. Meanwhile, NSFAS has launched a project in partnership with Department of Basic Education that aims to provide supplementary NSFAS content for Grade 9-Grade 12 learners while they are still in school.

### The editor

The rainy season is in full swing, and we appreciate all the blessings that we receive and received in the form of rain, which has now put us in a good position to finally say that the drought is behind us.

But on a different note, we as motorists in Rustenburg are faced with a challenge of growing grass which has now become so big that some of the intersections in Rustenburg have become dangerous. The intersection that is on the above picture is the one that I use everyday when going to and from work. I always have to be very careful when I use this road because there is absolutely no way of seeing traffic that is coming from the left and the right.

I would like to appeal to the Rustenburg Local Municipality workers to prioritise the safety of motorists and do their duty of cutting grass at various intersections in the Rustenburg CBD. This intersection that I am talking about is one of the many intersections that motorists are always worried about. I just hope municipal workers could do something about this grass before an accident occurs, if that hasn't yet happened.

Provisionally registered with the Department of Higher Education and Training until 31 December 2022 as a Private Higher Education Institution under the Higher Education Act - Registration Certificate No 2018/HE07/002

Laerskool Rustenburg het onlangs stoei geïnkorporeer by hul Menslike Beweging Kurrikulum.

Pieter Swart van Next Level Stoeiklub rig stoei by Laerskool Rustenburg af.

## Stoei en dissipline

RUSTENBURG HERALD - RUSTENBURG - Laerskool Rustenburg het onlangs stoei geïnkorporeer by hul Menslike Beweging Kurrikulum. Die voordele wat stoei inhoud vir kinders is ongelooflik.

Marli Naidoo van Solidariteit skryf in 'n artikel die volgende: "Wanneer 'n groep kinders mekaar gryp en wild op die gras begin rondrol en stoei, wil ons soms net keer. Ons wil net seker maak dat niemand seerkry nie. Speel-stoei lei egter slegs in een persent van alle gevalle tot 'n regte geveg". Indien dit sou omsit in 'n regte geveg word die proses deeglik gemonitor en het stoei by Laerskool Rustenburg reeds tot vele suksesverhale ten opsigte van konflikhantering tussen kinders geleei. Volgens dr Anthony T deBenedet en Lawrence J Cohen, skrywers van die boek, The Art of Roughhousing: Good Old-Fashioned Horseplay and Why Every Kid Needs It, is dit grootliks voordeilig om kinders te laat begaan. Speel-stoei maak kinders slim. Dit stimuleer die brein. Hierdie tipe speel stel 'n chemiese stof genaamd brein-afgeleide neurotrofe faktor vry, wat soos bermestingstof vir die brein is. Stoei stimuleer ook neurongroei in die korteks en hippocampus-areas van die brein, wat vir geheue, leervermoë, taal, en logika verantwoordelik is. Sodoende verbeter speel-stoei dus prestasie op skool.

Speel-stoei en rowwe spel bou emosionele intelligensie. Kinders leer om ander kinders se emosies te lees, en om hulle eie emosies te beheer. Hulle leer ook hoe om selfbeheer te herwin, wat hulle dan ook meer selfvertroue gee.

Fisiese spel bou vriendskappe en ander verhoudings. Speel-stoei kan 'n verklaring van vriendskap en liefde wees. Kinders wat gereeld stoei, kan makliker 'n onderskeiding tref tussen onskuldige spel en agressie, en dit help hulle dus om sosiale vaardighede te ontwikkel en probleme makliker op te los. Hulle leer ook hoe om hulle beurt af te wag, hoe om leiding te neem, en hoe om te onderhandel. Klink dit nie soos wonderlike voorbereiding vir professionele sukses en toegewyde verhoudings nie?

"Wanneer ons met ons kinders speel-stoei, demonstreer ons aan hulle hoe iemand wat groter en sterker is, homself terughou. Ons leer hulle selfbeheersing, regverdigheid, en empatie. Ons laat hulle wen, wat hulle selfvertroue gee, en aan hulle demonstreer dat oorwinning nie die belangrikste is nie. Hulle sien hoe baie vermag kan word deur samewerking, en hoe om kompeterende energie konstruktief te kanaliseer sodat dit nie oorneem nie".

Natuurlik maak stoei kinders fiks. Dit behels kompleks motoriese groei, konsentrasie, koördinasie, liggaamsbeheer, kardiovaskulêre fiksheid en soepelheid. Groot dank aan Next Level Stoeiklub wat Larries se hande sterk maak.

Moontlik die grootste voordele wat speel-stoei inhoud, is dat dit kinders gelukkig maak. Dit is groot pret, en as geskille op die gesonde manier uitgesorteer kan word, sal dit net voordelig wees vir die leerders!

**Baie geluk, Ricardo**  
Ricardo Fourie het tydens Laerskool Rustenburg se Interhuis-atletiekbyeenkoms op Vrydag 17 Januarie 2020 'n eerste plek in die 60m asook 'n eerste plek in die 80m vir seuns O/8 verower.

## Beste in NW

Derik Visser en Margo Naude (graad 6) het aan die Nasionale Eskom Expo-kompetisie in Boksburg deelgeneem en 'n silwer medalje verwerf! Hul is ook aangewys as die beste laerskoolseun en -dogter in Noordwes as gevolg van hierdie pragprestasie! Jul is sterre en Larries is baie trots op julle.

Juffrou Heleen Bezuidenhout en Daniel Schoonraad.

Juffrou Annelie Kemm en Shani Bolz.

Juffrou Melindri van Schoor en Lian Stols.

Shiloh Mendes en haar ouers, Carlos en Samantha Mendes, op Shiloh se eerste skooldag in graad 1 by Laerskool Vastrap verlede week.

# Protea Atletiek skitter by interhuis

RUSTENBURG HERALD - RUSTENBURG - Protea Atletiekklub palm podiumplekke by vanjaar se interhuissport, gehou op 17 Januarie 2020 by Bergsig Akademie, Laerskool Rustenburg en Laerskool Vastrap in. Harde werk word beloon. (Afrigter: Johann Marais)

Schalk Pienaar, seuns o/15 1500m eerste en Benjamin Swart tweede. Schalk was ook eerste in die 400m en 800m.

Gustav Smit, seuns o/16 eerste 100m, 200m, 400m, 800m en tweede in die 1500m.

Marli Harmse, dogters o/17 eerste in 400m, 200m en 100m.

Imke Harmse, dogters o/19 eerste in 200m en 400m hekkies, tweede 100m.

Ali Masike, eerste seuns o/10 800m seuns o/19 1200m.

Marnus Pienaar, eerste seuns o/10 1200m.

Damion Gottwaldt, seuns o/19 eerste 100m tweede, 800m derde, 400m derde.

Lion Kotze, seuns o/19 eerste 1500m en tweede 400m en 800m.

## Proteapark verwelkom nuwe onderwysers

Vier onderwysstudente sluit vanjaar aan by Laerskool Proteapark se Skoolgebaseerde Onderwysersopleidingspan. Dit bring die getal Parkie studente-onnies op 17. Baie welkom aan van links mej Chandré Botes, mej Marli de Klerk, mej Marni Muller, mej Shinely-Lee du Plooy, mej Deline Mpiti en mnr JP le Grange. Baie sterkte met julle studies vanjaar!

Graag verwelkom Laerskool Proteapark twee nuwe onderwysers, asook 'n voltydse terapeut in hulle midde vir 2020. Van links staan mev Mireille Euler wat haar gewig gaan ingooi by graad 4 en 5 Afrikaans, mev Charlene Niemand wat aansluit by Proteapark se Leerderondersteuningspan en mej Serita Greyling (regs), die nuwe graad 3-juffrou. Laerskool Proteapark vertrou dat julle kort voor lank Parkies in murg en been sal word!

## Impala rewards teachers

RUSTENBURG HERALD - RUSTENBURG - On Friday (17 January), Impala Platinum mine awarded First Aid Certificates to ten teachers from three schools located in Luka village.

A team from Impala's Rustenburg Operations, led by General Manager, Joseph Tsiloane and Group Executive HSE, Dr Jon Andrews awarded the certificates. Bishop Tyira and Peter Mokoena, Senior Managers from Impala's health services who arranged and provided the training to the teachers, were also present.

In total, 32 teachers from Impala's host communities received training in November 2019. The ten teachers who received their certificates on Friday represented Luka Primary School, Ramotse Primary School and Mogono Primary School, all situated in Luka. 23 other teachers from the Impala host communities of Lefaragathla, Kanana and Phokeng have also passed their First Aid Training and will be receiving their certificates.

Impala acknowledged the teachers for completing essential Medical Emergency and First Aid training and the mining company also donated emergency medical care equipment, including three stretchers per school and three first aid kits.

Dr Andrews said: "We are proud of the first group of teachers who completed our First Aid and Medical Emergency training. We believe the training will enable the teachers to help those around them in the event of a medical emergency." Dr Andrews added that, having acquired these skills, the teachers are now able to apply immediate first aid at school and in their communities, ensuring that injuries are treated quickly and on site before being transported or before Emergency Medical Services arrive.

Impala is committed to providing essential support and empowering local communities to become self-sufficient.

## Run into the Sunset at the Rustenburg Golf Course

RUSTENBURG HERALD - RUSTENBURG - Entries for popular The Run Into the Sunset Race at the Rustenburg Golf Club on Thursday 6 February 2020, hosted by Run Walk for Life, are now open.

## Blitzboks on track for 2020

Muller du Plessis is one of the missiles in the Blitzboks' arsenal. (Photo: ruggas101.co.za)

**RUSTENBURG HERALD - HAMILTON, NZ** - The end goal for their 2019/20 season is the Olympic Games in Japan, but for the Blitzboks there are also some very real challenges and objectives in the coming months.

One of those, according to Springbok Sevens coach, Neil Powell, will be to "play to their potential" in the HSBC World Rugby Sevens Series, of which the third of 10 tournaments kicks off in New Zealand this weekend. Powell and his troops have arrived in Hamilton, where the HSBC New Zealand Sevens will be contested at FMG Stadium Waikato on Saturday and Sunday, with the Blitzboks sharing first spot on the log with New Zealand after the opening tournaments in Dubai and Cape Town. The squad that secured 41 of a possible 44 log points has changed for this trip, but all according to plan, says Powell, who did not only tweak his playing personnel, but also certain elements of play. "No player was going to play in all 10 tournaments and then the Olympics – that is just too much rugby – so the rotation of players was always on the cards," said Powell. "We had some guys coming in for the opening leg and then returning to fifteen, we have some guys out injured and we have some guys playing in their first tournament of the series, but it's all according to plan. "We have pretty much the squad we expected to have here, bar Siviwe (Soyizwapi) and Kurt-Lee (Arendse), who picked up injuries back home, but it only means they get their break a bit earlier."

"We prepared well and the 'new' players, such as Stedman Gans, Cecil Afrika, Branco du Preez, Muller du Plessis and Werner Kok are rearing to go."

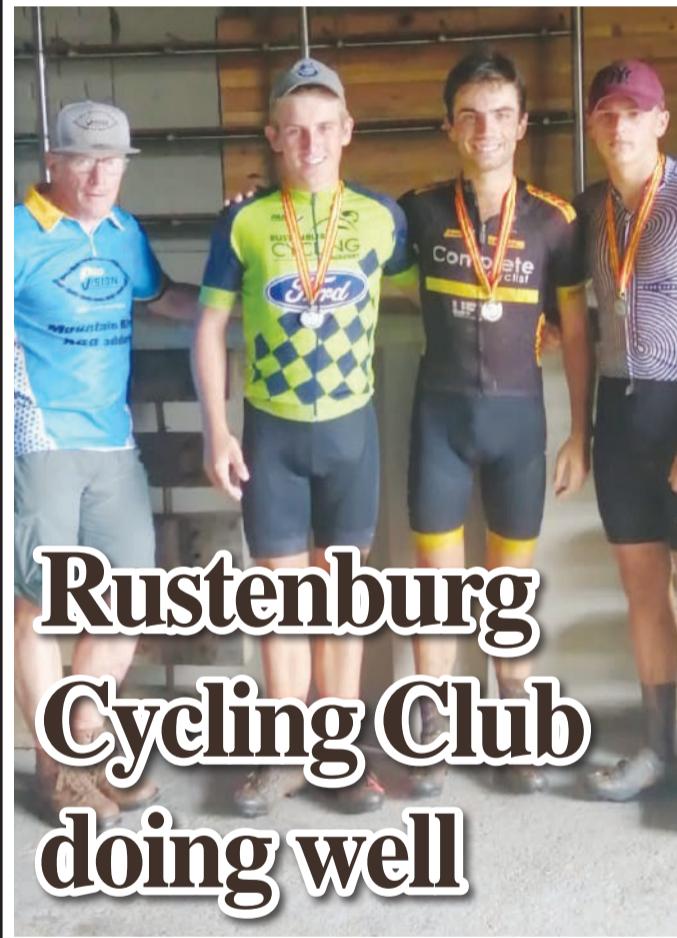

### Blitzboks' playing schedule (SA kick-off times):

- Saturday 25 January
- 02h03 – Japan
- 07h30 – England
- Sunday 26 January
- 01h13 – Kenya

## Antonel laat rekords spat

Antonel de Villiers het op Vrydag 17 Januarie 2020 tydens Laerskool Vastrap se Interhuis-atletiekbyeenkoms, vier nuwe rekords opgestel in haar vier baan-items vir Dogters o/12 naamlik: 150m Hekkies, 150m, 100m en 75m Hekkies.
