Stem vir Michael

Toon jou ondersteuning - stem vir die "Rustenburg Rocket". Motorsportgeesdriftiges is verlede week op die agterblad van die Rustenburg Herald getrekteer op 'n aptytwekker van wat vanjaar op die Suid-Afrikaanse wedrenseisoen kan wag met die heropening van die 2020 Global Touring Cars (GTC) wedrenseisoen. Rustenburgers kon meer te hore kom van Michael van Rooyen (die "Rustenburg Rocket") se blitsvinnige Gazoo Racing SA Toyota Corolla wat vanjaar die vonke gaan laat spat! In teenstelling met baie Suid-Afrikaners het Toyota Gazoo Racing SA nie op hul louere gerus tydens die inperkings van Covid-19 nie, maar is daar geswoeg aan die ontwikkeling van Van Rooyen se splinternuwe blitsbuks waarmee hy sy opponente die stryd gaan aansê. Die video hierby aangeheg was tydens 'n wedren by die Red Star renbaan in Delmas in November verlede jaar waar Michael weer eens met die louere weggestap het. Rustenburgse ondersteuners wat gereeld Michael se vordering dophou en wat een van ons eie "seuns" vanjaar graag op die wewerspodium sal wil sien, word genooi om vir Michael te stem in 'n gebaar van suiwer patriotisme en ondersteuning na 'n uiters frustrerende tydperk. **Tik tik hier op jou elektroniese toestel of gaan na <https://bit.ly/rbvote> om vir Michael te stem.**

It's never too late for hope...

New hope and a promising future await dozens, if not hundreds of people struggling with alcohol, drug and prescription medication addiction in Rustenburg with the opening of Hope Hill Rehabilitation Centre among the tranquil setting of the beautiful Magaliesberg barely eight kilometres from Rustenburg. More so for patients who simply couldn't cope without the emotional support of their families and loved ones since visitation at rehab centres located far from Rustenburg would be severely limited. At Hope Hill patients suffering from addiction will be guided on the way to recovery by means of a clinical 12 Step recovery process. A host of supplementary services and therapies are on hand though to compliment the healing process. Pictured from left above the team of Hope Hill Rehabilitation Centre consists of Ilze Delpert, Vincent Saidi, Velona Grobler, Eva Rapoo, Wessel Mostert (owner), Marlett Els (Clinical Supervisor), Dave de Jager (head Counselor), Chantelle Edwards, Hettie Mostert and Christinah Kabi. Schools to reopen - 8 June

RUSTENBURG HERALD - RUSTENBURG - Schools will reopen on Monday (8 June) for grade 7 and 12 learners to allow for the orientation and training of teachers.

The Council of Education Ministers (CEM) took a decision to continue to reopen schools on 1 June 2020, but with School Management Teams (SMT), teachers and non-teaching staff only arriving to prepare for the arrival of learners.

The department had initially planned to kick start its phased reopening from 1 June 2020 provided that health, safety, and social distancing requirements are in place. But following meetings over the weekend with various stakeholders in the education sector, the department said reports indicated that a substantial number of schools would not be ready to reopen.

Covid-19 Travel restrictions eased

RUSTENBURG HERALD - RUSTENBURG - With millions of citizens having returned to work from Monday (1 June), as the country moved to COVID-19 lockdown level 3, Transport Minister Fikile Mbalula recently announced that public transport will operate throughout the day.

However, capacity restrictions remain, with minibus taxis still permitted at 70% loading capacity. Buses are still expected to adhere to a maximum loading capacity of 50%, taking due regard of standing passengers.

This will be the case for e-hailing and metred taxis, as well as shuttle, chauffer and charter services.

Mbalula told media that the condition for such operation is that public transport vehicles are only permitted to transport persons permitted to travel between provinces, in terms of the regulations.

SUCH TRAVEL IS RESTRICTED TO:

- Persons undertaking work responsibilities or performing a service permitted under level 3, provided they are in possession of the requisite permit;
- Persons moving to a new place of residence;
- Attendance of funerals;
- Transportation of mortal remains;
- Obtaining medical treatment;
- Persons caring for an immediate family member;
- Learners or students who have to commune to and from schools or institutions of higher learning during periods when schools or institutions are permitted to operate;
- Persons returning to their place of residence from a quarantine or isolation facility;
- Permitted authorised movement of children and members of Parliament performing oversight responsibilities.

**** LATEST UPDATE:**

On Tuesday (2 June) the North Gauteng High Court has declared level 3 and 4 of the lockdown regulations unconstitutional, saying "some of the regulations promulgated by the government simply did not meet the rationality test in preventing the spread of Covid-19". The order is, however, suspended until such time Minister of Cooperative Governance and Traditional Affairs Nkosazana Dlamini Zuma, after consultation with the relevant cabinet ministers, reviews, amends and republishes the regulations. Judge Norman Davis ordered the minister to comply with this process within 14 days. This followed an urgent application by a group who called themselves the Liberty Fighters Network, in which they asked the court to declare the national state of disaster, established under the Disaster Management Act, unconstitutional and unlawful. Judge Davis found that some of the regulations promulgated by the government simply did not meet the rationality test in preventing the spread of Covid-19. The judge questioned various aspects of the lockdown provisions. The Office of the Presidency, meanwhile, said the government has taken note of the judgment declaring alert levels 3 and 4 lockdown regulations invalid. It said it will make a further statement once the government has fully studied the judgment. [Click here to read the full report on court proceedings.](#)

SA's drunk-driving limit may become zero

RUSTENBURG HERALD -RUSTENBURG - South Africa could have a drunk-driving limit of zero before the end of the year, if government has its way, with full criminal penalties for anyone caught with any discernible level of alcohol in their systems.

The National Road Traffic Amendment Bill was approved by Cabinet for submission to Parliament in March this year, with a promise that it would take a tough line on driving under the influence.

Despite delays in lawmaking caused by the coronavirus disaster, that draft law was released on Monday, and it effectively seeks to ban anyone who has had a drink from operating a motor vehicle, until no alcohol can be detected in their blood or on their breath.

The Bill does not alter the methods of testing, penalties, or any other part of current legislation that deals with drink-driving.

It simply scratches out the sections of the current law that specifies

the permitted level of alcohol for drivers. That is less than 0.05 grams per 100 millilitres, or for professional drivers less than 0.02 grams per 100 millilitres, when measured via blood sample.

When measured by breathalyser, the current measure is 0.24 milligrams per 1,000 millilitres, and for professional drivers it is set at 0.10 milligrams per 1,000 millilitres.

That removal has the effect of introducing "a total prohibition

for the use and consumption of alcohol by all motor vehicle operators on South African public roads", says the Bill's explanatory memorandum.

Transport minister Fikile Mbalula promised just such a prohibition in January, with support from the politically influential police chief Bheki Cele. It met with broad support at the time.

Many factors influence how fast alcohol is metabolised, including weight and whether you are eating with your booze. It will typically take around three hours to break down the alcohol in a single glass of wine, but "a few drinks" on a night out could still leave traces of alcohol in blood the next morning.

Covid-19 reported at

CAPITEC BANK

Waterfall Mall

RUSTENBURG HERALD-RUSTENBURG – The branch of Capitec Bank in the Waterfall Mall was closed late last week after a staff member tested positive for Covid-19.

The management of the mall said in a statement on 29 May that the branch was closed immediately after the employee was diagnosed. Colleagues who were in contact with the employee were placed in quarantine and will be monitored. The branch was closed for cleaning and thorough sanitation. Rustenburg Herald enquired about the progress of the cleaning process at the branch and was told that the branch is indeed open for business Mondays to Fridays 09h00 - 18h00 and Saturdays 08h00 - 12h00.

Daar is nog hoop vir vuurwapeneienaars

RUSTENBURG HERALD - RUSTENBURG - Vir vuurwapeneienaars waarvan die lisensies reeds vroeër verval het maar hulle die afgelope ses maande kon beroep op die spesiale amnestieperiode (1 Desember 2019 tot 31 Mei 2020) wat laat verlede jaar deur minister Bheki Cele afgekondig is, is die verblydende nuus vir die interimperiode dat hulle steeds nie verplig is om hul ongelisensieerde vuurwapens by die naaste polisie-stasie in te handig nie.

Dié aankondiging het Donderdag verlede week van die minister gekom toe hy bekend gemaak het dat die amnestieperiode wat einde Mei 2020 verstryk het, vir 'n verdere ses maand verleng is ten einde te vergoed vir die oponthoud en onderbrekings wat die afgelope net meer as twee maande tydens Covid-19 ondervind is.

Eenvoudig gestel beteken dit dat alle ongelisensieerde vuurwapens wat vanaf einde Mei vanjaar onwettig in die besit van hul eienaars sou wees, nou vir 'n verdere ses maande behou kan word terwyl die regmatige eienaars ekstra tyd gegun word om vir die hernuwing van dié lisensies aansoek te doen.

Vuurwapeneienaars wie se lisensies binne 'n maand of twee verval en wat ook weens die Covid-19-onderbreking nie minstens 90 dae voor die verstryking daarvan vir heruitreiking aansoek kon doen nie, het ook niks te vrees nie, het die minister gesê. "Net solank hierdie eienaars voor die verstryking van hul huidige (geldige) lisensies vir die hernuwing daarvan aansoek doen. Die vereiste kennisgewingtydperk van 90 dae sal vir die interimperiode voorlopig geskrap word, het die minister gesê.

How to Improve Hearing again with HEARING AIDS

EVER THOUGHT HOW IT MUST BE TO BECOME HEARING HANDICAPPED? MAYBE YOU EXPERIENCE A FORM OF HEARING LOSS ALREADY.

Between no hearing loss and a total hearing loss different degrees of hearing loss can be diagnosed.

1. Mild hearing loss: Unable to hear soft sounds and difficulty to understand speech in noisy surroundings.
2. Moderate hearing loss: Unable to hear soft and moderately loud sounds, considerable difficulty in understanding speech, particularly with background noise.
3. Severe hearing loss: Unable to hear most sounds. Speakers must raise their voice to be heard. Group conversation is possible only with considerable effort.
4. Profound hearing loss: Some very loud sounds are audible but communication without a hearing instrument or sign language is very difficult.

THE PROSTHESIS-HEARING DEVICES

When surgery or medication is not successful in restoring hearing loss anymore, hearing devices must be considered. There is no alternative for nerve deafness!

Hearing devices today have possibly one of the smallest electronic components ever developed in electronics. The new era of digital technology in hearing aids also changed the lives of many hearing impaired people. Frequency specific amplification is now possible to improve the speech to noise ratio, therefore better speech understanding in noise. Different hearing programs are utilized for maximum speech understanding in noise. The amount of sound channels and microphones also make these instruments better than others but then obviously at a higher price as well.

The size of the hearing aid is the name of the game for the cosmetic sensitive wearers and therefore the ITE's (in-the-ear) or CIC's (completely in-the-canal) are the most popular.

Severe and profound hearing losses however, need more powerful hearing aids which are the BTE's (behind the ear).

The latest hearing aid technology streams the full audio band width in real time and bi-directionally, tackling challenging listening situations by simulating what the brain does with sounds from both ears. Unlike any other hearing aids available, these can connect directly to either your iOS or Android smartphone or other Bluetooth enabling cell phones to stream any kind of audio and also true hands-free phone calls, stereo sound quality for music, videos, e-books, podcasts, air streaming to any TV or stereo system. It's just like using wireless headphones – except maybe even better, because these hearing aids can distinguish between streamed speech and music signals, and automatically adjust to give you an optimized sound quality.

The high technology digital instruments are programmed for each person according to thier hearing test which is fed into a computer to obtain maximum speech discrimination.

Did you know that a person with more than 90% hearing loss can benefit from a hearing aid and have good communication?

Did you know that Students can even at high school level attend classes in a normal stream with other children?

But even more sensational! Did you know that a child born many years ago with a profound hearing loss of 100dB would have been deaf and dumb, only being able to communicate with hand signals. These children can now be diagnosed a few weeks after birth and be fitted with powerful hearing aids, receive speech therapy and be able to learn their mother tongue.

Hearing aids CAN change lives!

Game drives and hiking are legal again!

RUSTENBURG HERALD - RUSTENBURG - You can go hiking between 06:00 and 18:00 from Monday (1 June), and as long as you drive yourself in your own car, you can also go on game drives.

But only those in the Free State and Western Cape will have access to national parks immediately. "Open access parks namely Golden Gate National Park - in the Free State - and Table Mountain National Park, in the Western Cape, with the exception of Boulders Beach and Cape Point will allow access to visitors from 1 June 2020," SANParks said in a draft statement late on Sunday afternoon. Announcements on all other parks, which are classed as "access controlled", will come "in due course". Crossing a provincial boundary under Alert Level 3 for leisure purposes is banned, so all hiking and game drives must be undertaken within the

province you live. SANParks said it needs to ensure that "the opening of our national parks for self-drive excursions and hiking is done under the strictest health protocols to safeguard both our staff and guests." Tourism minister Mmamoloko Kubayi-Ngubane announced on Saturday that game parks will be open for day visitors. Broader Level 3 rules allow for such an opening of game parks and other tourist destinations, as long as they are open only for "private self-drive excursion activities". "Visitors are urged to follow government directives regarding number of passengers in vehicles, wearing of face masks as well as the prohibition of group exercise; visitors failing to adhere to these regulations will be subject to fines by SANParks law enforcement officials," the body said in its statement.

Hunting is also again on the cards. But, after consulting with a few experts with regards to hunting, it seems that, if you do not have a very direct involvement in the hunting industry whereby you are exempt from regulations and limitations, it we would advise to rather spend these days to polish and service your hunting rifles. It simply is not worth the risk of having your guns, or worse, your vehicle confiscated by the authorities.

Objection period for property valuations suspended

RUSTENBURG HERALD - RUSTENBURG - Property owners who were contemplating lodging objections against the recently "tabled" property valuation roll in which many properties are believed to be exorbitantly inflated, seem to have the luxury of postponing their objections for the interim period on their side.

Following numerous complaints with regard to the Valuation Roll and subsequently, an objection with the Municipal Manager by Council in terms of Section 50(4) of the Municipal Property Rates Act (MPRA) Council resolved to suspend the period for objections pending the outcome of the process to be undertaken by the Municipal Manager. In a media statement issued by the Rustenburg Municipality, "a key resolution with regard to the formation of a Multi-party Committee with representation from each party in Council and Troika (Executive Mayor, Council Speaker and Single Whip)" was highlighted. An extension of the validity of the current existing valuation roll would be requested from the North West MEC for Local Government in terms of the MPRA, the statement concluded.

NW COVID-19 RELATED DEATH: DOCTOR CLEARED OF BLAME

RUSTENBURG HERALD - RUSTENBURG – The North West Department of Health said that the doctor who treated the patient who died from COVID-19 related complications did nothing wrong - and has condemned any perception that he was to blame.

The 52-year-old man died at the Job Shimankana Tabane (JST) Hospital in Rustenburg earlier this month.

Last week, Health MEC Madoda Sambatha visited the Netcare Ferncrest Hospital where two nurses tested positive for the coronavirus after being in contact with the deceased patient. Staff from the Ferncrest, Brits and JST hospitals, where the patient had been treated, had to be isolated at different locations for 14 days. The department said that it had studied reports relating to the treatment of the patient and found no negligent behaviour on the part of the cardiologist and other staff who treated the patient. Sambatha said that doctors at the forefront of the battle against the global pandemic need to be supported and not blamed. "While we will not hesitate to hold anyone accountable where there is

mismanagement of patients, it is equally important to not play the blame game in this fight against COVID-19. All our health professionals, including doctors, need our support in their daily management of COVID-19 cases. It is also important for the public and the media not to speculate on cases as it causes unnecessary public panic." It had been reported that the doctor in question had been suspended but had since returned to work after he had also isolated for a period of 14 days. The department further stated that the MEC himself had not blamed the doctor for the province's only COVID-19 death in any of his interviews. Meanwhile, Sambatha welcomed 13 Cuban doctors to the North West at the weekend. Six of the doctors will be stationed in Bojanala district, which has the bulk of the provinces COVID-19 infections with 40 known cases.

Hope for a new life at Hope Hill Rehabilitation Centre

RUSTENBURG HERALD - RUSTENBURG - Being emotionally attached to a very special place in the foothills of the Magaliesburg and similarly, an issue which causes untold emotional damage and destruction has steered local businessman, Wessel Mostert, toward the development and opening of Hope Hill Rehabilitation Centre some eight kilometers from Rustenburg on the Donkerhoek road.

Partnered by a passionate professional team of experts, Hope Hill Centre indeed promises hope to numerous people struggling with alcohol and drug addiction as well as prescription medication abuse in Rustenburg and North West. It is a well-known fact that alcohol, drug and substance abuse became a huge problem in Rustenburg, if not the entire country in recent years. What has made recovery from any form of substance abuse extremely challenging for people from these areas in the past, is the fact that the nearest available professional help is most likely miles away which in turn causes further problems in terms of a lack of emotional support from one's

family. With the opening of Hope Hill Rehabilitation Centre, professional help is now on Rustenburg's doorstep. With an array of professional experts and therapeutic services on hand, Hope Hill will bring far more than hope. Here, patients will be guided along the road to recovery by means of a dedicated 12 step rehabilitation program aided by crucial supplementary services offered by a multi-professional team such as individual and group counseling, cognitive group therapy, medical lectures, weekly meetings and excellent motivational speakers.

Hope Hill Rehabilitation Centre is also endorsed

and in close co-operation with Narcotics Anonymous (NA) and the AA. Hope Hill's multi-professional team is led by Wessel Mostert (owner), Dave de Jager (head counselor) and Marlett Els (clinical supervisor) while the services of a psychologist, psychiatrist and medical practitioner are on hand. (Dave incidentally, is in recovery himself after he had struggled with addiction for a long time. Throughout the ordeal, he was supported by his lifelong friend, Wessel). With a wonderful facility and premises such as this, enhanced by beautiful gardens, hiking trails etc, Hope Hills surely means business in terms of not only rehabilitation, but also encouraging a healthy and balanced lifestyle.

The premises incidentally, which until recently belonged to Wessels' grandmother who had passed away in 2019, saw the realization of a dream Wessel was contemplating since early in 2017. "My grandmother often expressed the wish that something very special would become of the land and I can hardly think of something more appropriate than an alcohol and drug rehabilitation centre which is set to change the lives of many people from our very own city", Wessel concluded.

Hope Hill Rehabilitation Centre can be reached on 076 023 2574 (Dave), email: dave@hopehillcentre.co.za or the website" www.hopehillcentre.co.za

In addition, the deceased's clothes, a brown jersey, navy blue Puma tracksuit pants and one grey sneaker shoe, were found next to him. The deceased has dreadlocks trimmed on the side and no scars on the face. The deceased had open wounds on his lower and upper body. He is an African male, slender built, between the ages of 30 and 40.

Geliefde voorslagvrou oorlede

RUSTENBURG HERALD - RUSTENBURG - Tercia McAlpine, geliefde eggenote, moeder en ouma is op 27 Mei in die ouderdom van 59 jaar in Rustenburg oorlede.

Tercia se afsterwe word betreur deur haar eggenoot (Eddie), vier kinders en agt kleindogters. Die familie bedank alle Rustenburgers, vriende, familie en kennisse vir hul boodskappe van bemoediging en blyke van simpatie. Tercia was vir 38 jaar 'n bekende en geliefde inwoner van Rustenburg en het diep spore in baie mense se lewens getrap. Tercia sluit op 1 Februarie 2003 by die Vrouelandbou-unie (VLU) Rustenburgtak aan. Sy was vol geesdrif en het gou haar beoordelaars-eksamen in preservering voltooi. Sy het ook aktief aan die skou- en takkompetisies deelgeneem. Sy dien van 2005 af op die bestuur in verskeie portefeuljes en word in Januarie 2008 tot voorsitter verkies. Sy het pligsgetrou haar amp volgestaan en het eers na die voltooiing van die toegelate ses jaar in 2014 uitgetree. Daarna dien sy nog op die bestuur as gesondheidsameroepster tot met haar oorplasing na die Marikana-tak in November 2016. Tercia sluit in Januarie 2017 by Marikana VLU-tak aan. Sy gooi haar gewig in by Marikana se doen en late en bewys dat haar hart in VLU is. Sy was 'n hardwerkende lid en het oral waar daar hulp gevra is, kom help. Sy en haar man, Eddie het kom help met pannekoekbakdae, die teetuin help behartig en nooit gekla nie.

In 2018 word sy as skakelbeampte van die tak gekies en in 2019 as eerste-vise. Sy dien op die bestuur vanaf 2018 tot 2019, waarna sy uit die VLU bedank. Sy gee haar aandag aan haar gemeenskaplike Bybelstudiegroep en sustersvereniging. Tercia was 'n baie spesiale vrou wat almal gereeld met boodskappies bemoedig het. Sy het altyd 'n oop hand gehad waar dit by die VLU kom en baie uit haar eie sak bygedra. Sy het veral altyd die ouer mense met deernis en empatie behandel. "Sy het die vermoë gehad om enigiemand baie spesiaal te laat voel. Al was sy nie meer deel van die VLU nie, sal ons as vriendinne haar baie mis," skryf Istella van Rhyn-Nel, Marikana VLU-voorsitter, en Santie Bingle, Rustenburg VLU-voorsitter.

Tercia se afskeidsdiens vind op 5 Junie tydens 'n privaatseremonie in Pretoria plaas. 'n Spesiale gedenkdiens sal na die grendelperiode in Rustenburg plaasvind. Meer besonderhede sal binnekort bekend gemaak word.

Ons geliefde man, pa en oupa, Dirk van Zyl, is op 16 Mei 2020 geroep na sy ewige tuiste. Mag hy in vrede rus tot ons mekaar weer sien. Daleen, Adre, Michael, Marisa, Pierre, Magna en Leonard.

'n Hartseer dag het vir ons as familie aangebreek om afskeid te neem van ons geliefde Annalene Suretha Muller. Sy is op 20 Mei 2020 oorlede en haar heengaan laat 'n groot leemte onder haar geliefdes en familie. Die diens het reeds plaasgevind op Maandag 29 Mei 2020 om 11:00. Die Rustenburg Krematorium bid die familie krag en sterkte toe. Enige navrae kan verwys word na (014) - 592 8441/073 903 4862. (218466)

Op 15 Mei 2020 is ons geliefde Jacoba Magdalena Bester oorlede. Ons gaan haar baie mis. Sy sal vir altyd onthou word as liefdevol, saggeaard en behulpsaam. Sy sal vir altyd in ons harte en gedagtes bly. Die diens het reeds plaasgevind op Vrydag 22 Mei 2020 om 11:00. Die Rustenburg Krematorium bid die familie krag en sterkte toe. Restless Legs

RUSTENBURG HERALD - RUSTENBURG - RLS (Restless Leg Syndrome) - Most people feel "restless legs" as cramps that is starting in a lessened state of sleep.

The beginning of the cramp wakes them up to a greater or lesser degree. In that half-asleep state they will then adjust their sleeping position and move the leg trying to avoid the cramp, only to have it start to cramp again needing another adjustment; on and on.

If you or someone you love is suffering this agonizing condition, relief could be at hand. Your brain is the central communication system of your body. Think of it as a switchboard. And, just as a switchboard operator answers the phone and directs a call, messages are sent from your brain to specific organs, glands, muscles and limbs.

Your nervous system needs materials for maintenance and repair – constantly. It is very dependent on certain nutrients, two of which are calcium and magnesium. Deficiencies of these two minerals can result in the messages getting disrupted or totally corrupted. The result?

Restless legs (RLS) and, very often, insomnia, pain, etc. Handling deficiencies of calcium and magnesium is vital and many RLS sufferers get almost instant relief when taking a calcium and magnesium supplement that is balanced and properly formulated.

Instant CalMag-C is balanced so that your body can absorb the calcium and magnesium and you can feel the difference instantly. We make it with the correct proportions of calcium and magnesium (2:1 ratio) plus vitamin C to adjust the pH so it can be absorbed.

That is why we get such good results! Remember to keep Instant CalMag-C on hand at home and at work!"

Deur Waldie Volschenk

Mikrogolf-sjokolade-ringkoek

Jy het net jou plekkie voor die tv warm gebroei en reggemaak vir 'n lekker flik of tv-program. Skielik lui die foon. Dis jou skatryk tante van wie jy lanklaas gehoor het (of jou skoonma) wat vanmiddag wil kom tee drink want sy is toevallig in die dorp. Natuurlik sal jy ook 'n stukkie varsgebak moet voorsit want wat sal die tante dink as sy droëmond by jou moet wegry? O gaats, hoe nou gemaak? Boonop is die tante so 'n fynproewer, sy sal haar nie deur 'n winkelkoek laat flous nie...

Maar moenie komkommer nie soos ons maar skerts - hier is vir jou 'n heerlike en maklike oplossing en as als voor die wind gaan en jy is gelukkig, mis jy dalk net die eerste stukkie van jou tv-program! Heleen Verster van Rustenburg Herald het die afgelope week of wat almal hier by die werkplek op hol gehad met 'n mikrogolf-sjokolade-ringkoek wat ons die lippe laat aflek het. Regtig maklik, uitsonderlik lekker en boonop mooi om na te kyk ook - die tante sal so in haar skik wees met jou... Jy maak dit so:

Volg of druk hierdie skakel op jou elektroniese toestel vir 'n videogreep van ons kooksessie op Rustenburg Herald se webtuiste

Sjokolade-ringkoek

Bestanddele:

- 250 g bruismeel
- 200 g strooisuiker (250 ml)
- 50 ml kakao
- 2.5 ml bakpoeier
- 250 ml kookwater
- 60 ml olie
- 2 eiers
- 5 ml Vanilla

Metode:

Klits saam jou kookwater, olie, eiers en Vanilla. Voeg al die droë bestanddele by en klits goed. Bak vir 8 minute teen volkrag in 'n gesmeerde (of Spray n Cook) ringpan in die mikrogolfoond. Haal uit en dop om in 'n koekbord. Maak nou die sous:

Sous 1

1 blikkie Ideal-melk of 'n blikkie cooking cream.
60 ml suiker
2 blokke neutsjokolade of Peppermint Crisp en voeg 'n halwe handjievol fyngekapte neute by. Smelt alles saam in die mikrogolfoond of op die stoof. Giet oor warm koek. Kyk dat die sous lekker in die koek intrek en nie alles in die middel gaan lê nie. Om dit makliker te maak kan jy 'n paar openinge in die bokant van die koek steek voordat jy dit met die sous bedek.

Sous 2

1 pakkie Glaced vrugte
Halwe blikkie (klein) tertappels fyn gesny
Kwart blikkie fyngemaakte pynappel
Kook saam
Maak dik met vla of Maizena
Kook tot gaar
Gooi oor warm koek
Plaas 'n houër met room om dit ekstra verleidelik te maak. Laat dan afkoel en geniet - al te lekker - jy moet maar hoop dit is die ryk tante wat kom kuier en nie skoonma nie, jou skoonma sal dit sekerlik wil wegdra...

Dit is duidelik dat hier 'n lekker ding aan't gebeur is.

Die voor- en na-foto's van 'n sjokolade-ringkoek wat jou sal laat vergeet waar jou voor- en agterkant is.

Ergste van Covid-19 lê nog voor

Met die implementering van Vlak 3 van die Covid-19-grendelperiode op Maandag, 1 Junie, het die Suid-Afrikaanse politieke en sosiale toneel 'n mens feitlik aan 'n oorlogsone herinner. Veral die geskarrel rondom die heropening van skole (al dan nie) het in die meeste kringe konsternasie veroorsaak en aktualiteitsprogramme, radio- en TV-nuusbulletins het almal taamlik breedvoerig berig oor hoe die hoofrolspelers in die onderskeie sektore die regering en veral die betrokke ministers die stryd aansê oor die implikasies van kinders wat nou al (of volgende Maandag) moet terug skool toe en wat die gevolge kan wees by skole wat hoegenaamd nie vir 'n massa-terugkeer van leerders gereed is nie, of gesondheid- en veiligheidsmaatreëls wat nou na meer as twee maande nog nie in plek is nie.

Maar die onderwyssektor is nie die enigste wat die mes vir die regering en veral die minister in het nie. Feitlik elke sektor wat op een of ander wyse ingrypend deur die Covid-19-grendelperiode geraak is, byvoorbeeld die tabaknywerheid, (tot onlangs toe nog die alkoholnywerheid), kleinhandelsgroepe, restaurantbedryf en talle ander het lankal begin dreig met dringende aksie/regstappe teen die regering indien die beperkings van Covid-19 nie dringend opgehef word nie. Sedertdien het enkele van hierdie dreigemente weggeval met die inwerkingtreding van Vlak 3 van Covid-19-inperkings. Ander rolspelers soos die tabakbedryf voel in besonder verontreg en dit is geen geheim dat die minister se maatreëls rondom hierdie sektor bevraagteken is nie.

Hierdie wending is in skerp kontras met die aanvanklike gelukwense met die regering se flinke optrede met die aanvang van Covid-19. Nou wonder 'n mens soos die boere toe 'n "tuisgemaakte" kanon tydens die Anglo Boereoorlog ontplof het en pandemonie veroorsaak het: "as dit hier by ons so gaan, hoe gaan dit nie daar anderkant (by die Engelse met 'n hele linie of twee kanonne) nie? Anderkant in hierdie geval is lande soos Amerika, Spanje, Italië en Brasilië waar die aantal besmettings, sterftes honderde male erger is as tot dusver hier by ons. Hoe dit ook al sy, daar kan verwag word dat die sterftesyfer in Suid-Afrika in die volgende klompie weke en maande dramaties sal toeneem. Meer en meer mense sal waarskynlik dan beseef dat die Covid-bedreiging inderdaad ernstig is en dat die meeste van die maatreëls ter plaatse absoluut nodig was ten einde lewens te red.

Worst of Covid-19 still to come

With the implementation of Level 3 of Covid-19 lockdown on Monday, 1 June, the country's social and political scene was typical of a war zone. The rigmarole surrounding the opening of schools (or not) has been particularly confusing and teachers, learners and parents were angered by the hesitation and confusion caused by the delay or call-off at a very late stage. What is interesting or should we say typical of South Africans, is that countless industries that were quite pleased by government's initial response and regulations to the threat of Covid-19, were now contemplating legal advice to try and force government and the particular ministers to back off and to allow these industries to continue as usual. The education sector was not the only one considering legal action to convince the minister to change her plans. Earlier we have seen the alcohol industry, currently the tobacco industry as well as the accommodation and restaurant industries complaining for weeks to no avail. There is little need to tell the minister or anyone of the severe losses suffered by these industries during the period of lockdown and without a doubt, for a very long time to come. Since the move to Level 3 quite a few souls and industries have calmed down and tried to make do in the current circumstances.

All of these was indeed something to ponder upon as the general consensus is/was that the situation in South Africa in terms of infections and deaths was not remotely as bad as many European countries and in particular America where the death toll has already reached staggering proportions. The local situation, easily calls to memory the comical story of heavy conflict between the Boers and the English during the Anglo Boer War. The story goes that some Boer commander - when a "home-made" canon exploded into a thousand pieces killing several Boer soldiers in the process - couldn't think of anything to say but: "well, if this is the price of war (in terms of human lives) can you imagine the havoc on that side among the British" (who were firing on the Boers with at least 25 canons...)

Nonetheless, one can expect the South African death toll to rise sharply in the following months - maybe to a certain extent this will convince many hesitating South Africans that the measures implemented by government were indeed of critical importance in saving lives.

Die redakteur

Sjoe, in my lewe van 73 jaar het ek darem nou al 'n paar dinge gesien en beleef, van mense wat op die maan loop, televisie in Suid-Afrika, rekenaartegnologie, selfone waarmee 'n mens soos in die fliëks somer buite in die tuin rondloop terwyl jy met die familie gesels en nou verlede week, koerantfoto's wat "lewe"! Ek het die lewendige foto's nog in geen ander publikasie gesien nie en nie eers geweet daar bestaan sulke tegnologie nie. Waar kom julle aan so-iets? Dit sal interessant wees om te dink wat 'n mens dan nog alles in die media kan doen. Binnekort hoef 'n mens dalk nie eers meer na SABC 2 se swak "Afrikaanse" nuusbulletins te kyk nie - as jy dan so gek na 'n "movie-formaat" is - lees jy somer jou plaaslike koerant. Lyk my Rustenburg was hier al weer eerste! Baie dankie vir 'n lekker en interessante koerant!

AfriForum se Rustenburg-tak skenk voedselpakke aan behoeftiges

RUSTENBURG HERALD - RUSTENBURG - AfriForum se Rustenburg-tak het die afgelope maand in samewerking met Solidariteit Helpende Hand meer as 10 ton voedsel aan 352 behoeftige gesinne voorsien.

Die tak het voedselpakke saamgestel om ’n gesin van vier vir ’n maand van noodsaaklike voedsel te voorsien. Dié maandpakkette bevat benewens kos soos meliemeel, boeliebief, pasta, en rys ook noodsaaklike items soos seep, tandepasta en dies meer. Die koste van die projek beloop tans ongeveer R40 000.

“Ons is baie dankbaar dat ons so baie van die behoeftiges in ons gemeenskap met voedsel kan bystaan. Dit word egter moontlik gemaak deur skenkings vanuit die gemeenskap aan ons taknoodhulpfondse. Ons wil werklik elkeen bedank wat tot dusver skenkings gemaak het,” sê Chris Trytsman, voorsitter van AfriForum se Rustenburg-tak. “Die Rustenburg-tak werk op ’n optimale wyse saam met Solidariteit Helpende Hand om die nood op groot skaal te verlig,” sê Petrus Coetzee, AfriForum se distrikskoördineerder vir Marico.

Die tak doen ’n beroep op sowel lede as die publiek om skenkings aan die tak se noodfondse te maak deur “Nood” na 32782 (R1) te SMS. Hulle kan ook voedsel en noodsaaklike produkte skenk. “Buiten die noodfondse maak ons staat op skenkings om mense in nood te help,” sê Trytsman.

Skakel Trytsman by 082 469 2221 vir meer inligting of om voedsel aan AfriForum se Rustenburg-tak te skenk.

Show your support - vote for the "Rustenburg Rocket"

RUSTENBURG - RUSTENBURG HERALD - On the sports page of Rustenburg Herald last week motorsport enthusiasts were treated to an appetizer of what could be expected on the South African race circuit with the resumption of the 2020 Global Touring Cars (GTC) season with the introduction of the lightning quick brand-new Toyota Gazoo Racing SA's Corolla of Rustenburg's very own Michael van Rooyen - alias the "Rustenburg Rocket".

Unlike many South Africans, team Toyota Gazoo Racing SA did not rest on its laurels during the lockdown of Covid-19 but toiled laboriously for weeks on end towards the development of the new race car which is expected to really turn the cards. The video attached was taken at the Red Star Race course in Delmas in November last year which saw Michael taking the honours once again!

Rustenburg fans who regularly follow Michael's

progress and who like one of our very own sons on the winner's podium this year, are invited to show their support and patriotism by voting for him.
