2020 se laaste 'Supermaan'

Die Donderdagaand (7 Mei) is dit 'n móét dat jy die naghemel moet gade slaan. Donderdagaand sal die maan vir die laaste maal in 2020 selfs meer indrukwekkend as gewoonlik wees wanneer hy vir die vierde keer vanjaar as 'Supermaan' geklassifiseer kan word. Die Supermaan sal, natuurlik, ook 'n uitwerking hê op die aarde se oseane, wat springgetye tot gevolg sal hê, en dan daarna weer ebegetye. Impala well aware of lockdown challenges

RUSTENBURG HERALD - RUSTENBURG - Implats notes South African President Cyril Ramaphosa's directive for a 21-day national shutdown of all non-essential businesses and services, effective midnight Thursday 26 March 2020.

The Group supports the decisive action taken to help bring the COVID-19 pandemic under control and flatten the curve of the infection rate. The health and safety of our employees and host communities is of paramount importance to Implats.

The Group is working systematically to ensure an orderly transition to a period of care and maintenance at our mining, smelting and refining operations, as directed by the South African government.

Implats plays a key role in the economy of South Africa, is a major employer, and our operations support multiple businesses and families in our host communities. As such, the Group is engaging with the South African government to ensure the sustainability of the Group and mitigate, where possible, the negative socio-economic outcomes of the shutdown.

The Implats Board and executive are engaged in detailed analysis and planning related to the impact the shutdown will have on the Group. Further details will be communicated once the Group has more certainty.

Implats CEO Nico Muller said: "These are unprecedented and extraordinary times and we all need to make sacrifices for the greater good. Implats will do what is necessary to protect our employees, communities and the South African economy."

Property groups, owners worried by inflated property valuations

Waldie Volschenk

RUSTENBURG HERALD - RUSTENBURG - Rustenburg rate payers and property owners in particular are up in arms about the Rustenburg Municipality's new proposed valuation roll which was published in an extraordinary North West Provincial Gazette in Mahikeng on 25 March and Rustenburg Herald of 9, 16 and 23 April.

In the first new valuation roll of the past five years, property owners have been stunned by a marked increase of up to 440% in some cases.

The Municipal Valuation roll is reviewed once every five years and serves to determine assessment rates of properties reflected in every month's municipal account. In general the value of properties on the new valuation roll have increased by some 115%. Increases of 111%, 150%, 265% and even 440% are

nothing extraordinary on the new roll. In general however, the rates of residential properties are almost 31% higher than that of five years ago. The rate for business and industrial properties, have increased even more substantially.

Another shocking example is that of the Rustenburg SPCA - an organisation that, according to the Rustenburg Municipality's rates policy, is exempt from paying rates on property registered in their name. Despite the

fact that the premises are incorrectly billed as "industrial" which categorises it at the highest level of municipal rates, the valuation has risen from R800 000 to an unbelievable R2 900 000. The general consensus among property groups, agents and owners in Rustenburg, is that the Rustenburg property market has sharply declined during the past five years due to a variety of factors, notably the poor economic climate of late. This could imply that property values should in fact be adjusted downwards, rather than rocketing.

The implication of the new valuation roll speaks volumes and is bad news for everyone owning, or hoping to own property

in Rustenburg in the near future. For example, the assessments rate of a property valued at R1 700 000 on the previous roll, will hence increase from R481.66 per month to R1 020 00 per month. In practise, it implies that the RLM income from rates will more than double if the RLM does not reduce these rates by half, which is unlikely. Property owners can inspect the new valuation roll on the Rustenburg Municipality's website: www.rustenburg.gov.za and will have the opportunity to lodge objections against the new valuations from 1 April 2020 to 30 June 2020. Documentation and forms for the lodging of objections are also available on www.rustenburg.gov.za

Hugo sukkel met polisie!

RUSTENBURG HERALD - RUSTENBURG - Eers het van die stad se hondsalonmense na mekaar gehap omdat een oop besigheid bly doen het in Grendeltyd. Toe raak die polisie betrokke en nou, sê Hugo van Niekerk, is die oop. "Ek het net daar omgedraai en by die polisie gaan hoor hoe dié wind dan nou waai," vertel Hugo.

Hy is die versekeringsgegee deur die stasiebevelvoerder van die Rustenburgse Polisie, brig Gertrude Modise, dat almal onder dieselfde kam geskeer word en nie mag oop wees nie.

Sy het toe glo vir Hugo gesê sy sal persoonlik gaan kyk. Maar Dinsdagoggend (5 Mei) het Hugo snuffel, en tot sy ontsteltenis ontdek dat van die ander salonne steeds oop is. "Ek gun almal om te werk en ek wil nie 'n gat vir iemand anders grou nie. Maar dan wil ek dit ook kan doen - sonder die vrees vir intimidasie," sê Hugo. Rustenburg Herald het die navraag aan die Noordwes Polisie gestuur vir kommentaar, maar teen druktyd was daar nog nie terugvoer nie.

Toet President Ramaphosa aankondig dat die land na Vlak 4 skuif, het Hugo weer by die polisie gaan draai om te hoor of daar nie dalk 'n moontlikheid is dat hy mag heropen nie. Helaas, die nuus was nie positief nie en hy moes maar stert tussen die bene en droë bek huiswaarts keer.

Groot was sy verbassing eger toe hy sien van die ander hondsalonne in die stad is

OBJECT! OBJECT! OBJECT! RLM VALUATION ROLL

The Rustenburg Local Municipality on 30 March 2020 notified all property owners that the valuation roll for properties is available for inspection until **30 June 2020**. The significance of this valuation is that for the **next 5 - 7 years** rates on properties will be charged in accordance with the valuation. Owners are urged to consult the valuation roll to inspect whether they are satisfied with the new valuation for their properties. If no objections are made on valuations before **30 June 2020**, owners will not be able to challenge the high valuations ascribed to their properties as the period for objections would have lapsed. It will therefore be deemed that owners gave consent to the RLM to implement the new valuations if objections are not filed timeously at the municipal offices.

Von Wielligh Property Management will assist owners to lodge objections to valuations. Interested parties may contact us on 014 592 5919 or send an email to info@vpmteam.co.za, clearly stating the **full details** of the person in whose name the property is registered as well as the **stand number**, where after a team member will contact you.

"We are not a 'Skop-skiet-and-donner' city" - Mayor Khunou

RLM Executive Mayor, Mpho Knunou, chaired a meeting with a number of stakeholders to chart the way forward for Rustenburg's Level 4 plans.

Rustenburg's cluster commander, Genl Arthur Adams, gave an overview of police operations during the previous level. Mayor Khunou advised that Police and Public Safety maybe should rather be guiding ordinary citizens, than prosecuting people and impounding vehicles left, right and centre.

George Khunou, the representative of Royal Bafokeng Platinum, reported on the company's many community projects, as well as all the steps taken to ensure worker safety at their operations.

RUSTENBURG HERALD - RUSTENBURG - On Friday (1 May) the Rustenburg Local Municipality hosted a meeting with some stakeholders to table plans on how Rustenburg will adjust to Level 4 Lockdown.

The meeting was chaired by Executive Mayor, Mpho Khunou and representatives from some of the major mining houses, as well as the police, public safety, Education, Social Development and SASSA attended the meeting.

The Mayor emphasized that the municipality is delivering essential services, but that the offices for Licensing and Account Payment will reopen from next week. He however encouraged consumers to rather use alternative payment methods where possible.

During the meeting representatives from Sibanye, Royal Bafokeng, Anglo Platinum and Glencore gave feedback on their Corona safety readiness, their social relief programs and contingency plans.

Glencore indicated that their operations, which include Boshoek and Kroondal, will only reopen in September.

Royal Bafokeng's representative give a detailed account of what the company has done to ensure worker safety. "We have made Sundown Ranch and Royal Marang available as quarantine sites for workers should the need arise," the representative told the meeting.

"It's clear that our mining companies are more than willing to assist our community. But we must coordinate all these efforts in order to ensure no duplication, as well as proper distribution," Mayor Khunou said.

Mayor Knunou also asked for updates regarding police and public safety operations aimed at regulating the Lockdown.

"We must assist people to comply. We must realize that people's livelihoods are at stake and we must thus be very sensitive. We are not a 'skop, skiet-and-donner' city," the Mayor expressed. "Maybe our law enforcers must rather focus on real criminals; not on people trying to feed their families by doing their jobs," he added. General Arthur Adams, Rustenburg Cluster Commander, said he agreed with the mayor. He requested that more in depth discussions should take place to make sure that efforts are directed to the right places.

The representative from Social Development gave an update about the situation regarding the homeless and indicated that the people housed at the Ben Marais hall will all be moved to the Rustenburg Recreational centre. She

encouraged families in distress to contact Social Development them via their toll free helpline. She asked the community to assist where possible, as feeding the homeless remains a challenge.

This Joint Operations group will continue with weekly meetings.

Mass screenings for COVID-19 in Tlhabane

COVID-19 Response Team in Tlhabane, Rustenburg.

RUSTENBURG HERALD - TLHABANE - With Rustenburg considered the epicentre of the new COVID-19 virus in the North West Province, the Executive Mayor of Bojanala Platinum District Municipality, Fetsang Molosiwa has committed the district's promise to comply and always urge communities to keep on adhering to COVID-19 regulations.

Molosiwa was addressing COVID-19 mass screening held in Tlhabane township on Friday (1 May).

Mayor Molosiwa thanked the decisive leadership of the province during this hard time and further commended the government programme that is enabling all to be in the right direction to flatten the curve.

This mass screening, which coincided with worker's day, was attended by Deputy Minister of Health, Dr Joe Phaahla, North West Premier, Professor Job Mokgoro and MECs of NW Provincial Government, BPDM Speaker, Emmah Tanke and MMC Beverly Mantsho of Health and Environmental Services under the theme: Get screened for Coronavirus and stop the spread.

Former MEC Wendy Nelson in hot water

RUSTENBURG HERALD - MAHIKENG - The Democratic Alliance (DA) in North West welcomes the warrant of arrest issued against former MEC for Department of Finance, Wendy Nelson after her failure to appear in the Mmabatho Regional Court on Tuesday. The warrant of arrest will be effective on 11 August 2020, should she again fail to appear.

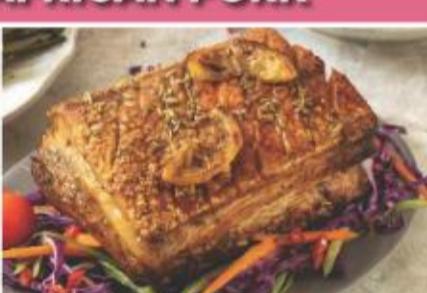

This follows after Nelson was arrested in August 2019 in connection with the irregular appointment of former Health HOD, Thabo Lekalakala. He was also arrested for his role in the controversial Gupta-linked Mediosa contract signed with Department of Health.

The arrests communicate a strong message that we are all equal under the law and we will continue to monitor this case to ensure that justice prevails, Freddy Sonakile, DA Chief Whip in the North West Provincial Legislature said. "We will further continue to apply pressure to the current administration under the leadership of Premier Job Mokgoro in order for more arrests of high-up officials and former MECs to follow", Sonakile said.

Unbearable thirst hard to swallow, criminals demand alcohol

RUSTENBURG HERALD - RUSTENBURG –
Criminals, who were seemingly motivated
by the craving for alcohol on Monday (4
May) stormed into a Stay Easy Hotel in
Rustenburg and held security at gunpoint
in an alleged robbery attempt.

According to reports the first thing that the
criminals asked for was where the alcohol
was stored.

It is alleged that they fled the scene with
alcohol, plasma TVs and other valuables that
they took from the rooms. In an interview
with the national media, Willie Kruger, Hotel
manager said the security guards that
were held at gunpoint are traumatised and
counselling is being arranged for them.

The police were informed about the incident
and investigations are underway.

'n Stroopsoet kwepers (in die mond van die eter...)

Die kuns van kwepers kook is 'n ou tradisie wat in Suid-Afrika se pioniersdae baie gewild was, maar deesdae waarskynlik nie meer dieselfde gewildheid geniet nie. Die grootste rede is duidelik omdat 'n kwepers wat eintlik 'n vrug is, nie 'n "appeltjie" is wat jy met kaal hande moet aanpak nie, wil ons as't ware sê. In sy rou vorm is die kwepers feitlik oneetbaar tensy jy redelik baie geduld het, 'n skerp mes het en 'n soutpotjie naby het. Dan kan jy die kwepers in skyfies sny, sout daaroor

strooi en skyfie-vir-skyfie geniet. Maar dan moet jy ook maar seker maak dat jy nie te ver van die badkamer sit nie, hoekom wil ons nou nie eintlik hier sê nie, maar probeer gerus 'n paar happies "rou" kwepers as jy weer 'n pyn op die maag het en meen dat jy dalk 'n bietjie moet "detox" soos die mense sê. Maar in dieselfde asem moet ons sê, vir mense wat deesdae steeds die kweperstradisie volg, bly dit 'n gewilde lekkerny. Daar is 'n paar verskillende maniere om kwepers voor te berei waarvan gebakte kwepers loshande die suksesvolste en gewildste is.

Dit is 'n baie maklike metode maar ongelukkig moet dit "oornag" gebeur en moet jy kans sien om jou oond deurnag aangeskakel te hou en 'n paar rand in elektrisiteit vir jou lekkerny op te dok.

Kwepers is tans steeds in seisoen en sal vir dalk vir nog so 'n rapsie meer as 'n maand by jou gunsteling varsproduktewinkel beskikbaar wees. Die ideaal is omrent so agt lekker grootappel-grootte kwepers.

Stroopsoet kwepers

Metode:

Was jou kwepers goed, sny in halwes. Die goeie nuus is dat jy nie regtig die kern (pitgedeeltes) hoof te verwyder nie, want dit is gewoonlik die duivel se werk. Plaas jou halwe kwepers met plat, oop kante na onder in 'n oondbak waarin jy soveel water gooi dat die kwepers begin dryf. Skep minstens een groterige skeppie botter of lekker Margarien, 'n goeie skeppie bruinsuiker en baie belangrik - kaneel - op elke halwe kwepers. Meer is beter en "te veel" is nie maklik hier van toepassing nie.

Plaas jou kweperbak met die deksel op in die oond en laat vir tussen ses tot agt ure teen 'n temperatuur van sowat 70°C bak. As jy minder tyd (of groter lus) het, kan jy dit vir ongeveer vier ure teen 160°C probeer. Doe'n steekproef om seker te maak dat die kwepers "gaar" en sag is en skakel dan oond af. Laat effens afkoel, skep uit, bedrup herhaaldelik met warm sous en as jy lus is vir 'n ekstra bietjie plesier, 'n lepel of twee vars of gekoekte vla of jogurt. Die kwepers is gewoonlik so sag dat jy die kern sommer met 'n teelepel kan uitskep.

In die afgelope weke van inperking het ons egter ook 'n ander manier probeer, naamlik om die gehalfeerde kwepers in 'n sogenaamde "slow cooker" gaar te maak. Alles bly dieselfde maar die "kokery" geskied uiteraard met 'n toe deksel, so die lekker bruinerige en gebakte voorkoms en geurige smaak is nie heeltemal daar nie. Jou baksel behoort na so 160 minute gereed te wees. Vir die gewenste effek kan jy die kwepers vir nog sowat 45 minute op gemiddelde hitte in 'n oondpan in die oond laat bak. Net so of met enige tipe vla of jogurt is watertandlekker!

Was, skil en sny in halwes – jy hoef nie werklik die kern te verwyder nie, dit is moeilike werk!

Onthou lekker groot skeppies botter, Margarien, bruinsuiker en baie belangrik – kaneel!

Só lyk die kwepers
wanneer jy dit na
sowat 160 minute
uit die "slow cooker"
haal.

Waldie Volschenk van redaksie deel sy resep vir oondgebakte kwepers met 'n happy vla – net so lekker soos enige Sondagmiddagpoeding.

Ekonomiese verliese kon dalk kleiner wees

Baie mense het sedert die begin van die inperking weens Covid-19 hul stemme gevoeg by diegene wat Cyril Ramaphosa en die SA-regering geloof het vir sy flink en daadwerklike oprede wat ten doel gehad het om die veiligheid van soveel mense as moontlik te probeer verseker. Covid-19 is en was tot dusver vir niemand maklik nie en die land se leierskap verdien sekerlik 'n klop op die skouer vir die effektiewe wyse waarop die beheermaatreëls ingestel en gekontroleer is.

Maar nie almal is vol lof vir die regering se planne van die afgelope tyd nie. Terwyl die meeste van ons sekerlik bly is dat ons nog leef en nog nie op die een of ander manier deur Covid-19 geknou is nie, wonder 'n mens of die enorme verliese aan ons ekonomiese nie verhoed kon word indien die koppe dalk 'n bietjie langer bymekaar gesit is nie. Dit sal interessant wees om te hoor wat presies die regering se kriteria was met betrekking tot die aankoop van sekere items by jou kruidenier terwyl daar 'n algemene verbod was op items wat direk langsaaan op dieselfde rak uitgepak was.

Byvoorbeeld, in hierdie tyd van Vlak 4-inperking kan jy na jou gunsteling-klerewinkel toe gaan en vir jou 'n lekker

warm trui gaan koop, maar nee, die aankoop van onderklere is taboe! Die lys van onverstaanbaar-verbode items is feitlik oneindig en ja, ons kan verstaan hoekom daar in hierdie tyd 'n verbod op alkohol was. Maar 'n ou wat daarvan gewoond is om 'n dampie te maak, slaan nie sommer aan sy vrou of kinders nie. Trouens, daar is 'n groter kans dat vrougoed by die huis kan slae kry as manlief nou al die derde dag in 'n ry sonder sy gebruiklike dampie moet klaarkom. (Nee, ons insinueer ook nie dat almal wat lief is vir 'n sopie gewelddadig raak wanneer dit slaaptyd word nie). En dan is daar nog 'n goeie voorbeeld en dit het ook betrekking op die rokers. Ons wil nou nie die rookgewoonte goedpraat nie maar dit is nou maar eenmaal 'n feit dat minstens miljoene mense in Suid-Afrika die rokershoesie het. Maar nee, jy kan na jou kruidenier toe gaan om brood, melk, tydskrifte en kos te koop maar sigarette sommer op jou pad buitentoe was verbode. Het die land nie miljoene aan belasting verloor weens dié onsninnigheid nie en het daar nie inderwaardeheid miljoene rande in die hande van die smokkelmark beland weens onnodige maatreëls wat heel moontlik ondeurdag was nie?

Economic losses could be smaller

Since the dawn of the national lockdown due to Covid-19 just over a month ago many people have voiced their congratulations towards President Cyril Ramaphosa and central government for the way in which the regulations were effected and monitored. Yes, perhaps our President and government indeed deserve a pat on the back for the fact that the country has gone through this lockdown period relatively unscathed, with due respect to those people who have lost loved ones or who lie awake at night worrying about their families. But not everyone has appraisals for the way in which the Covid lockdown went down. There are many people speculating about the possibilities of avoiding at least some of the enormous damage and losses incurred to our economy due to the lockdown period which is far from over. It would indeed prove interesting to know what the criteria were for allowing certain items on the shelf of the grocery store, while other items immediately next to these on the same shelf were taboo.

For example, you can visit your favourite clothing store and buy yourself a nice and warm new jersey, but don't even think about new underwear - that is not allowed? Why on earth everyone wants to know...

And yet at the same time we indeed understand why alcohol was prohibited. But a guy who enjoys a cigarette or tobacco every day won't necessarily beat his wife or children when he's had one or two too many (cigarettes, we mean and no, we are not suggesting that everyone who enjoys a drink becomes aggressive when it becomes time for bed). In fact, a guy who is used to his daily nicotine fix is more likely to do exactly this when he is forced to go without cigarettes for yet another week. There are millions smokers in this country and we can't stop wondering how much money has gone straight to the black market or smugglers as a result of the ban on cigarettes. Those very same stores where you have gone for your essentials also had your favourite packet of 20 on their shelves and you were already there weren't you, so why on earth not?

Hoe lank nog voor ons nie meer kan byhou nie?

Die redakteur

Ek het al voorheen in hierdie land gehoor dat dit eintlik wonderlik ('n wonderwerk?) is dat Suid-Afrika hom nie in een of ander oorlog of militêre konflik met 'n ander moondheid bevind nie, ons sal militêre konflik met enige ander land sekerlik verloor te midde van die "burgeroorlog" wat inderwaarheid al sedert 1994 in hierdie land heers. Ek wens so van harte dat dit anders kon wees as om elke week daarvan herinner te word dat ons regering en plaaslike regerings lankal besig is om 'n stryd teen 'n sekere sektor van die land se bevolking te voer - ironies genoeg is dit hierdie sektor wat die spreekwoordelike goue eiers lê. Ek verwys nou na die nuwe valuasierol van die Rustenburg Munisipaliteit.

Hoekom het hierdie mense permanent nodig om die belastingbetalers van hierdie stad voortdurend te terroriseer? Dit is duidelik dat die munisipaliteit besig is om uit geld te loop - vanwaar anders hierdie astronomiese verhogings in eiendomswaardasies wat uiteindelik maar net ten doel het om eiendomsbelasting dramaties te verhoog en sodoende meer geld vir die munisipaliteit ingevolge munisipale rekeninge in te vorder en eienaars van eiendom te verarm. Waarheen sal dit alles uiteindelik lei - dit kan tog nie anders dat die hele land uiteindelik hieronder sal lei nie. Die mense wat daarvoor verantwoordelik is, ontbrek skynbaar hierdie visie en insig...

Waarheen met Eiendomswaardasies?

Polisie baie paraat... of oorywerig?

Geagte redakteur

Met die Grendelstaat wat ons almal op hok gehou het, het ons meteen ontdek ons wetstoepassers is tot baie meer in staat as waarvoor ons hul tot nou toe erkennings gegee het. Mapstieks, ons polisiemanne en die munisipale polisie is toe inderdaad baie paraat. Geen steen word onaangeroerd gelaat om Grendelverbrekers op hul herrie te gee nie. En dis reg - want 'n wet is 'n wet. Maar nou wil ons graag sien dat dié ywerigheid nie weer soos mis voor die son verdamp wanneer dinge weer ietwat normaal raak nie. Ons wil steeds sien hoe polisie die strate vol is om kriminele aan te keer en hoe hul eindelik misdaad onder beheer kry. Want daar is nou gemene mense wat sê die wetstoepassers fokus nou op sagte teikens - dié mense wat bloot kop bo water probeer hou - maar wanneer hul rowers, verkragters en huisbrekers moet aankeer, is hul sukses aansienlik skraler.

Dieseelfde Kam asseblief, Rustenburg, per e-pos

Onnies en leerders takel skool aanlyn

RUSTENBURG HERALD - RUSTENBURG - Rustenburg Herald het in 'n vorige uitgawe berig oor ouers wat inderhaas "onne" moes word tydens die isolasietydperk en die impak op die gesinslewe en leerders. Maar vir onderwysers was dit 'n groot uitdaging om aan te pas by die nuwe manier van onderrig.

Die algehele inperking was 'n groot verrassing en 'n absolute uitdaging wat hulle uit hul gemaksone geruk het.

Volgens René Schoombee, skakelbeampte van Laerskool Rustenburg het die personeel binne die eerste week besef hulle sal ten spyte van die inperking met onderrig moet voortgaan. "Gelukkig het meeste van die vakonderwysers vir hul klasse akademiese opdragte vir die vakansie gegee en is die pas dus van dag een af aangegee".

Buit die huiswerk het skole landwyd besluit dat aanlynklasse op die verskillende platforms soos WhatsApp, Google Classroom, Zoom ensvoorts aangebied sal word. Onderwysers het gedurende die eerste week van die inperkingstydperk hul beplanning gedaan en onmiddellik die klasse begin aanbied. Vir baie was dit 'n onseker tyd maar met behulp van aanlyn opleiding deur SOS Skole (lid van die Solidariteitsbeweging en

Fedsas) het die personeel sommer spoedig nuwe vaardighede aangeleer wat nou tot voordeel strek van die leerders. "Personnel

Marion Munch so opgewonde oor juffrou Daleen se graad 2 Zoom-klas terwyl sus Melissa ywerig werk.

Isabel Venter besig met 'n aanlyn videoles.

Mia Louise Venter - kinders is tegnologie se baas.

René Schoombee - vroegoggend Zoom vergaderings gee die pas aan.

Onnies is ook mammas wat uitdagings moet oorkom om tuis te onderrig.

bestee geweldig baie tyd aan voorbereiding en leer by mekaar rakende die tegnologie en nuwe aanlyn-onderrigmetodiek," sê René. Die grootste uitdaging is die onsekerheid oor die duur van die grendeltyd. "Ons besef dat nie al ons leerders oor die tegnologie beskik om by aanlyn-onderrig baat te vind nie. Van hulle het ook hul handboeke vir die duur van die skoolvakansie by die skool gelos en onderwysers doen baie moeite om voorbereidende leermateriaal beskikbaar te stel. Terugvoering van leerders en ouers is heel positief." Covid-19 en die inperking skep vir alle skole enorme uitdagings en eis oofferings soos nooit tevore nie. "Skole, beheerliggame, ouers en skoolgemeenskappe

sal binnekort besluite oor begrotings, fondsinsamelingsprojekte wat nie gerealiseer het nie en die inperking van uitgawes wat weens die koronavirus nie meer aangegaan kan word nie, moet neem.

"Rustenburg se onderwysgemeenskap is baie positief. Daar sal wel innoverende planne gemaak word, maar solank ons oor geesdrifte onderwyspersoneel en 'n betrokke en ondersteunende ouergemeenskap beskik, sal niks 'n skool onder kry nie". Dink onderwysers en skoolhoofde landwyd sal met die stelling kan vereenselwig. "n Positiewe ouer en skoolvennootskap sal verseker dat ons kinders positiewe voordeel trek uit die nuwe elektroniese leeromgewing".

Larrie ouers en leerders (en ondersteuners) brei dat dit klap

RUSTENBURG HERALD - RUSTENBURG - Laerskool Rustenburg, bekend vir sy omgeekultuur brei tans "vroetelmouse" vir bejaardes met Alzheimers, 'n projek van Helpende Hand. Die Larrie ouers en leerders (en ondersteuners) brei dat dit klap, en selfs die manne het ingespring om hiermee te help. Dankie aan elkeen wat deel is van die omgee gebaar.

Nie eens die isolasietyd kon vir René en die omgee-gemeenskap stuit

RUSTENBURG HERALD - RUSTENBURG - René Schoombee, skakelbeampte van Laerskool Rustenburg het die afgelope vyf weke 'n storie van omgee om te vertel.

Laerskool Rustenburg het 'n voedingskema bekend as die Happieklub wat bestuur word deur Tersia Theunissen. Met die onverwagte isolasietydperk en die skole wat inderhaas gesluit het, was daar nie genoegsame tyd om al die reëlings in plek te kry nie. Uit die nood het daar wel 'n unieke projek ontstaan – die Larries Covid 19 #OmgeeLarrieprojek. 'n Larrie-ouer het 'n whatsupgroepie gestig waar sy skenkings gevra het en ook die nood bepaal het, René verwys na Marlize Botha as die "brein" agter die inisiatief. Met minimum fondse is die eerste pakkies aan Larries gesinne uitgedeel en het Suzi Krobath besluit om maskers te maak wat in ruil vir 'n donasie vir die voedingsprojek. Hiervoor kan René nie genoeg dankie sê nie – elke sent het 'n verskil gemaak, elke blikkie of sakkie, groente, vrugte of vleis wat ontvang is het deel geword van 'n omgee pakkie. René wil graag haar kollegas, Larries se Beheerliggaamslede en al die donateurs bedank vir hul harde werk en oop hande en harte.

#omgeeLarries, die van Heerdekleingood het ook eiehandig pakkies gepak en kom aflewer.

SA Droogtehulp wat bekend is vir hul groot harte het ook 'n draai gemaak by Larries. Op die foto verskyng: Henry Gryzenhout (BL-lid Larries), Piet Rich en Chris van Beljon (SA Droogtehulp), André Richter (Larries-ouer), Fred Willie (SA Droogtehulp), René Schoombee (koördineerder van die projek) en Elnandre Richter (Larrie-leerder).

Pieter van Rensburg en pastoor Jaco Linde en sy vrou het namens Platinum Biker Federation sakke vol kos geskenk vir die projek.

Jana Gryzenhout en René Schoombee.

Thys Potgieter het grendeltyd spandeer om te help pakkies pak.

Noord-Wes Kinderkoor sing 'n 'vis' uit 'n bos!

RUSTENBURG HERALD - RUSTENBURG - Wêreld Vismigrasie Dag (WFMD) is elke tweede jaar en gaan oor die wêreldwyse bewusmaking van gesonde riviere wat dit moontlik maak vir visse om vrylik te kan migreer en gesond te bly.

Hierdie jaar het die Wêreld Vismigrasie-organiseerders 'n kompetisie geloods genaamd Eurovision - met verwysing na die bekende Eurovision sangkompetisie.

Die Noord-Wes Kinderkoor het besluit om van die geleentheid gebruik te maak om oor hul passie vir die natuur te sing en het ingeskryf.

Een van die koorlede, Nico Smit (11) het die liedjie geskryf met die hulp van Christelle Engelbrecht, die koor se dirigent. Die koor het aanvanklik beplan om in April 2020 die liedjie te verfilm en in te stuur, maar as gevolg

van die Covid-19 pandemie het die beplande opname nie gerealiseer nie. Die koorlede het toe besluit om 'n "virtuele koor" te vorm waar elkeen met die hulp van 'n familielid hom/haar op 'n selfoon afgeneem het waar hulle die liedjie sing. Die videos is bymekaar gesit en nou het die koor 'n inskrywing -kyk hoe handig is tegnologie! Die Noord-Wes Kinderkoor vra almal om gerus die inskrywing op YouTube te gaan "like" om die koor te ondersteun in die kompetisie.

KFC & Cricket SA team up and challenge families to show off their cricketing skills at home

RUSTENBURG HERALD - RUSTENBURG - Taking a cue from thousands of KFC Mini-Cricket kids who have found ways to continue to play their favourite game under lockdown, KFC is challenging them to share how they've turned their passages into pitches and stoeps into stadia, with Mini'er Cricket.

KFC Mini'er Cricket is all about substituting household items for traditional cricket gear – like rolling pins instead of bats,

socks instead of balls and washing baskets instead of wickets – to keep the passion for cricket alive under lockdown. Josh Hendricks and his dad – Proteas player Beuran Hendricks

– have led the way when it comes to finding innovative ways to play their favourite game, while staying safe at home. Hendricks alongside Rassie van der Dussen and Temba Bavuma, are sharing their Mini'er Cricket moments with South Africa whilst under national

lockdown.

This initiative is KFC's continued efforts to help promote children keeping active as means to help them develop as it forms part of learning and skills development. This will also help them navigate through everyday life, keep their energies up and give them an environment to improve other skills.

Cricket enthusiasts are encouraged to show their creativity and share their KFC Mini'er Cricket moments on social media and tag @KFCSA and using #minicricket to stand a chance to win epic KFC Mini-Cricket hampers.

There's no reason to let staying at home interfere with your love of cricket – and plenty of opportunity to keep fit, stay active and work on your technique with KFC Mini'er Cricket.

Chantal Groenewald of Run Walk for Life wears her mask during her daily exercise from 06:00 to 09:00 in the morning.
