Cooking the sting out of heat wave

Well, perhaps this is not exactly the right time of the year for “hot” food with temperatures soaring into the high thirties since Friday last week, but at least we could hope that a recipe for sweet/hot Hawaiian Tacos in this week’s edition of What’s Cooking would come in handy during the rainy season which had just about dawned. ‘Hawaiian’ ladies Denaé Niemand and Nina Chadinha of GML Rustenburg invite our readers to turn to our cooking page elsewhere in this edition to see what’s cooking. There is also an invitation to chefs, cooking enthusiasts and simply everyone who loves to gather in the kitchen to join the party in our regular cooking feature. Who will be our next host? Title deeds to be rolled out in NW townships

RUSTENBURG HERALD - RUSTENBURG - For most residents who have been struggling to own their homes, good news is at their doorstep. The North West Housing Corporation (NWHC) will continue to handover title deeds to beneficiaries in various townships around the North West province.

The following townships will benefit from this initiatives before the end of 2020: Tlhabane, Lehurutshe, Itsoeng, Pudimoe, Atamelang, Madikwe and Mogwase.

According to information received from the NWHC there was a delay in the issuing of title deeds since March 2020 due to Covid-19 regulations and the closure of the Deeds Office where title deeds are being registered.

Communication regarding the issuing these title deeds will be done by Municipalities in the above mentioned townships as well as the NWHC.

NWHC CEO, Sello Mogodiri, took it upon himself to prioritise and fast track the issuing of title deeds to the rightful occupants as part of minimising the current backlog.

"The issuing of these title deeds from the old stock will assist in wrapping up all legacy projects and pave a way for new housing developments that will benefit the citizens of the North West Province," said Mogodiri.

NWHC together with the Department of Cooperative Governance, Human Settlements and Traditional Affairs (COGHTA) is working towards ensuring that North West and Cross Border Residents have access to formal title deeds, granting them ownership of the properties they occupy and giving them dignity in the process.

Success story - Shingle formula

RUSTENBURG HERALD - RUSTENBURG - "My husband had prolonged stress at his work place for a very long time. He started to get severe pain in his nerve ends.

He was in constant pain. He couldn't sleep because of the pain. I went to doctors, he started drinking pain killers but his condition got worse. By the time I brought him to Lorraine and Anya his whole body was full of sores, even his scalp. He could hardly move. Lorraine started my husband immediately on the Shingle formula, 3 times a day for 3 months. His whole body cleared up. He had energy again and his adrenal glands got restored. He didn't go to bed tired anymore and he woke up refreshed. The sores disappeared and he felt like a new person. He even looked younger. Thanks so much for all your help Lorraine, we are forever thankful for your help. I have my husband back again" - ML Edenvale.

Shingles (herpes zoster) is caused by a virus much like the one that causes chicken pox. But where chicken pox causes a general skin eruption, shingles usually erupts along a nerve path. Differences aside, the nutritional deficit caused by both diseases is high.

Cravings - if you crave milk indulge the craving - because it is often associated with L-Lysine shortages. Try our Shingle formula today - It handles the cause of the problem. Phone Anya or Lorraine today to find out more about our Shingle formula and MelloMag C.

Four schools torched in Moruleng

RUSTENBURG HERALD - MORULENG - Four public schools have been torched in Moruleng Village in an incident which was reported to have taken place on Friday (16 October). It is not yet clear why the schools were torched but the South African National Civic Organisation (SANCO) in the North west on Sunday condemned the torching of these four schools in Moruleng Village near Sun City.

"There is no justification for destruction of public infrastructure investments aimed at bringing the urban rural divide and the provision of quality public education for our communities," cautioned SANCO Provincial Chairperson, Paul Sebegoe, calling for the urgent intervention of the provincial government to prevent the situation

from getting out of control. Sebegoe urged the community to assist police to put those responsible for the heinous crime behind bars.

He stressed that the perpetrators of these senseless destruction of public properties must be unmasked and severely punished for atrocities that are denying rural communities development.

SPCA's Pieter recovering from serious accident

RUSTENBURG HERALD - RUSTENBURG - Mr Pieter Mazirel, inspector at the Rustenburg branch of the SPCA, was seriously injured when the vehicle he was travelling in collided with a truck on the N4 close to Mooi-nooi recently.

The accident happened when Pieter travelled to Mooi-nooi where he intended to remove and release a number of horses which were a danger to motorists along the N4. Though Mazirel was in a very serious condition, he soon began to recover, especially after undergoing an operation, and was discharged from hospital last Saturday afternoon. Marzirel is currently recovering from a broken collar bone and is in the care of his daughter in Hartbeespoort. Pieter is wished a speedy recovery!

RLM meets with Tlhabane Taxi Association

RUSTENBURG HERALD - TLHABANE - On Tuesday morning (20 October), the Executive Mayor of Rustenburg, Cllr Mpho Khunou held a meeting with representatives of the Tlhabane Taxi Association, over events of recent weeks which have concerned members of the community.

Councillors of Tlhabane, Tlhabane West and Geelhout Park who were present in the meeting, expressed safety concerns of the learners who commute between their respective homes and schools using taxis, specifically for this purpose.

It was reported during the course of the meeting that, enroute from the respective schools, particularly on weekends, the taxis used for scholar transport purposes do not take the learners home as required by law, but congregate in Tlhabane, where parties are held and alcohol is consumed ostensibly by under-age children. Mayor Khunou, said it cannot be correct that given the period within which the country finds itself (state of national disaster) people are behaving recklessly with lives of young children. "We cannot allow underage drinking to happen unabated, because we know of the unpalatable consequences that emanate from such behaviour. Furthermore, we have given special attention to the taxis which are permitted to transport learners to ensure that in their operation, there is strict compliance to the law," said the Mayor.

He further applauded the councillors who have brought this matter to the municipality's attention and implored on all the taxi associations within the jurisdiction of Rustenburg, to work alongside the Municipality and all law enforcement agencies, to rid the industry of certain elements, which have the potential of tainting the backbone of the City's transport sector.

SANRAL Routine Road Maintenance project creates opportunities for Koster SMMEs

RUSTENBURG HERALD - KOSTER - As part of its pro-active response to deliver on the long-term vision of a national transport system that delivers a better South Africa for all, the South African National Roads Agency SOC Limited (SANRAL) convened its flagship Taking SANRAL to the People stakeholder engagement session in Koster, North West Province - SANRAL uses these sessions to foster dialogue with small, micro, and medium enterprises (SMMEs), community members, and civil society.

Unpacking key projects to SMMEs and local communities, Gertrude Soko, SANRAL's project manager for Routine Road Maintenance (RRM), said that these projects include RRM of national road R24 from Rustenburg to the Gauteng Province border, R52 from Koster to N4 Rustenburg, and the R30 from JB Marks Municipal Border to Olifantsnek. "The high unemployment in South Africa exerts pressure on SANRAL to maximise the number of jobs created on the projects across its road network, especially for targeted groups that include black women and the youth. RRM projects within the Bojanala District Municipality and in the Kgetlengrivier Local Municipality will promote growth, mobilise investment, create jobs, and empower citizens with skills," says Soko. "The total construction estimate of SANRAL's projects in the municipality is R 740 000 000. The execution of the works will start in December 2020; tender advertisement will start on March 2021 and the actual construction will start in September 2021 for 42 months until March 2025", says Sam Mboshane, SANRAL's project manager for construction. The nature of work to be carried out under this contract includes the cleaning of all drainage structures, regular removal of grass and debris from grids, as well as clearing bridge drainage ports and scuppers, pavement layers repairs, repairing damaged road signs. It is SANRAL's requirements for its projects to have a fully functional Project Liaison Committee (PLC) before awarding of the contract takes place. Among others, PLCs facilitate constructive community participation on SANRAL projects and ensure transparency in the allocation of SANRAL resources on these projects.

SANRAL hosted its flagship Taking SANRAL to the People programme in Koster, North West Province. SANRAL uses these sessions to foster dialogue with small, micro, and medium enterprises (SMMEs), community members and civil society.

Dwelmlaboratorium in Geelhoutpark ontdek

RUSTENBURG HERALD -RUSTENBURG - Kokaine met 'n straatwaarde van sowat R1.5 miljoen is gevind toe polisie laat verlede week op 'n dwelmlaboratorium in 'n woongebied afgekom het.

Volgens Noordwes Polisiewoordvoerder, brig Sabata Mokgwabone, het die polisie inligting opgevolg oor vermeende dwelmbedrywighede. 'n Silwer VW Polo is onder oë gehou en agtervolg. Op die N4 naby phokeng is die voertuig tot stilstand gedwing en het polisie die voertuig deursoek. Die insittendes, twee mans onderskeidelik 33 -en 34-jaaroud, is na hul woning in Geelhoutpark vergesel. Daar is die blyplek deursoek en items wat vermoedelik in die vervaardiging van dwelms gebruik kan word, is gevind. Dié sluit in 20l houers met chemikalieë, handskoene en stofmaskers. Die huis is verder gefynkam in die teenwoordigheid van die twee verdagtes en daar is afgekom op die 3kg sak vol kokaine. Tien selfone, asook 'n groot bedrag kontant, is ook gevind en op beslag gelê. Die verdagtes sou vroeër dié week in die hof in Rustenburg verskyn. Die Direkoraat vir Prioriteitsmisdaad ondersoek die aangeleentheid.

Hond se lot ruk harte

Christelle van Rooyen-Wessels

RUSTENBURG HERALD - RUSTENBURG - Die beelde van 'n uitgebrande hond, met 'n draad aan 'n rondomtalie vasgemaak, het laat verlede week opslae op sosiale media gemaak.

"Hierdie verskriklike ding het in 'n residensiële woongebied gebeur. Iemand, iemand moes iets gesien het. Iemand moet inligting hê wat ons kan help om hierdie wreedaards te kan aankeer," sê André Eloff van die Rustenburg DBV. Hy vertel dat die skokkende ontdekking Donderdag in 'n park in Mooi-nooi gemaak is. "Die skuldiges het 'n tipe vloeistof oor die hond gegooi sodat hy makliker sal brand," sê Eloff. Hy vertel dat daar aanduidings is dat die boosdoeners toe dieselfde vloeistof in 'n dun straatjie oor die grond weg van die hond gestort het - sodat hulle van 'n veilige afstand hul wrede daad kon pleeg.

"My personeel wat op die toneel was, was teen Saterdag steeds getraumatiseer. Ek sukkel om myself in te dink hoe koud en beredeneerd die soort mense was wat tot dié wreedheid in staat was," sê Eloff.

Die gemeenskap het intussen aan boord gekom en bygedra tot 'n beloning vir inligting. Dié staan nou al op R11 000. Mense wat oor inligting beskik wat sal lei tot die suksesvolle vervolging van die skuldiges word gevra om die DBV by 014 592 3181 of DBV-inspekteur Gina-Lee op 082 411 5212 dringend te kontak.

Pajero Sport: Hit the road

RUSTENBURG HERALD - RUSTENBURG - The new Mitsubishi Pajero Sport has just arrived at Maemo Motors, Rustenburg.

This 7-seater, in my opinion, sets the bar very high in this segment of the SUV-market. Rustenburg's challenging incline at Waterberg Avenue is no challenge at all for this feisty critter and cruising 'round town is an absolute breeze. But you get the feeling that the Pajero Sport is not content with merely driving around town - it wants to hit the open road and just go! And all the creature comforts on offer entice you to plan that road trip on the spot. This Pajero sports a large touchscreen 'infotainment' system with Apple CarPlay and Android Auto, as well as built-in satellite GPS navigation, as well as Bluetooth and USB connectivity. There's also a large driver LCD display with a sizeable configurable layout and a speed display – very handy to keep an eye on your pace. You also get the nice-to-have elements such as dual-zone climate control, smartphone-charging USB ports and a 12V power outlet in the second row, folding-away mirrors, electric windows and a leather-trimmed steering wheel - with audio and cruise control buttons. In short, if you want a stylish SUV that offers you a great

drive on, as well as off-road and you do not want to break the bank, then the Mitsubishi Pajero Sport is certainly your stronger option. Dr Sedumedi turns the spotlight on breast cancer

RUSTENBURG HERALD - RUSTENBURG – With October being breast cancer awareness month, it is very crucial to share information about this disease, which is considered to be the leading cause of death among South African women.

Statistics reveal that approximately 19.4 million women from the age of 15 years and older are at risk of contracting this disease. Dr Oreeditse Sedumedi from Job Shimankana Tabane Hospital here in Rustenburg shared some of her experiences from working with patients diagnosed with the disease and shares a few pointers for women to look out for when doing their own self-examination. Having practised in local communities, she noticed a trend that most of the patients being diagnosed with the disease came to seek medical assistance while the disease was at an advanced stage. She then realised that the only reason for this trend is because members of the community, especially in rural areas have little or no information about this disease. “Most of the people in the rural areas don't have access to information. That is why it is so important to educate them about this disease, how it can be detected, what one needs to do once the disease is detected and finally teach them and assure them that once detected early, the disease can be treated,” Dr Sedumedi said. We raise five important pointers to look out for when one is examining their breast for the disease. The first pointer according to Dr Sedumedi is to examine your breast once a month; importantly is to learn how to examine your breast; learn how a normal breast should look like; what are the normal findings of the breast and lastly, what to do or where to go if you feel like you might have the disease. Common signs and symptoms according to Dr Sedumedi, include a sunken or retracted nipple, commonly unilateral, nipple discharge or blood coming from the nipple, breast skin that looks like an orange peel, unilateral breast size, with a recent growth in the one breast and some patients will feel a breast lump or lumps in the underarm.

A guide for first-time parents

You've gone through pregnancy, labor, and delivery, and now you're ready to go home and begin life with your baby. Once home, though, you might feel like you have no idea what you're doing!

These tips can help even the most nervous first-time parents feel confident about caring for a newborn in no time.

Getting Help After the Birth

Consider getting help during this time, which can be very hectic and overwhelming. While in the hospital, talk to the experts around you. Many hospitals have feeding specialists or lactation consultants who can help you get started nursing or bottle-feeding. Nurses also are a great resource to show you how to hold, burp, change, and care for your baby. Relatives and friends often want to help too. Even if you disagree on certain things, don't dismiss their experience. But if you don't feel up to having guests or you have other concerns, don't feel guilty about placing restrictions on visitors.

Bonding and Soothing

Bonding, probably one of the most pleasurable parts of infant care, happens during the sensitive time in the first hours and days after birth when parents make a deep connection with their infant. Physical closeness can promote an emotional connection. Babies usually love vocal sounds, such as talking, babbling, singing, and cooing. Your baby will probably also love listening to music. Baby rattles and musical mobiles are other good ways to stimulate your infant's hearing. If your little one is being fussy, try singing, reciting poetry and nursery rhymes, or reading aloud as you sway or rock your baby gently in a chair.

Sleeping Basics

As a new parent, you may be surprised to learn that your newborn, who seems to need you every minute of the day, actually sleeps about 16 hours or more! Newborns typically sleep for periods of 2-4 hours. Don't expect yours to sleep through

Feeding and Burping Your Baby

Whether feeding your newborn by breast or a bottle, you may be stumped as to how often to do so. Generally, it's recommended that babies be fed on demand — whenever they seem hungry. Your baby may cue you by crying, putting fingers in his or her mouth, or making sucking noises. A newborn baby needs to be fed every 2 to 3 hours. If you're breastfeeding, give your baby the chance to nurse about 10-15 minutes at each breast. If you're formula-feeding, your baby will most likely take about 2-3 ounces (60-90 milliliters) at each feeding.

Try these burping tips:

- Hold your baby upright with his or her head on your shoulder. Support your baby's head and back while gently patting the back with your other hand.
- Sit your baby on your lap. Support your baby's chest and head with one hand by cradling your baby's chin in the palm of your hand and resting the heel of your hand on your baby's chest. Use the other hand to gently pat your baby's back.
- Lay your baby face-down on your lap. Support your baby's head, making sure it's higher than his or her chest, and gently pat or rub his or her back.

Bathing Basics

You should give your baby a sponge bath until:

- the umbilical cord falls off and the navel heals completely (1-4 weeks)
- the circumcision heals (1-2 weeks)

A bath two or three times a week in the first year is fine. More frequent bathing may be drying to the skin. Have these items ready before bathing your baby:

- a soft, clean washcloth
- mild, unscented baby soap and shampoo
- a soft brush to stimulate the baby's scalp
- towels or blankets
- a clean diaper
- clean clothes

Sponge baths

For a sponge bath, select a safe, flat surface (such as a changing table, floor, or counter) in a warm room. Fill a sink, if nearby, or bowl with warm (not hot!) water. Undress your baby and wrap him or her in a towel. Wipe your infant's eyes with a washcloth (or a clean cotton ball) dampened with water only, starting with one eye and wiping from the inner corner to the outer corner. Use a clean corner of the washcloth or another cotton ball to wash the other eye.

Tub baths

When your baby is ready for tub baths, the first baths should be gentle and brief. If he or she becomes upset, go back to sponge baths for a week or two, then try the bath again. Throughout the bath, regularly pour water gently over your baby's body so he or she doesn't get cold. After the bath, wrap your baby in a towel immediately, making sure to cover his or her head.

Handling a Newborn

If you haven't spent a lot of time around newborns, their fragility may be intimidating. Here are a few basics to remember:

- Wash your hands (or use a hand sanitizer) before handling your baby. Newborns don't have a strong immune system yet, so they're at risk for infection.
- Support your baby's head and neck. Cradle the head when carrying your baby and support the head when carrying the baby upright or when you lay your baby down.
- Never shake your newborn, whether in play or in frustration. Shaking can cause bleeding in the brain and even death. If you need to wake your infant, don't do it by shaking - instead, tickle your baby's feet or blow gently on a cheek.
- Make sure your baby is securely fastened into the carrier, stroller, or car seat. Remember that your newborn is not ready for rough play, such as being jiggled on the knee or thrown in the air.

All About Diapering

You'll probably decide before you bring your baby home whether you'll use cloth or

disposable diapers. Whichever you use, your little one will dirty diapers about 10 times a day, or about 70 times a week. Diaper rash is a common concern.

Typically the rash is red and bumpy and will go away in a few days with warm baths, some diaper cream, and a little time out of the diaper. Most rashes happen because the baby's skin is sensitive and becomes irritated by the wet or poopy diaper.

- Change your baby's diaper often, and as soon as possible after bowel movements.
- Gently clean the area with mild soap and water (wipes sometimes can be irritating), then apply a very thick layer of diaper rash or "barrier" cream. Creams with zinc oxide are preferred because they form a barrier against moisture.
- If you use cloth diapers, wash them in dye- and fragrance-free detergents.

Let the baby go undiapered for part of the day. This gives the skin a chance to air out.

- If the diaper rash continues for more than 3 days or seems to be getting worse, call your doctor — it may be caused by a fungal infection that requires a prescription.

Circumcision and Umbilical Cord Care

Immediately after circumcision, the tip of the penis is usually covered with gauze coated with petroleum jelly to keep the wound from sticking to the diaper. Gently wipe the tip clean with warm water after a diaper change, then apply petroleum jelly to the tip so it doesn't stick to the diaper. Redness or irritation of the penis should heal within a

few days. Umbilical cord care in newborns is also important. Some doctors suggest swabbing the area with rubbing alcohol until the cord stump dries up and falls off, usually in 10 days to 3 weeks, but others recommend leaving the area alone. An infant's navel area shouldn't be submerged in water until the cord stump falls off and the area is healed.

Herald maak Hawaiïse draai

Denaé Niemand en Nina Chadinha van GML Models – ons twee Hawaiïse nooiens vandeeweek.

Met die koms van die warm somersmaande (Rustenburg het mos eintlik net twee seisoene?) en veral die afgelope naweek en vroeg vandeeweek se hittegolf in die land, is die swembad of die lapa met die lugversorger op volspoed loshande die beste plek in die huis. Hoewel 'n ligte ete soos slaai en koue vleis/hoender nou in groot aanvraag is, dis ons vandeeweek n tradisionele Hawaiïse tacos-gunsteling op. Nie alleen is Tacos maklik om voor te berei en op te dis nie, maar dit is die ideale middeleg vir slaai- en vleisliefheders...

Ons twee Hawaiïse nooiens wat vandeeweek die

voorskote dra, is jong plaaslike modelle van Globe Model Look, Denaé Niemand en Nina Chadinha. Jy moet maar die hoeveelhede van jou bestanddele kies na gelang van die hoeveelheid sitplekke aan jou tafel en dan maak jy eenvoudig so:

Hawaiïse tacos

Bestanddele:

- Soetrissies (somer groen, rooi en geel as jy wil...)
- Rooikool
- Uie
- Blaarslaai
- Tamaties
- Pynappel
- Old El Paso-speserye
- Mexican salsa-mengsel
- Taco-skulpies (by jou kruidenier of kettingwinkel – gewoonlik in vooraf-verpakking soos sommige skyfies)
- Kaas
- Hoenderborsies in repies gesny

Metode:

Braai die gesnyde rissies, rooikool, uie en pynappel saam. Braai volgende die hoenderrepies tot mooi gaar. Maak seker snitte is nie te groot nie – sodat dit maklik in die skulpies pas. Gooi bymekaar en voeg 'n knippie (of meer) El Paso-speserye oor. Voeg nou varsgesnyde blaarslaai en tamatieblokkies by en meng goed. Maak dan eenkant salsa van fyngesnyde tamatie en uie met sout en peper en gooi die ekstra salsa-mengsel by. Gooi vervolgens al die bestanddele in 'n lekker groot bak bymekaar en meng goed maar ligweg deur. Skep in Taco-skulpies, strooi 'n stewige skeppie gerasperde kaas oor elke skulpie en bedien nadat jy dit vir 'n paar minute in die oond geplaas het totdat die kaas lekker gesmelt het. **Bon appétit!**

Sommer op dié “prentjie” kan 'n mens sien dat hier 'n heerlike happie aan die kom is?

Jy hoef nie groot hoeveelhede te maak nie, maar maak seker daar is meer as genoeg – terwyl 'n klompie mense sit en kuier, 'n wyntjie of koel drankie geniet en dalk saam na die rugby kyk, word 'n groot bak met heerlike eetgoed soos Tacos sommer vinnig minder.

Ons wonder hoeveel mense by die aanskoue hiervan nie dadelik besluit het wat vanaand op die spyskaart moet wees nie? Dit lyk (en is) werklik vingerlek-lekker!

Ramaphosa se “regrukplan” beïndruk nie

Ekonomiese kenners, leiers van ekonomiese waghondorganisasies en opposisiepartye is glad nie opgewonde of geïnspireerd deur president Cyril Ramaphosa se “sogenaamde ekonomiese regrukplan” wat hy verlede week in ‘n gesamentlike sitting in die parlement aangekondig het nie. Een van Ramaphosa se ekonomiese “hervormingsplanne” wat die hewigste onder kritiek deurgeloopt het, is die aankondiging dat die regering van voorneme is om tot soveel as 800 000 nuwe poste in die SA-staatsdiens aan te stel wat veronderstel is om dienslewering en funksionaliteit te verhoog. “Dit terwyl die minister van finansies, Tito Mboweni sy hande vol het om die regering van die dag en die amptenary te probeer oortuig om staatsbesteding in te kort en die fiskale beursie met slot en grendel toe te kluister. Die president het terselfdertyd ‘n R100 miljard-fonds aangekondig waarmee hy van voorneme is om reuse hoeveelheid nuwe openbare sektor-poste moontlik te maak. Maar die nuwe poste is nie naastenby die enigste probleem wat kundiges met die ekonomiese herstelplan gehad het nie. Nog ‘n hewige punt van kritiek was die president se aankondiging van die verdere bewilliging van R10 miljard in nog ‘n poging om die beleerde SAL van totale ondergang te red. Ook hierdie stap het fêl kritiek ontlok en dit is duidelik dat Suid-Afrikaners genoeg gehoor het van die regering se herhaalde (en gefaalde) pogings om die SAL in die lug te probeer kry. John Steenhuizen van die DA het gesê dat so ‘n som geld veel beter aangewend kon word. Bantu Holomisa van die UDM was allermins opgewonde en het die plan beskryf as bykans in presiese ooreenstemming met vorige regrukplanne wat sonder uitsondering op mislukking uitgeloop het omdat die meeste daarvan eenvoudig nie geïmplementeer is nie. Pieter Groenewald van die Vryheidsfront Plus het die plan as “teleurstellend” beskryf en bygevoeg dat Ramaphosa ook by hierdie geleentheid niks gesê het wat nie vantevore reeds gesê is en meestal gefaal het nie. Waarskynlik die grootste aanklag teen die herstelplan was by monde van ekonomiese ontleders wat dit as “verskriklik, argaïes en ontstellend” opgesom het. Duma Gqubule, direkteur van die Sentrum vir Ekonomiese Ontwikkeling en Transformasie het gesê dat dit blyk of die regering inderdaad geen ekonomiese regrukplan het nie. “Dit is ‘n wenslys sonder enige strategiese denke”, het Gqubule bygevoeg. Hy het ook opgemerk dat sowat 95% van die punte waarna daar in die plan verwys word, nie behoorlik bereken is nie. Daily Maverick se analise deur Ed Stoddard en Tim Cohen het die plan beskryf as ‘n lys van lank-geaspireerde maar nooit behaalde ideologie van die ANC-regering...

Ramaphosa’s recovery plan slammed

Economic experts, leaders of economic watch dog organisations and opposition parties are not excited nor inspired by President Cyril Ramaphosa’s Economic Recovery Plan that was announced in a joint sitting of Parliament on Thursday last week. One of Ramaphosa’s key announcements that was most fiercely criticized was the announcement that government was planning to create as many as 800 000 new jobs in the public sector aimed at improving service delivery and functionality. This ideal is in stark contrast with the Minister of Finance, Tito Mboweni’s efforts to convince government to curb government spending at all cost in recent years. At the same time, the President announced a R100 bn fund which he hopes will assist him to fund the costs of the massive roll out of public sector jobs. But the new jobs were not the only point of fierce criticism from experts and analysts against the President’s recovery plan. As should have been expected, the announcement that government was going to avail yet another life buoy to the tune of R10 bn in efforts to save the SAA from outright bankruptcy and to see if the beleaguered SAA would indeed be able to spread its wings, once and for all. From the criticism on this issue, it was clear that South Africans have heard enough of rescue missions towards the SAA which to date proved to cost the country dearly. John Steenhuizen from the DA bluntly said such an amount could have been appropriated in a much better way while Bantu Holomisa said it appeared that the plan was nothing but a repetition of former recovery plans which invariably failed as most of it was never implemented. Pieter Groenewald, leader of the Freedom Front Plus seemed unimpressed and said that the so-called recovery plan contained nothing that the president had not said before and which incidentally failed without exception. Probably the worst criticism against the recovery plan came from economic analysts who described the plan as “terrible, archaic and disturbing”. Duma Gqubule, Director of the Center for Economic Development and Transformation said it appears that government in fact, has no recovery plan. “It is a wish list of ideals but lacks any strategic thinking”, Gqubule said. He further noted that some 95% of the issues raised in the plan, were not costed at all”. Daily Maverick’s analysts Ed Stoddard and Tim Cohen described the plan as a list of long aspired but never achieved ideals of mainly the ANC government. They concluded to say that the plan was ‘n “wish list of imaginary blessings” and the recycling of old and failed policies”.

Dankie vir die droom

Daar is ‘n lysie van gebeurtenisse wat geen meisie ooit sonder haar ma wil aanpak nie. Een van dié dinge op die lysie is matriekafskeid. Ek moes my ma, Marelize Dercksen aan die einde van my gr 11-jaar aan die dood afstaan. Na ek geleer het om die ergste van die hartseer so klein bietjie te kan hanteer, het die realiteit my beetgekry dat ek my matriekafskeid alleen gaan moet aanpak. Tog was daar ‘n skitterende ster oor my pad gestuur - ‘n dame wat aangebied het om vir my ‘n rok gratis te voorsien vir die matriekafskeid. Dit was egter nie net die rok nie! Sy het ook gesorg vir my grimering en my hare se mooimaak vir die geleentheid. Sy het selfs daarvoor gesorg dat hierdie spesiale geleentheid met foto’s verewig is. Dan praat ek nog nie eens van al die ander klein bederfies, soos ‘n heerlike ontbyt om die groot dag mee af te skop, wat sy vir my gereël het. Sy het vir my gewys dat ek nie alleen is nie en dat daar altyd hoop is. Ek wil net uit die diepte van my hart vir haar dankie sê. Jy is een wonderlike vrou wat ander hoop gee. Jy het my soos ‘n prinses laat voel en lyk. Ek wil ook aan my ma se kerksgroep baie, baie dankie sê. Hulle was ook altyd

naby om my te ondersteun en te help. Op 17 Oktober was dit my matriekafskeid - presies ‘n jaar na my ma Hemel toe is. Ek weet sy was by my.

Op Vrydag, 18 September, was my seun betrokke in ‘n motorfietsongeluk op die hoek van Beyers Naude Drive en Boshoffstraat in Rustenburg. Ons verstaan dat talle mense van die publiek foto’s van die ongelukstoneel geneem het. Ten einde die SAPS met hul ondersoek te help, benodig ons dringend van die foto’s wat mense op die toneel geneem het. Ongelukkig mag ons slegs foto’s gebruik van fotografe

of mense wat self foto’s geneem het en nie foto’s wat mense bloot ontvang en aangestuur het nie. Ons sal waardeur indien daar enigiemand is wat ons kan help om die saak opgelos en agter die rug te kry. Ek versoek mense met bruikbare fotomateriaal om so gou moontlik met Elbie Stols by 0731873202 in verbinding te tree. Ons sal baie dankbaar wees vir enige hulp wat ons van die publiek ontvang.

Larries hou unieke Opedag

RUSTENBURG HERALD - RUSTENBURG - Laerskool Rustenburg het die afgelope naweek hul graad RR en graad R Opedag aangebied en in die lig van die Covid-19 pandemie streng Covid-19 protokol toegepas, maar die kleingoed het nietemin heerlik baljaar op die terrein en saam met hul ouers die "Groot" 5 ontdek wat van Laerskool Rustenburg 'n unieke leerervaring maak.

Michelle Doubell - student by Laerskool Rustenburg staan slag gereed om die maats te ontvang op die terrein.

Larries het 'n aktiewe ouerkorps wat nie skroom om betrokke te wees nie: Anika Bailie, Charise Jacobsz en Ida Meiring beman die ondersteunerstalletjie.

Arrie en Lara het gesorg dat die vroegevuur orals op die terrein brand.

“Love Run” vir G-om word vier

RUSTENBURG HERALD - RUSTENBURG - "Ten spyte van 'n moeilike jaar waar normaal nie normaal was nie, wil ons nogtans "Love Run" ter viering van, God se se goedheid wat ons dra, voorsien en versorg.... alles ten bate van die G-om projek wat vanjaar 20 jaar lank suksesvol funksioneer om minderbevoorregte kleuters van ons gemeenskap te onderrig en te voed.

Kom wys dan ook jou omgee-liefhê-hart op Saterdag, 14 November wanneer ons, soos verlede jaar, Love Run tussen die plaaspaaie van Deo Volente Gastehuis en Atsegat (Eagles Nest), waar ons kos-mos-niks pannekoek, koffie en beskuit geniet, alles net uit liefde. Bring jou familie en vriende, elkeen met 'n blikkie nie-bederfbare kos, wat dien as jou registrasie tot deelname van die avontuur. Wegspringtyd is stiptelik 07:00 vanaf Deo Volente Gastehuis (Google maps sal jou tot op ons voorstoep neem). Die afstand wat gestap of gedraf kan word is 2-8km met waterpunte en beamptes langs die roete". Hierdie inisiatief is "gebore" om voorsiening te maak vir die sowat 50 G-om kindertjies en hul gesinne se jaarlikse kospannieks wat hul ontvang in Desember, omdat die vrywillige "kostannies" dan nie aan hul 'n daaglikse bordjie gesonde kos kan voorsien tydens die skoolvakansie nie. Rustenburgers word weer eens vriendelik versoek om, soos in die verlede, asseblief mildelik te voorsien en ondersteun vir hierdie verdienstelike saak. "Ons is baie dankbaar teenoor ons borge wat die jaar die Love Run moontlik maak". G-om is 'n geregistreerde NPO en Artikel 18A organisasie, wat jaarliks ge-oudit word. Indien jy verkies om 'n kontant bydrae te lewer, kan dit inbetaal word. Cheetahs verorber Bulle byna

RUSTENBURG HERALD - BLOEMFONTEIN - Vir 'n gedeelte van die Superrugby Unlocked wedstryd tussen die Cheetahs en die Bulle, wou dit voorkom asof die Bulle in Bloemfontein wél van die vloer af gaan moet eet.

Halftyd het die tuispan met 13-3 voorgeloop. Soos in die wedstryd teen die Griquas verlede week, was die Bulle weer hul eie grootste vyand - met hope selfvervaardigde foute en swak afronding. Daarenteen het die begeesterde Cheetahs elke geleentheid aangegryp om te probeer omsit in punte. Hoewel hulle baie op die aanval was, het hulle ook nie heeltemal daarin geslaag om bewegings af te rond nie - met die gevolg dat die telbord nie te hard gewerk het nie. Die eindtelling was 19-17 in die Cheetahs se guns.

Leeus gooi kanse weg

In Kaapstad het dit gelyk asof die Lions die Stormers behoorlik gaan ore aansit. Die seelug het die besoekers goed gedoen en, al was daar 'n hele klompie foute, het hul binne enkele minute klaar punte op die telbord gehad. Die Lions het die bal mooi in besit gehou en baie min onnodige skoppe gemaak. Hulle het lig gelyk om met die bal te hardloop en dit het spoedig vir hulle 'n drie besorg. Teen halftyd was hul 10-6 voor. Die tweede helfte was egter 'n ander storie. Al het albei spanne steeds hopeloos te veel foute begaan, was dit die Stormers wat stelselmatig beheer oor die wedstryd geneem het. Die Lions het egter verbete teruggeveg en so byna die wa deur die drif gekry - één beslissing meer in hul guns kon hul die wedstryd in hul guns laat beklink het. Die eindtelling was 23-17.
