Lion attack in Pilanesberg leaves ranger dead

RUSTENBURG HERALD - PILANESBERG - A tragedy played out in the Pilanesberg National Park early on Saturday morning when a member of the Pilanesberg's Rhino Anti Poaching unit was killed when he was attacked by a lion while he and two of his colleagues were on border patrol duty towards the eastern boundary of the resort.

Kobus Marais was a popular member of the Pilanesberg's K9 unit. His dog was not by his side during the lion attack. Marais was fatally injured by a large lion male which was subsequently shot by fellow members of the patrol. The incident took place at approximately 06:30 on Saturday morning and Marais was declared dead on the scene moments later. The incident is being investigated

and arrangements have been made for the counselling of the staff involved as well as other colleagues of the resort. The attack - as far as could be established - was the first of its kind in the resort and took place during an early morning foot patrol in the east of the park. The Pilanesberg Board had expressed its sincerest condolences to Marais' wife and his family as well as friends and colleagues.

Beware of bogus prepaid meter readers in Rustenburg

RUSTENBURG HERALD - RUSTENBURG - Residents in Rustenburg have been warned to be on the lookout as people are pretending to be meter readers and attempting to rob them in their places of residence.

According to information received from Rustenburg Crime Channel, two males driving a black coloured vehicle with registration number JVL 257 NW claim that they are checking prepaid meters and asking people to open for them. The prepaid department manager has confirmed this and said they have no such contractors with a black vehicle. Residents are therefore reminded that the prepaid team will have with them identity cards and a list of addresses with them. Residents are urged not to open their doors to strangers.

ATM bombing suspects remanded in custody

RUSTENBURG HERALD - RUSTENBURG - Five suspects were remanded in custody after they appeared in court for negligence causing, explosion and endangering property (ATM Bombing).

According to information received from provincial police spokesperson, Brigadier Sabata Mokgwabone, it is alleged that a shop owner heard a loud bang outside of his shop in the early hours of Saturday morning (6 February) in Itlotleng Section, Bethanie. On investigation, he saw four males at the ATM which is in the same premises with the shop. Police who were summoned to the scene, confirmed that explosives were used to explode the ATM.

"The long arm of the law caught up with one of the accused later in the evening on the same day. That was after members on patrol came across a suspicious vehicle with only the driver inside and stopped it. The 40-year-old driver was questioned and then taken to the police station for further questioning which revealed that he was a former police officer and used to work at Lethabong. Consequently, the police found four filthy rand dye stained and damaged notes in his possession when they searched him. The man subsequently led the police to Plastic View informal settlement in Rustenburg where another four accused were arrested. In the course of the arrest, R3 700 of dye stained notes were confiscated," said Mokgwabone.

The fifth accused, Saidi Chauke also appeared for additional charges of possession of firearm and possession of six live ammunition and explosives. The five accused are Bennet Rasike (21), Ernest Maguwo (34), Ernest Chauke (23), Saidi Chauke and Peter Motlhabe (40).

Vir die meeste eienaars van eiendom in ons dorp se munisipale gebied, is dit nou al ou nuus dat die munisipaliteit presies 'n jaar na die aanvanklike voorlegging van 'n totaal onrealistiese waardasierol vroeg verlede jaar, met ingang Februarie vanjaar ondanks allerlei ondernemings, 'n goeie skoot "selfondersoek" en selfs "uitstel", gaan poog om feitlik presies dieselfde, onveranderde gewraakte waardasierol as dié van verlede jaar aan die Rustenburg-gemeenskap voor te lê.

Die proses om die "nuwe" waardasierol teen einde Januarie 2021 te sertifiseer is nou afgehandel en die rol gaan nou vir 'n tydperk van nagenoeg drie maande aan die gemeenskap voorgelê word voordat dit in terme van munisipale begroting 2021/22 (1 Julie 2021) geïmplementeer word. (Sien advertensie van die Rustenburg Munisipaliteit elders in hierdie uitgawe).

Vir die eienaars van eiendom in Rustenburg se munisipale gebied is dit nou ook al ou nuus dat die nuwe waardasierol (wat trouens, reeds geruimte tyd beskikbaar is) hoegenaamd nie markverwant is nie en dat die waarde van verreweg die meeste eiendomme in Rustenburg baie naby aan of minstens verdubbel het indien nie meer nie (soos in sommige gevalle waarin waardasies met tussen 100% en 400% aangepas is).

Vooraanstaande eiendomsagentskappe, eiendomswaardeerders, spekulante en enigiemand wat oor die afgelope drie tot 10 jaar probeer het om eiendom te koop of te verkoop, het verlede jaar al (en vanjaar weer) daarop gewys dat die markwaarde van eiendomme regoor Suid-Afrika maar veral in Rustenburg vanweë 'n voortslepende resessie maar ook ander terugslae soos die Marikana-incident, uitgerekte stakings van mynwerkers feitlik oraloor en nou vir die afgelope 12 maande Covid-19 'n insinking van tussen 15% en 25% getoon het.

Rustenburgse eienaars kan sekerlik dus nie kwalik geneem word as daar tot die gevolgtrekking gekom word dat die munisipaliteit absoluut kwaadwillig moet wees om vir 'n tweede keer te poog om 'n waardasierol wat in alle redelike terme uit voeling met die realiteit is en impliseer dat eiendomswaardasies in dieselfde tyd tot soveel as 100% gestyg het, op die gemeenskap af te dwing ten einde die munisipale inkomste 'n reuse hupstoot te gee. (Munisipale waardasies van eiendom word in terme van plaaslike regering as maatstaf gebruik om die eiendomsbelasting vas te stel wat verbruikers aan die einde van elke maand moet opdok).

Aan die kant van die munisipaliteit en sy adviseurs is die strategie egter oënskynlik goed deurdink en daar is waarskynlik tot diep in die nag wakker gelê.

As die proses van verlede jaar en die gebeure daarna in herinnering geroep kan word: Eers kom die munisipaliteit met 'n onrealistiese waardasierol wat presies die teenoorgestelde impliseer as wat geruime tyd reeds in die eiendomsmark gereflekteer word. Die rol word desondanks aan die gemeenskap voorgelê.

Verbruikers val oor hul voete - of kommerwakkend baie van hulle dan - om alternatiewe waardasies te bekom en winregsadvies in in 'n poging om die onredelike stygging in eiendomswaardasies te beveg. Skielik kom die munisipaliteit oënskynlik tot inkeer en besef dat hier 'n slang in die gras moet wees met die gevolg dat die LUR vir Samewerkende Regering en Tradisionele Sake (voormalige LUR vir Plaaslike Regering) genader word met die "versoek" dat die bestaande rol vir nog 'n jaar gehandhaaf word terwyl die omstrede waardasierol hersien en aangepas word.

Die ontydige afsterwe van die LUR kort hierna was sekerlik nie deel van die strategie nie. Niks blyk egter te gebeur rondom ondernemings van 'n hersiene waardasierol en die aanstelling van 'n alternatiewe munisipale waardeerder indien nodig nie. Die stof gaan lê (tydelik) en Rustenburg sluimer voort.

Presies 'n jaar later word presies dieselfde onrealistiese, onveranderde waardasierol weer aan die Rustenburg-gemeenskap voorgelê met presies dieselfde implikasies en komplikasies.

Nou was die vraag sekerlik aan die kant van die stadsvaders: Hoeveel Rustenburgse grondeienaars gaan nou weer oor hul voete val om beswaar te maak en duisende rande in alternatiewe waardasies en regsadvies bestee?

Indien wel, wat sou die reaksie wees indien dieselfde omstrede waardasierol weer teruggehou sou word - maar nog belangriker - wat indien dit nie gebeur nie?

Sou eienaars nie tot die slotsom kom dat dit veral op die kortermyn goedkoper sou wees om die stygging in eiendomswaardasies gelate te aanvaar as om nog enige verdere vrugtelose uitgawes in 'n proses van beswaar aanteken aan te gaan nie?

Op jul merke; gereed; kook!

RUSTENBURG HERALD - RUSTENBURG - Drie Rustenburgse manne gaan dié week op televisie wys dat hulle nie net kos kan maak nie, hulle kan ook kophou terwyl dit dollar as kop af gaan.

Pieter Germishuys (professionele sjef), Tiaan Visser (voedselkonsultant) en Marnus van Dyk (kulinaire student) het laat verlede jaar aan die nuwe kookkompetisieprogram, Afloskombuis gaan deelneem. Dié Vrydag (12 Februarie) sal kykers kan inskakel op kanaal 147 om te sien hoe dit met hul gegaan het. Die drie kokende kêrels het met Rustenburg Herald oor hul avontuur gesels. "Ons het ingeskryf om onself so bietjie te toets, natuurlik, maar ook om pret te hê. Ook, 'n wegbreuk Kaap toe is nooit te versmaai nie!" vertel Pieter. Hy verduidelik hoe die kompetisie werk: "Twee spanne met drie lede neem deel. Elke lid van elke span kry elkeen 30 minute kans in die kombuis voor hy deur 'n spanmaat 'afgelos' moet word. Die groot vangplek is dat daar absolut GEEN

kommunikasie tussen die spanlede mag wees nie. Behalwe vir die groot uitdaging om dus 'n gereg te skep wat deur die eerste spanlid begin is en nou verder gemaak moet word sonder dat jy regtig weet wát dit is, is daar boonop ook nog twee addisionele struikelblokke wat in die bestek van die 90 minute deur die vervaardigers geplaas word. En glo my, dié struikelblokke veroorsaak chaos!" vertel Pieter. Die drie stem saam dat dit 'n belewenis was wat elke druppel sweet werd was. "Man, tyd en geleenthede wag vir niemand nie. As jy iets wil doen, moet jy dit doen. Daar is geen beter tyd as nou nie," voeg Pieter by. Hy is baie opgewonde oor die nuwe tydvak in sy lewe. tot en met verlede jaar was hy by 'n plaaslike kookkuns instituut betrokke, maar sedert Januarie 2021 krap hy sy eie potjie. "Ek sien daarna uit om mense hul passie vir kos te laat ontdek en om te inspireer om hulself in die kombuis uit te leef. "Onthou, die enigste perke wat bestaan, is wat jy vir jouself stel," sluit Pieter af. House guttered by fire in Rustenburg North

The Rustenburg Local Municipality's Fire and Emergency Disaster Management responded to a distress call at a house on Byron Street in Rustenburg North. While the City's Fire-fighters were able to put off the fire, the house had been engulfed in the fire rapidly, to the extent that all of the contents in the dwelling were destroyed by the fire. The cause of the fire is not yet known as investigations are still underway to determine the exact cause. The City's donated blankets and mattresses as an immediate intervention to the affected family. The family opted to seek refuge with family and relatives and the RLM will be working closely with the family in rebuilding their life, after the tragic incident. The Single Whip of Council, Councillor Levy Mokwele was with the Fire and Disaster Management team immediately after the fire had been put out, to assess the family's immediate needs. (Photo: RLM)

Geliefde Rustenburgse leraar oorlede

'n Baie bekende en uiters gewilde voormalige Rustenburgse leraar, ds Johannes (Marthinus) Kelber, is Maandag vandesweek in die ouderdom van 81 jaar in Pretoria oorlede. Wyle ds Johannes is op 4 Januarie 1940 in Florida, Johannesburg gebore. Ds Johannes was vir baie jare in Rustenburg op die kansel en het van 1971 tot 2007 veral geliefd geword tydens sy bediening in Tlhabane asook omliggende gemeentes van die Verenigende Gereformeerde Kerk. Hy is vir etlike jare daarna tot so onlangs as 2020 nog baie gereeld tydens eredienste en begrafnisse op die kansel gesien. Hy het veral bekendheid verwerf vir sy meesterlike vaardigheid en bediening in Tswana en sy vaardigheid in die taal het oraloor respek afgedwing. Ds Johannes sal onthou word as 'n medeliewende mens wat 'n passie vir alle mense gehad het. Hy was ook baie lief vir musiek en was bekend vir sy mooi stem asook klavier- en orrelspel. Ds Johannes word oorleef deur sy getroue eggenote Charlotte met wie hy vir 56 jaar getroud was. Vier kinders is uit die huwelik gebore, naamlik Johan, Jeanne, Willem en Esperance. Hy word ook oorleef deur 'n ryk nageslag van 13 kleinkinders. Charlotte sal eweneens onthou word vir haar reuse bydrae tot die Moedergemeente van die Nederduits Gereformeerde Kerk waar sy vir 37 jaar lank as orreliste gedien het. Die Kelber-familie betuig graag hul opregte dank en waardering aan só baie inwoners van Rustenburg en omliggende omgewing vir hul jarelange vriendskap en ondersteuning aan die familie. Die Rustenburg-gemeenskap en sy geliefdes sal hom baie mis. Ds Johannes en Charlotte is hierbo tydens 'n onlangse uitstappie in Pretoria afgeneem.

Vaccine rollout halted

RUSTENBURG HERALD - RUSTENBURG - South Africa has temporarily suspended the rollout of the Oxford-AstraZeneca vaccine after new studies released last week showed that it is less effective against the mutated SARS-CoV-2 501Y.V2 variant, which is common in South Africa.

On 1 February, the country received its first shipment of one million Oxford-AstraZeneca vaccine doses out of the 1.5 million procured from the Serum Institute of India (SII).

On Sunday night (7 February), Health Minister, Dr Zweli Mkhize and a panel of experts hosted a media briefing to outline new developments in South Africa's COVID-19 vaccine acquisition and rollout programme.

Professor Shabir Madhi, who led the clinical trial of the Oxford-AstraZeneca vaccine candidate locally, said they conducted a study using 2 000 participants, aged between 18 and 65 years.

According to research, the vaccine showed "tremendous potential" before the new variant began spreading.

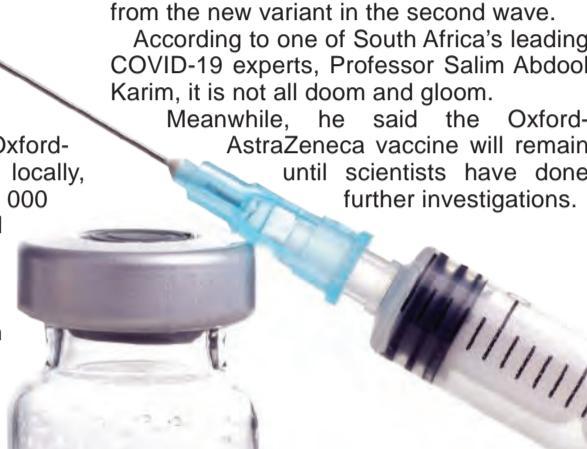

"When we analysed individuals in terms of how well the vaccine worked against the 501Y.V2 variant,

there was very little difference between the vaccine group and placebo group," Madhi said.

According to the latest data, the Oxford-AstraZeneca vaccine will protect three in four people against variants from the first wave, while it protects one in four people from the new variant in the second wave.

According to one of South Africa's leading COVID-19 experts, Professor Salim Abdool Karim, it is not all doom and gloom.

Meanwhile, he said the Oxford-AstraZeneca vaccine will remain until scientists have done further investigations.

Uitreikaksie: Covid Heroes

RUSTENBURG HERALD - RUSTENBURG - NG Proteapark het gedurende Februarie 'n uitreikaksie van stapel gestuur om hospitaalpersoneel te bemoedig.

Die gemeente kon deur hierdie projek altesaam 690 hospitaalpersoneel en gesondheidswerkers by Peglerae- en Medicare hospitale bemoedig.

Hospitale het verskeie uitdagings, onder meer 'n tekort aan personeel, toerusting, fasilitete en persoonlike beskermingsdrag. Ten spyte van al hierdie uitdagings, staan hulle personeel sterk vir hul pasiënte. Hierdie konstante druk op hulle lei tot uitbranding en emosionele uitputting.

Ds Deon Strauss, leraar van NG Proteapark, vertel: "Kontant, inbetalings, produkte en vrywillige hande was van onskatbare waarde – dankie dat ons saam met ons gemeente 'n verskil in die lewens van ons voorste linie-vegters kon maak. Elke pakkie is deur die personeel gekoester en baie waardeer."

Die kerk wil ook 'n besondere dankie sê aan Lighthouse Children's Home wat 50 pakkies vir die projek geskenk het.

Die pakkies is aan 690 personeellede van beide Peglerae en Medicare hospitale geskenk. Die oorhandiging van NG Proteapark personeel aan Medicare se bestuur is met groot entoesiasme gegee en ontvang. Van links verskyn ds Deon Strauss (NG Proteapark leraar), Anja Pienaar (NG Proteapark jeugwerker), Anja Markram (Medicare hospitaalbestuurder), ds Willem Pretorius (NG Proteapark leraar), Ciske Alberts (persoonlike assistent Medicare) en Christel Herbst (NG Proteapark bemarkingsbeampte).

Suspected stolen vehicles recovered

RUSTENBURG HERALD - RUSTENBURG - In a continued effort to tighten the grip against criminality, the Vehicle Crime Investigation Units (VCIU) in the North West Province arrested 28 suspects and recovered 40 suspected stolen vehicles.

According to provincial police spokesperson, Captain Sam Tselanyane the operations were a joint effort of VCI Units from Rustenburg, Leburutshe, Klerksdorp and Mahikeng and were conducted between Tuesday (1 December 2020) and Friday (22

January 2021). The objective, Tselanyane explains, were mainly to disrupt carjackings and motor vehicle theft activities in the province and follow up on information that was provided by sources regarding these activities. The vehicles that were confiscated

range from sedans, light delivery vehicles (LDV), light passenger vehicles (Combis), trucks, trailers and motorbikes all with an estimated value of over R5 million.

The Provincial Commissioner of North

West, Lieutenant General Sello Kwena lauded all members who participated in the operations and urged members of the community to continue joining hands with the police in the fight against crime.

Second "Ride for a Child" charity ride around the corner

RUSTENBURG HERALD - RUSTENBURG - Travelling all around South Africa on motorbikes in the hope of raising much needed funds for medical treatment & surgeries for vulnerable children in need - help that in many cases literally means the difference between life and death of a child is an adventure not many people are prepared for.

In 2017 Dr Andre Hattingh founded Pediatric Care Africa and his vision and total dedication of helping our children in South Africa is unwavering. The ride from 14 February to 6 March will see the riders covering a distance of 6 867 km along the borders of South Africa. "We kicked off our first 2020 "Ride for a child" with a bang and made great friends all along the route, as we establish a motorbike ride that we hope will become a fixture and tradition in the biker community of South Africa – The first ride was a great success and our friend TJ Mare who rode with us the entire route, was greatly responsible for its success. With the 2021 "Ride for a Child" charity motorbike ride date of 14th February approaching fast, we are getting more and more excited by the day with a thousand things still to organize and very importantly to get the South African community to support our efforts", says Surika van der Merwe, secretary and spokesperson of the initiative. "Simply put", without the support of people and companies we are nothing more than just a website, and unable to assist even one child, so we ask for your

support, no matter how big or small. Once again, just like last year during our first adventure, the ride will arrive and stop-over in Rustenburg this year.

"To be part of our endeavour to help children you can join us on the ride for any distance you choose if you are a motor bike rider, or sponsor Dr Andre per km travelled on this charity motor bike ride or make any donation you feel comfortable with - it is up to you how you wish to support our team on their mission - "Loud pipes save lives", Surika says.

For more information follow this link: <https://www.pediatriccareafrica.org/the-second-ride-for-a-child-around-south-africa-is-coming-feb-march-2021-not-to-be-missed/>

"Kicking off in White River at the White River Square shopping centre on 14 February at 09:00 and travelling to all four corners of South Africa in 21 Days is what it is all about - we invite you to support this very noble cause and to join us on this adventure", Van der Merwe concludes.

Glencore Ferroalloys donates R2, 800,000.00 to increase COVID-19 testing capacity in host communities.

While the COVID-19 pandemic remains one of our greatest challenges, it also provided opportunities to recognise the value of investing in the wellbeing of humanity. Mining giant, Glencore South Africa began showing its support to South Africans as the threat of the pandemic was just emerging. Glencore remained steadfast in its resolve to protect those around its operations from the effects of the pandemic by adapting their existing social investment programmes to address the changing social needs of communities due to COVID-19.

As the company continued to find more ways to be of service to its employees and host communities, Glencore Ferroalloys, learned about the Ndlovu Care Group, an NGO which had the only research laboratory

in Limpopo Province with the capacity to roll out COVID-19 testing at a fast turnaround time. Upon hearing that the Ndlovu Care Group would need extra support in rolling out mass testing in communities, Glencore Ferroalloys found one more way to step in and lend a helping hand.

At the beginning of the lockdown, the Ndlovu Care Group was approached by the Minerals Council to assist mining houses with COVID-19 testing. The requests for tests were at a much larger scale than the Ndlovu Care Group had capacity to perform, as most of the processing was done manually.

"In response to the Ndlovu Care Group's request, Glencore assisted us with building capacity to expand

from 300 to 400 tests a day, to a laboratory that now rolls out 1 500 to 2 000 tests a day. This donation provided incredible support in helping their operations and communities in the Limpopo and the North West Provinces with COVID-19 testing. This was a really impactful Corporate Social Responsibility Investment because it empowered both sides during the pandemic," said the CEO of the Ndlovu Care Group, Dr. Hugo Templeman.

The Ndlovu Care Group through Glencore's additional support, was able to provide free testing to communities in Limpopo and the North West. Due to their enhanced fast and efficient RT PCR testing, they were also able to support the Department of Health by rolling out faster testing when the other labs in the area were unable to do so.

"At Glencore Ferroalloys, we are constantly finding ways to support our host communities and sometimes this means empowering organisations to be able to do what we cannot, thus really make a lasting and impactful change. Our donation to the Ndlovu Care Group was our way of taking care of our communities and our employees by putting their health needs first during this pandemic. We are immensely proud of the work that has been done by Dr. Hugo Templeman and his team in helping our communities fight this pandemic and to ensure that we continue to strive for progress together, even in such difficult and challenging times," said Conroy van der Westhuizen, the General Manager CSR at Glencore Ferroalloys.

The Ndlovu Care Group continues to work hard in rolling out COVID-19 testing and hopes that with time and continued support from organisations like Glencore, the threat of the pandemic will soon be eliminated.

When was the first valentine celebrated?

The first Valentine's Day was in the year 496! Having a particular Valentine's Day is a very old tradition, thought to have originated from a Roman festival. The Romans had a festival called Lupercalia in the middle of February - officially the start of their springtime.

Cupid

In Roman mythology, Cupid is the son of Venus, the goddess of love and beauty. And he is known as the god of affection. Legend has it that Cupid shoots magical gold-tipped arrows at gods and humans alike. By piercing their heart with an arrow, he causes individuals to fall deeply in love.

Valentine's day Fact

- Valentine's chocolate is just good marketing
- If you get a box of chocolates this Valentine's Day, thank Richard Cadbury. After he and his brother took over his family's chocolate manufacturing business, he discovered a way to extract pure cocoa butter from whole beans and added it to the company's chocolate drink. The process produced more cocoa butter than expected, so he put it in "eating chocolate" as well. Then, in a business ploy that would change the industry, Cadbury started designing beautiful boxes for his new chocolates, including special Valentine's Day ones with cupids and roses. It's believed that he made the first heart-shaped candy box, even though he didn't patent it. Did you know that there's another kind of chocolate called ruby?

Valentine's day Fact

Doves mate for life (and they're good parents!)

Doves are better known for their association with peace, but there's no shortage of V-Day decor featuring these white birds. These birds' association with love dates back to Greek mythology, when doves were the sacred bird of the love goddess Aphrodite, who favored them because of their monogamous habits. Like many birds, doves tend to stay with the same mate throughout the whole mating season, and the male doves support and care for the females after the baby doves are born.

Valentine's day Fact

The heart shape is actually from a plant

If we were anatomically correct when we drew hearts, the result would be a complex clump of valves and muscles. While the shape we're more familiar with is a lot easier to draw, no one really knows the origin of the heart shape. One possibility is that it resembles the now-extinct plant silphium. Once found in the African city-state Cyrene, the plant was used as food coloring, a cough syrup, and most notably, a contraceptive. The shape's association eventually turned into one of love. The other suggestion is actually anatomical in nature. Some have thought the shape to be a representation of a real heart. Here are a few romantic movies to watch for Valentine's Day.

Valentine's day Fact

- Medieval people used X to mean kissing
- X as a symbol for kissing dates back to the Middle Ages.
- The most common theorystates that many medieval folks who couldn't read would sign documents with an X, a symbol representative of Christ because of its similarity to a cross. They would then reverently kiss the X in a show of piety. It's not super clear where the O for "hugs" comes from; one theory is that the O was just along for the ride because it was also very easy to write. Another is that the "XOXO" symbol and the game Tic-Tac-Toe gained popularity at the same time, and thus X and O were already an established duo.

Dié kêrels kook vir tv, en vir ons

Tiaan Visser, Pieter Germishuys en Marnus van Dyk.

'n Fout. 'n Groot fout; dis wat dit is om 'n sjef te vra om 'n gereg voorberei met bestanddele wat almal in hul koskaste het. Want wat 'n sjef in sy kombuis se rakke het, en wat die gewone sterfling in sy kaste het is twee baie verskillende goed. Maar dié week het sjef Pieter Germishuys sekerlik 'n wonder verrig! Die gereg wat hy saam met sy Afloskombuis-trawante – Tiaan Visser en Marnus van Dyk - geskep het, kom baie naby aan maklik genoeg dat meeste mense dit sal kan maak. Dié heerlike gereg het

Tagliatelle pasta

Bestanddele:

250g Tagliatelle pasta
2 x Uie, fyngekap
3 x Knoffelhuisies, fyngekap
200g Botter of Margarien
200g Koekmeel
500 - 750 ml Melk
200g Sampioene, grofgekap of in ringe gesny
10 x Peppadews, grofgekap
10 x skyfies Salami, in repe gesny
200ml vars Room
150g vars Aspersies, vinnig opgekook in kookwater met sout tot Al denté
Parmesaankaas
Growwe Sout en Growwe Peper vir smaak
Sprinkel vars kruie en uie oor.

Metode:

1. Verhit jou botter op lae na medium hitte in 'n groot pan of pot. Voeg die uie, knoffel en sampioene by. Braai tot effens sag. Sprinkel dan die meel oor en meng goed deur. Begin die melk bietjie vir bietjie byvoeg. Soos die meel die melk gaan absorbeer, so sal die sous dikker word. Hou net die plaat op medium hitte; die sous moet nie kook nie.
2. Intussen kan jy solank 'n pot met water en sout tot kookpunt bring en dan jou aspersies vinnig daarin blansjeer of kook tot Al denté (sag, maar nogsteeds ferm). Verwyder die aspersies... jy kan sommer die water hou en in dieselfde water jou tagliatelle paste opkook, ook tot sag, maar ferm.. Dit neem ongeveer so 15 min. As jou pasta sag is, gebruik 'n vergiettes ("strainer") en dreineer.

'n Vars, krakerige slaai is in die kol as bygeregt by jou romerige pasta. Pieter het 'n baie eenvoudige mengelslaai aanmekaar geslaan en dit afgerond met geroosterde mangoskywe en brosgebraaide uiesplinters.

Die bestanddele is eenvoudig, maar die resultaat is 'n smaaksensasie.

Salamiskywe vir die voorgereg

Wie sê pasta kan nie 'n kunswerk wees nie?

Rooster jou mangoskywe liggies.

Só begin die romerige sous lyf kry.

Dié voorgereggie is net die regte medisyne om jou voor te berei vir die watertand-lekker pasta hoofgereg. En die baie maklik om op te dien: 'n Paar skyfies salami, papierdun stukkies radys, wortel en komkommer met kersietamaties en geroosterde mangoskywe.

Eiendomswaardasies - traak-my-nie-agtigheid gaan jou geld kos

Die herrie rondom die Rustenburg Munisipaliteit se (tweede) omstreden waardasierol wat duidelik daarop gemik is om vir die munisipaliteit 'n aansienlik groter inkomste te verseker, is sedert die einde van Januarie 2021 weer in volle swang. Eienaars van eiendom in die jurisdiksiegebied van die Rustenburgse Munisipaliteit staar gemiddeld 'n 100%-verhoging van hul eiendomswaardasies (indien nie meer nie) en uiteindelik in eiendomsbelasting in terme van hul maandelike munisipale rekeninge in die gesig en slegs ingrypende aksie met waarskynlik onvermydelike uitgawes sal eienaars van skaamtelose uitbuiting deur die munisipaliteit kan vrywaar. Om nou agteroor te sit om die "kat uit die boom te kyk" of te wag dat "ander mense" die saak opneem en tot jou voordeel verder voer, is hierdie keer allermens die korrekte benadering en indien dit wel jou beplande roete is, kan jy sommer nou reeds begin om jou begroting van voor af uit te werk en vir jou 'n dikker beursie aan te skaf, want jy gaan beslis die skok van jou lewe kry!

Die ENIGSTE manier waarop elke eienaar van eiendom in die Rustenburg-streek kan verseker dat hy nie soos die spreekwoordelike donkie na die slagpale gelei word nie, is om as 'n saak van dringendheid met 'n onafhanklike, erkende eiendomswaardeerdeerder in verbinding te tree sodat jy 'n alternatiewe (realistiese)

waardasie van jou eiendom kan bekom aan die hand waarvan jy 'n amptelike beswaar teen jou nuwe munisipale waardasie aan die Rustenburgse Munisipaliteit kan voorlê. Maar steeds het jy hiermee NIE die versekerings dat jou beswaar gaan slaag nie en indien wel, kan jy maar slegs 'n besparing van 10% op jou munisipale waardasie verwag. Vir eienaars wat hoop om darem 'n aansienlike groter besparing van sê nou maar 30 of 50% "af te dwing" is die proses nog lank nie verby nie. Op jou pad vorentoe sal jy regadvies moet inwin en jou vir 'n siviele saak teen die munisipaliteit moet voorberei wat jou aansienlike verdere uitgawes kan besorg. Ongelukkig is daar geen alternatief nie - tensy die Rustenburgse Munisipaliteit soos verlede jaar herbesin en tot ander insigte kom. Die tragiese is egter dat GEEN klas-aksie namens die gemeenskap teen die munisipaliteit se beoogde nuwe waardasierol geloods kan of mag word nie. Dit is nou tyd vir optrede en elke eienaar sal sy individuele stryd slegs met die hulp van sy waardeerdeerde en regsvteenwoordiger kan voer!

(Sien ook berig oor munisipale waardasierol op bladsy 4).

Municipal Valuation Roll - ignorance will cost you dearly!

The debacle surrounding the Rustenburg Municipality's new and controversial Valuation Roll which is clearly aimed at a considerable increase in income on behalf of the municipality, is once again in full swing since 31 January 2021. On average, property owners in die jurisdiction area of the Rustenburg Municipality are facing an increase of 100% (if not more) in the value of their properties with the inevitable result of a similar increase in assessment rates in terms of their monthly municipal accounts. Only immediate and drastic action at additional expenses will safeguard the owner against blatant exploitation by the Rustenburg Municipality. To sit back and watch which way the cat jumps or to wait for others to take up the issue to your advantage, is the worst possible resolve. If the latter is your usual approach, it is time to reconsider and you can count on it that you will very soon have to recalculate the family's budget and perhaps at the same time purchase yourself a thicker wallet as you are undeniably heading towards the shock of your life!

The ONLY way that each and every property owner can prevent being led like a lamb to the slaughter, is to approach

an independent, acknowledged evaluator as a matter of urgency for an alternative valuation of your property by means of which you will be required to lodge an official objection with the Rustenburg Municipality. You will however, have no guarantee that your objection will succeed and if indeed, you can only bargain on a saving of approximately 10%. If you are determined to push for a saving of say 30 or 50%, the process is far from completed and you will also have to acquire legal advice and be prepared to take on the municipality in court. Unfortunately, there is NO alternative, unless the Rustenburg Municipality reconsiders and decides otherwise as it did last year although the chances are extremely remote. The tragedy however, is that in terms of legislation on local government matters, class action on behalf of the entire community against the municipality's new valuation roll is prohibited. This means that each and every owner of property will be required to fight his own battles with only the assistance of an independent evaluator and his legal representative.

(Also see article on Municipal Valuation Roll on page 4).

Eskom too complacent to help

The editor

I write this letter as I have no idea where else to go to get assistance. I am a resident in Kanana old clinic section. Since last year November I have been experiencing problems with my electricity. I approached the Rustenburg Local Municipality since I was under the impression that they would assist, but I was told that the area where I reside falls under Eskom and I should contact Eskom to get assistance.

I phoned Eskom several times, they kept on giving me reference numbers and promised they would send someone to fix my box. The box is showing units of 111.9 but

unfortunately there is no electricity. I have approached the Rustenburg Herald who also phoned Eskom and got a reference number and promised they would attend to the problem. Three months later I still don't have electricity, however my neighbours have electricity.

One neighbour of mine out of feeling sorry for me, has volunteered to connect me so that at least I can do the basic things such as cooking. I am now running out of options and would very much appreciate it if anyone from Eskom can explain why my box is not getting fixed. My meter number is 07119087984.

Grateful for help at Licensing office

A big thank you to Rustenburg Herald

Rustenburg Herald

Dear Editor

I would like to express my gratitude towards what the Rustenburg Herald newspaper has done for me, by publishing such a prominent article about my debut book about Entrepreneurship.

No words can really say how thankful I am for that. It's not only a move of Corporate Social Responsibility as a company, but it reflects how the Rustenburg Herald displays support towards the community it serves.

Thank you so much Rustenburg Herald.

The Editor

I am writing this letter to inform you of my visit to the traffic department on Friday, 18 December, to apply for my driver's license. As I parked and walked towards the queue one of the gentlemen working there noticed my paperwork and informed me that I was joining the wrong queue so he assisted me in directing me to the correct queue, which I found very helpful as I would have been standing in the wrong queue. When I joined the correct queue a gentleman by the name of Mr Labius Modise was guiding us as to what the protocols were which was very helpful. He was with us till the end, explained to us all that was needed and also insisted we wear our masks all the time, keep our distance and also keep all our necessary documents ready in order to speed up the process once we were in the rooms to get our licenses. He kept checking up on us if we were ok and had everything in order. I was really impressed with Mr Modise's system in place in order for all to get their issues sorted out. As soon as I was done I was relieved as there were no hiccups and with his guidance everything went very well. A big thank you to Mr Modise, we need more people like you assisting the nation when necessary. Well done!

Parking lot altercation: Looking for witnesses

Dear Editor

An incident occurred on 26 January 2021 at around 17:30 at the Safari Spar parking lot. Near the KFC drive through, two men, one driving a Silver A3 Audi and the other driving a new Silver Mahindra SUV XUV 500 were involved in a skirmish.

The incident began at the stop sign in front of the Spar where the driver of the A3 was sworn at and then followed into the parking lot. Whilst he proceeded to get out of the car to do shopping, he was confronted by an elderly Afrikaans

speaking man. The driver of the A3 was severely assaulted. He was unable to get the number plate details of the Mahindra as the vehicle was new. The family has tried to ask around the Spar for any information, witnesses or camera footages, but no luck.

The driver of the A3 was hospitalized and had to undergo nasal reconstruction. The possibility of further surgery is not excluded. If anyone has any information about the incident, please call 082 569 7089/ 072 987 0681.

Klubs: gee ons jou kontakbesonderhede

RUSTENBURG HERALD - RUSTENBURG - Sportklubs in Rustenburg, asook enige ander klubs en organisasies word genooi om hulle inligting en kontakbesonderhede heeltemal gratis aan Rustenburg Herald te stuur.

Rustenburg Herald beplan om 'n bladsy met volledige besonderhede oor die doen en late van plaaslike sport- en sosiale klubs en/of organisasies te publiseer ten einde klubs die geleentheid te bied om noue kontak met hul lede en mede-Rustenburgers te handhaaf. Onthou - daar is baie mense wat dalk nog nie op u sosiale groepie is nie, wat hierdie besonderhede sal verwelkom. Ons dink byvoorbeeld aan al ons aktiewe sportklubs, hengelklubs, duweklubs, tuinmaakkubs, voetslaankubs en so meer. Stuur die naam van u klub, gee 'n kort beskrywing indien dit nie duidelik in die naam weerspieël word nie, kontakbesonderhede soos 'n epos-adres, telefoonnummer en so meer. In hierdie tyd van inperking wil ons ook graag weet of u klub tans aktief is, en/of watter ander maatreëls die klub getref het om seker te maak dat die klub se aktiwiteite veilig kan voortgaan indien wel. Stuur u inligting na cecile@rustenburgherald.co.za.
