STOP! GENDER BASED VIOLENCE!

Statistics on Gender Based Violence are continuously increasing especially against women and children. This therefore, requires us to work on an integrated manner to fight these crimes.

We need to work day and night to protect our people especially women and children who are the most victims.

The outbreak of COVID-19 pandemic has affected the number of service delivery activities and initiatives, as the country had to put measures in place to combat the spread of the virus.

It is for this reason we encourage our people to keep working with government all relevant stakeholders to partner with us in creating safer environment.

New school admission policy: Two weeks left for comments

RUSTENBURG HERALD - RUSTENBURG - No public school would be allowed to request potential learners to write an entrance exam and no public school will be allowed to refuse a learner because of a school's language policy.

These are only two of the stipulations contained in the national dept of Education's new draft admission policy for public schools.

The draft policy was published on Wednesday (10 February). The public will

have time until 12 March to give input or lodge complaints. The policy aims to provide all provincial departments of education and the governing bodies of all ordinary public schools with a framework for developing admission

policies for schools. If passed, it will replace the current admissions policy for schools which has been in place since 1998.

This means that a large number of existing policies remain in place, while other issues are further expanded upon or touched on for the first time. Some of the other key parts of the policy are:

Age
It is particularly important that all eligible learners of compulsory school going age are accommodated in ordinary public schools. Therefore, where space is limited and learners of pre-school going age have also applied for admission to an ordinary public school, preference must be given to learners of compulsory school-going age.

Discrimination
The admission policy of an ordinary public school and the administration of admissions by a provincial education department must not unfairly discriminate in any way against an applicant for admission including but not limited to race, gender, sex, marital status, ethnicity or social origin, colour, sexual orientation, age, disability, HIV status, religion, conscience, belief, culture, language, birth, immigration status or nationality or any other arbitrary ground

Entrance tests
The governing body of an ordinary public school may not administer any test relating to the admission of a learner to an ordinary public school, or direct or authorise the principal of the school or any person to administer such a test. Where placement in a specific course or programme, e.g. technical field of study, dance or music, is required and where it would be in the educational interest of a learner, he or she may be requested by the governing body to undertake a suitable test to assist in a placement decision.

Language
No learner may be refused admission to a public school-based solely on a language policy of that public school, and the power to determine the language policy of the school must be exercised with due regard to the values of the Constitution.

Age requirements
The admission age of a learner to a public school to: Grade R is age four turning five by 30 June in the year of admission;
Grade 1 is age five turning six by 30 June in the year of admission.

If a learner has been admitted to an ordinary public school at an age above the age requirements provided in paragraph 29 such learner must, as far as possible, be placed in a fast track facility, or with his or her peer group, unless it is not in the educational interest of the learner.

Repeating a year
In principle, learners should progress with their age cohort, the department said.

It explained that this is because the repetition of grades seldom results in significant increases in learning attainment and frequently has the opposite result.

The norm for repetition is one year per school phase, where necessary. Multiple repetitions in one grade are not permissible, it said.

School zoning
The Head of

Department may, after consultation with the governing bodies, determine feeder zones for ordinary public schools, to control the learner numbers of schools and co-ordinate parental preferences.

These feeder zones do not need be to geographically adjacent to the school or each other.

New proposed national minimum wage takes effect in March

RUSTENBURG HERALD - RUSTENBURG - On Monday (8 February) the Labour Department published the new proposed minimum wage for entry level workers in South Africa.

The new minimum wage according to information received from the department will take effect from Monday (1 March 2021). The Labour Minister Thulas Nxesi said the new minimum wage is now R 21.69 for each ordinary hour.

The gazette published provides exceptions for a number of worker groups: Farmworkers are entitled to a minimum wage

of R21.69 per hour; Domestic workers are entitled to a minimum wage of R19.09 per hour; Workers employed on an expanded public works programme are entitled to a minimum wage of R11.93 per hour. According to the department it is unfair labour practice for any employer to alter working hours or other conditions of employment in the implementation of the national minimum wage.

Platinum Incubator partnership concluded

RUSTENBURG HERALD - RUSTENBURG – The mining industry in Rustenburg has not only been the backbone of the economy, but has also played a pivotal role in the upliftment and development as well as shaping society.

Platinum as well as Platinum Group Metals, such as Palladium, Rhodium, Ruthenium, Osmium and Iridium are widely used in the manufacturing industry all over the world, which is why they are considered precious for their industrial and commercial applications. For many years these precious metals have had to be exported to other countries for manufacture of electronics as well a jewellery. In 2016 Sibanye Stillwater partnered with The Platinum Incubator jewellery project at Orbit FET College in Rustenburg, with the objective of offering training in all aspects of design and manufacture relating to the use and deployment of PGMs, providing ongoing support to SMMEs in the design and manufacture of jewellery as well as attracting and developing SMMEs focused on the industrial and technical application of PGM's. On Friday (12 February), Sibanye Stillwater, who has been working with the TPI for five years, as part of their Social and Labour Plans (SLP) concluded their fruitful partnership by inviting all stakeholders involved to celebrate the successes achieved. Sibanye Stillwater donated a cheque of R1.1 million to the Platinum Incubator to continue with the good work of supporting small businesses succeed. Amongst those in attendance was the MMC for Local Economic Development Ofentse Kombe, the Platinum Incubator Chief Executive Officer, Sibongile Shongwe as well as Sibanye Stillwater Senior Vice President, Stakeholder Relations, Thabisile Phumo. To see a short video of this even please follow this link: <http://bit.ly/sibanyestillwater>.

INCEPTION AND PUBLIC REVIEW NOTICE: RELEASE OF DRAFT BASIC ASSESSMENT REPORT FOR THE SANRAL SOC Ltd UPGRADE OF NATIONAL ROAD R52 SECTION 3 FROM KOSTER (KM 0.0) TO THE N4 TURNOFF NEAR RUSTENBURG (KM 38.7), NORTH WEST PROVINCE (DEFF REF: 2020-11-0022)

Notice is given in terms of Regulation 41 of the Environmental Impact Assessment (EIA) Regulations 2014 (as amended), published under Section 24 of the National Environmental Management Act, 1998 (Act No. 107 of 1998) for the release of the Draft Basic Assessment Report (BAR), Environmental Management Programme (EMPr) and specialist studies for the abovementioned project for public review.

PROPOSED PROJECT: The South African National Roads Agency SOC Ltd. (SANRAL) propose the upgrade of the National Route R52 from Koster (KM 0.0) to the N4 turnoff to Rustenburg (KM 38.7). The project will entail general widening of the existing road, bridges and culverts, as well as two possible road realignments. The total length of the project is 38.7 km of single carriageway road with an existing surfaced width averaging 13.5 m. The carriageway is to be widened to accommodate passing lanes, where required, therefore resulting in a carriageway of 15.4 m surfaced width, inclusive of 3.0 m surfaced shoulders. Included in the project are two river bridges, one road-over-rail Bridge and four major culverts that must be widened to accommodate the road cross section improvement.

In accordance with the EIA regulations, the proposed development will require a Basic Assessment process. The National Department of Environment, Forestry and Fisheries will be the decision making authority for this application (competent authority).

All Interested and Affected Parties (I&APs) are hereby notified of the availability of the Draft BAR, EMPr and specialist reports for public review and comment:

- The draft reports are available electronically on the CES website (<http://www.cesnet.co.za/public-documents>).
- Hardcopies of the executive summaries will be sent via registered post, upon request, to I&APs should they be unable to access the electronic version.

The 30-day review period will run from **15 February 2021 – 17 March 2021**. Kindly submit any comments before 17 March 2021 via email, post, telephone or fax to:

NOTICE OF A BASIC ENVIRONMENTAL IMPACT ASSESSMENT AND WATER USE LICENSE APPLICATION PROCESS

In terms of the National Environmental Management Act, 1998 (Act 107 of 1998) as amended and the Environmental Impact Assessment (EIA) Regulations of 2014 as amended, an application for environmental authorization will be submitted to the North West Department of Economic Development, Environment, Conservation and Tourism (NW DEDECT). Notification is hereby given to all Interested and Affected Parties in terms of Sections 39 to 44 of GNR 982 as amended in GNR 326, that a **Basic Assessment Report** (GNR 983 as amended in GNR 327, Activity 14 for storage and handling of dangerous goods, Activity 27 for the clearance of indigenous vegetation and Activity 28 for development) will be submitted to the competent authority (NW DEDECT) to apply for environmental authorization for the proposed development of bulk storage facilities and filling stations (storage and handling of hydrocarbons) on Portion 135 of the farm Boschhoek 103JQ, Rustenburg Local Municipality, North West Province. A Water Use License Application (WULA) in terms of the National Water Act, 1998 (Act 36 of 1998) will also be submitted to the Department of Water and Sanitation (DWS).

Application: Proposed development of bulk storage facilities and filling stations (storage and handling of hydrocarbons) on Portion 135 of the farm Boschhoek 103JQ, Rustenburg Local Municipality, North West Province.

Locality: Portion 135 of the farm Boschhoek 103JQ, Rustenburg Local Municipality, North West Province.

Applicant: JJJ Swarts

Nature: The proposed development will consist of bulk storage facilities and two filling stations (developed in phases). The filling stations will consist of six underground tanks, each with a volume of 43m³. Two tanks will house 95 octane petrol, two tanks will house 93 octane petrol and two tanks will house Diesel. The combined volume of all six tanks will be no larger than 258m³. Above-ground bulk diesel storage tanks of no more than 100m³ will also be established, bringing the total storage volume to 358m³ upon full development.

The filling station will also include a forecourt with a canopy and fuel pumps, a convenience store with associated parking, underground fuel storage tanks with manholes for delivery and inspection, an emergency assembly point and a parking area for the delivery of fuel and convenience store supplies.

The proposed development site is 1.3933 hectares in extent. This area will be cleared of vegetation and a cement overlay will be established in the area of the filling stations. Since municipal services do not extend to the area, groundwater will be used as a water supply source and therefore a WULA will also be lodged.

To register as an Interested and Affected Party or to obtain further information regarding the project, contact HydroScience on or before 15 May 2021 via fax or email at:

HydroScience
Person: Paulette Jacobs
Tel: 082 850 5482
Fax: 086 692 8820
E-mail: paulette@hydroscience.co.za

Please submit any issues of concern or interest in the matter, in writing, on or before 15 May 2021 by fax or email to the contact person listed above. The draft report will be available for public review 15 April – 15 May 2021 at the Rustenburg Public Library in Heystek Street, Rustenburg, contactable on 014 590 3704 or electronically upon request from HydroScience.

Do not stop for these obstacles

RUSTENBURG HERALD - RUSTENBURG – Motorists using the N4 from Rustenburg to Brits Toll Plaza and R80 Interchanged have been warned to be extra vigilant since criminal activities have recently been reported on these roads.

In one incident, while a motorist was driving from Mahikeng late at night, they noticed that big rocks were placed in the road. One of the vehicle's tyres got damaged. They noticed a car following them and assumed it was potential hijackers or robbers. The

motorist could drive with the damaged tyre until they got to the nearest garage. "I advise motorists not to stop for anything - even if they feel it is a good idea to stop and inspect their vehicle. Rather drive to a place where there are people and where it is safe," said the motorist.

Rustenburg Square Superspar vrot

RUSTENBURG HERALD - RUSTENBURG - Die stad se wetstoepassingseenheid, met die hulp van die Rustenburg Misdaadbekampingsseenheid en distrikbeamptes van Omgewingsgesondheid het die afgelope naweek 'n inspeksie by die Square Superspar gehou - en skokkende ontdekkings gemaak.

Behalwe dat die winkel nie aan Covid-19 regulasies met betrekking tot die hoeveelheid mense wat in die winkel op een stadium mag wees, voldoen het nie, het hulle ook op - onder andere - 'n vuil kombuis afgekom.

“Ons het bevind dat die winkelbestuur nie regulasies nakom wat voorskryf dat alle voorraad netjies en higiënies geberg moet word nie. Ons het ook bevind dat die nodige voorsorgmaatreëls nie getref is om die area waar kos voorberei word, higiënies te hou nie,” het David Magae, munisipale woordvoerder aan Rustenburg Herald gesê. Volgens Magae is daar op 'n groot hoeveelheid voedselprodukte, met verstreke vervaldatums, beslaggelê.

“Dié produkte sal in lyn met omgewingsregulasies verwoes word,” het hy gesê. Die winkel is met R12 000 beboet.

“Die munisipaliteit beplan verdere gereelde inspeksies by winkels in die stad, asook in die omliggende gebiede,” het mnr Magae afgesluit.

Tydens 'n inspeksie by Square Superspar is bevind dat die winkelbestuur nie regulasies nakom wat voorskryf dat alle voorraad netjies en higiënies geberg moet word nie. Daar is ook bevind dat die nodige voorsorgmaatreëls nie getref is om die area waar kos voorberei word, higiënies te hou nie.

The fire is believed to have started in the oven.

HEROES WITHOUT CAPES: Nanny, two kids rescued from potential blaze

RUSTENBURG HERALD - RUSTENBURG - On Tuesday (9 February), METASEC Security officer Lihle Ngcayiya was busy with a patrol inside the security complex where he is posted.

He noticed smoke coming from one of the housing units. Two residents, ladies, informed him that they heard children inside the unit.

The ladies, Keitumetse Pule and Amogelang Pule and Officer Lihle forced open the door of the unit when they realised children were trapped inside. In

the meantime METASEC Control Room were notified. Whilst the assistance of Emergency Services were requested, the officer and the two ladies managed to free the minor children and to extinguish the fire which seems to have started at the oven. Both children and nanny were shocked but in good health.

Tydens die inspeksie is daar op 'n groot hoeveelheid voedselprodukte, met verstreke vervaldatums, beslaggelê.

Huldeblyk aan Frans Heystek

Elsabé Augoustides;

RUSTENBURG HERALD - RUSTENBURG - Kaptein Elsabé Augoustides van die SAPD Rustenburg het die volgende huldeblyk aan Frans Heystek van die Rustenburgse Munisipaliteit opgedra:

“Innige meegevoel aan die familie van mnr Frans Heystek. Ons is verpletter deur die slegte tyding van Frans se afsterwe. Mag God julle vertroos. Deur dik en dun was Frans altyd daar, Nood- en Rampbestuur - ‘n ongeëwenaarde kollega en vriend.

Frans Heystek, Chief of the Rustenburg Municipality's Unit Emergency and Disaster Management has passed away unexpectedly over the weekend. Frans is survived by his wife Henriëtte, one daughter and two grandchildren. Elsabe Augoustides of the SAPD in Rustenburg compiled this tribute to Frans. May he rest in peace.

Your loyalty to your office, SAPS, Public Safety, RLM, Traffic, Emergency Services and many other divisions of our City was just next level.

What a decision maker! What a dynamic strategic planner! What a friend!

I am heartbroken. I will always remember the many Joint Operational Committee meetings and plans we had on the table to collectively address many big disasters. You cared so much about our well-being and assisted wherever you could. Nothing was ever “too much”. Needed information? Frans Heystek was the person to contact.

My friend, I salute you. Rest in peace dear Frans!

Anna Nel van Rustenburg Rusoord is op 16 Januarie 2021 in die ouderdom van, amper 103 jaar, oorlede, sy sou op 15 Februarie 2021, 103 jaar oud geword het (gebore op 15 Februarie 1918). Anna Eleonore Nel het die Groot Depressie van 1929, die Tweede Wêreld oorlog 1939 – 1945 en vele ander geskiedkundige en persoonlike gebeurtenisse beleef. Tannie Anna is in Lydenburg gebore, het daar skoolgegaan en is later met Abraham Nel getrou. Hulle was geseën met 3 pragtige kinders. Tannie Anna en haar man was albei in die onderwys. Sy het in Oktober 2003 na Rusoord verhuis waar sy tot haar afsterwe gewoon het.

Off to the right start

The Department of Social Development's research conducted both in South Africa and internationally indicates that the early years are critical for development.

According to the research, birth up to seven years is a period of rapid physical, mental, emotional, social and moral growth and development.

The early years of a child's life are a time when they acquire concepts, skills and attitudes that lay the foundation for lifelong learning.

These include the acquisition of language, perceptual motor skills required for learning to read and write, basic numeracy concepts and skills, problem-solving skills, a love of learning and the establishment and maintenance of relationships.

This is why choosing the right school for your preschooler is of utmost importance.

According to the Department of Social Development there are certain minimum requirements for a preschool and you can check these for yourself.

Choosing the right school for your preschooler is of utmost importance

Premises of the school

- Are the buildings and equipment clean, safe, weatherproof, spacious and well ventilated?
- Is the premises disability friendly?
- Are the playroom, office and kitchen clearly marked?

Does the school have the following:

- Does the school have a sick bay that can accommodate at least two sick children at a time.
- Is there a kitchen or area for food preparation? Where food is prepared on the premises, there must be an area for preparation, cooking and washing of dishes and bottles.
- Are there suitable facilities for children who are bottle-fed?
- Are there toilet facilities for both the staff and the children, along with clean nappy changing stations, and hand-washing facilities?
- Is the outdoor area fenced with a gate that children cannot open? Children should not be able to leave the premises alone and no strangers should be able to enter the premises without the knowledge of the staff.

Equipment of the school

- Is there ample seating and working surfaces available?
- Are the beds, mattresses or mats for sleeping safe and clean?
- Does every child and staff member have a place to store their personal belongings, clearly marked with their name or surname?
- If they own a sand pit. Is it regularly cleaned and treated every six weeks by wetting the sand with a bleach solution? Is the sand replaced at least once a year?

Health safety and nutrition

- Are the children being fed at the facility? If so is the menu planned by an expert based on the nutritional requirements for the different ages of the children?
- Does the school have information on disability services and treatment the child can access locally?
- Does the school keep up to date medical records of every child, including allergies?
- Are there policies and procedures written down that cover healthcare, cleanliness, hygiene and safety at the school?
- Does the school have an action plan in case of emergencies and is all staff members trained to follow it?
- Are the staff members trained in first aid? A first aid box must be easily accessible to the staff?
- Does the school keep updated accident, medicine and abuse registers?

The learning side of things

- Does the school provide the children with sufficient developmental opportunities and effective programmes to help them to develop their full potential?
- Does the school respect and nurture the diverse culture, spirit, dignity, individuality, language and development of their children?
- Ask what the daily routine is for your child.

Each day should include:

- Physical activities for large and small muscle development;
- Creative activities using different natural and other materials;
- Talking and listening activities with other children and with adults;
- Challenging and exciting activities to develop intellectual abilities;
- Opportunities for imaginative play;
- Opportunities for rest and quiet play.

Once you have asked these questions you will know everything you need to in order to choose the correct school for your child.

Is home schooling the future of education?

Since the Corona virus is going to be with us for many years to come, many parents are really uncomfortable about the traditional way of schooling, despite reported cases declining. They are flirting with the option of home schooling their children than taking them to school, especially in the future. According to educational psychologist Megan Clerk, many parents are uncertain about the health, employment, education and financial futures of their families due to the virus. "Many parents are seeking alternate ways to keep their children close to ensure their physical and emotional wellbeing," she says.

Think carefully

There is a lot to consider if you want to home school your children. As a parent if you go this route, you need to be aware that there are two options. You can either enrol your child at an institution or you can drive the process yourself as a parent. Whatever the case, there are considerations that you have to confront when it comes to home schooling. It is not as simple as it sounds, therefore this decision needs to be well-advised, carefully thought out and well-informed.

It can be hard work

Home schooling may be appealing because it limits the risk of contracting and spreading Covid-19 but it is a huge responsibility that requires time from you. As a working parent, this may place huge pressure on you and needs you to be both physically and psychologically able to take it on. "You'll need to have the time available to fully commit to your child's educational needs. If time is an issue, it's likely to worsen anxiety levels which in most families, is an already-present reality. If you want to maximise your child's emotional, cognitive and academic functioning, you need to ensure you're in the right space," educational psychologist Emma Stewart warns.

The benefits

There are other disadvantages to consider for both you and your child. You'll need to adjust your lifestyle, work hard and confront that participation in extra-curricular activities is not as easy as in the traditional school environment. On the bright side, Megan outlines the general pros of home schooling your child as: Limited exposure to peer pressure, bullying, and competition, which can promote better self-esteem. Your child will be able to learn at their own pace. There's more time to address areas of difficulty

in learning. With no time spent in traffic you'll both get more rest and more time available to engage in learning tasks. Weighing your options. If you want to teach your child at home, you have to apply to the head of your Provincial Education Department to register them for Home Education and to ensure that the lessons fall within the scope of the correct phase of education which can be found on the Department of Basic Education's website www.education.gov.za.

You also need to keep the following records

- Record of attendance.
- Portfolio of your child's work
- Up-to-date records of your child's progress.
- Portfolio of the educational support given to your child.
- Evidence of the continuous assessment of your child's work.
- Evidence of the assessment and/or examination at the end of each year
- Evidence at the end of grades 3, 6 and 9 that shows whether your child has achieved the outcomes for these grades.

Top tips for parents to help them assist their children with schoolwork

With South Africa in lockdown and parents having to take responsibility for their children's schoolwork, Ponnice Moodley, director of Nkowa Education, takes a look at how parents can help their children stay on top of their schoolwork.

Begin with goal setting

- Formulate a to-do list.
- Include school assignments and home management issues and chores.
- Having a general family and individual lists will ensure everyone contributes to keeping your home organised.
- Prioritise tasks from most important to least important.

Formulate a self-discipline plan

- Aim to make your child self-disciplined where they take charge of their own education.
- Help your child to be intrinsically motivated by encouraging and praising them.
 - List the maximum of five realistic expectations and have them posted on a wall for constant referral.
 - Discuss incentives and rewards that are awarded at the end of the week as opposed to on a daily basis.
 - Make it visual and fun for young children, in order for them to be motivated and inspired.

Address the needs of the whole child

- The physical, psychological, emotional, social and cultural development will impact the academic development of a child.
- Establish a sense of community and be aware of cultural nuances, accents and body language.
 - Giving clear boundaries, including what are acceptable and unacceptable behaviour, will set the tone for family life.
 - Model positive verbal and non-verbal behaviour, as children mirror adults' mannerisms.
 - Celebrate diversity and complement the different learning styles and characteristics

- with appropriate activities.
- Incorporate different pathways to learning, integrate individual talents and challenge our children.

Develop good work ethic

- Instilling good work ethic is the most important indicator of career success and future excellence.
- Try to stick to your daily schedule as much as possible.
 - Practise punctuality and cultivate the need for self-discipline, integrity and good values.
 - Avoid distractions like social media and checking emails, instead reserve those for designated times and during breaks.
 - Be task- and not time-oriented, while also managing your time wisely.
 - Take responsibility for your words and actions as these can have reversible consequences.
 - Be prepared to receive back from others and always spend time on self-reflection.
 - Stay balanced by getting enough sleep, exercise, relaxation and following a good diet.

Set up an ideal study space

Have a designated area for your child to study as it brings an academic atmosphere into your home.

Master the basics skills

- Before venturing onto more complex concepts, it is very important that children master the required basic skills first.
- Simple Mental Maths that target single digit addition, subtraction, multiplication and division will help build the necessary foundation.
 - Reading aloud and to each other will help children enunciate, use a variety of tones and know when to pause.

Kathato removing the chicken breasts from the oven.

In these dark times of Covid-19 it is quite appropriate that the usually “romantic” month of February has been dedicated to “Frontline Workers Month” (against Covid-19) this year.

Kathato Seepe is a 15-year-old learner from Bergsig Academy whose mother is a psychologist and who regularly surprises mom and the family on a delicious meal when she comes home tired from a long day at the office. Kathato is also an aspiring

young model of a local modelling academy and is quite used to cameras. So this week - Kathato's Parmesan Crusted Lemon Pepper chicken with Pasta Salad

Chicken with salad

Pasta Salad (6 servings)
(Please note that 1 pound is 16 oz/ 1 pound is 0.454 kg).

Ingredients:
500g tri-colored spiral pasta
6 tablespoons salad seasoning mix
1 bottle Italian-style salad dressing
2 cups cherry tomatoes, diced
1 green bell pepper, chopped
1 red bell pepper, diced
½ yellow bell pepper, chopped
1 can black olives, chopped

Directions:
In a large pot of salted boiling water, cook pasta until al dente, rinse under cold water and drain. Whisk together the salad spice mix and Italian dressing. In a salad bowl, combine the pasta, cherry tomatoes, bell peppers and olives. Pour dressing over salad; toss and refrigerate overnight.

Parmesan-Crusted Lemon-Pepper Chicken (serves 4)

Ingredients:
4 skinless, boneless chicken breast halves
3 tablespoons butter, melted
2 tablespoons lemon juice
1 clove garlic, minced
¼ teaspoon salt
¼ teaspoon ground black pepper
½ cup plain dry bread crumbs
½ cup grated Parmesan cheese
1 tablespoon dried parsley
½ teaspoon dried basil

Directions:
Preheat the oven to 175°C. Grease a suitable baking pan. Place chicken breasts on a flat work surface. Slice horizontally through the thickest part of the breasts, being careful not to cut all the way through to the other side. Open the two sides and spread them out like an open book. Combine butter, lemon juice, garlic, salt, and pepper in a shallow dish. Combine bread crumbs, Parmesan cheese, parsley and basil in another dish. Dip chicken in butter mixture then coat in Parmesan-crumbs mixture. Place into the prepared baking pan. Bake in the preheated oven until chicken breasts are no longer pink and juices run clear, 25 to 30 minutes.

“This is my signature dish for my mother. She is a psychologist at Platinum Health Medical Centre and they have been working so hard due to COVID-19. The dish is very easy to make and doesn't take a lot of time. Also, it always brings a smile to my mother's face, which makes it always worth it” says Kathato.

All the ingredients you will need for your pasta.

The bowl of pasta after all the ingredients were added.

Make sure you add the Italian pasta dressing, mix well and refrigerate overnight.

Mix your pasta well with all the ingredients, then add pasta, salad dressing and refrigerate overnight before use.

A dish fit for a king – or your very hungry family!

Zondo-kommissie - ‘n toets vir Suid-Afrika se politieke doodloopstraat

Die stryd tussen adjunkhoofregter Raymond Zondo - voorsitter van die Zondo-kommissie oor Staatskaping en Jacob Zuma, voormalige president van Suid-Afrika en die ANC en die hoofargitek van sogenaamde “radikale ekonomiese tranformasie” of staatskaping soos dit later geblyk het ontbloot te word, het in die voorafgaande weke veel meer as ‘n hewige meningsverskil tussen twee mense geword. Die Zondo-kommissie se jongste reeks “konfrontasies” met Zuma oor sy volstrekte weiering om voor die kommissie te getuig en hom daaraan te onderwerp, het sommer van meet af vanjaar in felheid toegeneem en het al die potensiaal om vir nog baie lank as ‘n waterskeidingsaak onthou te word.

Baie is al oor die Zondo-kommissie geskryf en gesê en na dese, indien dit nog vanjaar of binnekort sou gebeur, sal alle Suid-Afrikanners met “nuwe oë” na die werksaamhede, die profiel, die erns en die implikasies van die kommissie kyk. Die Zondo/Zuma-stryd het inderdaad al die kwaliteite om vir Suid-Afrikanners en die res van die wêreld die volle waarheid te wys oor wat in die hedendaagse Suid-Afrika onder aanvoering van die ANC die Status Quo is en waaraan die kommissie, die gereg, die gelykheid van alle mense voor die reg, die onaantasbaarheid van die gereg en die regte van die individu gemeet gaan word.

Die kwessies waaroor daar al dekades lank in Suid-Afrika gespekuleer word en wat die gebeure van die volgende klompie weke

hopelik sonder enige twyfel gaan opklaar, is:

Het die Zondo-kommissie inderdaad tande - maw die bevoegdheid en die mag om daadwerklik teen enige individue wat die reg vertrap, op te tree?;

Is dit waar dat alle mense ongeag agtergrond of politieke affiliasie voor die gereg gelyk is?

Is dit geoorloof om te sê dat party mense meer gelyk is as ander?

Het die regstelsel in Suid-Afrika, veral in hoë-profielsake wat politici en hooggeplaasdes betref, ‘n klugspel geword?

Nou is die vraag: In die lig van die stryd tussen Zondo en Zuma wat nou op die spits gedryf gaan word, sal die ANC se sogenaamde top ses toelaat dat Zuma sonder aansien des persoons met die volle mag van die gereg gekonfronteer gaan word of kan daar verwag word dat die politieke leierskap gaan ingryp en homself en talle van sy lede groot verleentheid spaar wat andersins die integriteit van Suid-Afrika se demokrasie in gedrang kon bring?

Nog ‘n vraag wat dalk binnekort beantwoord mag word, is watter “geheime” (indien enige) Jacob Zuma met betrekking tot ander hoë-profiel individue moontlik kan openbaar indien hy daartoe gedwing sou word - iets wat ‘n totale nuwe dimensie aan Suid-Afrika se politieke toneel kan bewerkstellig. Suid-Afrika en die wêreld wag in spanning en afwagting...

Zondo Commission - a test for South Africa’s political cul-de-sac

The battle between Deputy Chief Justice Raymond Zondo - Chairperson of the Zondo Commission on State Capture and Jacob Zuma, former President of South Africa and the ANC and chief architect of the so-called “radical economic transformation” or state capture as it was later exposed to be, evolved into considerably more than a serious difference of opinion between two individuals.

The Zondo Commission’s recent series of confrontations with Jacob Zuma based on his outright refusal to appear before the commission and to subject himself to its powers, reached new levels from the onset of the new year and indeed have all the qualities to become a groundbreaking precedent.

Much has been written and said on the Zondo Commission to date and very soon, if this indeed happens this year, South Africans could look at the commission’s activities, profile, seriousness and implications with new insight. The Zondo/Zuma battle has all the qualities to demonstrate to South Africans and the world the Status Quo of a modern, democratic South Africa with the ANC at the helm. The outcome of this will be the yardstick against which the activities of the commission, its inviolability, equality before

the law, equality of all people regardless of background of political affiliation and the rights of the individual will be measured.

The issues debated on for decades in South Africa which might soon be consolidated, are:

Does the Zondo Commission indeed have teeth - the power to act against individuals who disobey the law?

Is it true that all people are equal before the law?

Is it true that some people are “more equal” than others?

Has the judiciary in South Africa, especially with regard to high-profile cases involving politicians or high-ranking officials, become a farce?

Now, the question remains, will the ANC’s so-called Top Six, allow the Zondo Commission to act with all its power and might against someone who just might cause irreparable damage to the integrity of very senior individuals within government, possible even the President of the country? The issue of so-called secrets that Zuma repeatedly claimed to have had on some of these individuals, could of course also change the course of events in this country. South Africa and the rest of the world are waiting with the greatest of anticipation...

Afrikaans.com vier Internasionale Moedertaaldag en moedertaalonderrig

RUSTENBURG HERALD - RUSTENBURG - Februarie is die maand waarin Internasionale Moedertaaldag op 21 Februarie gevier word. Vanjaar gaan Afrikaans.com soos altyd die kollig op die belangrikheid van moedertaalonderrig plaas.

Afrikaans.com se leerhulpafdeling is van onskatbare waarde en bied interessante artikels, ou vraestelle, gratis hulpmiddele en meer. En ... dis alles gratis! Gaan kyk gerus hier <https://afrikaans.com/leerhulp/>.

Bewys jou kind ‘n guns en dring aan op moedertaalonderrig: 21 Februarie is om die draai. Die spesiale dag wanneer Internasionale Moedertaaldag gevier word. ‘n Dag wat deur Unesco (die Verenigde Nasies se Opvoedkundige, Wetenskaplike en Kulturele organisasie) ingestel is met die doel om bewustheid te skep oor die belangrikheid van moedertaalonderrig, veeltaligheid en die bewaring van kultuur en erfenis.

“Ons weet mos reeds hoe belangrik moedertaalonderrig is as ‘n mens sukses wil behaal. Trouens, die meeste van ons kan waarskynlik ‘n hele paar feite opnoem oor hoekom jy nie anders kan as om jou kind in sy moedertaal te laat leer nie. Soos dat moedertaalonderrig bydra tot leersukses; jou in staat stel om sinvol te kommunikeer; dit jou reg is om in jou moedertaal te leer; die bewys is dat ‘n goeie grondslag in jou moedertaal nodig is om jou potensiaal te ontsluit; dit lei tot meertaligheid omdat jy ander tale soos Engels soveel makliker aanleer as jy eers in jou moedertaal leer lees en skryf het; ingewikkelde konsepte (dink hier aan wiskunde en wetenskap) makliker begryp kan word as jy dit eers in jou moedertaal baasgeraak het; die kreatiwiteit aanwakker en probleemoplossing ondersteun – juis omdat dit die taal is waarin jy jouself die beste kan uitdruk. Hou ook in gedagte: In van die mees suksesvolle en welvarende lande in die wêreld word daar op moedertaalonderrig aangedring en word daar nie eers oor gedebatteer nie”.

Afrikaans.com nooi jou uit om saam te skryf aan die toekoms van Afrikaans, maar veral ook aan die toekoms van moedertaalonderrig. Lees meer: Vir meer oor moedertaalonderrig, asook die 10 belangrikste vrae en antwoorde, klik hier <http://afrikaans.com/leerhulp/moedertaalonderrig/>.

Matric Photo Competition: Get voting!

RUSTENBURG HERALD - RUSTENBURG - Entries for the matric farewell photo competition have closed and our readers are very busy voting for their favourites.

If you want to have your say as to who should walk away with the prize money, this is how you vote: Firstly visit our Facebook page and have a look at all the entries. Then you like the album and then like the photos you fancy.

Next you visit our website and vote for your favourites there as well and then you either fill in a ballot form printed in the newspaper and hand it in at our offices, or you complete a digital ballot form (at a cost of R5 per ballot form) and send it electronically. As in the past, it is extremely important to use all the platforms to vote for your favourite, because the winner is determined by a balance between the votes of each platform.

Voting closes at midnight on Sunday (28 February) and the winner will be announced in the first Herald of March.

Concern over state of the graveyard

The editor

I visited the local cemetery over the weekend with friends and was totally disgusted with the conditions.

We spent almost an hour trying to find the gravesite because of the long grass, it is more than a meter high in some places. Luckily we had tools in the vehicle to cut the grass around the grave to enable us to put flowers on the grave.

Other people gave up after three hours of searching.

People pay large sums of money to lay their loved ones to rest and this is the way the property is maintained. can something be done about this.

Concerned resident

Dankie vir laaste eerbetoon

Die redakteur,

Ek wil in besonder dankie sê aan Marius van die Mac’s Bikers Klub wat spesiaal ‘n laaste eerbetoon op Saterdag 13 Februarie 2021 aan my man, Johan Erasmus, kom doen het. Sonder enige vrae of dat ons aan hulle klub behoort het.

Dit is ‘n teken van goedhartigheid en dit word opreg waardeer.

Baie dankie, Tania, Anita, Ruaan.

RUSTENBURG HERALD - RUSTENBURG - The Buffelspoort Dam Canoe & Kayaking Club provides opportunities for those who enjoy sport and water, to learn how to canoe, in a racing kayak.

Canoeing goes forward (rowing goes backwards), and canoes/kayaks race down rivers, in white water and aim to do long distance rivers around South Africa ie Fish River Canoe Marathon 80kms in Cradock annually, the internationally recognised worlds toughest canoe endurance marathon - The Dusi takes place between Pietermaritzburg and Durban annually - and many others.

The group of paddlers mastering basic skills at the Buffelspoort Dam, are “country members” of the Florida Lake Canoe Club in Johannesburg, in order to be affiliated to the Gauteng Canoe Union as well as Canoeing South Africa, to enable them to participate in official races, gain river proficiency certification which includes safety training, and earn qualifying river race points to achieve A grade status, when they can do A grade river races and have lots of fun on the way to gaining this status!

For information and to get started please contact Waldig Strauss on 082 052 8541 at the Buffelspoort Dam or for further details please contact Jennie Dallas, Gauteng Canoe Union Safety Officer/Manager at Florida Lake Canoe Club on 082 857 8571.

**PHYSICS + MATHS
= MINING ENGINEERING.
IT’S A GLENCORE STORY.**

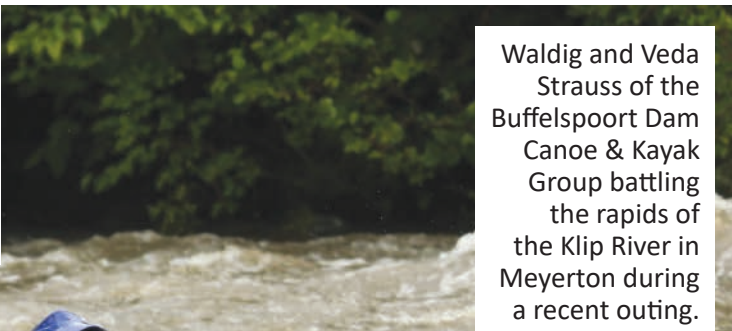

When Katlego Molete received over 90% for his matric physics and maths in his small village near Lichtenburg, he knew he wanted to study Mining Engineering. Awarded a Glencore bursary, his final year of study is fully funded, with extensive support and follow-up from the company. Although Covid-19 has interrupted his vacation work plans, he is still hoping to spend some time at Glencore’s Alloys operations in December and January. When he starts working full-time, he wants to begin in production, and hopes to be a Mine Manager one day, and ultimately, run his own mining consultancy. Katlego’s story is part of what we mean at Glencore by progress, together.

Local lad shines brightly

RUSTENBURG HERALD - RUSTENBURG - Local lad, Nathan Sinclair (12) participated in the GXCC race the past weekend.

Sinclair was participating in the 85cc Junior class for regionals on Saturday (13 February). Young Nathan managed to finish fourth in his class out of 21 competitors - despite having a fall on lap 3! The race was consisting out of a route of 12km per lap. They were given two hours to complete as many laps as possible before the checked flag came up. Nathan managed to complete seven laps in the two hours.

Canoe paddlers not stranded by lockdown

RUSTENBURG HERALD - MEYERTON - Gauteng Canoe Union races were cancelled with the more restricted lockdown rules early in January, depriving paddlers of the opportunity to earn points for river races which is a qualifying criteria required to participate in A grade river races such as the upcoming My Life Dusi Canoe Marathon of which the date was changed from end February to end March to enable the race to take place.

Numerous paddlers therefore also have not been able to gain practice and master the rapids during the high rainfall period where the river rapids are much bigger requiring more confidence.

Gauteng Canoe Union hosted an official trip (down the river) instead of an official race on Sunday, 7 February, on the Klip River in Meyerton which is pumping with big water currently with the heavy rainfalls of late.

A number of paddlers from the Buffelspoort Dam Canoe & Kayak group based in Rustenburg also tested their new river skills at this opportunity while some previously active river paddlers also dipped their toes back into the

excitement of river racing. No actual race times were recorded, however the list of names of those paddlers who completed the 20 km section in high water, had their qualifying criteria updated for a point on the Canoeing South Africa system!

For more information on paddling on dams or rivers, contact the Buffelspoort Dam Kayak group: Waldig Strauss on 082 052 8541 or Deon Kearn on 072 585 1240 or alternatively the Gauteng Canoe Union - Jennie Dallas on 082 857 8571. Keep watching Rustenburg Herald for more interesting news on activities during the new season!

PHYSICS + MATHS = MINING ENGINEERING. IT'S A GLENCORE STORY.

When Katlego Molete received over 90% for his matric physics and maths in his small village near Lichtenburg, he knew he wanted to study Mining Engineering. Awarded a Glencore bursary, his final year of study is fully funded, with extensive support and follow-up from the company. Although Covid-19 has interrupted his vacation work plans, he is still hoping to spend some time at Glencore's Alloys operations in December and January. When he starts working full-time, he wants to begin in production, and hopes to be a Mine Manager one day, and ultimately, run his own mining consultancy. Katlego's story is part of what we mean at Glencore by progress, together.
