Memorial wall for Baba Saloojee

RUSTENBURG HERALD - RUSTENBURG - Last year Rustenburg lost one of the greatest community members, Forouk Hanief Saloojee, well known as Baba Saloojee.

He passed away on 4 August 2020 and many might remember him as one of those community members who never shied away from voicing out their opinions on irregularities or unfairness in the community of Rustenburg. Amongst other great things he has done for the community of Rustenburg he will be remembered most as a business man, mentor, father figure and a community leader as well as for the contributions he has made in the development of sport, civic organizations as well as religious institutions. Paint Centre has made a memorial wall in which they highlight the important contributions that Baba Saloojee did for the community of Rustenburg.

In what has been described the best colourful traditional wedding to take place in Mabeskraal, just outside of Rustenburg. Friends, families and colleagues gathered recently to support Kealeboga Mafokosi and Katlego Mafokosi when they vowed that they will be together through sickness and health and for better or worse.

They made the decision to commit to one another and to spend the rest of their lives together. (Photo: Philly Motswabang).

New proposed minimum wage to aid farmworkers, domestic workers

RUSTENBURG HERALD - RUSTENBURG - The new proposed national minimum wage will seek to bring the lowest paid workers, farm workers as well as domestic workers, into line with that of other workers.

According to the latest information, if the proposal is approved, the national minimum wage will increase by 4.5%. For farm workers, the minimum wage will increase by 16.1% and that of domestic

workers will get a 20.65% increase. There was little evidence that the initial minimum wage played any negative impact on job losses in South Africa, according to information.

RUSTENBURG HERALD SWARTRUGGENS - Die polisie is op soek na drie mans wat glo 'n egpaar op hul plaas in die Swartruggensomgewing oorval het.

Die drie het blykbaar omstreeks 05:00 Maandagoggend (26 Januarie) die egpaar, Bobby en Elmarie Burger, in hul woning oorval en aangerand. Volgens Noordwes Polisiewoorvoerder, kapt Sam Tshelenyane, het die verdagtes die huis omgekeer en twee vuurwapens 'n geweer en 'n haelgeweer - gesteel. Die verdagtes het daarna in die Burgers se silver 1600 GLE Toyota Corolla, registrasienommer FTW 027 NW gevlug. Elmarie het toe daarin geslaag om na 'n naburige plaas te loop om hulp te ontbied. Die polisie, asook nooddienste is ontbied en die egpaar is na 'n hospitaal afgevoer waar hul behandeling ontvang het. Hulle is intussen ontslaan en sterk by hul seun aan.

Volgens kapt Tshelenyane kon dit nog nie bepaal word of die voertuig en vuurwapens die enigste items is wat tydens die voorval gesteel is nie.

Scam alert to small business owners

RUSTENBURG HERALD - RUSTENBURG - The Department of Small Business Development (DSBD) has warned Small, Medium and Micro Enterprises (SMMEs) and Co-operatives against sending proposals and paying administration fees for the preapproval of funds to agencies.

"The DSBD warns SMMEs and Cooperatives against such fraudulent agencies purporting to be entities or representatives of the department," the department said.

The department said cyber criminals use national crises and emergencies such as the current COVID-19 pandemic to prey on unsuspecting victims.

"Their modus operandi includes identity theft and pretending, through fake emails, to be representatives of government departments and agencies. The department wishes to remind the public that all funding application processes are on its official websites," the department said.

The department has advised the small business sector not to utilise social media platforms to accept any applications.

Access to services for SMMEs and Cooperatives is free. Any SMME or Cooperative who receives such a request must immediately report the incident to our DSBD Hotline 086 677 7867 or send an e-mail to info@dsbd.gov.za.

Valid information on the sector can be found on www.dsbd.gov.za; www.sefa.org.za; www. seda.org.za; or www.mybindu.org.za.

SMMEs and Co-operatives are encouraged to register their businesses on www.smmesa. gov.za and funding applications can be done at www.eservices.gov.za.

Eskoms cautions customers during severe storms

RUSTENBURG HERALD - RUSTENBURG - With most of the parts in South Africa experiencing rains, Eskom has cautioned the public of the higher risk of coming into contact with electricity during heavy rains.

Eskom is advising all South Africans to be cautious of overhead power cables that are damaged, collapsed or low-hanging as a result of stormy weather conditions, vandalism and illegal connections.

Illegally connected cables lack safety features such as protective insulation- they sometimes spark and are not always suspended at a safe height above ground level, making it possible for children, the general public and animals to make contact with them with serious consequences.

"At Eskom, one of our main areas of focus is electricity safety. Severe wind and rain storms can cause damage on electrical infrastructure, but our collaborative efforts with disaster management centres will ensure that damage is fixed as soon as possible and people are not in harm's way," said Miranda Moahlhodi, Senior Manager for Occupational Health and Safety at Eskom.

School assistants promised their stipends

RUSTENBURG HERALD - RUSTENBURG - There has been a lot of concern regarding education assistants and general school assistants who have been waiting since last year December to get their stipends.

In a statement issued recently, the Department of Basic Education said it was working with Provincial Education Departments (PEDs) to ensure that all qualifying education assistants and general school assistants, who were employed in December and have submitted all the required documents, are paid this month.

The department said some PEDs experienced challenges in processing the December stipends due, in part, to incomplete paperwork submitted (in some instances), which had to be returned to the affected schools for rectification.

"This took place at a time when schools were busy dealing with the administration of the end-of-year examinations, and preparations for the 2021 academic year, including finalizing work related to 2021 post provisioning," the department said.

The Presidential Employment Stimulus is an initiative that seeks to address youth unemployment, while simultaneously addressing the devastation of COVID-19 on households.

The department said 22 526 jobs have been saved and PEDs are adjudicating more applications to support saving more posts.

Municipal Valuation Roll: Have your say..

Waldie Volschenk

RUSTENBURG HERALD - RUSTENBURG - Rustenburg Property owners who have been painfully aware of the implications of a quite dramatic increase in the valuation of their properties in the latest edition of the Rustenburg Municipal Valuation Roll which seems unavoidable, have just over a week to wait before the first steps could be taken in an effort to rectify the situation.

The new Rustenburg Municipal Valuation Roll was availed to the Rustenburg public just over a month before the year-end last year. It is only now that the first action can be taken in a process of re-evaluation and

objecting to the roll for those who feel that the valuation of their property is not market related.

What the way forward now entails is that the new Valuation Roll will only be officially

to rise even more dramatically.

The reality however, is that valuations are likely to increase every year with the conclusion of the Rustenburg Municipal Budget due to inflation. However, many property owners, estate agents and evaluators have expressed their extreme concern on the issue - in many cases the value of many properties on the new valuation roll have risen by 100% - some even as much as 400% which is in sharp contrast with the "real" value of properties in current (or late) market conditions. Experts

are unanimous that the property market in Rustenburg and across the country has shown a sharp decline over the past five to seven years.

The only recourse for property owners is to lodge an official objection which will be considered by the municipality. According to legislation on the matter, the community will not be able to object against the valuation roll collectively. The process entails for each and every objection to be accompanied by an alternative property evaluation by a recognised evaluator and could also include legal expenses depending on individual cases. Nonetheless,

once certified the Roll will be availed to the Rustenburg community at several venues such as community centres and libraries for a period of 90 days before the roll is implemented in terms of the Rustenburg Municipal annual Budget. Keep watching Rustenburg Herald for all the latest on the issue. In meantime, more information is available on the municipal website www.rustenburg.gov. za and from Busisiwe Faku at bfaku@ rustenburg.gov.za

Grootouers weer in hof oor kleinkinders

RUSTENBURG HERALD - RUSTENBURG - Die ouma en oupa wat sowat 'n jaar gelede in hegtenis geneem is op klagte dat hul versuim het om die polisie in kennis te stel dat hul twee kleinkinders na bewering deur hul pa verkrag is, is in Februarie terug in die beskuldigdebank.

Die ouma het in 2019 'n klag by die polisie gaan lê waarin sy beweer het dat haar skoonseun sy twee kinders - toe onderskeidelik agt -en tienjaar oud verkrag en seksueel gemolesteer het. Die 43-jarige man is daarna in hegtenis geneem en het verskeie kere in die hof verskyn. Tydens die polisie se ondersoek het dit egter aan die lig gekom dat die ouma en oupa al sedert 2013 bewus was daarvan dat hul skoonseun onbehoorlike

RUSTENBURG HERALD - RUSTENBURG - Sphamandla Mazibuko, die 31-jarige man wat vroeg in Desember 2020 aangekeer is vir die moord op 'n 10-jarige seun, was dié week weer in die hof.

Mazibuko is op 7 Desember in hegtenis geneem nadat hy verbind is met die verdwyning van Gomoloemo Thabetia.

Rustenburg Herald het verlede jaar berig dat Gomoloemo op 6 Desember in Modderfontein, naby Kroondal verdwyn het nadat hy en sy agtjarige boetie na 'n snoepwinkel geloop het. Die boetie het tuis gekom en hul ma ingelig dat Gomoloemo saam met Mazibuko na sy woonplek toe is.

Toe Gomoloemo nie huis toe kom nie, het sy ma hom as vermis aangemeld. Polisie het onmiddellik na die seuntjie begin soek, maar sonder sukses. Mazibuko is die volgende dag ingeneem vir ondervraging, maar het aanvanklik ontken dat hy enigsins iets met Gomoloemo se verdwyning te doene het. Hy is egter op 8 Desember formeel in hegtenis geneem. Hy het later daardie dag 'n bekentenis gemaak en ook vir speurders gaan wys waar hy die kind in 'n vlak graf in digte bosse naby die N4 begrawe het.

Volgens polisiewoordvoerder, kapt Elsabé Augoustides, het Mazibuko Maandag (25 Januarie) weer in die hof verskyn. Hy het nie borg ontvang nie en die saak is tot 11 Februarie uitgestel.

Alleged robber fatally shot

RUSTENBURG HERALD - RUSTENBURG - A robbery that unfolded in the Rustenburg Central Business District on Friday morning (22 January) has left one suspect dead and another injured after the man they were trying to rob opened fire.

According to Capt Elsabé Augoustides, Rustenburg police spokesperson, the 49-year-old victim was approached by three robbers at the back of the Rustenburg Post Office in Loop Street in the CBD. She said the victim had just collected post and when he was about to get into his vehicle, the three suspects pulled him out and wrestled him to the ground and held a knife against his neck. They robbed him of his I-Phone and R400 cash. Four murdered in Mamba Masimong Section, Mooinooi

RUSTENBURG HERALD - MOOINOOI - Four men have allegedly been killed over the past weekend in the policing area of Mooinooi.

According to information received from provincial police spokesperson, Brigadier Sabata Mokgwabone, in the first incident it is alleged the police were summoned to a scene in Mamba Masimong Section, Mooinooi at about 21:45 on Sunday (24 January). Upon arrival, they found the body of 31-year-old Molapi Phiri with multiple stab wounds. According to reports, Phiri was allegedly overpowered by unknown suspects outside his house and was stabbed to death. A case of murder is being investigated by the police but no arrests have been made yet. In a separate incident, still in Mamba Section, police were summoned to a second scene at about 23:55 and found three unidentified lifeless bodies with multiple stab and burn wounds outside a shack which was on fire.

No one has been arrested according to the police and the motive of the incident is yet to be determined. Prior to these alleged murders, three house robberies were allegedly committed between Friday (22 January) and Saturday (23 January), in Mamba Masimong Section.

Ivermektien, of nie?

RUSTENBURG HERALD - RUSTENBURG - Wanneer mense vreesbevange raak oor 'n siektetoestand wat hulle nie ken nie, begin hul soek na 'n wonderkuur.

Sedert die begin van die Covid-19 pandemie, is verskeie middels al geroem as só 'n wondermiddel. Die gevaar is egter dat die langtermyn uitwerking nie getoets is nie en dat dit dalk, op die ou einde meer skade

kan doen as goed. En al toon só middel op sy eie dalk moontlike goeie resultate, wanneer dit in kombinasie met ander middels in jou liggaam op eindig, kan dit nadelig, selfs dodelik, wees. Dr Salim Abdool Karim, Suid-Afrikaanse epidemoloog en oordraagbare siekte spesialis, het in 'n praatjie op Jacaranda FM Woensdagoggend (27 Januarie) gewaarsku dat die gebruik van middels wat nie behoorlik getoets is nie, uiters gevaarlik is. Die middel wat tans as wonderkuur vir Covid voorgehou word, is die dieregesondheidsmiddel, Ivermektien. Dié middel word al jare deur mense aebruik vir 'n verskeidenheid infeksies. Maar is dit 'n middel wat effektief gebruik kan word om Covid-19 te voorkom, of the behandel? Izak du Plessis van Nuuspod het met 'n spesialis parasitoloog en veearts, dr Flip van Schalkwyk gesels oor die gebruik van die, nou omstrede middel. Farmers urged to vaccinate livestock

RUSTENBURG HERALD - RUSTENBURG - The Department of Agriculture, Land Reform and Rural Development has reminded owners of cattle, sheep and goats to vaccinate their animals against Rift Valley Fever (RVF).

The department warned that the recent good rainfall in certain areas of the country will result in an increase

in the numbers of mosquitoes that transmit this disease. RVF is a serious viral disease that is spread through mosquitoes. It causes abortions and death in young cattle, sheep and goats. People coming into contact with the blood and other body fluids of infected animals can also develop RVF. "Farmers are therefore advised to vaccinate all cattle, sheep and goats against Rift Valley Fever. Live vaccine (OBP Live) can only be used in nonpregnant animals, to as the live vaccine can cause abortions. "Only dead/inactivated (OBP) vaccine must be used in pregnant animals. It is the responsibility of the animal owners to vaccinate their animals and prevent loss," the department said. Any suspicion of RVF must be reported immediately to the nearest State veterinarian.

Concerns over employer-relief scheme

RUSTENBURG HERALD- RUSTENBURG- The Democratic Alliance is concerned about the decision by the Unemployment Insurance Fund took not to extend the Temporary Employer-Relief Scheme.

"Reports that the Unemployment Insurance Fund (UIF) has decided not to extend the Temporary Employer-Employee Relief (Ters) scheme will come as a severe blow to cash-strapped workers in sectors of the economy hobbled by the adjusted level 3 lockdown. This is especially true for the tourism, hospitality and liquor industries

The UIF's about-turn on the extension, after weeks of seemingly positive talks at Nedlac, is apparently informed by a report compiled by the Fund's actuaries. The DA maintains that for as long as the government prevents people from participating in the economy, it has a duty to mitigate the devastating economic impact with financial assistance. It is a matter of principle. The ANC claims to be a social democratic party, but it is all too ready to abandon the principles upon which functional social democracies rest.

In recent days, some UIF officials have suggested that employees affected by the current lockdown could apply for ordinary UIF benefits, which would be paid out subject to the individual worker's available UIF credits. This is a bad idea. It risks prematurely depleting

workers' credits and leaving them high-and-dry in the event of retrenchment. It also means that the minimum payment made under the Ters scheme would no longer be applicable.

So far, the UIF had disbursed roughly R56 billion in Ters benefits for the period from the end of March to 15 October 2020. We know there is still money in the UIF pot. A written reply to a DA parliamentary question last year indicated that the UIF was sitting on a total investment portfolio of R114 billion as at 31 March, with R60 billion in liquid assets and R54 billion in illiquid assets. By most accounts, it would cost between R2 billion and R3 billion per month to extended the Ters scheme under the current lockdown restrictions.

The UIF's funds belong not to the government, but to the employers and employees who have contributed them. The UIF needs to be open and transparent about its reasons for not extending the Ters scheme. And it must come with a viable proposal to support desperate workers. That is why the DA is asking for the UIF to account to Parliament post-haste.," the statement concluded.

Eloise gee Rustenburg koue skouer

RUSTENBURG HERALD - RUSTENBURG - Terwyl groot dele van die land - veral in noordoostelike streke en Gauteng - die afgelope nagenoeg vyf dae weens 'n onophoudelike stortvloed van reën weens sikloon Eloise deurgeloop het, het die Rustenburg-omgewing in die oostelike dele van Noordwes maar betreklike droëbek daarvan afgekom. Hoewel swaar reën vir amper 'n week deur die SA Weerdiens vir die oostelike dele van Noordwes voorspel is, het die Rustenburg-omgewing maar 'n uiters teleurstellende 11.2 mm tydens sikloon Eloise ontvang. Vir die oorblywende gedeelte van Januarie 2021, was die syfer darem nie heeltemal so teleurstellend nie en vir die hele maand tot en met Dinsdagmiddag (26 Januarie) is altesaam 106.4 mm gemeet. Charlie Graham, Rustenburg Herald se nou-reeds bekende weerprofeet het gesê dat veel meer reën oor die algemeen in Noordwes verwag is, maar dat die oes uiteindelik maar teleurstellend was. "Ons moet maar hoop vir 'n beter maand met Februarie wat feitlik op hande is. Kanse is nog uitstekend dat ons baie goeie neerslae vir Februarie, Maart en April kan ontvang. Die 2020/21 is duidelik 'n aansienlike beter jaar as 2019/20 wat reën betref. Intussen is baie goeie reën veral tydens die laaste gedeelte van die feesseisoen in verskeie droogtegeteisterde dele van die land soos Beaufort-Wes aangeteken wat hopelik vir daardie swaarkryboere 'n bietjie verligting kan bring

Nog reën word vir die res van die week oor groot dele van die land verwag.

Repo rate remains unchanged

RUSTENBURG HERALD- RUSTENBURG- The Monetarv Policy Committee has decided to keep the repo rate unchanged at 3.5% per annum, Reserve Bank Governor, Lesetja Kganyago, has announced.

He said the Gross Domestic Product (GDP) is now expected to grow by 3.6% in 2021 and by 2.4% in 2022; GDP growth of 2.5% is expected in 2023.

Kganyago said the meeting of the MPC took place at a time when the second wave of COVID-19 infections had peaked in South Africa and in many other countries.

"It is expected that these waves of infection will continue until vaccine distribution is widespread and populations develop sufficient immunity to curb virus transmission. Although the virus will continue in new waves, the rollout of vaccines is expected to boost global growth prospects generally. We have therefore revised global growth for 2021 higher." The International Monetary Fund (IMF) had forecast global GDP to have contracted by about 4.4% in 2020 and to expand by 5.2% in 2021.

AfriForum Rustenburg verwelkom aksieplan vir verbeterde kragvoorsiening

RUSTENBURG HERALD - RUSTENBURG - Die AfriForumtak in Rustenburg verwelkom die Rustenburg Plaaslike Munisipaliteit se aksieplan vir die verbetering van kragvoorsiening na die landelike gebiede aan die suidoostelike buitewyke van die dorp (R24-omgewing).

Dit volg ná AfriForum volgehoue druk op die munisipaliteit geplaas het deur skrywes aan sowel die munisipaliteit as Nersa te rig.

Talle inwoners en ondernemings in Rustenburg het by die plaaslike AfriForum-tak oor die deurlopende kragonderbrekings gekla. Sommige inwoners het gesê dat dié probleem al vir jare voortduur. Inwoners van onder meer Waterkloof, Rhenosterfontein, Zuurplaat, Arnoldistad, Kroondal, Waterval, Modderfontein, Boschfontein, en Oorsaak gaan gereeld onder dié kragonderbrekings gebuk.

"Die meeste van die inwoners van dié gebiede woon op kleinhoewes en maak gebruik van boorgate. Kragonderbrekings beïnvloed dié mense se toegang tot skoon water, aangesien die pompe nie tydens die onderbrekings werk nie. Dit veroorsaak ook 'n veiligheidsrisiko omdat elektriese heinings nie werk nie. Ander elektriese toestelle word ook beskadig. Ons verwelkom die aksieplan van die munisipaliteit, maar gaan die inwerkingstelling daarvan egter moniteer aangesien daar nie op die munisipaliteit staatgemaak kan word nie," sê Petrus Coetzee, AfriForum se distrikskoördineerder vir Marico.

Luidens die aksieplan is die munisipaliteit in die proses om onder meer 'n nuwe 11 kV-kraglyn te bou om die bogenoemde gebiede van krag te voorsien. Volgens die munisipaliteit sal die nuwe lyn teen einde Februarie 2021 voltooi wees, wat verbeterde kragvoorsiening na die areas sal verseker.

AfriForum nooi gemeenskapslede uit om betrokke te raak om sodoende deel van die oplossing te wees: SMS "Rustenburg" na 45351 (R1).

Donderdagaande was in die Van Rooyen-huis broodknie-aand. Ma het alles op die tafel in die kombuis in Grundelingstraat, De Aar reggesit – die knieskottel, meel, sout, botter, die aartappelsuurdeeg in die 'canned fruit'-bottel en natuurlik die spesiale kniekomberse. In die winter was daar ook nog 'n bottel kookwater wat in 'n holte in die deeg moes gaan om te verseker die deeg rys ordentlik. Maar ek het nou nie tyd, of lus, vir só 'n hele produksie nie.

Toe ek dus 'n resep soek vir brood, het my oog onwillekeurig na die een gegaan wat homself as ''n Vinnige Witbrood' aangekondig het. Maar, neem in ag, die "vinnig" is in broodbakterme; dit is 'n uur of drie voor jy dié brood van jou kan botter.

Vinnige witbrood

Bestanddele:

6 k Meel 2 eetl Kitsgis 4 eetl Suiker 10ml Sout 2 k Melk 4 eetl Margarien

Metode:

Verhit die vloeistof tot dit amper kook. Voeg die margarine, suiker en sout by en laat afkoel tot lou. Meng die meel en suurdeeg en voeg die helfte by die vloeistof. Roer liggies tot gemeng. Voeg die res van die meel by en knie deeglik. Dit moet elasties wees en lyk asof daar blasies onder die oppervlak is. Smeer liggies met 'n bietjie margarine, maak warm toe en laat rys totdat deeg verdubbel het.

Knie af en sit in een groot broodpan of twee kleiner panne. Laat rys weer tot dubbel die volume. Bak vir ongeveer 45 min teen 180°C.

Dié heerlike brood is eenvoudig en vinnig om te maak

Knie die deeg tot dit elasties is.

eiendom nou al bykans 'n jaar vir realistiese waardasies van hul eiendom. Die Rustenburg-gemeenskap is sedert verlede jaar hierdie tyd op die agtervoet na die vrystelling van die "nuwe" Rustenburgse Munisipale Waardasierol waarin eiendomme deur die bank met tussen nagenoeg 100 en 400% gestyg het. Dit is nou al ou nuus dat die Rustenburgse Munisipaliteit skynbaar in die knyp is (om dit sagkens te stel) om finansieel kop bo water te hou en oraloor is gebrekkige en verwaarloosde infrastruktuur skreiende getuienis van dié verskynsel.

Vir dekades lank is daar uiters min gegee aan noodsaaklike aandag instandhouding onderhoud en infrastruktuur en van kragen wateronderbrekings is aan die orde van die dag. Daar is veel te veel voorbeelde om op te noem.

Uiteindelik kan baie lank oor die redes vir hierdie geldnood geredekawel word - selfs nog voor die koms van Covid-19 was die skrif lankal aan die muur.

Soos baie ander munisipaliteite regoor die land (feitlik almal) is die Rustenburgse Munisipaliteit se grootste penarie benewens beweerde onoordeelkundige gebruik van fondse en ander, eenvoudig die feit dat ons land se plaaslike bestuurstrukture lamlendig en totaal uit voeling met die realiteite van die dag is. Die ou kwessie van heeltemal te veel hoofmanne wat onrealistiese salarisse verdien en heeltemal te min onderdane wat uiteindelik oorbly om die werk te

Rustenburg stoei eienaars van doen, is hier pynlik van toepassing en die stelsel is eenvoudig nie op die langtermyn finansieel volhoubaar nie.

> Die finansiële ineenstorting van dosyne munisipaliteite regoor die land kan sekerlik tog nie net aan spandabelrigheid en 'n gebrek aan ervaring en oordeel toegeskryf word nie of kan dit?

> Hoe dit ook al sy, Rustenburg is in die knyp, dit weet almal behalwe diegene wat dit nie wil weet nie. Daar moet nou vinnig kopgekrap word oor waar die geld vandaan gaan kom om die stelsel aan die gang te probeer hou.

> Terwyl marktoestande in Rustenburg die afgelope sewe tot tien jaar hoegenaamd nie gunstig was nie, is dit 'n voldonge feit dat die waarde van eiendom in dié tyd met maklik 15 tot 20% afgeneem het. Dit is trouens 'n landswye verskynsel.

> Ten einde vir die geldtekort op te maak om die stelsel aan die gang te hou, is slim dinkwerk nodig.

> As die Rustenburg Munisipaliteit reken dat die waarde van die meeste eiendomme in Rustenburg oor die afgelope klompie jaar met tussen 100 en 400% gestyg het terwyl almal weet dat dit eintlik die teenoorgestelde is, moet hierdie een van die planne wees wat beraam is om die koffers aan te vul.

> As 'n plaaslike owerheid meer belangstel in die uitbuiting van sy eie mense wat trouens patrioties genoeg was om in die plaaslike ekonomie te belê en die munisipaliteit se oorgewig salarisstruktuur prioriteit geword het, verdien hy eenvoudig nie om langer in beheer van sy gemeenskap te wees nie.

Taxpayers exploited by Rustenburg Municipality

Owners of property in Rustenburg have been fighting for just over a year now for the right to fair evaluations of their properties. The Rustenburg community has been up in arms since the release of the Rustenburg Municipality's "new" Valuation Roll in early 2020.

According to this, the value of properties in this predominantly mining community have risen by between 100 and 400% during the past few years.

It is old hat that the Rustenburg Municipality has been finding it very hard to make ends meet financially and inadequate maintenance of municipal infrastructure and proper repairs just that the market has declined by between about everywhere stand testimony to this 15 and 20% in recent years. This is a phenomenon. countrywide phenomenon. For decades, very little seems to auick and clever thinking are required. If have been budgeted for essential maintenance and services and electricity the Rustenburg Municipality truly believes that the value of property in Rustenburg and water interruptions are the order of the day. There are far too many has risen by between 100 and 400% in recent years while everyone knows that examples to mention... At this point in time, the reasons for the truth is in fact exactly the opposite, the shortfall in money can be debated this must be one of the strategies to make for days on end. Even before the arrival up for the shortfall. of Covid-19 the signs were there for all to see interested in exploiting its property

are non-sustainable and top heavy.

It is a shining example of a case of far too many Chiefs and far to little Indians. Surely the financial collapse of countless municipalities across the country could not only be attributed to unwise spending, lack of skills and inexperience, or could it?

Nonetheless, Rustenburg's finances seem to be in dire straits - everybody suspects this except those who don't want to. It is time to figure out where the money is going to come from to keep the ship afloat. While the property market has been far from favourable, it is a fact

A local government that is more

The editor

I write this letter on behalf of residents from Karlien Park as well as Rustenburg North who of late have been shocked with the quality of water that we are expected to drink on a daily basis.

Sometimes we can go for days without a constant supply of water, and this is slowly becoming a normal thing here in Rustenburg that despite all that is happening, every two to three or even four days we would go without water. Now recently we have taken note that the water that is coming from our taps in the above mentioned areas is dirty.

Through closer inspection it was discovered that the water is not only brown but if one looks closely, one can see wormlike organisms inside the water.

It is unfortunate that we as tax paying citizens in this town have to endure this. We have to dig deeper in our pockets to purchase water which is considered healthy to drink as compared to the water that we pay for on a monthly basis but at the end of the day the water is not good enough to drink.

We urge the Municipality to quickly look into this matter as we all know that water is a necessity for almost all our daily activities.

As in the case of numerous other owners who have been patriotic to invest municipalities across the country, the in the local economy and then goes on to prioritise its own interests such as its Rustenburg Municipality's biggest non-sustainable and overweight salary challenge besides alleged fruitless expenditures and others, is simply the structure, it simply no longer deserves to fact that our local government structures be at the helm of any municipality at all.

RUSTENBURG HERALD - Dié Saterdag is dit Curriebekerfinaal.

In die jare voor Superrugby, was die Curriebekerfinaal 'n gróót dag. Spanvlae het voor huise gewapper en bure het mekaar goedig die stryd aangesê. Maar toe kom steel die internasionale reeks grotendeels die glans van die tuisreeks. Maar dit het tog steeds jaar-na-jaar uitstekende spel opgelewer en 'n handvol opkomende sterre het jaarliks hul buiging in die Curriebekerreeks gemaak. Toe Covid-19 internasionale rugby vir Suid-Afrika kelder, het die Curriebeker as redder vorentoe getree. Die beperking op oefening, sleutelspelers wat deur die virus platgetrek word en amper die belangrikste faktor: leë stadions, het egter hul tol geëis. Ja, spelers het toegewyd gespeel, soos altyd hul lywe op die spel gesit. Dit was egter net asof hul harte nie heeltemal daar was nie. En die afgelope Saterdag se semifinaalwedstryde - albei van hulle - was

'n sprekende voorbeeld. Daar was lywe op die veld, maar die gees het gekort. Dit was net asof die leë paviljoene die siel van die spel uitgesuig het. Die Bulle het die Leeus 26-21 geklop in 'n wedstryd wat meer soos 'n samestelling van laagtepunte gelyk het: die een aanslaan na die ander, gevolg deur skrums wat intuimel. Die Stormers en die Sharks het mekaar die stryd in die ander semifinaal aangesê. Die spel was nie beter as in die Bulle-Lions-wedstryd nie, maar die somber atmosfeer is verder vererger deur die wete dat dit die héél laaste wedstryd ooit op Nuweland sal wees: voortaan sal wedstryde op die Kaapstad Stadion gespeel word. Boonop kon die tuisspan nie die pyp rook nie en het 9-19 verloor. Dié naweek is dit dan die Bulle en die Sharks wat mekaar op Loftus sal aandurf. Mens kan net hoop en bid dat daar 'n tikkie meer entoesiasme in die lug sal wees.
