Push community improvement project pushing on

The Push Community Improvement Project was started by a group of Rustenburg businessmen who decided to assist the Rustenburg Local Municipality to cut grass on the overgrown road reserves and open public spaces. The aim is to improve the aesthetic appearance of Rustenburg, including along neglected and unkept access roads and on sidewalks, and to push the look and feel of Rustenburg to acceptable standards. Volunteers are deployed in specific areas where the need is high to cut open specific areas and sidewalks, for example. With the support of the business community and like-minded residents, the push working team will take hands to stem the decline in Rustenburg. Interested individuals may send a Whatsapp to 067 349 8782 if they wish to get involved in this project, or to show their support.

Clean City Campaign reactivated in Rustenburg

RUSTENBURG HERALD - RUSTENBURG - Following the torrential rains which have been experienced recently, the Rustenburg Local Municipality has recently resuscitated the Safe and Clean City Campaign.

This is a multi-prolonged initiative which focuses on environmental friendliness while addressing crime prevention. The campaign kicked-off this past weekend following the persistent heavy rains of the previous weeks. The operation according to the municipality was lead by overall commander: Acting Senior Superintendent Bokang Tsopodi at R565 towards Monareng Street, working hand in hand with Directorates such as RRT- Human Resource, plant and machinery (earth moving), Directorate for Community Development- Human Resource, plant and machinery, Electrical Department- Electrical equipment and Public Safety- Human Resource, focusing on de-bushing and cleaning of the road way verge, as well as removal of illegal dumping sites which have become an eye sore for communities. The municipality said for the coming weeks, the campaign would focus on various areas such as the R565 Monareng until Foord Street, Bus rank, Taxi rank and the Rustenburg CBD as the purpose is to ensure a safe and clean environment in the city. The campaign will run until the end of March 2021.

Municipal elections: ready, steady, promise!

RUSTENBURG HERALD - RUSTENBURG - It is nearly that time again; time for political parties to put forward the best foot and dust off all those trusted old pre-election promises.

Due to the Covid-19 pandemic, it was not sure whether or not municipal elections will take place this year. But during President Cyril Ramaphosa's recent State of the Nation Address (SONA), he announced that these elections will go ahead. This was despite calls from the EFF and some sections of Ramaphosa's own party, the ANC, for the municipal polls to be postponed. A definite date was not given, but it is believed by those in the know that it will happen between August and November this year. 6 October has been touted as a very probable voting date. "As we prepare for local government elections, which are due take place this year, we will need to adjust

to the conditions forced upon us by Covid so that we can ensure that the people of this country can determine who represents them at this crucial level of government," Ramaphosa said in his SONA.

The EFF and some within the ANC had called for the postponement of the elections. The red berets argued that the pandemic had created a distance between itself and its constituencies as the party could not conduct campaigns.

Rustenburg Incubation Hub launched

With the high rate of unemployment experienced in the country, especially amongst the youth, drastic steps are needed. A workable solution would be to focus on small businesses and improve them in order for them to be a source of income and a source of job creation. On Monday (1 March), Glencore together with Regoapele Capital Wealth Engineering and various stakeholders launched an incubation hub in Rustenburg, aimed at assisting entrepreneurs to succeed in business. The event was attended by, amongst others, representatives from the Rustenburg Local Municipality. Pictured here is Japie Fullard, CEO of Glencore Alloys with the MMC for Local Economic Development Ofentse Kombe during the ribbon cutting ceremony. Read more about the plans for this hub and how its going to benefit the community in next week's Herald.

Mark Munroe, CE of Impala Rustenburg, said the team decided to visit each school individually to ensure strict compliance to all Covid-19 safety protocols and to avoid disrupting exam timetables. The communities visited included Luka, Phokeng, Bobuampya, Lefaragatlhe, Kanana, Tsitsing, Freedom Park, Impala Kookfontein, Meriting, Seralleng, Rooikraal, Robega, Chaneng, Rasimone, and

Mafanya. Munroe said that the first aid kits include medical supplies that the schools can use to help stabilise a person who is sick or injured until they can be treated by a trained healthcare provider. "Impala Rustenburg believes in making a difference in our local communities and our team was honoured to be warmly welcomed at every school they visited."

Alleged house robbery at Safarituine

RUSTENBURG HERALD - RUSTENBURG - One person was seriously injured during a house robbery that took place on Tuesday morning (2 March) at Pikkewyn Street, Safarituine.

According to information received from police spokesperson in Rustenburg, Sgt Ofentse Mokgadi, while electricians were busy fixing a gate at the house, five armed men gained entry into the premises. They then proceeded to ransack the house and stole jewellery, an undisclosed amount of cash and laptops were allegedly taken. While the robbery was in progress, one of the electricians who had a firearm, tried to pull it out to retaliate. One of the suspects noticed this and the electrician was severely assaulted. He was taken to hospital for treatment. The suspects then fled the scene in a white Renault Captur. No arrests have been made yet. Update on water issues at Kgetlengrivier

RUSTENBURG HERALD - KOSTER - Kgetlengrivier Local Municipality would like to update community members about the provision of water and management of sewer, that Kgetlengrivier Concerned Citizen has since took over the water and waste treatment plant as from 7 January 2021 to date.

According to the municipality's spokesperson, Sannah Omphemetse Magakgala, the municipality has issued a public notice on 16 February after receiving complaints from the community about the dirty water that is not conducive for human consumption. The matter has been brought to the attention of the Department of Water and Sanitation, who have ordered Magalies Water to take water samples from the Koster Water Treatment plant

in order to conduct water quality tests. "It is unfortunate that Magalies Water officials were denied access to enter the Water Treatment Plants and water samples were not taken. The municipalit is working to regain control of all the municipal assets in order to restore acceptable services as the water authority," said the municipality.

The municipality apologized to the community for the inconvenience that this may have caused.

Die bestuur van health and safety in skole en kolleges in Rustenburg

Promosie Artikel

Hoekom is gesondheid en veiligheid in skole belangrik?

Health and Safety in skole en kolleges in Rustenburg is 'n noodsaaklike faktor. Die health and safety van leerders en studente is alreeds dekades lank 'n noodsaaklike deel van etiese raamwerk. Soos met ander openbare dienste, is skole sowel as kolleges verplig om aan te pas by tydperke waar aansienlike veranderinge plaasvind, veral in wetgewing waar daar talle nuwe regulasies bygelas word by bestaande wetgewing.

Hulle word ook gedwing om voortdurend bestaande sowel as nuwe uitdagings te ontmoet. Hierdie uitdagings word dikwels geassosieer met nuwe strukture, verantwoording, bykomende bekommernisse van ouers, die publiek en politieke kringe, benewens kommer oor oormatige risiko's.

Wettlike verantwoordelikhede

Die Occupational Health and Safety Act verplig alle werkgewers om sover redelik doenbaar te verseker dat die health and safety van werknemers en ander persone, soos leerders, studente, ouers en ander besoekers aan die perseel, verseker word.

Die Wet dui ook verder op die wettlike verantwoordelikhede waaraan die werkgewer, die kollege of skool in hierdie geval, moet voldoen. Dit sluit in die korrekte beleidsorganisasie asook reëls wat in plek moet wees.

Dit sluit ook in dat geskikte en voldoende risk assessments onderneem moet word en dat bekwame advies en voldoende opleiding vir personeel toeganklik is. Daarmee saam is daar ook verdere regulasies wat voldoening aan breër klasse gevare eis.

Dit sluit in toerusting, chemikalieë, elektrisiteit en geraas. In die neem van die nodige stappe om te voldoen aan die Occupational Health and Safety Act, kan die skool of kollege 'n voldoende verdediging teen 'n eis vir skadevergoeding lewer indien 'n ongeluk op die perseel plaasvind.

Leerders en studente mag nie as werknemers beskou word nie, maar die Wet op Beroeps-gesondheid en Veiligheid is steeds van toepassing op hul welsyn. Elke skool het unieke en soortgelyke elemente van lae en hoë risiko's wat gesondheid en veiligheid betref.

Skooldoeltreffendheid

Die etiese element in die versekering van health and safety in skole en kolleges is dat dit die regte ding is om te doen, en dit behels nie net wettlike nakoming nie. Dit gaan ook oor die doel-bereiking, implementering en gehalte in die wyse waarop health and safety-risiko's bestuur word.

Dit het aansienlike voordele vir enige opvoedkundige instelling en kan help met die afkeer van:

- Ernstige beserings wat andersins voorkom kon word.
- Werkverwante siektes soos stres en rugbeserings.
- Werksdae verlore as gevolg van werkplekverwatne siektes en beserings, en
- Koste verbonde aan skadelike ongelukke en die ontwrigting wat daarmee gepaard gaan.

Veiligheidsbestuur in skole

Die belangrikheid van die onderrig van health and safety in skole en kolleges

Health and safety in skole en kolleges moet deel vorm van enige opvoedkundige instelling se deurlopende beplanningsproses en 'n integrale deel van die bestuur van 'n skool of kollege wees.

Daar moet duidelike beleide wees, asook 'n begrip van die belangrikste faktore wat by gesondheid en veiligheid betrokke is, en duidelike planne saam met effektiewe moniteringsmeganismes. Dit is ook noodsaaklik dat inligting gebruik word om beide te hersien en te leer sodat daar deurlopende verbetering op toekomstige reëls kan wees.

Wil jy Wagter van belasting aftrek?

RUSTENBURG HERALD - RUSTENBURG - TLU SA het 'n veldtog bekendgestel om die Belastingwet só te verander dat alle Suid-Afrikaners enige veiligheidsuitgawes teen belasting kan verhaal.

Afdeling 23(b) van die Belastingwet verhoed Suid-Afrikaners egter om veiligheidsuitgawes van inkomstebelasting af te trek. Sakeondernemings, aan die ander kant, mag reeds sodanige uitgawes aftrek.

TLU SA het 'n lys saamgestel van noodsaaklike uitgawes wat elke huishouding in Suid-Afrika van belasting behoort te kan verhaal:

- * veiligheidsmure;
- * sekuriteitskameras;
- * alarms;
- * elektriese omheining;
- * lemmetjiesdraad;
- * waghonde;
- * 24-uur monitering en gewapende reaksie dienste;
- * huisversekering;
- * ander tuissekuriteitsmaatreëls en -toerusting;
- * en uitgawes verwant aan die onderhouding van bogenoemde items.

"Talle Suid-Afrikaners se vryheid is al aangetas omdat hulle slagoffers van misdaad was," sê Henry Geldenhuys, president van TLU SA. "Die Grondwet vereis dat die staat ons beskerm teen sulke aanvalle. Dat die staat geheel en al hierin misluk het, is ooglopend deur net na die staat se eie statistieke te kyk." Volgens StatsSA (Statistieke Suid-Afrika) is huisbraak of diefstal die grootste misdaad in Suid-Afrika. 'n Beraamde 1,2 miljoen gevalle van huisbraak het in die 2019-'20 boekjaar plaasgevind, en 891 000 huishoudings in die land is geraak. Suid-Afrikaners wat in afgeleë gebiede bly, soos dié op plase, is besonder kwesbaar, aangesien hulle ver weg van enige vorm van bystand bly. "In die lig van die uiterste gevaar waarin Suid-Afrikaners daagliks verkeer, is dit skandelik dat veiligheidsuitgawes wat deur die belastingbetaler aangegaan word om sy of haar woning te beveilig, nie van inkomstebelasting afgetrek kan word nie," sê Geldenhuys. Volgens adeling 77 van die Grondwet het slegs die minister van finansies, Tito Mboweni, egter die mag om die bogenoemde wysiging in werking te stel. TLU SA het gesê dat hierdie veldtog die wegspringplek is en dat hulle ook burgerregte- en landboubedryfsorganisasies sal nader om meer druk op die staat uit te oefen. "Ons doen 'n beroep op alle vredeliewende Suid-Afrikaners, ongeag ras, geslag of politieke oortuigings, om met een stem by ons aan te sluit en te eis dat die minister die wet wysig sodat ons onself kan beskerm," versoek Geldenhuys.

Enigiemand kan hierdie petisie op TLU SA se platform ondersteun deur 'n e-pos direk aan Mboweni te stuur by hierdie skakel <http://bit.ly/misdaadtlu>

Die hare waai vir Kansa

Die Suid-Afrikaanse kultuurorganisasie - die Voortrekkers - vier vanjaar hul 90ste bestaansjaar net soos die Kankervereniging van Suid-Afrika. Om hierdie mylpaal te gedenk het die Magalieskruin Voortrekkerskommando die afgelope naweek by die Waterfall Mall saamgetrek en omtrent kamp opgeslaan om Kansa se landswye jaarlikse fondsinsamelingsinisiatief "Shavathon" te ondersteun. Die hare het behoorlik gewaai en/of die kapsels is in allerlei helder kleure gespuitverf. Dit het vir 'n kleurvolle gesig onder die vrolike klomp Trekkers gesorg. Die lede van die Magalieskruin-kommando wat hierbo hard tydens die "Shavathon" aan die werk is, is Jo-Anneske Erasmus, Wihann Ferreira, Christa Stewart, Hanré Pretorius, Leandri Pretorius, Nicolene Cloete, Karin Ferreira, Melody le Roux, Tammie Ferreira, Albert Cloete en Manda Nelson. Die span is later die oggend deur 'n besoek van die Elandsprag en Koersvas-kommandos van onderskeidelik Mooinooi en Brits besoek.

RUSTENBURG HERALD - RUSTENBURG - A man and a woman were arrested here after a shootout last week in Rustenburg North.

A taxi owner (45) was injured when he was shot in the back during the clash.

Level 1: what does it all mean?

RUSTENBURG HERALD - RUSTENBURG - Since just after midnight on Monday (1 March), South Africa moved to Covid alert Level 1.

In his address to the nation on Sunday night (28 February), President Cyril Ramaphosa said that the country has now clearly emerged from the second wave, with fewer than 10,000 new infections in the past week, compared to 40,000 in the last week of January and 90,000 in the last week of December. This has allowed a new easing of regulations, including:

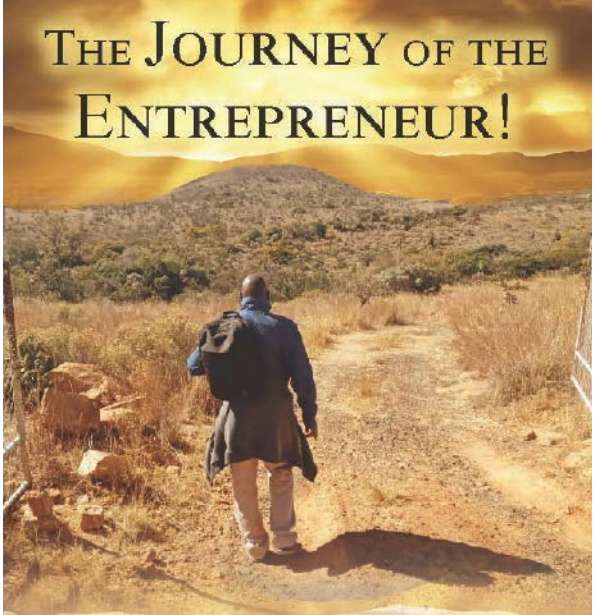

- * Later curfew**
Curfew, across the country, is now from midnight to 04:00. Apart from permitted workers, those attending a security or medical emergency, and those who are traveling to or from an airport, no person may be outside their place of residence during this time. Being outside your home during curfew could land you a six-month prison sentence, and/or a fine. Closing time for the following establishments is 23:00:
cinemas
theatres
casinos
museums, galleries and archives
public swimming pools
beaches and public parks
game parks, botanical gardens, aquariums and zoos
gyms and fitness centres
restaurants
venues hosting auctions and sport
venues hosting faith- based, religious, social, political and cultural gatherings
- * Booze sales**
All of the current restrictions on alcohol sales are lifted, and normal trade will be allowed – except for sales during curfew hours, which won't be allowed. Though, as Ramaphosa promised, sales restrictions on alcohol have been lifted, the restrictions on consumption have not. That leaves in place the threat of six months in jail for the "consumption of liquor in public places, except in licensed on-site consumption premises". In other words, drink in a park or on a beach at any time, and you are liable for arrest. Night clubs will remain closed.
- * Gatherings permitted**
Religious, social, political and cultural meetings will be allowed, provided that people can stay at least 1.5 metres away from each other, and that other health protocols are adhered to. Indoor gatherings may not exceed 50% of venue capacity, and may allow up to a maximum of 100 people. Outdoor gatherings may also not exceed 50% of venue capacity, but can allow up to a maximum 250 people.

- * Funerals**
Night vigils or other gatherings before or after funerals are still not permitted. The duration of a funeral is restricted to a maximum of two hours. Attendance of a funeral is limited to 100 persons or less and if the venue is too small to hold the prescribed number of persons observing a distance of at least one and a half metres from each other, then not more than 50% of the capacity of the venue may be used.
- * Borders**
The new Level 1 rules do not change anything in terms of borders. The 33 land borders that are closed will stay closed, while the twenty open borders will remain open. The five airports that are permitted to allow international travel remain OR Tambo, Cape Town, King Shaka, Kruger Mpumalanga and Lanseria airports. The Lanseria airport north of Johannesburg, and the Kruger Mpumalanga airport, have joined those allowed to accept passenger flights from abroad. That means direct flights may use five airports; the other three are OR Tambo, Cape Town International, and King Shaka outside Durban.
- * Failure to wear a mask remains a criminal offence**
The wearing of masks in public places is still mandatory
- * Sport matches**
No spectators are allowed at sports matches. International sport events involving countries with a low or medium Covid-19 infection and transmission rate continue to be allowed.
- * Passenger ships still banned**
Travel on passenger ships for international leisure purposes, excluding small crafts, are still not allowed.
- * Initiation practices**
These remain permitted, subject to the submission of a "risk adjusted plan" to government. Post-initiation celebrations ("imigidi") are permitted, but must comply with the same limits as on other gatherings.
- * Visiting allowed**
"Controlled visits" by members of the public are again allowed to older persons' residential facilities, hospitals and other health establishments, correctional centres, remand detention facilities, police holding cells and military detention facilities.

The Independent Electoral Commission may also be allowed to visit these institutions, for voter registration and or special voting.

South African municipal elections will be held in coming months.

Kansa Rustenburg gaan voort

RUSTENBURG HERALD - RUSTENBURG - Die Kankervereniging van Suid-Afrika (Kansa) sê hulle het geen vooruitsig om hulle dienste te beëindig en hul deure te sluit nie.

Gerugte het die rondte gedoen dat die organisasie besig is om toe te maak, maar Gerda Strauss, hoof van dienslewering by Kansa, sê dit is glad nie die geval nie.

"Hoewel die ekonomiese slag van die pandemie op ons, net soos op soveel ander, 'n effek gehad het, maak ons die beste van 'n uitdagende saak." Volgens Gerda het die Covid-19-pandemie hul groot geldinsamelingsgeleenthede gekelder en 'n groot knou in hul begroting gelaat. Maar sy sê die vereniging maak planne om te verseker dat hul steeds hul deure kan oophou, te midde die ekonomiese verknorsing.

"Ons kyk nou waar ons aan oorhoofse kostes kan sny, maar steeds die nodige dienste vir ons pasiënte kan bied," sê Gerda. Sy sê die vereniging het al vroeg in 2020 hul dienste na 'n virtuele platform migreer en met die skuif agtergekom dat die virtuele dienste dieselfde tipe uitkomstes het as op 'n fisiese platform. "Sekere dienste, soos

individuele-en-groepsberading vind nou in sewe van die amptelike Suid-Afrikaanse tale plaas. "Die siftingstoetse wat ons aanbied is wel minder in aanvraag, maar dit is glad nie omdat ons nie die beskikbaarheid tot die toetse het nie, maar net omdat ons pasiënte veral skrikkerig en versigtig is om na plekke te gaan, omdat hulle meer kwesbaar is."

In Rustenburg gaan dienste verseker voort en mense moet nie dink dat Kansa Rustenburg nie meer beskikbaar vir die publiek van Rustenburg en omgewing is nie. "Dit is belangrik, dat hoewel die prentjie bietjie anders as gewoonlik lyk, mense nie dink dat ons nie meer hier is nie. "Ons is hier en vol planne om ons mense te help." Kansa is steeds afhanklik van bydraes uit die gemeenskap, voeg Gerda by.

Sy moedig mense wat hulp wil bydrae aan om met die vereniging in kontak te kom op die volgende kontaknommer 08600226622 of deur hul webtuiste: www.cansa.org.za.

Meet the SARS NW regional director

RUSTENBURG HERALD - RUSTENBURG - The South African Revenue Service (SARS) has a new regional director in the province.

This week he introduces himself to Rustenburg Herald readers: "My name Godfrey Itumeleng Modise and I am the South African Revenue Service (SARS) Regional Director for the North West area -which covers Rustenburg, Klerksdorp and Mmabatho SARS offices in the Bojanala, Dr Kenneth Kaunda and Ngaka Modiri Molema Districts. Part of my vision for this area is to:

- Create clarity for you the taxpayer so you know exactly what is expected of you at all times
- Make it easy for you to meet your obligations, and
- Work with you to ensure that we make it both hard and costly for those who are non-compliant. As part of that vision of making it easy for you to comply with your tax obligations, and to make things clearer for those who are struggling to understand certain aspects of those obligations, I thought it would be helpful to write a regular column in this publication to answer some of your burning questions and remind you of certain key dates in the tax calendar. The next key date in our tax calendar is the deadline for provisional taxpayers to file electronically, which is 26 February 2021. These are taxpayers who have income that is not reflected on a tax certificate from an employer (IRP5) like freelancers, sole traders, directors' fees, interest, et cetera. We will discuss those in more detail in a future column. In this first column, I thought

it would be useful to highlight some of the common questions we are getting right now through our contact center and branches. Hopefully I can provide some clarity. These include the following:

1. * I need proof of registration for personal Income tax OR I cannot remember my Income tax reference number. How do I obtain this without visiting a branch or calling the Contact Center?
 - a. Log onto www.sars.gov.za
 - b. Click on "What's my tax number"
 - c. Follow the prompts and complete the information requested and you can get your tax number via email or SMS (your preference)
2. * I have submitted my Personal Income tax return to SARS and I have been stopped for an audit/verification. I need to submit supporting documents to SARS but I am not registered for eFiling. How do I submit my documents without going into a branch?

Firstly, please note:

There are many reasons why a person is flagged for audit. There may be some inconsistencies in what you declared relative to what we have received from a Third Party such as banks, your Medical Aid company, Pension company etc. In order to submit your supporting documents electronically, you need to do the following:

 - a. Log onto www.sars.gov.za
 - b. On the landing page, click on the block "Online services"

c. Then on the far right, click on the icon "Submit supporting documents" and follow the prompts for easy submission of your documents.

Important: Don't forget to include the case number provided on the letter requesting supporting documents. This will ensure there are no delays in finalising your audit.

3. * I owe SARS money but I cannot afford to make full payment immediately. Can I negotiate a payment plan with SARS so I avoid legal action from SARS?

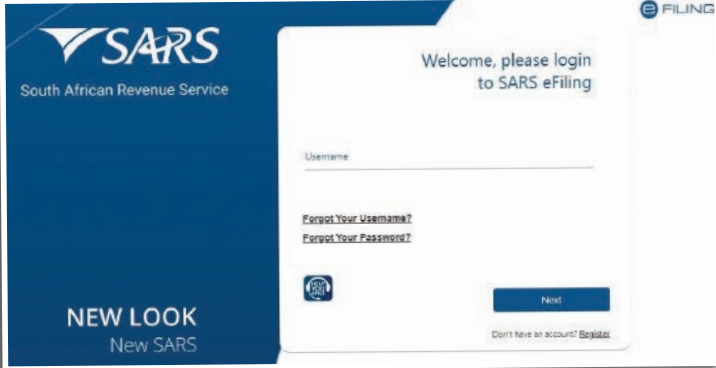

You can make arrangements with SARS

to pay off your debt over a reasonable period. We call this a deferred payment arrangement. You can request such a deferred payment plan by following the steps below:

- a. Log onto www.sars.gov.za
- b. In the search box type: "Owing SARS money"
- c. This page will guide you on what to do if you want to apply for a deferred payment arrangement

Quick reminders:
If you have not yet submitted your personal Income tax return, do so as soon as possible using eFiling or our easy-to-use MobiApp in order to avoid incurring unnecessary penalties.

You can download the SARS MobiApp from the Playstore on your smart device.

RUSTENBURG HERALD - RUSTENBURG - Charlotte Roodt van Krugerstraat is die gelukkige wenner van ons blokkiesraaisel van 19 Februarie 2021. Annatjie Minnaar of Wildevy Avenue is the lucky winner of the Sudoku #600. Baie geluk aan die wenners wat 'n kontantprys van R250 elk losgeslaan het. Winners are urged to come and collect their cash prize from our offices at 13 Coetzer Street before the following Tuesday. Moet nie vergeet om 'n afskrif van u ID te bring nie.

Still time to enter - first judging around the corner

RUSTENBURG HERALD - RUSTENBURG - With the year fast approaching the end of the first quarter, we invite artists to enter for our Blank Space Art competition.

Perhaps you could be in line for one of two extremely valuable Pick n Pay shopping vouchers valued at R10 000 each. We invite all local artists to submit their entries in the entry boxes at Pick n Pay Greystone Crossing, Pick n Pay Beyers Naudé en the offices of Rustenburg Herald/Bonus in 13 Coetzer Street, Rustenburg. In addition to the two grand prizes at the end of the year, two artists coming out on top of our quarterly competition, will each win a cash prize of R1 000 which are sponsored by Rustenburg Herald.

Entries could be paintings/drawings in virtually every medium you could think of and even handcraft items are welcome. We encourage the public to visit the big display panels at each of the two Pick n Pay stores to come to terms with the standard of amateur art in Rustenburg. We also thank all those who have participated in the past and contributed towards the competition and are looking forward to be surprised by our artists in the new year! The closing date for our first quarterly competition will be announced in due course. Keep watching Rustenburg Herald and Bonus for all the latest development.

Win R250!!! # 602

Vir die gewilde Rustenburgse kwekery, Geelhout Gardens in Kremetartlaan, Geelhoutpark, het die einde van 'n era na bykans 21 jaar aangebreek met die feitlik legendariese Charlie Graham wat na meer as twee dekades in die warmstoel (of is dit 'n groen stoel?) besluit het die tyd is nou ryp om die tuig neer te lê en 'n bietjie uit te span. Vir Charlie is dit egter nog nie heeltemal visvangtyd nie en hy gaan vir geruime tyd nog byderhand wees om te help om die kwekery en sy bedrywighede oor veilige waters te stuur. Gelukkig vir die familie en werkerskorps, is die nie 'n afskeid nie, maar slegs 'n oorgee aan oom Charlie se kleinkind, Grant (Graham) wat voortaan in beheer van sake by Geelhout Gardens gaan wees. Grant is gelukkig deurdat hy steeds op die leiding van sy oupa asook 'n ervare en lojale werkerskorps kan staatmaak. 'n Informele afskeidsgeselligheid is verlede Vrydagaand in die vorm van 'n heerlike braaivleis by die kwekery gehou. Van links op die foto verskyn Maria Diphuo Thebe, James Shomang, Daniel Moholo, Titus Diatshwana, Jonathan Chitate, Grant Graham, Kayla Watson, Charlie Graham, Keegan Pletschke, Kotie Graham, Kabelo Daniel, Johan Brummer, Piet Keebini en Betty Limekhaya. Grant nooi Rustenburgse tuinbou vriende om steeds op gereelde basis by Geelhout Gardens in te loer waar hulle soos altyd op die hande gedra sal word.

Mnr Craig verjaar

Laerskool David Brink het op 17 Februarie 2021 hul hoof, Craig Olivier se 50ste verjaardag, wat op 14 Januarie 2021 was, saam met hom gevier.

RLM: Hoekom sulke dubbele standaarde?

Die maande lange vete tussen die Rustenburgse Munisipaliteit en die Veseltegnologie-kontrakteur, Evotel, is na 'n lang en uitgerekte regsproses uiteindelik besleg nadat die saak telkemale in die hof gedraai het. Die Rustenburgse Munisipaliteit se beswaar teen die aanvanklike installasiemethode wat Evotel gevolg het, het in die proses gelei tot 'n hofinterdik waarvolgens Evotel verbied is om met sy bedrywighede voort te gaan terwyl daar ook meer as eenmaal beslag gelê is op toerusting en tegnologie wat Evotel in die proses gebruik het. Hoewel waarskynlik nie veel mense presies weet hoekom Evotel en die RLM mekaar skynbaar misverstaan het rondom die installasiemethode wat gevolg sou word nie, was die twee partye spoedig in konfrontasie. Die kort en die lank van die saak was dat die RLM namens baie van sy inwoners en raadslede nie tevrede was met die oorhoofse-kabelmethode wat gelei het tot die "aanplanting" van letterlik honderde pale en onooglike kables op straathoeke en by kruisings nie en die res is geskiedenis.

Vandag weet Rustenburgers gelukkig egter dat die uitgerekte regsproses nou iets van die verlede is en dat die twee partye 'n nuwe ooreenkoms gesluit het waarvolgens Evotel onderneem het om die roete van ondergrondse installasies te volg wat sou meebring dat omgewingsbewustes voortaan nie deur die onooglikheid van oorhoofse installasies bekommerd hoef te wees nie. Vir Rustenburg as 'n gemeenskap is die saak nou 'n sogenaamde wen-

wen-situasie waarby alle partye net kan baat. Dit bly egter 'n feit dat baie Rustenburgers teen die agtergrond van dikwels swak Internetverbinding na die koms van veseltegnologie uitgesien het, ongeag van hoe die installasie daarvan daar sou uitsien. Die teenoorgestelde is natuurlik ook waar. Rustenburg Herald is bly dat die twee partye mekaar om die onderhandelingsstafel gevind het. Nou is ons vraag net: As die RLM werklik so besorg was oor die estetiese voorkoms van sy munisipale gebied, hoekom sulke dubbele standaarde? Hoekom is daar soveel gevaarlike slaggate, verkeersligte wat lamlendig "aan die lewe probeer klou", oop slote, ongerehabiliteerde opgrawings, waterinstallasies wat lek, toegegroeide parke, strate, sypaadjies, rommel- en vullishope, informele behuising en stalletjies wat dag-vir-dag by omtrent elke straathoek in ons woonbuurtes opspring? Waarom stel die RLM nie dieselfde hoë standaarde in hierdie gevalle nie - al hierdie funksies en take tel bowendien onder die primêre funksies wat die munisipaliteit in terme van nasionale wetgewing VERPLIG is om te doen? Waarom kan daar nie sommer terselfdertyd iets gedoen word aan die uiters kommerwekkende toename in bedelaars wat deesdae benewens winkels en inkoopsentrums in die middel van bykans elke besige kruisings staan, sit, lê, kniel of slaap terwyl hulle met naïewe "verkoopstaktiek" probeer om op die publiek se gevoel te speel nie?

RLM: Why such double standards?

The months long battle between the RLM and die Fibre technology contractor, Evotel, has finally been settled after a lengthy legal dispute in court. The RLM's main objection against the contractor's proposed roll-out of fibre technology in Rustenburg was about the contractors chosen method of installation by means of tar poles and overhead cabling on virtually all street corners. Eventually, the dispute led to a court interdict in which Evotel was forced to discontinue its operations while the RLM at least on two occasions employed due process to attach equipment and technology belonging to Evotel. Probably not everyone knows why there has been a misunderstanding between the two parties on the method of installation initially employed by Evotel but for months the Rustenburg Municipality and Evotel were at logger heads on the issue.

What is most important at present is that the two parties have since managed to reach a new agreement, hence the resumption of the fibre roll-out process in Rustenburg by the same contractor, this time around however, by means of "trenching" which was to the satisfaction of the RLM, its Councillors and residents. Of course, this also brings to an end the concerns of environmentalists who were worried by the unsightly appearance of tar poles and overhead cabling at countless street corners in Rustenburg. It remains a fact however, that due to poor Internet

connection in many areas, a large number of Rustenburg residents were looking forward to the arrival of fibre technology in Rustenburg, regardless of the chosen method of installation. Obviously, the opposite is also true. Nonetheless, Rustenburg Herald is glad that the issue has been resolved to the benefit of the entire Rustenburg. Now our question remains: If the RLM were really that concerned about the aesthetic appearance of the city, why such double standards? Why do we have so many utterly unsightly and dangerous potholes, "leaning" traffic lights on the brink of collapse, open trenches, unrehabilitated dugouts, leaking water installations, sewerage-polluted, foul-smelling streams and rivers, overgrown parks, streets and pavements, refuse and rubbish dumps, informal dwellings and stalls springing up in our neighbourhoods almost every day? These badly neglected services are all primary responsibilities of the RLM in terms of national legislation, but alas. Why not at the same time as a matter of the greatest urgency address the extremely worrisome social problem of beggars by now probably at every single shopping centre/mall/street corner who are in increasing numbers standing, sitting, kneeling, crouching and sleeping right in the middle of street corners/crossings to the dismay of irritated motorists while they are attempting to fool gullible people with their naive "marketing strategies?"

Ons is 'n klompie geesdriftige groentetuin-"boere" by Huis Sering in Rustenburg. Ons het in die verlede ons groente volgens die beproefde stand-van-die-maan-metode aangeplant en kon 'n merkbare verskil in ons "oeste" bespeur. Ons weet nie eintlik hoekom nie, maar in die Herald waar ons die stand van die maand gevolg het, het die maanstande egter 'n tyd gelede opgedroog. Ons wil versoek of dit nie moontlik sal wees om weer die stand van die maand minstens eenkeer per maand in die Herald te plaas nie. Vir baie van ons, indien nie die meeste nie, is die Herald ons enigste toegang tot tegnologie of ander inligting wat uiteindelik 'n verskil in ons lewens maak. Ons hou graag met belangtelling dop. **Sering-groenteboere**

Nog 'n goeie reënmaand agter die rug - ons "bekers" loop oor

RUSTENBURG HERALD - RUSTENBURG - Met die tweede maand van 2021 reeds agter die rug, is Suid-Afrika, trouens groot dele van suidelike Afrika bevoorreg om met goeie neerslae in die reënmeter te kan spog. In Rustenburg is lanklaas soveel reën in 'n kwessie van die afgelope drie maande gesien en die moontlikheid is natuurlik glad nie uitgesluit dat ons tot taamlik diep in die winter goeie reën kan kry nie. Ons kan maar net hoop dat die boere in Suid-Afrika se droogtegeteisterde gebiede ook groot verligting mag kry en vir sommer 'n hele klompie jaar weer vooruit kan boer. Volgens Charlie Graham van Geelhout Gardens (vir jare nou al ons getroue "weerprofeet") lyk die statistiek vir Februarie glad nie sleg nie. 'n Totaal van 107.1mm is vir die twee maand van die nuwe jaar gemeet - Rustenburg se gemiddeld vir Februarie 2021 dui egter op 115.58mm, so ons is nie ver van die mikpunt af nie, hoewel die spertyd nou reeds verby is.

Maar Rustenburg kan glad nie kla nie - in vergelyking met die Februarie-statistiek sedert 2003, het ons vanjaar die sesde meeste reën vir Februarie ontvang. Verlede jaar (2020) is daar byvoorbeeld net 99.5mm gemeet, in 2019 - 110.5mm, in 2016 'n ongelooflike 345mm, en in 2014 246mm. Februarie 2003 en 2004 was ook goeie reënare toe daar onderskeidelik 162mm en 205mm gemeet is. Nou lê Maartmaand voor en boere en alle tuinbougeesdriftiges sien met groot verwagting uit na hopelik nog 'n maand of wat van bogemiddelde reën. Ons bedank Charlie Graham vir sy belangstelling en presisie met ons weerpatrone!

Dusi awaits paddlers

Richard Roos of Rustenburg and Moses Nghomane preparing for the Dusi which is just around the corner.

RUSTENBURG HERALD - RUSTENBURG - The My LIFE Dusi takes place this year from 18 to 20 March delayed by a month due to the January Covid restrictions.

This is a three day endurance event paddling and carrying the boat/running up the hills in the valley of 1 000 hills, through the winding valleys of KwaZulu-Natal. Interestingly, the river race on the UmsinDusi was first run by a group of ex army guys in the 1960's led by Ian Player (Gary Players's brother) and a group of comrades and has been hosted annually since.

The Johannesburg Canoe Club based at Wemmers Pan (the first ever canoe club to begin in Gauteng), hosted a two day river race on the Vaal (before the flood gates were opened) in December for training purposes for the Dusi, but their scheduled Two Day Klip river race for January was called off due to the Lockdown level restrictions enforced.

Fortunately the club was able to obtain the necessary permission to host the 2021 JCC 2 Day Klip on the weekend 27/28 February in the Midvaal area, from above Daleside through Henley on Klip, to finish in Meyerton. Two days of 33km each, including a few km's portage (run carrying boat), which provided the opportunity for paddlers to use the race for qualifying points for A Grade river status, as well as "seeding" for start batching at the upcoming March Dusi event!

Richard Roos from Rustenburg, a novice with no previous experience, who had completed his basic river proficiency requirements, sponsored a young experienced youth from the canoe club based at Florida Lake, Moshe (Moses) Nghomane to partner him.

A number of youths from Soweto who are unemployed but have excellent river skills, experience and knowledge, frequently assist with coaching/ guiding new learners and partnering novices, while

they gain knowledge and experience.

This provided the successful opportunity for the enjoyment of the event, while learning about rivers and huge white water.

They enjoyed the race finishing in a time of 5 hours 21 minutes over the two days, having been forced to do some repairs on the pedal system on the second day.

Rugbymanne weer aan't sweet
