Second hand goods crime put under the spotlight

RUSTENBURG HERALD - RUSTENBURG - Police in Bojanala District (Rustenburg) successfully launched a crime prevention operation on Wednesday, (10 November), to address crimes involving second hand goods.

Various multi-disciplinary agencies were involved such as Provincial Firearm, Liquor and Second Hand Goods (FLASH), Rapid Rail, K9 (Dog Unit), Crime Intelligence, Mounted Unit, Vehicle Crime Investigating Unit (VCIU), Employee Health and Wellness

(EHW), Transnet, Home Affairs, Telkom CPI, Motor Industry Ombudsman, general Detectives and Communication personnel.

One person was arrested for possession of copper cable and four undocumented citizens were arrested during the operation. Compliance inspections were conducted and fines to the total value of R22 000,00 issued.

Various second hand dealerships, as well as scrap metal dealers and recyclers were visited.

Royal Bafokeng responds to allegations that Kgosi Leruo is not of Royal blood

Kgosi Leruo Molotlegi (Photo: World Wide Web).

Rustenburg Herald King of Social Media

RUSTENBURG HERALD - RUSTENBURG - Many people these days rely on Facebook and other social media sites to get their daily dose of news. That is why these platforms have become a major player when it comes to the distribution of news.

But where do people go to get their news? Specially for local stories? According to the statistics of social media analysts, RUSTENBURG HERALD has come up tops - again. With 52 646 followers on Facebook, the newspaper boasts nearly 53 000 interactions for the week ending on Friday (19 November), *more than double the amount than that of other local publications.*

Wanting to get your message out there? The answer is right in front of you - get in touch with the Rustenburg Herald; people are actually reading the newspaper.

RUSTENBURG HERALD - PHOKENG - Last week the Rustenburg Herald published a letter in the letter's page from Gladwin Koketso Mvianga who said he was disappointed by the Bafokeng Royal family for appointing Kgosi Leruo as the traditional leader of the Royal Bafokeng Nation. Mvianga claimed that the Royal Bafokeng king was not of royal blood and in his claim he alleged that certain family members of the Royal family confirmed his claims.

His stories were since published by the national media early this year where he claimed he was the rightful heir to the throne.

The Royal Bafokeng Nation responded to these allegations on Tuesday (23 November). In a statement issued to the Rustenburg Herald Rre Bashi Makgale, Director of Operations at the office of Kgosi said the Royal Bafokeng nation was aware of these allegations and were in a process of taking legal action against Mvianga.

"I write in response to a letter to the editor from Gladwin Koketso Mvianga published in Rustenburg Herald on 19 November 2021 under the heading, Claim that Bafokeng king is "not of royal blood".

As Director of Operations in the Office of Kgosi, Royal Bafokeng Nation (RBN), I am authorised by the Royal Family to refute all claims and allegations made by Mr Mvianga in his letter. Further, I wish to advise that legal steps against Mr Mvianga have been initiated by the Royal Family," said Makgale.

Swartruggens en Koster vir dae lank sonder krag

Inwoners sedert naweek al in duister

RUSTENBURG HERALD - SWARTRUGGENS - Swartruggens in geheel asook groot indien nie die meeste omliggende gebiede rondom die plattelandse dorpie sowat 50 km wes van Rustenburg nie, is al sedert Saterdagmiddag omstreeks 15:00 sonder krag. Inwoners van die omgewing het aan Rustenburg Herald gesê die krag is Saterdagmiddag skielik af nadat twee oorhoofse kragpale op die Shylock-Moedwil-lyn omgeval het. Die pale het blykbaar weens swak of geen onderhoud die afgelope paar jaar omgeval.

"Die voetstukke van die pale is erg verroes en kon die netwerk eenvoudig nie langer dra nie. Die frustrasie onder die boeregemeenskap is onsettend hoog - dit is die soveelste keer dat dié dorpie die afgelope jaar sonder krag of sonder water is. Swartruggens word dikwels deur die betrokke staatsondernemings wat vir water en elektrisiteit verantwoordelik is, afgeskeep. "Ons weet nie meer watter kant toe nie", het Rustenburg Herald verneem. By navraag aan Eskom oor die kragonderbreking het Eskom personeel gesê dat die kragtoevoer hopelik voor 16:00 Dinsdagmiddag herstel sal wees. Dit kon egter nog nie bevestig word nie. Intussen is daar verneem dat etlike kragonderbrekings die afgelope tyd ook op Koster voorgekom het. "Die onderbrekings is egter intussen herstel", het mnr Carel van Heerden van die Koster Bekommerde Inwonersvereniging gesê.

Man on Presidential Pardon convicted again

RUSTENBURG HERALD - RUSTENBURG - On Thursday (18 November) the Rustenburg Magistrate Court sentenced Tshegofatso Maruma (23) to ten years imprisonment after being convicted on a business burglary charge for stealing seven laptops worth R90 000.

According to Rustenburg police spokesperson, Sergeant Ofentse Mokgadi, it is alleged that in 2020 Maruma was caught red handed at one of the brokers offices in Landros Street, upper town after he tried to outrun the security guard. Fortunately with the help of a community member, he was cornered and arrested. During his arrest one of his previous victims who resides around the vicinity managed to identify him and immediately called Detective Constable Morongwa Makhoye who was handling his housebreaking case in 2019.

Upon arrival Makhoye confirmed that indeed Tshegofatso was on presidential pardon after being sentenced to five years imprisonment in 2019 and she was the investigating officer at the time. She was assigned to the docket and immediately commenced with the investigation. Maruma was remanded in custody since 2020 until his sentencing as he contravened his presidential pardon conditions.

D/Constable Morongwa Makhoye.

Cash-In-Transit heist in Rustenburg

RUSTENBURG HERALD - RUSTENBURG - North West Police have launched a manhunt for a group of suspects that bombed and robbed a G4S cashvan off an undisclosed amount of money in Rustenburg, near the Rustenburg Civic Centre.

According to information received from police national spokesperson, Colonel Athlenda Mathe, Its alleged that the suspects used a stolen maroon Mercedes Benz to ram into the truck forcing it to come to a standstill. The security guards were then forced out of the cashvan before it was blown up. Shots were fired between the suspects and the escort vehicle but no one sustained inquiries. Suspects are believed to have fled the scene in various vehicles including a white Q7.

"CIT heist scenes can often be dangerous particularly when explosives are used in such robberies. It is for this reason that we warn members of the community that in some instances, it is possible that not all explosives were detonated at the time when the robbery was committed. This therefore poses a risk for the detonator to explode in their presence, thereby posing a risk for the loss of life," said Mathe.

She also said when a robbery is committed, the area now becomes a crime scene and those looting at such crime scenes often contaminate the scene which will constitute a crime of theft as well as defeating the ends of justice.

"We therefore call on all our communities to refrain from entering crime scenes but rather to support the work of the police by assisting

members when a crime is committed as opposed to being part of the crime itself," concluded Mathe.

Recently at the same spot there was a failed cash-in-transit robbery reported. No arrests were made as suspects managed to flee the scene while firing on passers-by.

Tap here on your electronic device or go to <https://bit.ly/cash-in-transit> for a quick video of the robbery.

Tlhabane murder suspect sentenced

RUSTENBURG HERALD - RUSTENBURG - The Provincial Commissioner of North West, Lieutenant General Sello Kwena welcomed the 15 years imprisonment sentence handed down to Itumeleng Daniel Matlapeng (39) by Bafokeng Magistrate Court in Tlhabane on Monday, (15 November).

Matlapeng's conviction came after he was apprehended on 13 February 2019 in connection with the murder of 60-year-old Nomvula Lingela. According to information received from Lt/Col Amanda Funani, North West police spokesperson, Tlhabane Police

were conducting patrol duties when they were approached by the victim's son on Tuesday, (5 February 2021), who informed them about his missing mother. The police together with the son conducted a search and discovered the lifeless body of the victim

next to Tlhabane stadium in the bushes. The victim's hands were tied with a rope and her clothes and shoes were scattered around the scene. Police's investigations led to arrest of Matlapeng and he was remanded in custody since his arrest until his sentencing. Lieutenant General Kwena congratulated the Tlhabane Detectives for the sterling job that they did in making sure that the accused was sentenced .

Roles reversed as Rustenburg Municipality announces new leaders

Waldie Volschenk

RUSTENBURG HERALD - RUSTENBURG - A full day's session of seven hours almost wasn't long enough to finalise the inauguration of the Rustenburg Municipality's 90 new Councillors and the election of the city's new Speaker and Executive Mayor on Monday.

Not much surprises here however, as both top candidates came from the ranks of the ANC. In fact, the former Speaker of the RLM, Cllr Sheila Mabale-Huma who has served in this capacity for almost ages one is tempted to say, was elected as Executive Mayor amidst loud chanting and celebrations from

the public stand which on several occasions threatened to disrupt the formalities in the Civic Centre Banquet Hall, which served as Council Chambers for the auspicious occasion to accommodate the public. Mabale-Huma rushed to a swift victory however with 47 votes against the 16 of Cllr

Pieter Malan of the DA and 27 of Cllr Papi Rangwaga of the Tsopang Civic Movement. The election of Council's new Speaker however took considerably longer to satisfy the house as at least two parties including the EFF objected against the format of the ballot, which saw the entire process being repeated.

Eventually, ANC candidate Cllr Koketso Mogomotsi secured 49 votes against the EFF's Cllr Sharon Letlape's 24 votes and the 17 votes of Cllr Luan Snyders of the DA to be the first male Speaker of the Rustenburg Municipality in almost a decade.

Though the Rustenburg Municipality was one of three hung municipalities after it has failed to win an outright majority in the recent elections, the party secured control of Council by forming a coalition with the AIC, Arona and another independent candidate, the mainstream media reported well ahead of the inauguration on Monday morning.

Mabule-Huma is expected to announce the Mayoral Committee on Friday this week.

During her acceptance speech Mabaluhuma touched on a extremely tender and perhaps long overdue issue when she said it was clear that the Rustenburg Municipality plans to meet with residents of the city - a city that has undeniably suffered a great deal in its recent history as a result of appalling service delivery by the municipality.

Perhaps one of the first major challenges facing the new Executive Mayor would be finding an amicable solution to the almost two year old issue of what became known as a totally unrealistic and unreasonable Municipal Valuation Roll which saw property owners' assessment rates soaring.

KNOW THE FACTS:

Coronavirus has "high infectivity but low mortality". Mortality rate ranges between 2-3%. Risk of death is only higher in older people (above an age of 60 years) and people with pre-existing health conditions.

Woman behind bars for child kidnapping

RUSTENBURG HERALD - RUSTENBURG - The Brits Regional Court has sentenced 32-year-old Dibuseng Rapitsi to eight years direct imprisonment for kidnapping a child in 2018.

According to Sergeant Ofentse Mokgadi, police spokesperson in Rustenburg a relative of Rapitsi came to visit from Pretoria with her child. She was visiting her relatives in Wonderkop Marikana when the incident happened. It was reported that Dibuseng gave birth to a child in 2017 the same year the lady who visited Marikana gave birth. Rapitsi allegedly then kidnapped the mother and her child. It was reported that the kidnapped mother died of mysterious circumstances while being held by Rapitsi. She then took the deceased's child and pretended as if she gave birth to twins. The two babies were then taken to KZN to her boyfriend's parents. The deceased's mother then opened a case of kidnapping with the police. Upon investigations, the police discovered that Rapitsi only gave birth to one child. Due to overwhelming evidence, she pleaded guilty for kidnapping. She was arrested in 2019 and has been remanded in custody until her sentencing. The deceased woman's body was also discovered however with the body being severely decomposed, autopsy could not determine the cause of her death. An inquest docket was then registered with the police. The two children were fetched by the investigating officer, Warrant Officer Obed Ramahoyo or the Rustenburg Family Violence, Child Protection and Sexual Offences Unit and taken to a place of safety. They will soon be reunited with their respective families.

Warrant Officer Obed Ramahoyo being congratulated by the Rustenburg FCS head, Lt/Col Mosidi Mabuza for a job well done in securing the sentence.

Load-shedding can disrupt cell signals

RUSTENBURG HERALD - RUSTENBURG - Sitting without electricity is bad enough. Not having cell phone coverage during load-shedding just makes things worse.

But why is load-shedding leaving you without cell signal?

Battery theft at base stations, combined with insufficient charging times due to frequent load-shedding sessions can cause mobile network towers to lose power, resulting in little or no cellular connectivity.

This causes frustration amongst residents who still wish to communicate when their fixed-line connections go down due to power cuts. While mobile towers draw power from the electricity grid, all mobile network operators have contingencies for when their cellular base stations lose power.

These include the installation of battery backups at mobile towers, but several

factors impact their ability to provide a reliable power source through power cuts.

Factors such as equipment theft at base stations and an inability for batteries to recharge to full capacity if the time between load-shedding sessions is too short can cause towers to lose power.

Battery back-up systems generally take 12-18 hours to recharge, while batteries have a capacity of about 6-12 hours, depending on the site category.

The theft of batteries at base stations has compounded the effects of load-shedding on mobile towers.

"The impact is far more significant due to theft and vandalism at MTN base stations, with over 800 batteries having been stolen

between June and September this year," a spokesperson for MTN told My Broadband.

A spokesperson from Telkom also indicated that batteries are unable to recharge during frequent load-shedding, adding that it is more pronounced at sites with lead-acid batteries which take longer to charge. Load-shedding also impacts the cooling system at Telkom's network towers.

"Load-shedding compromises our cooling system, which results in higher ambient temperatures inside our equipment cabinet, high temperatures compromise the life of batteries," the spokesperson said.

A Vodacom spokesperson also indicated that mobile networks suffer during load-shedding.

Vaccine grocery vouchers extended to over 50s

RUSTENBURG HERALD - RUSTENBURG - The Department of Health has extended the offer of R100 grocery vouchers to people in their 50s who receive their first dose of the COVID-19 vaccine from 18 November 2021.

This comes after the department announced that during November, R100 vouchers, redeemable at the Shoprite group of food retailers, would be offered to people aged 60 and older. However, the department's Vaccination Demand Task Team Lead, Dr David Harrison, said the uptake of the coupons has been poor, with only 8 135 redeemed to date. "We have also not seen a significant uptick in vaccinations among the over 60s," Harrison said. For older people in particular, Harrison said vaccination may determine whether families spend

their festive season visiting relatives in hospital or even attending funerals. "We are only two weeks in and it may be that the message takes time to filter down to everyone. However, we don't have the luxury of time with the fourth wave approaching and must adapt our strategy quickly if it doesn't seem to be having the desired effect," he stressed. The data shows that almost two-thirds of people over 60 years have been vaccinated. "For this reason, the department plans to test the expansion of the offer to people in their 50s as well."

Flu cases in South Africa on the rise

RUSTENBURG HERALD - RUSTENBURG - South Africa has recorded a steady increase in the number of influenza cases from 23 August, with a sharp growth in the week starting 1 November 2021. According to the data released the total number of influenza cases detected by the syndromic sentinel surveillance programmes conducted by the National Institute for Communicable Diseases (NICD) has jumped from 68 to 226 during this period.

This includes influenza-like illness (ILI) and hospitalised cases of pneumonia. The statement released on Wednesday (17 November) said both the NICD and private laboratories have received reports of clusters of influenza cases in schools and workplaces. The public health institute said influenza A (H3N2), influenza A (H1N1) pdm09 and influenza B are seasonal influenza virus strains that are common in human populations. Meanwhile, influenza A (H1N1) pdm09, also known as "swine flu" has been one of the circulating seasonal

influenza strains following its emergence in 2009. However, according to the institute, the word "swine flu" should not be used as it causes unnecessary panic.

"The clinical course of infection with this influenza strain and clinical management is similar to that of other influenza strains," the NICD explained. To date, the most commonly detected subtype and lineage are influenza B Victoria (87/226, 38.5%) followed by influenza A (H1N1) pdm09 (53/226, 23.5%) and influenza A (H3N2) (24/226, 10.6%).

Op 18 November 2021 is Hannes Fourie, jarelange inwoner van Rustenburg, in die ouderdom van 94 jaar en 7 maande oorlede. Sy plek is leeg en sy stem stil. Sy familie en vriende gaan hom baie mis. Die diens vind op Vrydag 26 November 2021 om 11:00 vanuit die Hervormde Kerk Waterkloof (Johannesburg-pad) plaas. Hy word oorleef deur sy eggenote, Maggie Fourie (hulle was 73 jaar getorud), vier dogters, kleinkinders, agterkleinders en agter-agterkleinkinders. Die familie word alle sterkte in hierdie moeilike tyd toegewens. Vir enige navrae kan 072 741 5994 geskakel word.

VAX FACTS: How to save our summer

December is the start of the festive season, which in South Africa is all about hot summer days, beaches, shisanyama Sundays, family gatherings and bush breaks. To avoid another humdrum summer of Covid restrictions, as was the case in 2020, the Department of Health is encouraging all South Africans to get vaccinated against Covid-19 as soon as possible. People who have had only one Pfizer dose, must go for their second jab as soon as the mandatory 42-day waiting period is over, and those who are yet to get vaccinated are urged to do so as soon as possible. Once the majority of the population is fully immunised, the risk of exposure and contraction will be limited and the Covid-19 infection rate will be curbed. This will help enable the economy to recover and save those businesses that will not survive another lockdown. There is no need to pre-book or to wait for an SMS after registering for your vaccine – simply walk into any vaccination site. Don't forget to take along valid identification (ID, birth certificate, foreign passport or asylum/refugee number). You can even go to a vaccination site if you have not registered, and you will be assisted to register at the site. Be warned, however, that it will take longer than if you had pre-registered.

- 1. Safe shopping**
Make Black Friday (November 26) safe this year by vaccinating as soon as possible. It takes two weeks after you are vaccinated for your body to build protection (immunity) against the virus that causes Covid-19.
- 2. Safe seniors**
Encourage or help your grandparents and parents get vaccinated, because they are at high risk of severe symptoms and possible death should they contract Covid-19. A free R100 grocery voucher for people aged 60 and older who are getting vaccinated for the first time, is available during the month of November too.
- 3. Safe scholars**
Assist children aged 12–17 to get vaccinated at any site. No SMS or prebooking is required. Children with an illness that compromises their immunity are at high risk of contracting Covid-19 and should get vaccinated as soon as possible. The 12–17 age group requires only a single dose of Pfizer to qualify for a vaccination certificate.
- 4. Safe society**
If 16 million adults are vaccinated by the end of the year, projections are that at least 20 000 lives could be saved. It is now easier for people to access vaccinations wherever they are, with over 3 000 public and private vaccination sites across the country.
- 5. Be a Vax champ!**
Spread accurate information! For enquiries, contact the Covid-19 hotline on 0800 029 999 or email info@vaccinesupport.org.za in English, Afrikaans, Zulu, Sotho or Xhosa.

People 60 years and older who go for their first Covid-19 jab will automatically receive a R100 voucher via SMS, on the mobile number used when they registered for their vaccine. The voucher must be spent within 30 days, at any Shoprite, Checkers or Usave store. If you do not have a Checkers Money Market account, you must register by free USSD, WhatsApp or mobile app. This free service will ensure the voucher can be traced and re-issued if it is lost, providing it has not already been redeemed. It also means people do not have to spend the full voucher at once. Enquiries: Shoprite toll-free helpline on 0800 001 0709.

VOOR JY NOU JOU OË UITVEE, IS DIT KERSFEES!

Omdat die laaste sowat 19 maande taaiër as 'n seningrige stuk vleis was, is beursies maar plat. Maar jy hoef nie te raap en skraap om kersgeskenke te koop nie! Wil jy artikels verkoop waarvoor jy nie meer 'n nut het nie? Wil jy jou diensde adverteer? Wil jy jou besigheid se produkte aambied? Die Rustenburg Herald bied jou EEN GRATIS ADVERTENSIE

PER WEEK in ons Geklassifiseerde Afdeling (Smalls) aan.

Dis baie eenvoudig: besoek ons webwerf by www.northwestnewspapers.co.za, kies Rustenburg Herald, en dan kies jy die "Classified" hofie.

Indien jou advertensie 15 woorde of minder is, is dit heeltemal gratis.

Indien dit meer as 15 woorde is, betaal jy sleg R1,50 per woord – wat steeds 'n absolute winskopie is!

THERE ARE ONLY A FEW WEEKS LEFT BEFORE CHRISTMAS 2021.

Because the last 19 months was challenging for most people, budgets are tight. But it needn't be, and we would like to extend a helping hand.

We are offering you **ONE FREE ADVERT PER WEEK** in our classified section. Use this to sell your unwanted items, your car, or your skills and services. It's easy - simply visit our website at www.northwestnewspapers.co.za, click on Rustenburg Herald, then on the Classifieds heading.

Keep your advert less than 16 words, and you will get it for free.

If the advert is more than 15 words, you pay R1,50 per word - still a great bargain.

THARISA MINERALS (EDMS.) BPK.

BYKOMENDE BERGING VAN AFVALKLIP BY DIE THARISA-MYN

Tharisa Minerals (Edms.) Bpk. (Tharisa) is 'n oopgroefmynboubedryf wat chroom en platinumgroepmetaalkonsentraat produseer. Die oopgroefmyn is geleë op die plaas 342 JQ en Elandsdrift 467 JQ naby die dorp Marikana in die Bojanala Distriksmunisipaliteit en Rustenburg Plaaslike Munisipaliteit, Noordwes-provinsie.

Mynbou word in twee mynbouseksies onderneem, naamlik die Oos- en Wesmyn, deur gebruik te maak van konvensionele oopgroefragmotor- en graafmetodes. Afvalklip uit die oopgroefgebiede word óf op afvalkliphope (AKH's) opgegaar óf as deel van gelyktydige rehabilitasie in die oopgroef teruggevuul. As deel van sy voortgesette mynbeplanning het Tharisa die behoefte aan bykomende berging van afvalklip op die terrein geïdentifiseer. Tharisa doen dus aan die hand om 'n nuwe AKH te vestig, wat 'n reeds-goedgekeurde AKH vergroot en AKH's bo-op teruggevuulde gedeeltes van die Oos- en Wes-groef te vestig. Tharisa doen ook aansoek om 'n nuwe uitskotbergingsfasiliteit (UBF) te bou.

Kennis geskied hiermee van die aansoeke wat ingevolge die omgewingswetgewing wat hieronder gelys word by die **Noordwes Departement van Minerale Hulpbronne en Energie** gedoen moet word:

Chef Johann Ludick of Under the Cherry Blossom received global recognition for his excellence in the kitchen. (Photo: Christelle van Rooyen-Wessels)

Global award for Chef Johann!

RUSTENBURG HERALD - RUSTENBURG - A local chef has just been awarded global recognition for his fine dining skills Johann Ludick of Under the Cherry Blossom restaurant in Safari Gardens received the Fine Dining Experience of the Year award from the Corporate LiveWire Prestige Awards.

Corporate LiveWire recognizes the important work of small and independent businesses that consistently offer excellent products and services. The judging panel base their decisions upon areas such as service excellence, quality of the product/ service provided, innovative practices, value, ethical or sustainable methods of working, as well as consistency in performance. The winners selected are those who can best demonstrate their strengths in these areas. During the awards process, over 90,000 businesses and corporate

professionals, magazine contributors and our subscribers were invited to nominate companies and individuals."I am very honoured, and extremely proud of this accolade. It is an inspiration to continue creating innovative dishes - and to even push the boundaries of fine dining a bit further," Chef Johann told Rustenburg Herald.

Vat hande en ondersteun dié plaaslike besighede

Adverteerders op hierdie bladsy is kleiner ondernemings, soos eenmansake en tuisondernemings wat nie met die groot name in die bedryf kan meeding wanneer dit by die koop van advertensieruimte kom nie, en wie verstaan dit beter as die Rustenburg Herald?

Daarom skop ons af met twee bladsye met spotgoedkoop advertensies vir eenmansake en tuisondernemings tot die einde van die jaar.

Ondersteun dié besighede, want wanneer ons klein besighede een vir een sluit as gevolg van ondergang in die bedryf, is die rimpel-effek soveel groter en die plaaslike koopkrag word algaande net minder.

Wanneer jy 'n plaaslike besigheid ondersteun, help jy 'n kind om swemlesse by 'n plaaslike swemafrigter te kry of om sporttoerusting plaaslik te koop om hulle sport te beoefen, 'n broodwinner om 'n huislening, 'n motorpaaient of 'n kind se skoolgelde of 'n studielening te kan betaal en gesinne van voedsel te voorsien.

Kleiner besighede is meer toeganklik en gebruikersvriendelik en in plaas van met 'n antwoordmasjien praat wanneer jy skakel en knoppies te druk wat jou van Pontius na Pilatus stuur, praat jy met 'n persoon wat luister en jou navraag direk beantwoord. Kom ons ondersteun ons plaaslike besighede en maak 'n verskil in talle mense se lewens. Kontak Annette, Heleen of Philip by 014 592 8329 gerus vir meer besonderhede.

Let's get smart about life insurance

What factors affect the cost of your life insurance premium?

A life insurance premium is a monthly payment you make to your insurer in exchange for your life cover. There are a few aspects that influence the cost of this premium.

The younger you are, the cheaper your premium is.

It is always a good idea to take out life insurance when you are young. Not only are you and your loved ones protected early on, but your premium is cheaper. This is because you represent less of a risk to the insurer, and you are more likely to be in better health. Also, the earlier you start paying for life insurance, the more affordable your premiums will be when you are older, provided you make sure that the premiums remain affordable over the years.

Your health plays a role in the price of your premium, as does your lifestyle.

If you have certain health issues or have suffered from a severe illness or injury, then the cost of your premium will most likely be higher. You could also be subject to certain exclusions on your policy. The monthly amount you pay for your life insurance policy is also influenced by your lifestyle. For example, do you have a job that is considered dangerous, such as being a police officer? Or do you frequently enjoy participating in activities that have a high likelihood of injuries, such as sky diving or rock climbing? Being a smoker or vaper can also result in you paying a much higher premium, as this is a risk to your health.

Your life insurance premium depends on the duration you need the cover for, and how much cover you want.

With life insurance, you can have different layers of cover within your policy, for example, an amount that covers long-term expenses like a bond. When that bond is paid off, though, you no longer need that layer of cover, which can reduce your premium. Your monthly premium also depends on how much cover you want. As a general rule, the more cover you take out, the higher the premium. It is best to talk to a financial adviser about how to balance what you can afford to pay each month and how much life insurance you need.

Before taking out a life insurance policy, make sure you know how much your future premiums will be.

When taking out life cover, you need to consider not just what you will be paying now, but what you will be paying in the future. Some policies offer cheap premiums in the short term but may require you to pay much more as you get older. It is a good idea to consider what kind of increases you think you will be able to afford in the future. For example, if your salary only goes up by 5% every year, an annual premium increase of 15% is not affordable. Life insurance cover is designed to be a policy that you keep for an extended period, so it isn't ideal to have to change providers regularly, so when you do change your life insurance provider, it's important to understand how much you'll be paying in the long-term. Your life insurer is required to include premium projections in your insurance quotation, so be sure to ask for them.

A financial adviser can help you

Insurance products can be pretty complicated. Making the wrong decision can have serious consequences for you and your family, so it's worthwhile to shop around for the best advice. Fortunately, many well-qualified financial advisers can answer your questions, provide clear explanations, and help you understand what you're buying when it comes to life insurance. Financial advisers must meet strict regulatory requirements and be properly licensed with the Financial Sector Conduct Authority (FSCA) and product providers. You have the right to ask your adviser for their credentials and ask whether they are independent or work for a specific product provider.

Test your knowledge

1. To maintain your life cover, you must pay your insurance premium:

A: Monthly
B: When you can afford it
C: Annually

2. Generally speaking, the younger you are:

A: The more affordable your life insurance policy is
B: The more expensive your life insurance policy is
C: Neither of the above

Daar sal ook 'n groot houer ten bate van die DBV/SPCA wees waar inwoners net 'n pakkie kos of komborsie of enigiets vir die diere van Rustenburg kan ingooi. Dit is nie 'n ingangsfooie nie, dit is net ter fondsinsameling vir die Rustenburgse Direbeskermingsvereniging, indien u 'n bydrae sou wou maak. Geen ingangsfooie word gevra nie, kom geniet net die Kersfeesliggies en die samesyn.

Leila toor met tamatiebredie

Leila von Wielligh – ons gasvrou in vandeeweek se “Raak die ‘klits’ kwyf”.

Suid-Afrikaners is nou maar eenmaal lief vir vleisgeregte en met braaivleis, potjiekos of bredie op jou vuur of in jou potjie kan jy enige tafel vol gaste onder die spreekwoordelike “wip” vang. Leila von Wielligh – eggenote van Rustenburgse prokureur Retief von Wielligh is ‘n vrou met voorwaar

talle talente – een hiervan beslis in die kombuis, het Rustenburg Herald se kookspan onlangs ontdek. Leila het ons genooi vir ‘n wonderlik-lekker tamatiebredie en het selfs haar resep met ons gedeel. Hierdie is ‘n gereg wat beslis ‘n prominente plek in jou gunsteling-resepteboek verdien!

Tamatiebredie

Bestanddele:

- 1.5 kg lamsnek
- 1 kg tamaties
- Kookolie of Margarien
- 2 tot 3 uie
- 250 ml (1 koppie) warm water
- 4 aartappels in blokkies gesny
- 1 kleinerige, heel butternut in blokkies gesny
- Swartpeperkorrels
- Sout
- 3 eetlepels blatjang
- 3 eetlepels tamatiesous
- 1 eetlepel koekmeelblom (15 ml)
- Laastens – bruinsuiker is die groot geheim - 2 eetlepels sal die ding doen.

Metode:

Vee die vleis skoon af met ‘n klam doek. Plaas die 1 kg tamaties in ‘n bak met kokende

water. Verhit die Margarien in ‘n swaar kastrol en braai die uie eers bruin en haal uit. Braai solank die vleis aan albei kante tot lekker bruin en skep uit. Haal die tamaties uit die warm water en verwyder skillettjies. Kap die tamaties in fyn stukkie. Gooi tamaties en uie saam in ‘n swaar kastrol en meng. Plaas dan gebraaide vleis terug in kastrol. Voeg die res van die bestanddele by – aartappels, butternut, blatjang, tamatiesous, 250 ml warm water, en peperkorrels. Na twee ure kan jy 1 eetlepel koekmeelblom by die bestanddele sif en dadelik goed roer. Voeg heel laaste die bruinsuiker by en roer goed deur. Onthou – baie belangrik om hiervandaan gereeld te roer, anders kan jou bredie aanbrand. As jy hierdie resep en metode noukeurig volg – gaan jy beslis baie komplimente van die gaste kry – Leila bedien hierdie gunstelingereg van haar ALTYD met stadig-en saggekookte stampmielies. “Dit is ‘n moet!” sê sy.

Saggekookte stampmielies is ‘n “MOET” by hierdie tamatiebredie!

Lensiesop? Watter lensiesop? (Dalk vir hierdie tamatiebredie ja...)

Hierdie wonderlike gereg het Leila in die Kook en Geniet gekry – maar met haar eie aanslag ‘n bietjie aangepas. Die resultaat is omtrent “skrikwekkend” heerlik, sou ons sê.

10 years once a week and the allegations pulled out of a poisoned hart sound like sour grapes. Jealousy cannot lead a nation. Give credit where it is due. The Royal Bafokeng Nation - the results speak for themselves. Do not accuse my friend of abandoning her children. Remember that the knife cuts to both sides. Do not accuse my friend of malicious stealing, of hijacking her people she loved so much, of looting Bafokeng's minerals and having no conscience - shame on you!

Rustenburg cyclist takes on extreme race

RUSTENBURG HERALD - RUSTENBURG - Richard Roos, a Rustenburg cyclist will be taking on 1000km in 120 hours - a single stage mountain bike race across the middle of SA in the heat of the summer.

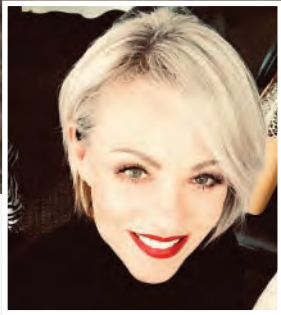

The Munga MTB 2021 is considered one of the toughest mountainbike races on earth. "At the Munga we celebrate what it is to be human. We know the fight. We know what it means to grovel, and grind, and crawl in desperation to the light at the end of the tunnel. We know what it's like to hand on to a thread, but claw and pull it back till it's a tight rope, and walk that thin line, balancing the life and death of dreams, till at last we lean forward, and the momentum of action carries us inexorably towards our destiny!" Alex Harris – Munga Race Director. The Munga runs over a little more than 1000 kilometres. There are 5 race villages where riders can rest, eat and get mechanical assistance. There are also ten waterpoints placed between 60 and 90 kilometres apart. The race is semi-supported meaning that riders will be provided with support from race officials and at race villages but will not be permitted to have support along the route. Everything a rider needs he will find at the waterpoints or race villages, or it must be taken along on his bike.

The Munga mountain bike race begins in Bloemfontein and ends at the Doolhof Wine Estate in Wellington in the Cape Winelands. The route will be predominantly off road. The route will be a GPS route so riders will not have to think about navigation. Cyclists come in all shapes and sizes, and from all walks of life. Some shred, some meander, others camp and then there are those that test the very fibre of human endurance. Richard Roos is one of these cyclists. Roos (41), qualified Sports Science and Personal Trainer tackling the world's toughest mountain bike challenge the Munga from Rustenburg. "What I'm looking forward to from the Munga is the hidden and hostile scenery that few have the privilege to see. I'm looking forward to seeing just how far I can push myself through the darkest areas in myself to the level of breaking point and hitting that bottom.... then to push myself through that point of ultimate endurance as this will be my longest race. Ultimate endurance Munga. My mind is working through the process, it doesn't get any challenging than this!!!
