# ONLINE DRIVER'S LICENCE RENEWAL:

## You must still give them your finger

RUSTENBURG HERALD - RUSTENBURG - The Road Traffic Management Corporation (RTMC) has launched its online system to enable South Africans to renew their vehicle registration and pay without leaving their homes.

According to RTMC chief executive officer Makhosini Msibi, the online payment system will also apply to driver's licence card renewals.

"The system is going to be easier from now on," he told reporters.

"We are making it easy for all South Africans to conduct this business in the comfort of their homes, without having to queue at the Driver's Licence Testing Centre."

However, when renewing a driver's licence card, South Africans will still need to visit a DLTC to have their fingerprints captured.

"With the online driver's licence renewal, we will still require you to report at the DLTC for eye tests. Alternatively, if you have gone to the optometrist, then you will still need to come in because we still need your finger," Msibi said."

When it comes to vehicle licence disc renewals, implementing the online payment system means that South Africans will not have to stand in long queues or pay in cash when they need to renew their licence disc.

South Africans can make online payments via a credit card or electronic

funds transfer (EFT). "You'll pay using a credit card to renew a driver's licence, and also be provided with a variety of options," Msibi said.

These options include whether you want to pick up the card from a testing centre or deliver it to your home.

When asked for clarification, Msibi said that South Africans renewing their driver's licence online could also make payment via EFT.

The RTMC has launched the platform in partnership with First National Bank, which provides the online payment gateway.

Transport minister Fikile Mbalula, earlier this year, had promised that the Department of Transport and RTMC were working on launching an eNatis online payment system.

The system was initially believed to have gone live in October 2021. But the South African Post Office, which will handle deliveries of all documents renewed via the service, later confirmed the system had been delayed until early 2022 due to technical and legal requirements.

Meanwhile, the Post Office launched its own online vehicle licence renewal service earlier this year.

Therefore, two government organisations are now competing against one another — and various private third-party service providers — to provide the same service.

### Alarming increase in road crashes in SA

RUSTENBURG HERALD - RUSTENBURG - South Africa has recorded more fatalities in the month of January according to the Minister of Transport Fikile Mbalula.

During the month of January, 637 fatal crashes were recorded, accounting for 774 fatalities.

"This represents a 75% increase in crashes from 484 and 78% increase in fatalities from 602, year-on-year. Of these crashes and fatalities, 184 crashes resulting in 363 fatalities in January were already reported in the festive season statistics," Fikile Mbalula said.

Releasing the first of the 2022 Monthly Road Statistics, the Minister said most of the crashes took place on Saturdays, Sundays and Mondays with human behaviour contributing to 90% of the crashes, followed by road and environmental factors at 5% and vehicle factors at 4%.

Drunken driving continues to be a challenge with 961 drivers arrested. A total of 1 051 drivers were arrested for operating public transport vehicles without the necessary operating licence and 212 were arrested for overloading passengers.

RUSTENBURG HERALD - RUSTENBURG - Die man wat verlede jaar Maart glo verantwoordelik was vir die dood van die 34-jarige Darius Botha sal glo dié week vir voorverhoor in die hof verskyn.

Darnel van der Merwe het op 29 Maart 2021 op 'n klag van moord in die hof verskyn. Die saak is daarna 'n paar keer uitgestel.

Sy inhegtenisname spruit uit 'n voorval op 26 Maart verlede jaar toe 'n myngroep 'n funksie by die onthaalarea van 'n hoërskool in die stad aangebied het. Volgens die polisie was daar op die betrokke aand blykbaar 'n woordewisseling tussen Van der Merwe en Botha. 'n Vuisgeveg het gevolg en Botha het glo tydens dié geveg sy bewussyn verloor.

'n 29-jarige man het vroeg dié week hier in die hof verskyn nadat 'n bakteleiery by 'n funksie 'n dodelik nadraai gehad het.

'n Ambulans is ontbied, maar paramedici het op die toneel bevind dat hy reeds dood is.

Volgens kapt Elsabé Augoustides, Rustenburg Polisiewoordvoerder, word daar verwag dat die voorverhoor dié week onderweg sal kom.

### Second-hand dealers inspected in Rustenburg

RUSTENBURG HERALD - RUSTENBURG - In an endeavour to fight the buying and selling of stolen goods, police on Friday (18 February), conducted a multidisciplinary and crime intelligence driven operation at identified Second-Hand Goods Dealer premises in Rustenburg.

According to Colonel Adèle Myburgh, North West police spokesperson, the police working together with the Department of Home Affairs, Telkom and the Independent Communications Authority of South Africa (ICASA), issued fines amounting to R25 000.00 to 19 business owners.

The fines, among others were issued for possession of counterfeit goods and failure to register a business as a dealer in contravention of Section 2(1) of the Second-Hand Goods Act 2009 (Act No. 6 of 2009). Furthermore, three persons were arrested for possession of suspected stolen property while one was held for possession of drugs. A total of nine suspected undocumented persons were taken in for processing by Immigration Officials.

Police would like to remind all Second-Hand Goods dealers that Chapter 2(1) of the Act stipulates that every person, who carries out a business as a dealer must be registered. Moreover, a dealer must keep a register in the prescribed form and record in the register the prescribed particulars regarding every acquisition or disposal of second-hand goods according to chapter 4 (21)(1).

### Typhoid fever not linked to tap water: Rand Water

RUSTENBURG HERALD - RUSTENBURG - The recent typhoid cases, reported in the news, have not been linked to tap water. A statement issued on Tuesday morning (22 February) by Rand Water has confirmed.

"Rand Water's drinking water treatment processes are effective in inactivating harmful bacteria. Rand Water maintains intensive water quality monitoring programmes," said Justice Mohale, Rand Water spokesperson.

## Second technician dies after electricity shock

RUSTENBURG HERALD - RUSTENBURG - Earlier this month four members of the Rustenburg Municipality's Electrical team were injured in two separate incidents while working to repair a vandalized substation.

One of the workers, Elias Nkele was fatally injured during the incident on 4 February, while three other were very seriously injured later that same day.

Two of the employees had to be airlifted to a hospital in Johannesburg.

On Monday (21 February) one of these two, Benjamin Botsang Modisane succumbed to his injuries.

Rustenburg Local Municipality Executive Mayor Kgomotso Shiela Mabale-Huma expressed her condolences with his family, friends and colleagues.

Police are still busy with an inquest regarding the incident on 4 February.

## Geelhout Park Residents voice frustrations over water supply

RUSTENBURG HERALD - RUSTENBURG - Rustenburg Herald has been inundated with complaints from residents, especially in Geelhout Park and Rustenburg North who have been hit with water supply interruptions which, according to them have not been communicated to them by the Rustenburg Local Municipality.

Residents who recently took to social media to voice out their frustration say that at times they would go for weeks without a drop of water in their taps.

"It is so frustrating to pay for services every month however the services are not rendered," one resident said on social media.

Another resident of Geelhout Park who spoke to the Rustenburg Herald said they now have to be creative when it comes to water. They said the water and power issues affecting Rustenburg is forcing them to buy generators and JoJo tanks. However those households that do not have money to purchase these items have to sit for days without water, or dig deeper into their pockets to buy water.

"It is not fair for residents to pay for water every month at the Rustenburg Local Municipality and at the same time, folk out money to purchase water," one resident said.

"We can only hope that going forward the Rustenburg Local Municipality can come up with lasting solutions to the delay in service delivery, especially with water involved, which, adding to the pandemic we are facing, is necessary for hygienic purposes.

# Tierkloof reservoir - no tiger in the tank?

Waldie Volschenk

**RUSTENBURG HERALD - RUSTENBURG** - Over the past 20 years if not longer, Rustenburg consumers were not unfamiliar with water shortages, interruptions and extended periods of "running on empty" in several extensions throughout town.

In spite of millions being spent over the area was soon in desperate need of its decades on water infrastructure development such as the gigantic 110 mega litre reservoir (yes, we know - it was largely developed for Rustenburg's platinum industry), the infamous Tierkloof reservoir (the old and the new) as well as numerous others to keep up with an ever growing city, it seems that Rustenburg residents' woes with water issues are far from over. The current "Tierkloof situation" has a long and intriguing history without which no story on the issue would be complete.

It would be an understatement to say that since the 1990s, large areas of Cashan 4 especially the infamous Timbati Townhouse complex became notorious for constant water shortages. As understood at the time, the rapid development of Cashan 4 (all the "river street names" as it is also known today)

"own" independent reservoir to keep up with the growing demand for water in the area. This was especially true since at the time water supply was being fed by a pump and pipe system which alas, was disastrously unreliable. Some years later, Rustenburg's legendary Tom Ravenscroft became instrumental in the construction of the "first" (temporary) Tierkloof reservoir (240 kl) in the early to mid 1990s to at least ensure a reliable source of water to those areas where he was dealing in land and property development. As time caught up with Tierkloof however, the need for another, bigger Tierkloof Reservoir could no longer be put on hold.

The new reservoir became an important item on the Council agenda in 2008 for the first time, but sadly, other issues took priority.

Finally, in 2017 the decision was taken that the reservoir would be budgeted for in the 2019/2020 financial year. The project was however delayed once again due to a downturn in the economy. This time around the National Department of Water and Sanitation was approached for assistance and the new 3 mega liter Tierkloof reservoir was commissioned in June 2020 and surprisingly, completed on 31 July of the same year.

Barely a year, perhaps two years have passed before it was discovered that the reservoir was leaking and was losing an alarming quantity of water every day. It was with great disappointment that it was discovered that Tierkloof 2 had serious issues surrounding its construction and in particular, the preparation of its base/foothold and that if not rectified, it was in danger of collapsing altogether. The situation urgently necessitated a visit by several Rustenburg DA Councillors including Cllrs Gert du Plessis, Martin Coetzee, Cheryl Phillips, the former Executive Mayor Cllr Mpho Khunou and the Municipal Manager Mr Victor Makona to discuss the way forward. Currently however, residents of all "river street areas", Schoongesicht, areas of Cashan 5, areas of Safari Gardens 15 and 13 are back to Square One with unreliable water supply issues. Since September 2021, at least two shutdown periods have been scheduled and rescheduled for maintenance/

repair - none of which has materialised in anything substantial.

For the past four months residents are once again dependent on the original "Ravenscroft" Tierkloof reservoir which is totally inadequate with the result that Cllr Tanya Rothman, new DA Councillor in Ward 17 is forced to drive up to the pump station in Helen Joseph Avenue to switch on the pump system to be followed by an inspection at Tierkloof 1 to measure its progress and once again back to the pump station to cut the water supply to Tierkloof. This she has to do every 90 - 120 minutes during daytime to ensure that residents in higher areas do not run out of water! A few residents in the area have taken it upon themselves to install a "telemeter" at their own cost which makes control of the water situation somewhat easier. Tierkloof 2 however, is in shambles, dismantled, damaged by gale force wind and it is unclear how soon repair work will finally start and who is going to pay for the expense. Unconfirmed information has it that to date some R12 million has been spent on the Tierkloof reservoir - money down the drain so to speak!

Rustenburg Herald approached the Rustenburg Municipality for the latest information regarding future plans for Rustenburg's Tierkloof reservoir. Keep watching Rustenburg Herald for more on the issue.

Councillor Tanya Rothman, new DA Councillor for Ward 17 at the dismantled/dilapidated Tierkloof reservoir among Rustenburg's southern hills of the Magaliesberg which has been dysfunctional since October last year.

From this picture it is clear that Rustenburg's notorious Tierkloof reservoir definitely has no tiger in the tank and that it could take several months before construction errors were corrected after which the reservoir could be re-introduced to the city's water reticulation network.

A finger pointing out the correct position of where the reservoir's joints should have rested.

The result of incorrect positioning of the Tierkloof reservoir's panel joints. This could eventually see the reservoir collapsing and flooding large areas of Schoongesicht.

# ...En toe lui die foon in sy broeksak

RUSTENBURG HERALD - RUSTENBURG - "Ek weet nie wat my ma se plan was as sy die vent self sou vang nie, maar ons is net dankbaar dat sy veilig is."

Só vertel 'n sakevrou van Rustenburg aan Herald nadat haar ma, met behulp van verkeersmanne 'n geslepe dief vasgetrek het.

Volgens die sakevrou, Marlene, het haar ma Maandagmiddag omstreeks 15:00 buite 'n hoërskool vir haar kleinkind gewag. Die 75-jarige vrou se motorendeure was gesluit, maar die venster aan haar kant, asook aan die passasierskant was klein oop.

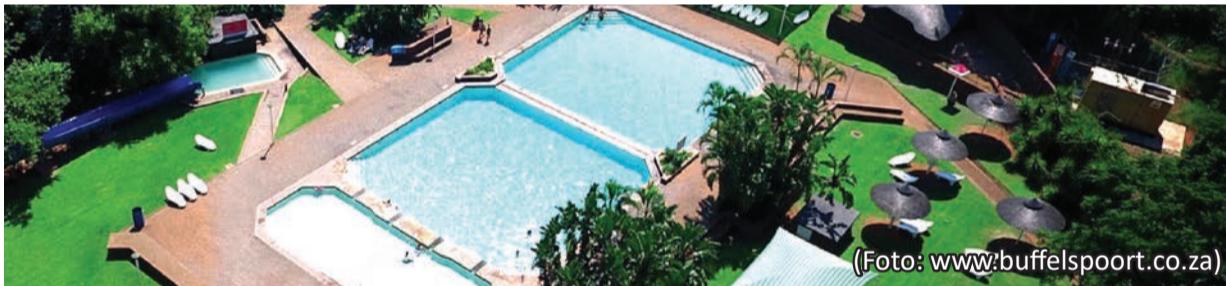

'n Man het by haar venster verskyn en vir geld gevra. Sy het gesê sy het nie geld nie en die man het geloop - of so het sy gedink.

Die volgende oomblik het die vent 'n plastiekvak met iets in by die passasiersvenster ingegooi. Die vrou het geskrik en gebuk om te kyk wat hy ingegooi het. Intussen het hy om die motor gesnel, sy arm deur haar venster gedruk en haar selfoon - wat tussen die twee sitplekke gelê het - gegryp. "Ek kan nie glo hy kon sy arm deur die venster kry nie; dit was skaars groot genoeg oop om 'n hand deur dit te kon druk!" vertel sy.

Die man het laat spaander, maar net daar toe skop die adrenalien vir die vrou in. Sy skakel haar motor aan en sit hom agterna. Sy het verby provinsiale verkeersbeampies gery, gestop en vertel van die dief. Twee van die beampies het die dief in hul motor begin jaag, terwyl twee ander by die vrou in haar voertuig geklim het. "Ry, ouma!" was hul raad. En so gesê, so gemaak. 'n Blok so verder het die eerste twee verkeersmense die man aangekeer en die vrou en die ander twee beampies het by hulle aangesluit. "Hulle ondervra hom, maar hy bly sê hy het niks," vertel Marlene. Haar ma vra toe een van die beampies om haar selfoon te skakel, en daar lui die foon in die dief se broeksak!

Die polisie het later nog inbreekhulpmiddels, soos 'n 'remote jammer' in sy besit gevind.

"My ma en ons as gesin wil vir die verkeersbeampies baie dankie sê vir hul hulp. Hulle het by my ma gewag tot die polisie opgedaag het en haar na die polisiestasie vergesel - en by haar gebly tot die saak oopgemaak is. Dit is mense waarop mens trots kan wees en wat jou laat glo dat daar nog sommer baie goedheid tussen ons mense is," sê Marlene.

## Daar gaan die petrolprys weer!

RUSTENBURG HERALD - RUSTENBURG - Alles duï daarop dat motoriste van volgende week af meer by brandstofpompe gaan moet opdok.

Tot en met 15 Februarie was daar verhoging is die internasionale prys vir ruolie en die Rand het ook maar vroterig vertoon.

Die voorspelling vir Maart lyk so:

Petrol 95:

verhoging van R1,26 per litre na R21,40

Petrol 93:

verhoging van R1,25 per litre na R21,14

Diesel 0.05%:

verhoging van R1,32 per litre na R18,45

Diesel 0.005%:

verhoging van R1,34 per litre na R18,51

Illuminating Paraffin:

verhoging van R1,26 per litre na R13,23

Die dept van Energie het dit egter duidelik gemaak dat daar ander bydraende faktore is wat ook die prys van brandstof beïnvloed en dat die aanpassing miskien méér, of dalk minder kan wees.

## Tragedie by vakansie-oord

RUSTENBURG HERALD - RUSTENBURG - 'n Heerlike gesinsvakansie het tragies geëindig toe 'n man in die vroeëoggendure van Donderdag (17 Februarie) deur onbekende aanvallers doodgeskiet is.

Johannes Nicolaas Brits (68) en sy vrou het glo Maandag (14 Februarie) by die ATKV Buffelspoort ingeboek. Brits se broer en sy vrou, asook hul suster en haar man, het by hul aangesluit vir 'n gesinsvakansie waartydens Johannes se 68e verjaarsdag ook gevier is. Die groep sou blykbaar weer Sondag (20 Februarie) uitboek.

Maar niets kon die groep voorberei op die tragiese gebeure wat sou volg nie.

Volgens inligting tot die Rustenburg Herald se beskikking het Johannes se suster omstreeks 01:00 Donderdagoggend gesien hoe drie inbrekers toegang tot hul chalet deur 'n oop venster verkry. Sy het na Johannes en sy vrou se kamer gegaan om alarm te maak, maar die rowers het haar oorval. Sy is gestomp en het gevallen. Johannes het toe glo tussenbeide probeer tree en is trompop deur die rowers geskiet. Hy het op die toneel gesterf.

Volgens Noordwes provinsiale polisiewoordvoerder, kol Adéle Myburgh, het die rowers slegs met drie ouerige Nokia selfone gevlug. Sy het bevestig dat klakte van moord en roof ondersoek word.

Kol Myburgh het bygevoeg dat dit nog nie duidelik is hoe die aanvallers toegang tot die oord verkry het nie.

Die verdagtes is steeds voortvlugtig en persone wat oor inligting beskik wat die polisie in hul ondersoek behulpsaam kan wees, kan die ondersoekbeampte A/O Job Monnagaratoe op 072 092 2348 skakel.

# Police investigating rape case at a modelling agency

RUSTENBURG HERALD - RUSTENBURG - The modelling industry attracts young girls from all walks of life, who aspire to be recognised as models.

This industry has grown significantly especially with the influence of social media platforms and easy access to the internet.

However, more and more girls are sexually assaulted by agents or photographers who take advantage of these young girls.

## Latest crime statistics released

RUSTENBURG HERALD - RUSTENBURG - The police have recently released the latest crime statistics in South Africa for the third quarter of 2021/22, from October to December 2021.

According to the report, the total reported crimes over the period declined slightly by 3.3%. Contact crimes including categories such as assault and sexual offences also decreased, however violent crimes such as murder and attempted murder have increased significantly.

The country reported 6 859 murders in the three month period, which is up from 6

279 the year before. Property crimes were down, with drops in common robbery, theft out of vehicles and shoplifting.

In previous quarterly reports, the police compared the 2021/22 stats to those in 2019, saying that the 2020/21 period was not comparable because of the disruptions caused by the pandemic and lockdown regulations.

A 37-year-old man, whose identity is known to the Rustenburg Herald is out on bail following a charge of rape that was registered with the police in Rustenburg.

This man, according to information received, ran a modelling agency in the Rustenburg CBD from 2020 which attracted young girls from in and around Rustenburg. Things were going well until a number of girls complained that they were forced to take nude pictures by this 37-year-old suspect.

A case of rape was opened at the Rustenburg police station in November 2021. According one of the victims, who was interviewed by the Rustenburg Herald, the suspect would tell them to come for photoshoots outside of the normal business hours. Some of

the girls became uncomfortable when he asked them to pose for the camera while naked. The victim, who was brave enough to report the incident to the police said the suspect sexually assaulted her. Ofentse Mokgadi, police spokesperson in Rustenburg confirmed to the Rustenburg Herald that indeed a case of rape was being investigated by the Rustenburg FCS.

Video and picture evidence was brought to the Rustenburg Herald, where it can clearly be seen that the suspect was indeed taking naked pictures and videos of young girls, most of whom were underage.

One of the girls who spoke to the Rustenburg Herald said some of the girls who fell victim to this were reluctant to report the incidents to their parents out of fear that their parents would be disappointed in them. The man will appear before the Rustenburg Magistrates Court again on Monday (7 March).

Adverteerders op hierdie bladsy is kleiner ondernemings, soos eenmansake en tuisondernemings wat nie met die groot name in die bedryf kan meeding wanneer dit by die koop van advertensieruimte kom nie, en wie verstaan dit beter as die Rustenburg Herald?

Daarom skop ons af met twee bladsye met spotgoedkoop advertensies vir eenmansake en tuisondernemings tot die einde van die jaar.

Ondersteun dié besighede, want wanneer ons klein besighede een vir een sluit as gevolg van ondergang in die bedryf, is die rimpel-effek soveel groter en die plaaslike koopkrag word algaande net minder.

Kleiner besighede is meer toeganklik en gebruikersvriendelik en in plaas van met 'n antwoordmasjien praat wanneer jy skakel en knoppies te druk wat jou van Pontius na Pilatus stuur, praat jy met 'n persoon wat luister en jou navraag direk beantwoord. # Japie brei van kleins af en dis nie 'n wolhaarstorie nie

RUSTENBURG HERALD - RUSTENBURG - 'n Man wat brei terwyl sy verloofde buite érens besig is met houtwerk! Ja, hierdie huishouding van uiteenlopende kontraste is deel van Japie Janse van Rensburg en Chantell Grundling se daaglikse bestaan en altwee is al goed bedreve met hul onderskeie stokperdjies, of is dit nou 'n wolhaarstorie?

Rustenburg Herald het onlangs verneem van 'n man wat al te vlytig met die breinaalde en hekelpenne is. Japie vertel met ons kuiertjie dat hy al van sesjarige ouderdom af brei - amper omrent elke dag.

"In die ou dae van pioniers-tv in Suid-Afrika, het my ma altyd voor die kassie gesit en brei terwyl sy na haar gunsteling tv-programme gekyk het. En dit sonder om 'n steek te verloor of 'n foot te maak."

Dit het my gefassineer en dit was nie lank voordat sy gesien het dat ek 'n lewendige belangstelling in haar breiwerk toon nie. Sy het my aanvanklik met 'n stukkie wol touwys gemaak en nadat ek die eerste paar stekies van tolletjie-brei vervelig gevind het, het ek na gewone breiwerk oorgeskakel en sedertdien nog nooit meer werklik die breinaalde neergesit nie", vertel hy.

Japie het in sy lewe al tallose breiprojekte aangepak en sommer in 'n jstrap voltooi. Truie, serpe, tjalies, handskoene, mussels, voetkouse en selfs 'n hele kombers/bedsprei wat hy gehekel het is onder die mylpale wat hy afgebrei het. "Nee wat, dit is maar vir die plesier en die ontspanning daarvan want daar is nie werklik geld in huis-breiwerk nie. Die koste van wol en ander benodigdhede is deesdae so duur dat dit eintlik goedkoper is om winkel toe te ry en vir jou 'n trui te gaan koop. En dan is daar nog soveel vroue wat vir dekades al ywerig brei en as't ware vir geen fabriek hoeft terug te staan nie en uiteraard jou kompetisie is - nee wat, mense wat brei is meestal mense wat nie daarvan hou om ledig rond te sit nie en daarvan hou as die

hande deurentyd besig is. Natuurlik is dit ook 'n uitdaging om 'n projek aan te pak en dag-vir-dag te sien hoe jy daarmee vorder. Daar is nog altyd iets spesiale aan 'n trui, handskoene of mussie wat 'n familielid vir jou gebrei het - dit het eenvoudig vir die draer veel meer waarde as 'n paar winkelkouse wat jy by 'n afdelingswinkel gekoop het. Japie het nog nooit regtig daarop ingegaan om sy breiwerke te verkoop nie - dit gaan maar meestal aan 'n gelukkige familielid, vriend of iemand wat iets vir die winterkoue nodig het. Japie se wens is

eintlik om vir homself 'n goeie betrekking los te slaan - hy was voorheen in "HR" (human resources/menslike hulpbronne) werksaam en hoop om in hierdie uitdagende tye weer geholpe te raak. Maar hy sal nie sy neus optrek vir iets anders nie - mits dit natuurlik 'n uitdaging is... Miskien sal hy dan vir 'n wyle die breiwerk kan neersit en homself op 'n meer konstruktiewe wyse besig te hou. As daar iemand is wat vir Japie 'n plekkie in sy onderneming of winkel het, sal Japie baie graag van jou wil hoor. Wie weet - dalk kry jy en die res van jou familie sommer nog voor die koms van hierdie winter 'n reeks lekker knus warmgoed? Skakel Japie sommer vandag nog op 066 097 7694.

# Rustenburg Local Municipality holds strategic lekgotla

Political leadership: Executive Mayor, Cllr Kgomotso Shiela Mabale-Huma, Members of the Mayoral Committee (MMC's) and senior management of the Rustenburg Local Municipality, seen here at the two-day strategic lekgotla held on 21 and 22 February at one of the lodges around Rustenburg.

**RUSTENBURG HERALD - RUSTENBURG** - The political leadership, namely: Executive Mayor and Members of the Mayoral Committee (MMC's) and senior management of the Rustenburg Local Municipality held a two day strategic lekgotla from 21 to 22 February at one of the lodges in Rustenburg.

The purpose of the workshop was to craft a strategic document that will serve to steer the municipality in a strategic direction with the view to ensuring quality service delivery to communities of Rustenburg in the next five years. "The strategic document we are going

to develop in this two-day lekgotla, must talk to all core functions of the Municipality, namely: provision of clean running water, electricity, decent housing, sanitation and safety and security to residents. This strategic document must be informed by

state of the nation address (SONA), state of the province address, governing party's manifesto, Municipality's 2030 vision policy document, Integrated Development Plan (IDP) and District Development Model policy documents. In this way, we will be ensuring that service delivery to communities is improved for the better, thus carrying out our legislative mandate as the sphere of government closest to the people, for

the next five years that lie ahead of us," remarked Executive Mayor Cllr Kgomotso Shiela Mabale-Huma while giving a political perspective to the lekgotla.

Members of senior management, that is Municipal Manager and Directors presented their strategic intent, which are later deliberated on, with an objective to consolidate one strategic policy document at the end of the lekgotla.

## Ou enjins steeds nie pootuit nie

Die bekende Human Jordaan van die Paul Kruger Gastehuis en Philip Mostert - prominente veteraanmotorversamelaar en -geesdriftige Saterdag by sommer 'n handvol lede van die Hoëveldse Veteraan Trekker en Enjinklub in Pretoria tydens die jaarlike antieke enjindag by die Paul Kruger Gastehuis op die R24 net buite Rustenburg. Van links agter is Human Jordaan, Philip Mostert, Peter Ponsteen, John Freeme, Cary Kool, Charles

en Charlene Meiring, Danie de Waal, Marius Bosman, Louis van Wyk en Chris Kool.

En só lyk dit as een van hierdie pragtige ou staatmakers luilekker aan die loop is en pliggetrou sy werk doen.

Danie de Waal sit handjie by om hierdie pragtige ou enjin aan die loop te hou - een van die talle gesigte tydens die naweek se antieke enjindag by die Paul Kruger Gastehuis van Human Jordaan en Rustenburg se Enjimatres.

Antieke enjins uit toeka se dae wat vroeër jare in Suid-Afrika en eens oral in die wêreld vir die opwekking van elektrisiteit en die pomp van water gebruik is, was die afgelope naweek by die Paul Kruger Gastehuis in die kollig tydens die jaarlikse antieke enjindag van Rustenburg se "Enjimatres". Soos nou al vir etlike jare die gebruik is, het talle enjimatres uit Pretoria en 'n afvaardiging van die Willem Prinsloo Landboumuseum in Pretoria en die Hoëveldse Trekker en Enjinklub die dag ondersteun.

Rustenburg Herald het gaan loer hoe die statige en gewillige ou enjins vandag nog nostalgies put-put-put...

Hierdie 1947 John Deere-trekker van Philip Mostert het baie belangstelling ontlok tydens die afgelope naweek se jaarlikse antieke trekker en enjindag by die Paul Kruger Gastehuis van mnr Human Jordaan. Dit is bemoedigend dat die jonger generasie ook (soms) 'n belangstelling in die nostalgie van die ou dae toon. Hierbo verskyn Pêr Jordaan, Natasha Kema-Jordaan en Simoné Jordaan by die antieke plaaswerktuig.

'n Foto wat Saterdag se verrigtinge by die antieke enjindag van Rustenburg se "Enjimatres" by die Paul Kruger Gastehuis pragtig oopsm. Die manne sit koppe bymekaar en gesels enjinsake - in gewone volgorde hier is Peter Ponsteen, Corrie Gordon effens in die agtergrond, Marius Bosman en Louis van Wyk.

## Begroting gulde geleenthed vir werkskepping - Agri SA

**RUSTENBURG HERALD - PRETORIA** - Ná afloop van die fiskaal korrekte benadering wat in die mediumtermyn-begrotingsbeleidstelling van November 2021 gevvolg is, sien Agri SA uit na 'n soortgelyke benadering in minister Godongwana se nuwelingstoespraak hierdie Woensdag.

Die korttermyn-inkomste wat die afgelope paar jaar uit hoë kommoditeitspryse verkry is, moet aangewend word vir ingrypings ter bevordering van volhoubare, inklusiewe langtermyn- ekonomiese groei en werkskepping. Die regering moet ook in die algemeen voortgaan met fiskale konsolidasie en strukturele hervorming. Terwyl Suid-Afrika hom in 'n moeilike fiskale posisie bevind, het die fiskus oor die afgelope twee jaar 'n korttermyn-hupstoep gekry as gevvolg van hoë kommoditeitspryse, sê Agri SA in 'n mediaverklaring in afwagting op die begrotingsrede. Agri SA hoop dat die regering hierdie fondse sodanig sal bestee dat dit bydra tot ekonomiese herstel, ook vir die landbousektor. Agri SA sien uit na minister Godongwana se terugvoering oor die vier strategiese prioriteite in dié verband: Eerstens: Die begroting moet investering in kritieke infrastruktuur prioritiseer. Paaie, spoorweë en hawens is kritis en moet in 'n werkende toestand wees sodat veral die landbousektor op goeie voet kan voortgaan en die ekonomie as geheel kan herstel, groei en meer werkgeleenthede vir Suid-Afrikaners skep. Sodanige groei sal dan Suid-Afrika se vermoë bespoedig om dringend sy fiskale probleme aan te spreek.

Tweedens: Die regering moet voortgaan om die land se skuld-tot-BBP-verhouding te verbeter. Die onlangse afname vanaf meer as 90% tot onder 80% teen 2025/26 is belouwend, maar sal oor die lang termyn gehandhaaf moet word ten einde die ekonomie te stabiliseer. Agri SA sal ook let op aankondigings rakende salarisste in die staatsdiens en hoe die regering beplan om die uitbreiding van die Social Relief Distress Grant tot en met 2023 te bebefonds. "Ons hoop ook dat die begroting geen reddingsboeie vir enige sukkelende staatsondernemings sal insluit nie."

Derdens: Agri SA sal graag wil sien dat die regering fondse beskikbaar stel ter bevordering van ekonomiese inklusiwiteit deur middel van beter toegang tot grond en kapitaal vir opkomende boere. Dit beteken befondsing om sinvolle grondhervormingsprojekte te implementeer eerder as verdere afhanklikheid van die rampspoedige Onteingewetsontwerp, asook die nodige ondersteuning aan die Land Bank, sodat hy sy belangrike taak om finansiering aan opkomende boere te bied, gestand kan doen. Ten slotte: Agri SA verneem graag in fyner besonderhede hoe die regering beplan om uitvoering te gee aan president Cyril Ramaphosa se verbintenis tot 'n vennootskap met die private sektor met die oog op ekonomiese groei en werkskepping.

Belastingverligting, veral vir sakeondernemings wat swaar getref is, sal bydra tot groei en werkskepping. Dit is fiskaal moontlik, gegewe die kommoditeit-meevaller. Ander moontlike maatreëls sluit in geen toename in aksynsbelasting sodat die wynbedryf kan herstel, asook heroerweging van die Health Promotion Levy, wat 'n nadelige uitwerking op die suikerbedryf het. Hierdie ingrypings kan die herstel van die betrokke bedrywe bespoedig en werkskepping bevorder. Agri SA deel die standpunt dat samewerking tussen die regering, arbeid en besigheid uiters noodsaaklik is met die oog op 'n suksesvolle ekonomiese groei en werkskepping.

## Bakwena & partners launch scholar patrol project

**RUSTENBURG HERALD - RUSTENBURG** - Bakwena Platinum Corridor Concessionaire (Pty) Ltd, (Bakwena) launched their Scholar Patrol project in Leburutshe Civic Centre in the North West province on Tuesday 15th February 2022 which saw 8 Primary schools receiving scholar patrol kits, equipment and training.

"According to the World Health Organisation more than half of all road traffic deaths are among vulnerable road users: pedestrians, cyclists and motorcyclists. With the increase in pedestrian fatalities, road safety education continues to remain a very important focus area for Bakwena from safety on the road to the safety of communities that reside along our route", says Bakwena's Chief Operations Officer Solomon Kganyago.

A warm welcome was received from the Master of Ceremonies, Mr Tshepang Modisane from Department of Education, Ramotshere Moiloa Sub-district in Leburutshe. (Senior Education Specialist for Life Skills, Life Orientation and Creative Arts). Ms Valencia Jonathan from the North West Department of Community Safety and Transport Management explained the objectives of the scholar patrol project and expressed gratitude to Bakwena for donating the uniform and equipment. She also mentioned the benefit to learners who are voluntarily participating in the scholar patrol programme which focuses on ensuring the safety of learners who cross the N4 in Dinokana on a daily basis to and from school.

The Road Traffic Management Corporation's (RTMC) Marietjie Bekker thanked Bakwena and other stakeholders that made this initiative possible and

emphasized the importance of such projects being in place to reduce the road carnage taking place in our country.

This road safety project has benefitted 80 learners and 16 teachers from the Ngaka Modiri Molema District Municipality. The eight schools were Monnamere Primary school, Renonfile Primary school, Dikhudu Primary school, Moreotsile Primary school, Garaosene Primary school, Keobusitse primary school, Bosugakobo Primary school & Ikalafeng Primary school. Bakwena's Drama for Change group entertained the scholars with one of their road safety plays highlighting basic fundamental pedestrian road safety crossing information.

The occasion also included the handover by Bakwena's Operations Manager, Stephen Larkins, of First Aid Level 2 certificates to Bakwena's Disaster Management Team who received training from the South African Red Cross Society. Bakwena would like to thank the following stakeholders who have contributed towards the success of this programme; CapaCity, Department of Community Safety and Transport Management North West, Road Safety and Traffic Law Enforcement, North West Fire Department, South African Police Services, Kopanong Bahurutshe Taxi Association, RTMC, Principals, Teachers and the Department of Education.

# Consumers urged to return Similac Alimentum 400g infant formula

RUSTENBURG HERALD - RUSTENBURG - The National Consumer Commission (NCC) urges consumers in possession of Similac Alimentum 400G infant formula to immediately discontinue use of the product and return it to the point of sale for a full refund.

Acting Commissioner Ms Thezi Mabuza says the supplier informed the Commission of the precautionary recall of Similac Alimentum in South Africa.

"The manufacturer, Abbott Laboratories-Nutrition informed the Commission of a voluntary recall following a global recall as announced by the supplier. We understand

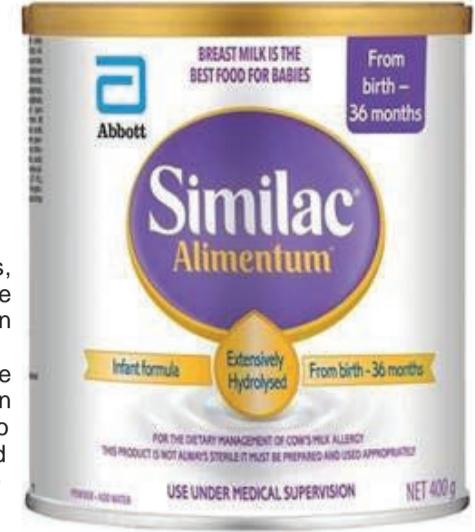

that this product is manufactured at their plant in Sturgin, MI, in the United States of America and was imported to South Africa and other countries.

The supplier confirmed that the recall was prompted by consumers who reported that their infants presented some symptoms after ingesting the formula in the USA" said

Commissioner Mabuza.

Though according to Abbott Laboratories, only four cases were reported in the USA, the presence of Cronobacter and Salmonella in an infant formula is a cause for concern.

"As the Commission, we want to emphasise that while there are no cases reported in South Africa as yet, we urge consumers who might have bought this product not to feed their infants but to immediately return it to the point of purchase for a full refund" says Ms Mabuza.

## Provincial government urged to relaunch Masakhane Campaign

RUSTENBURG HERALD - RUSTENBURG - The Chief Whip of the African National Congress (ANC) in the North West Provincial Legislature, Paul Sebegoe on Tuesday (22 February) urged the Provincial government to relaunch the Masakhane Campaign to stimulate delivery of service across municipalities.

"The provincial government must lead by example and nurture the partnership with business for economic growth and development. Incentives to reduce household debts will contribute towards developing a new culture of payment for services that will ultimately contribute towards financial sustainability," highlighted Sebegoe in his State of the Province (SOPA) debate speech delivered during the sitting of the legislature.

Sebegoe called for tougher measures against ratepayer associations behind the withholding of payment of rates and taxes due to municipalities as a deliberate strategy to undermine their authority, suffocate them and render them dysfunctional.

He agreed with Premier Bushy Maape that implementation of municipal turnaround strategy for good governance, financial accountability and stability must be rightly geared towards infrastructure delivery in order to attract investments.

He emphasised that lifestyle audits for public representatives, senior managers and middle managers in supply chain and procurement will serve to reassure

communities that clean government is at the centre of the ANC's unity and renewal project.

"The informal settlement eradication programme, rollout of sanitation, roads and economic infrastructure must be on steroids across the province to ignite economic recovery and create the much-needed jobs to stem the tide of rising unemployment that affects mostly our youth," stressed Sebegoe.

The Masakhane Campaign was launched by government after the first democratic local government elections held in 1995 to mobilise the participation of all stakeholders in building a new culture which promotes civic responsibility among all South Africans.

The drive was geared towards promoting a new thinking among South African, characterised by respect for human rights, and respect for the law.

It seeks to encourage people to participate in a new system of governance which promoted close co-operation between government and civil society, and communities serving as change agents in their areas.

**Moedertaalonderrig is nie 'n opsie nie. Wat nou?**

RUSTENBURG HERALD - RUSTENBURG - "In hierdie derde artikel in 'n reeks van vier, gee Afrikaans.com raad oor wat jy kan doen as moedertaalonderrig nie 'n opsie is nie."

Baie kinders in Suid-Afrika het nie die geleentheid om onderrig in hulle moedertaal te ontvang nie, veral na graad 3-vlak. Daarom moet ouers hulle kinders vir meertaligheid voorberei voordat hulle skool toe gaan. Doe die volgende: Reël privaatklasse waar jou kind in sy moedertaal onderrig word of neem self die leisels en help jou kind om 100% vaardig te word in sy moedertaal. Gebruik ander media, soos televisie en films, om jou kind bloot te stel aan die taal waarin hy onderrig ontvang. Bepleit transtaling in skole - 'n praktyk wat reeds in talle swart skole gebruik word. Stig jou eie privaatskool, mits so 'n skool nie ander leerders op grond van hulle taal uitsluit nie. Bepleit moedertaalonderrig vir jou kinders. Span veeltalige hulbronnes, soos boeke, in.

**Wat is transtaling?**

Transtaling is 'n teorie, maar ook 'n praktyk en is gebaseer op hoe meeratile leerders hulle taalbronne aanwend vir kommunikasie en begrip en om betekenis aan konsepte te gee. In die praktyk beteken dit: 'n Kind ontvang dikwels onderrig in 'n tweede taal, maar word dan toegelaat om die begrippe in sy eie taal te internaliseer. So 'n kind word dan toegelaat om terugvoering in sy moedertaal te gee en ook om konsepte met medeleerders wat sy moedertaal deel, uit te pluis. Transtaling in die klaskamer. Is dit prakties uitvoerbaar? Transtaling is in die verlede ontmoedig, maar meer onlangs het talle studies op die voordele van transtaling in onderrig en leer begin wys. Transtalige klaskamers is beslis die antwoord in ons meeratile skole. Die uitdaging is egter hoe transtaling in die leerplan ingesluit word en hoe dit in assessering ge?mplementeer kan word. Een oplossing is om vertalings- en tolkdienste in te span - 'n strategie wat tans ondersoek word. Daar is ook reeds skole waar hulponderwysers/assistente gebruik word om die leerders te help. Die assistent deel die leerders se moedertaal en op die manier kan die leerders met behulp van hulle moedertaal ondersteun word om die skoolwerk in die tweede taal te verstaan. Kry die tien belangrikste vrae en antwoorde oor moedertaalonderrig op Afrikaans.com by die skakel: <http://afrikaans.com/leerhulp/moedertaalonderrig/>. **Blank Space Art competition in full swing - first judging around the corner****RUSTENBURG HERALD**

RUSTENBURG - After a "short" but exciting 2021, Bonus and Rustenburg Herald once again kick off with our Blank Space Art competition for the new year wherein aspiring artists could win monthly/quarterly prize-money of R1 000 in cash sponsored by Rustenburg Herald.

In addition to this, all monthly/quarterly winners will also have a chance to win big time! Two Grand Prizes consisting of two shopping vouchers to the value of R10 000 each are also up for grabs courtesy Pick n Pay Greystone Crossing in Azalea Park and Pick n Pay Beyers Naudé at the Lifestyle Square.

The Blank Space Art competition is open to artists of all ages and entries will be judged accordingly. Once again for the first term of the new year, our Chief Judge is well-known artist Mollie Moolman. Great news is that there is no entry fee and that artists really have a free hand at making their art count in the competition. Entries submitted could be in just about every style and format imaginable - you could use any type of paint, pen, pencil, clay, ceramic, wood, glass, paper, metal or whatever you prefer provided that your entry would fit into our standard entry boxes of roughly A4 size. Though the paint/draw/sketch medium is by far the most popular among artists, our judge will welcome entries in any medium, so there is no need to hold back.

Entries could be "posted" into the Blank Space entry boxes at both Pick n Pay Stores as well as reception at Rustenburg Herald in 13 Coetzer Street in Rustenburg's Eastern Industrial area. The closing date of the first competition of the year is 12:00 on Thursday, 24 February, 2022. The winners will be announced on 3 March 2022.

# Rustenburg Herald Kook

This week the Rustenburg Herald cooks with Thato Michaels, an employee at Job Shimankana Tabane Hospital in Rustenburg, who decided to prepare for us an easy to make wrap. Thato is a mother and a wife who likes to spend her free time in the kitchen making great meals for her family.

She took time off her busy schedule to prepare a wrap, which is rather an easy meal to make, with the right ingredients, and of course, a bit of patience.

Let's join her in her kitchen as she takes us through the process of preparing this meal which can be enjoyed by the entire family.

## Wrap it up with Thato Michaels

AT STER-KINEKOR THEATRES  
FROM 18 FEBRUARY

### Ingredients

- Brown Tortilla wraps
- Chicken schnitzel
- Pineapple
- Robot peppers
- Bacon
- Cheese
- Sauce for chicken schnitzel
- Nandos hot sauce
- Tomato sauce
- Burger sauce
- Honey
- Butter

### Method:

This easy to make wrap can be prepared in a few easy steps: You start by melting the butter in a saucepan. Proceed by mixing the sauce for chicken schnitzel with the Nandos hot sauce, the tomato sauce as well as the burger sauce together with the butter.

Pour the sauce after it has cooked over your chicken schnitzel. Cut your wrap to your desired shape and then add your bacon, peppers, pineapple, cheese, and add your burger sauce and any other sauce of your choice to get your desired taste. The final and easy step is to fold your wrap and enjoy it.

These are all the ingredients you will need to prepare your wrap

Cook all the sauces with the butter for a few minutes then pour it over the chicken schnitzel.

Cut your wrap to your desired shape and then add all the ingredients and sauces.

### Omvang van renosterstropy steeds angswekkend hoog

En daar sit Suid-Afrika se Minister van Omgewingsake, Barbara Creecy - toe haar voet daarin. Dis nou in die blatante "onsin" wat sy volgens omgewingkundiges kwytgeraak het toe sy tydens 'n onlangse onderhoud wat landswyd indien nie wêrelwyd nie uitgesaai is, gesê het dat die Suid-Afrikaanse owerhede geluk gewens moet word met hul volgehoue pogings om renosterstropy in Suid-Afrika te bekamp en betekenisvol te laat krimp. Creecy het beweer dat renosterstropy in Suid-Afrika 'n aansienlike afname getoon het wat daarop dui dat die regering en sy veiligheidsagentskappe ongekende sukses behaal het. Dié bewering het sy gestaaf met die motivering dat renosterstropy 'n beduidende afname in die veral staatsreservate getoon het. Omgewingkundiges was vinnig om daarop te wys dat sy die kat behoorlik aan die stert beet het. Die afname van renosterstropy in staatsbeheerde reservate het 'n afname getoon alleenlik omdat die renostergetalle in 'n reservaat soos die Kruger Wildtuin feitlik 'n ineenstorting van 75% oor die afgelope 10 jaar getoon het.

Maar dit het nie hier geëindig nie, Creecy het verder gegaan deur te sê dat daar in die afgelope tyd 'n aansienlike verskuiwing in renosterstropy vanaf staatsbeheerde reservate na privaat-reservate opgemerk is. So suksesvol dus volgens Creecy, was die staat se anti-stropy-agentskappe dat dié mense nou

as't ware sonder werk sit en hul kundigheid na privaat-reservate kan uitbrei deur middel van die verskaffing van opleiding. Omgewingkundiges meen egter dat stropers geen ander keuse gehad het as om na privaatreservate uit te wyk nie omdat renostergetalle in hierdie sektor nog 'n hoë mate van moontlike sukses verteenwoordig.

Dit blyk ook dat die minister kommerwekkend oningelig is of doelbewus probeer om Suid-Afrikaners om die bos te lei. Die ware feite is dat 451 renosters deur die loop van 2021 in Suid-Afrika gestroop is en dat nie minder nie as 320 hiervan in regeringsreservate voorgekom het. 'n Mens moet wonder waar die minister haar inligting kry.

Omgewingkundiges meen dat daar tans slegs sowat 1 500 renosters in die Kruger Wildtuin oor is, in 2020 was daar nog 2 809 renosters in die wildtuin. Tien jaar gelede was daar 'n bykans onvergelykbare 11 026 renosters in die Kruger Wildtuin. Vir enige redelike mens behoort hierdie kommerwekkende syfers te toon dat die Suid-Afrikaanse regering en sy agentskappe die stryd teen renosterstropers loshande verloor het en klaarblyklik nie hond haaraaf kon maak om renosterstropy te bekamp nie. Ten spyte van talle kundiges, gewilliges en hardwerkendes in haar departement, is hierdie statistiek eenvoudig nog 'n klinkklare bewys van 'n sektor waar die regering se planne en strategieë hopeloos gefaal het.

### Rhino poaching reaching a critical point

South Africa's Minister of Environment Barbara Creecy has really put her foot into it this time. "That" of course is the pile of "nonsense" she has apparently uttered in a nation wide interview on the supposedly considerable decline in incidents of rhino poaching at state-owned game reserves such as the Kruger Game Reserve. Creecy claimed that rhino poaching at state-owned reserves and parks have shown a sharp decline as a result of the expertise and excellence of government's anti-poaching units in the continuing fight against rhino poaching.

Creecy told the media that the impressive decline in rhino poaching at government reserves were the result of government's step-change in anti poaching activities. In doing so, according to environmental experts, Creecy has ignored the primary reason for the alleged reduced poaching, namely a 75% plummet in Kruger rhino populations over the past 10 years.

Creecy however, went even further by claiming a "shift" in poaching activities from state-owned reserves to private reserves and suggested that government anti-poaching units have done so well in recent times that for all practical reasons, these dedicated men and women were

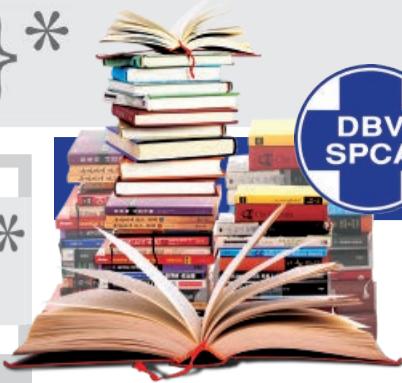

virtually out of work. These men and women are in such a position that they could now educate the owners of private game reserves. According to experts the Minister is either hopelessly misinformed or deliberately misleading the public to deflect focus from the true facts. Creecy suggested that due to a sharp decline in rhino numbers at government reserves and parks, poachers have had no alternative than to turn to privately-owned reserves where a better chance of success was likely.

The facts show that the Minister has it totally wrong. Statistics on the issue have shown that an alarming 451 rhinos were poached at reserves during the course of last year. She didn't mention though that 320 of these poached rhinos were poached from government reserves or parks.

Environmental experts have warned that there are probably no more than 1 500 rhinos in the Kruger Game Reserve, as opposed to roughly 2 809 in 2020.

A decade ago, Kruger sported no less than 11 026 rhinos which is clear proof that the gaming and reserve sector is merely another sector of South African society where government's plans and strategies have failed miserably.

## Cutting of the tall grass at Paul Bodenstein Park

### Dear Editor

The letter in last week's edition of Rustenburg Herald regarding the state of the "Eendjie Park" refers.

We as residents of Eend Street, next to the park also want to express our concerns about the tall grass and the fact that only some areas were cut. We would like to know why the remainder of the grass was left standing tall. This state limits visibility.

The old park are still used by some people

to socialize, but the current situation makes it a prime hiding area for criminals. We have seen recent incidents where hijackers have fled into the park to get away from police.

In short, the residents of the surrounding areas do not feel safe due to this and as a result a motion is raised to Rustenburg Municipality to please cut the grass and to keep everybody safe.

## Die kontras tussen 2 tipe liefdes vir jou huisdiere (deel 3)

RUSTENBURG HERALD - RUSTENBURG - "n Baie interessante opskrif en tog so waar!

Iemand het eendaag gesê: 'The more I see people, the more I love my dog!' Hoekom! Omdat die mens, verval in sy eie sonde, so dikwels sy eie huisdier verwaarloos, mishandel en ongevoelig teenoor hulle optree. Dit is so maklik om te sê ek is lief vir my huisdiere, terwyl hulle so min aandag kry en hulle behoeftes verwaarloos word.

Spreuke 12:10 sê: "Die goedheid van die goddelose is wreed teenoor sy diere".

Seker een van die grootste oorsake van egskeiding is wanneer 'n man en 'n vrou nie waarlik mekaar se behoeftes ken en verstaan nie en daarin voorsien nie - dus verwaarloos en vervreemd hulle mekaar en benadeel dit 'n intieme en gelukkige verhouding. Net so is dit ook waar dat indien 'n mens nie die behoeftes van sy huisdiere ken, verstaan en daarin voorsien nie, daar tog verwaarloosing en gebroke verhoudinge plaasvind.

Wat is die behoeftes van 'n mens se huisdiere? Iemand het die volgende daaroor gesê: 'Properly caring for your domestic animals begins with having the right perspective. It should not be seen as a chore, but as an experience that enriches

your life as well as that of your dog/cat. Like humans, they need food, water and a warm shelter to survive. Yet, they also need physical care, mental stimulation and nurturing to thrive. Providing these things is an essential part of keeping them healthy and safe and sets the foundation for a long, happy life between man and his animals'.

Daarom sê Spreuke 12:10: "n Goeie mens sien om na die welsyn/behoeftes van sy diere".

Dankie aan elke individu en gesin wat waarlik omgee vir hulle huisdiere. Dankie aan die DBV wat met liefde omsien, binne hulle vermoë, na soveel verwaarloosde diere - dit kon so anders gewees het.

Ek sluit hierdie reeks af met die woorde van Moeder Theresa: "Love begins by taking care of the closest ones - the ones in your home which includes also your domestic animals".

Mag Spreuke 12:10 jou altyd bybly: "A good man is concerned for the welfare of his animals, but even the kindness of godless men is cruel towards their animals".

*Pastoor Jackie Gouws.*

## Koster-egpare slaggereed vir Veldrenkampioenskap

**RUSTENBURG HERALD - KOSTER** - Twee Koster-egpare is gereed om aan vanjaar se Motorsport Suid-Afrika Noordelike Streeksveldren-karkampioenskap deel te neem. Die eerste ronde van die 2022-kampioenskapsreeks, die 4X4 Megaworld/Farmers Meat Market Weiveld 300, het op Saterdag 19 Februarie 2022 in die Parys-omgewing plaasgevind.

Karlene Croshaw, saam met haar ma, Maryna van Schalkwyk, is reg om hulle 2020 en 2021-kampioenskaptitels te verdedig.

Die paar is die eerste damespan wat dié titels gewen het.

Die paar neem deel in Klas B vir buisraamkarre met motors beperk tot 'n maksimum van twee liter en beperkte suspensies. Die paar het hulle eerste streekskampioenskap gewen toe hulle die Spesiale Voertuigkategorie-titels as drywer en navigeerder gewen het op die voorlaaste wedren van die 2020-seisoen in hulle Raceo-buisraamkar.

Vir die damespan was 2021 'n groter uitdaging toe hulle verskeie wedrenne nie klaargemaak het nie weens meganiese probleme. Gelukkig vir hulle kon hulle grootste kompetisie, die pa en seun-kombinasie van Tony en Mike Gouveia nie in die laaste wedren deelneem nie, omdat hulle gewag het vir ingevoerde dele vir hulle kar.

Dit was genoeg om te verseker dat hulle die Spesiale Voertuigkategorie en Klas B-kampioenskaptitels vir die tweede agtereenvolgende jaar huis toe kon bring.

Hulle mans, Sefie van Schalkwyk wat bestuur en Arthur Croshaw as navigeerder, neem deel in 'n soortgelyke Klas B-kar, 'n Sandmaster Marco.

Die paar het onlangs met meganiese probleme gespoek en ongelukkig in 'n sport waar elke wedren se punte tel tot die jaareindtelling kon hulle nie genoeg punte optel om te bie vir die kampioenskaptitels nie.

Hopelik is dié probleme nou agter die rug en sal hulle in 2022 kompetenterend kan deelneem en die damespan kan verwag dat Sefie en Arthur nie sal terugstaan vir hulle nie.

Die eerste ronde van die 2022-kampioenskap het op Saterdag 19 Februarie in die Parysdistrik plaasgevind. Vir al die nuus, roetekaart en inskrywingslys volg die reeks op hulle Facebookblad by [www.facebook.com/TIORCSA/](http://www.facebook.com/TIORCSA/)

Sy is maar net 14 jaar oud en het teen 20 tot 28-jariges deelgeneem, wat 'n besondere prestasie is. Simoné is tans besig met 'n baie streng oefenprogram om haar reg te kry om te kwalifiseer vir die 2024 Olimpiese Spele, wat natuurlik haar droom is. Sy word deur Khalid Roulin afgerig. Op die foto verskyn Simoné saam met die bekende Suid-Afrikaanse swemmer, Chad le Clos.
