Rustenburg breaks Warm Fest record

RUSTENBURG HERALD - RUSTENBURG - Jacaranda's Warm Fest came to town on this past weekend.

Saturday (16 July) the Waterfall Mall hosted the festival that included performances by Martin Bester and his band, Demi-Lee Moore, Loufi, Ashton Wheeler and Droomssindroom. The Warm Fest included Waterfall Mall's Splendour Market with a wide selection of handpicked vendors and local businesses. The community came in their droves, ensuring a spectacular turnout.

Waterfall Mall's target for the Warm Fest blanket drive was to collect 5,000 blanket donations. Days before the event the donations already began to flood in. And, at the end of the day of the festival,

Rustenburg was the Warm Fest champion! Some 7325 blankets were donated by the community, followed by an additional 1000 blankets from Growthpoint Properties, the owners and managers of Waterfall Mall.

A huge thank you to all contributing Waterfall Mall stores including PC Worx, Vodacom Shop and PEP, with the largest tenant donation coming from Waterfall Mall's Milaneza Pizzeria.

With the assistance of Round Table these blankets will be distributed within the Rustenburg community. Waterfall Mall would like to thank Jacaranda, the Rustenburg Herald, the community, local businesses and each individual for their contribution and support. "With your help we can make a difference, because we care about our community," a spokesperson for the Waterfall Mall said in a statement.

'n Veilige plek vir dié knewels

RUSTENBURG HERALD - RUSTENBURG - Skaars 10km uit Rustenburg uit is 'n plek waar die magtige gebrul van leeuus die lug laat tril en waar 'n paar tiere té lekker met hul bal speel en in hul eie waterpoel baljaar.

In 'n ander kamp bekyk 'n Jaguar besoekers nuuskierig, terwyl sy buurman, 'n manjifieke swart luiperd grisieus naderstaan. Dis moeilik om te dink dat van dié diere, wat hier so gesond en gelukkig lyk, uit haglike omstandighede elders aangehou was of siek en verwaarloos by Armand Gerber aangekom het.

"Ek is 'n wildwagter en 'n riviergids. Ek was nog

altyd 'n mens wat na aan die natuur probeer leef en wat my konneksie met wilde diere koester," vertel Armand. Sorg dat jy Augustus se Agri-Pulse kry om meer te wete te kom oor die man Armand Gerber en die goeie werk wat hy en sy mense doen om leeuus, tiere, jagluiperds en vele meer wilde diere uit gevaaalike en ongesonde omgewings te red.

Police investigate shooting at pub

RUSTENBURG HERALD - RUSTENBURG - The police in Rustenburg have confirmed that a case of suicide has been registered after a 46-year old man shot and killed himself on Friday night (15 July) at Scooters Pub and Grill in Rustenburg.

The exact circumstances surrounding the incident are still being investigated by the police however according to information received from Sergeant Ofentse Mokgadi, Rustenburg police spokesperson preliminary investigations revealed that there was no foul play reported.

Extortion suspects apprehended

RUSTENBURG HERALD - RUSTENBURG - An intelligence driven operation led by the Provincial Organised Crime and Visible Policing members on Monday (11 July) led to the arrest of two suspects who were nabbed for extortion, public violence and intimidation in Kroondal just outside Rustenburg.

According to information received from Brigadier Sabata Mokgwabone, North West police spokesperson, it is alleged that the suspects arrived at a construction site driving in a charcoal Mini Cooper vehicle with Limpopo registration number. The pair allegedly chased the contractors and employees around and threatened to set alight construction vehicles while accusing contractors of failing to pay R3 500 by means of electronic transfer.

Mokgwabone said as a result, the situation got out of control, but the suspects were ultimately apprehended. The duo; Bassie Putu (36) and Emmanuel Ramonasi (41) were each granted R500 bail upon appearance in the Rustenburg Magistrates' Court on Tuesday (12 July). Thus, they are expected to reappear at the same court on Friday (16 September).

The Provincial Commissioner, Lieutenant General Sello Kwna welcomed the arrest which he said will send a strong message that those who intimidate and interrupt operations at construction sites will be dealt with accordingly.

Pres Paul Kruger se dood in ballingskap herdenk

RUSTENBURG HERALD - RUSTENBURG - Lede van Afriforum se Rustenburg-tak, die FAK en verskeie ander plaaslike en nabygeleë kultuurorganisasies het verlede week op gepaste wyse die afsterwe van die voormalige president Paul Kruger op 14 Julie 1904 terwyl hy in ballingskap in Clarens, Switzerland gewoon het, herdenk.

Om die geleentheid op gepaste wyse te herdenk het afgewaardiges van onder andere Afriforum, die FAK, die Mooinooi- en Elandsprag Voortrekkerkommandos (Mooinooi en Swartruggens), die Vryheidsfront Plus, die Elandsrivier Marico-erfenisgroep, die Rustenburg Kultuurnetwerk, Rapportryers en die Marico Bosveld Elandsrivier-museum 'n plechtige kranseleggingseremonie by die standbeeld van Paul Kruger voor die ou Rustenburgse Stadsaal gehou. Benewens die FAK (Federasie van Afrikaanse Kultuurverenigings) het die Kruger-genootskap ook besluit om die bydrae van Kruger op gepaste wyse te gedenk deur 'n nasionale dag van herinnering te hou. 'n Hoogtepunt tydens die verrigtinge was die teenwoordigheid van uitgelese gaste in die vorm van wyle president Kruger se direkte afstammelinge.

Volgens dr Mollie Moolman van die FAK wat die seremonie geleei het, was dit bemoedigend om te sien hoe jong Suid-Afrikaners die geleentheid aangegep het om in die seremonie deel te neem. Daar is ook kortlik op die bydrae van president Kruger en sy rol in die Afrikanergeskiedenis gefokus. Die dood van wyle president Paul Kruger word oor dekades heen al jaarliks deur talle Suid-Afrikaanse kultuurorganisasies herdenk. Kruger is op 14 Julie 1904 in Clarens, Switzerland oorlede terwyl hy in ballingskap gewoon het. Die rol van Kruger in Suid-Afrika se geskiedenis enveral sy betrokkenheid by die stad Rustenburg, kan nie ongesiens vergygaan nie", het dr Moolman in haar kort huldeblyk gesê. "As ons jeug grootword sonder om van ons land se geskiedenis te leer, word hulle as't ware wees groot", het sy onder meer gesê.

NOTICE OF WATER USE LICENCE APPLICATION FOR THE SIBANYE STILLWATER MARIKANA IN-PIT AND SURFACE TAILINGS STORAGE FACILITY PUBLIC PARTICIPATION PROCESS

APPLICANT: Sibanye Rustenburg Platinum Mines Proprietary Limited: Marikana Mine
DWS REFERENCE NO: WU Ref Number: WU20334 DMR REFERENCE NO: NW 30/5/1/2/2/113 MR

APPLICANT AND BACKGROUND: Sibanye-Stillwater has applied for a Water Use Licence Application (WULA) from the Department of Water and Sanitation (DWS): North-West in accordance with the Water Use Licence Application and Appeals Regulations, 2017 (GN R267 of 2017); published in terms of the National Water Act, 1998 (Act No. 36 of 1998) (NWA).

PROJECT DESCRIPTION AND LOCATION: Sibanye-Stillwater are proposing the development of a platinum and chrome tailings reprocessing operation at their existing Marikana Platinum Mine located in the North West province of South Africa near the town of Marikana, approximately 30 km to the east of Rustenburg. The proposed operation will supplement their existing mining and processing operations and will add the reprocessing of existing tailings deposits associated with historic operations at Kroondal and Marikana. The proposed project will require the establishment of tailings storage capacity to accommodate the reprocessed tailings as well as tailings currently being deposited to the Marikana Tailings Storage Facility (TSF), which is nearing the end of its design life.

Sibanye-Stillwater have identified the area of previous open pit mining operations ((Main Pit and West-West Open Pit) to the east of the existing Marikana Plant and TSF as a potential site for a single large TSF to accept tailings from the proposed operations. It is proposed that deposition will commence in the remaining voids, to be followed by the development of a surface TSF over the voids and the previously disturbed surrounding areas. Sibanye-Stillwater is proposing to rehabilitate the opencast areas using retreated tailings from the current arisings of the Kroondal K1, K2 and in future possibly from Karee 3B concentrating plants and the re-working of the existing Kroondal and Marikana Mine TSF.

The discovery was made by members of the community who then informed local authorities.

Since the remains were found under the pylons, it is alleged that the person might have been electrocuted as a result of attempting to steal cables. The exact circumstances surrounding the incident are being investigated by the police.

Ofentse Mokgadi, police spokesperson in Rustenburg confirmed that the police have registered an inquest and investigations are underway.

SIU welcomes arrest of Moretele Municipality's former Municipal Manager

RUSTENBURG HERALD - RUSTENBURG - The Special Investigating Unit (SIU) has welcomed the arrest of former municipal manager of Moretele Municipality in the North West province for allegedly contravening the Municipal Finance Management Act and the irregular awarding of a multimillion-rand IT tender.

Theletsi Roger Nkhumise was arrested on Friday (15 July) and immediately appeared at the Moretele Regional Court. He is accused of unlawfully appointing Flame IT Strategy to render ICT services to the Moretele Municipality, which is largely rural, to the tune of approximately R215 million. The municipality inherited the contract for ICT services from Madibeng Local Municipality. His arrest follows an investigation conducted by the SIU, which revealed that the municipality increased the scope of work with two addendums to the original contract without following processes governing municipal procurement of goods and services. Furthermore, the SIU investigation revealed that the price from that of the original contract between Madibeng Municipality and Flame IT are definitely not in sync with the pricing between Moretele Municipality and Flame IT. Madibeng paid Flame IT approximately R64 million for a similar service.

The SIU probe revealed that Moretele is paying way more than what Madibeng Municipality paid Flame IT for a similar service.

Due to the huge demand for Covid-19 testing during the outbreak of the pandemic, our capacity for growth at the Ndlovu Care Group was reached when we were able to manage only 300 to 400 tests per day.

We had the facility and we had the license, but we didn't have the equipment to meet the growing demand for tests and quick turn-around times. When Glencore heard about this, they stepped in and helped us to increase the maximum number of tests done per day to 2 000 by providing all the necessary equipment.

We were thus afforded the opportunity to help eliminate the threat of widespread infection in our communities, thereby saving lives.

Apies River cleaned during Mandela Day

The Apies River in Moretele Local Municipality.

RUSTENBURG HERALD - RUSTENBURG - In commemorating the internationally recognized former statesman and South Africa's first democratic president Nelson Mandela, the Apies River in Moretele Local Municipality was a hive of activity.

As part of the 2022 Nelson Mandela Day, in which citizens of the world are called upon to show acts of giving and selflessness the Rustenburg-based Water Board, the department responsible for water and sanitation, and Coca-Cola Beverages South Africa (CCBSA), as corporate partners joined hands together with the communities of Moretele in cleaning the water sources which are being used for waste dumping. Leading the activities was the Deputy Minister from the department Dikeledi Magadzi, Magalies Water Acting Chairperson of the interim Board Mr. Itumeleng Mosala, the Executive Mayor of Moretele Local Municipality Councillor George Manyike as well as CCBSA's Nathalie Hendricks.

Water and Sanitation Deputy Minister Magadzi said, while this was linked to Nelson Mandela Day, it is also about public education "part of the reason we are here is to clean the river with the communities, but more importantly to educate the public about their collective responsibility as citizens in the country preserving all

the available water resources, but also to reinforce the much-needed values around wise water usage" Magadzi reiterated. The Department said it is concerned about the continuing incidents, particularly in the business sector where some companies in manufacturing and processing space continued to use water resources such as rivers and dams as dumpsites at the expense of unsuspecting communities who rely on these water sources for the supply of clean drinking water after it has been treated by water utilities like Magalies Water. Moretele Local Municipality Mayor, said they were humbled by the turnout from the community members but critically decision by the department, Magalies Water, and the support of Coca-Cola to descend upon the river and educate the public about their role in ensuring that the water supply challenges currently affecting many communities in the province including in Moretele are reduced in any way possible to ensure that the number of people getting clean water continues to grow.

Lampposts cut down for cables

The Rustenburg Municipality has suffered untold losses during recent months since the inexcusable crime of cutting down lampposts literally started overnight in the Rustenburg region. In addition to poor driving conditions in and around Rustenburg - especially during nighttime as a result of street lights that are not working - motorists now also have to risk their own and their fellow motorists' safety when driving at night. Unscrupulous thieves don't think twice when cutting down lampposts for the sake of a few electrical cables. The photograph of this lamppost was taken towards the Rustenburg Kloof.

What if you... nagana fela?

What if you had the tools and knowledge to turn your entrepreneurial dreams into a thriving business?

Together with our partners, Anglo American is changing the 'what if' into reality for youth in our host communities, through our enterprise, supplier and youth development programme, Zimele.

Zimele provides a holistic approach to business skills development, which includes mentorship, access to funding and youth skills programmes, targeted at key sectors in South Africa, such as retail, tourism and hospitality. These programmes assist our youth with the tools needed to set their own goals and identify opportunities towards creating a small business or becoming employable in fast-growing sectors.

Over 1,900 young people have graduated from the programme since 2018, many of whom are now employed or are running small businesses in their communities.

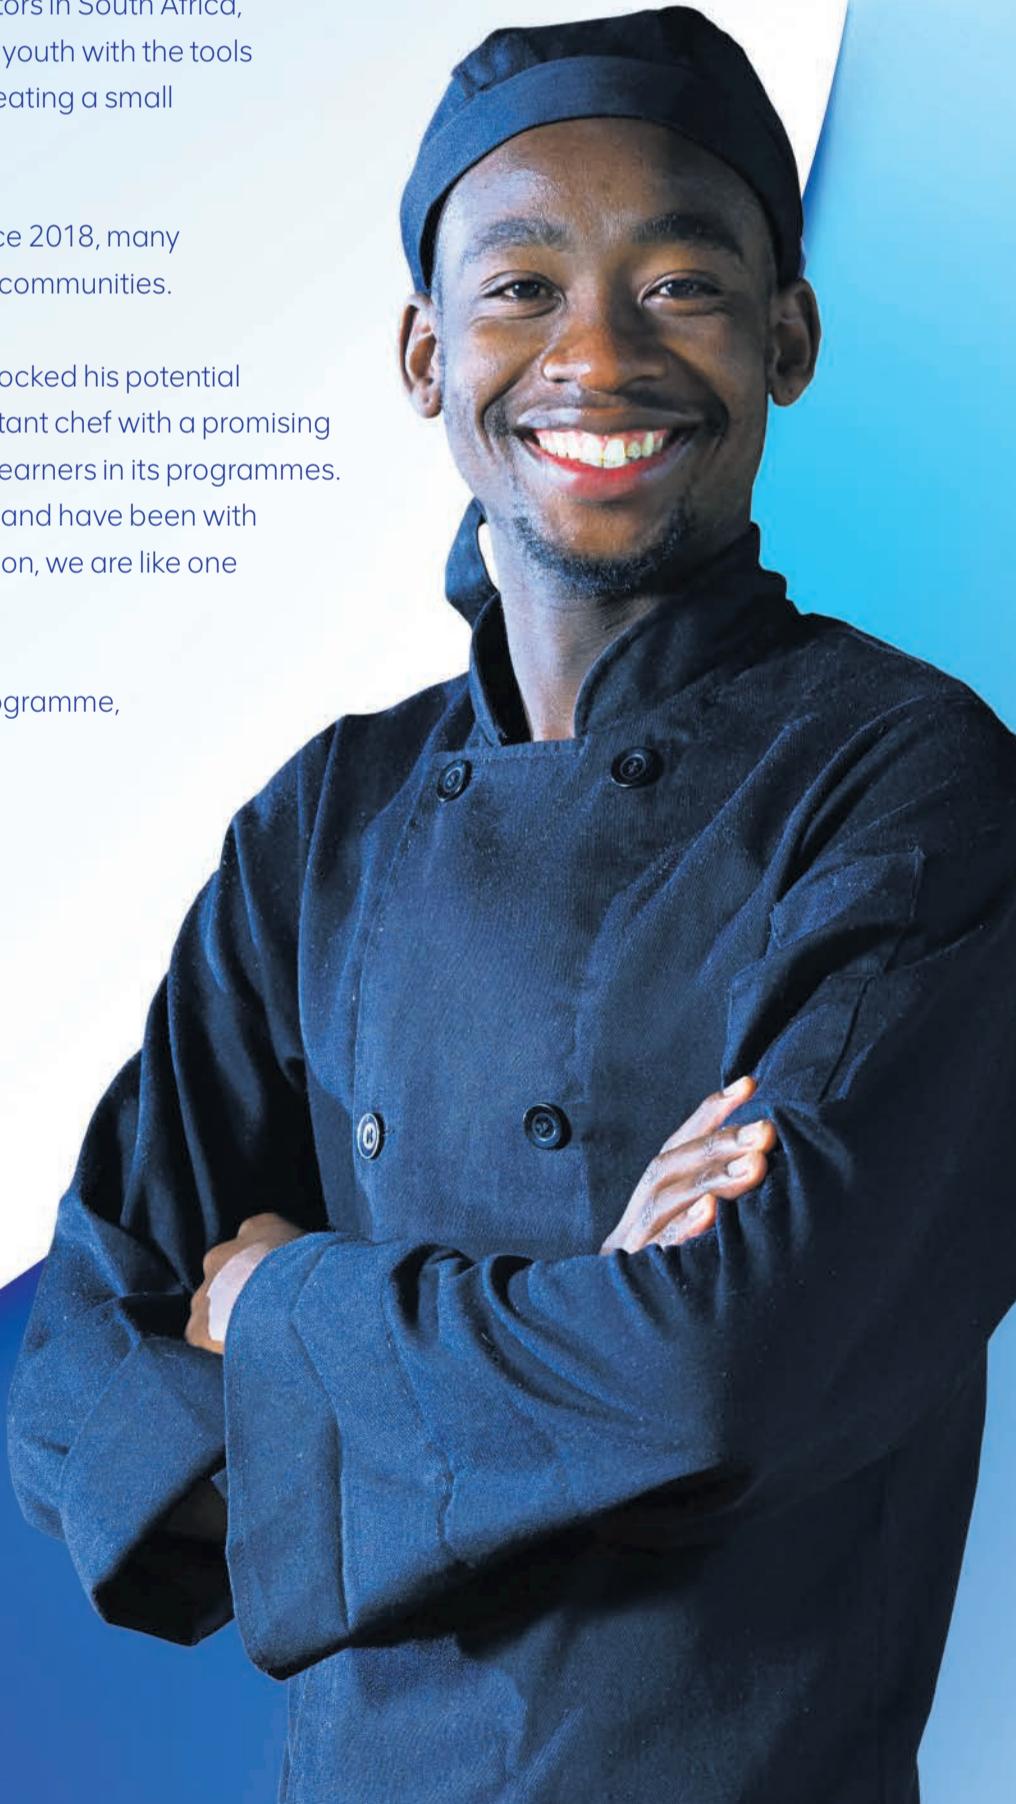

Kabelo Kobela always dreamed of becoming a chef. In 2021, he unlocked his potential by joining Zimele's hospitality programme. Today, Kabelo is an assistant chef with a promising future at a local lodge in Polokwane. "Zimele really cares about the learners in its programmes. They don't just recruit us for training and leave us, they walk the talk, and have been with me every step of this journey. I'm living my dream in my current position, we are like one big happy family! Thank you Zimele", says Kabelo.

Planet Nails Rustenburg celebrates

RUSTENBURG HERALD
RUSTENBURG - Tuesday 12 July was a day for celebration at the Planet Nails Rustenburg branch. It was a special day for Mrs Kesebone Mohanapele who was handed over a trophy, a certificate of appreciation as well as a gift for her long service to the store.

Kesebone started her career at Planet Nails on 1 June 2012 as a store assistant and quickly worked her way up to assistant store manager. She is an asset to the business and most of her clients have now become close friends. The store owner, Mrs Khatija Omar and the rest of the staff felt that it was important to have the celebration to let Kesebone know how important she was to them and to the success of the business. Kesebone, Arlene and Morongwa are no longer considered to be employees but rather family to the owner and have become friends with all their clientele over the past 10 years. Wishing Kesebone well and hope that the Rustenburg Herald readers will be there to celebrate her 20 years with Planet Nails.

Kesebone Mohapanele.

Education investment boosted

RUSTENBURG HERALD - RUSTENBURG - Engen has partnered with Siyanda Bakgatla Platinum Mines (SBPM) to help 220 matric leaners prepare for their upcoming preliminary and final exams by attending an intensive five-day study camp in the July school holidays.

The Grade 12 learners are from 15 schools located in Bakgatla Ba Kgafela Tribal Authority villages of the Moses Kotane Local Municipality.

The study camp took place from 10-15 July 2022 at Rustenburg Kloof, with experienced teachers on hand offering tutoring and learner support in mathematics, physical science, accounting, economics, business studies and life sciences. All 220 learners received free transport and accommodation, as well as meals, study guides and stationery, and beanies and scarves to help beat the winter cold. They were also assisted with applications to various universities across the country. Engen is committed to providing ongoing assistance to young South Africans via targeted social investments such as its flagship Engen Maths and Science School (EMSS) programme, learnerships and bursaries and its graduate development programme. "At Engen, we want to empower learners to reach their full potential and prepare them for the modern world," comments Engen's General Manager: Lubricants, Sharveen Maharaj.

"This is why we are extremely excited to partner with Siyanda Bakgatla Platinum Mines to play a small role in moulding our future generations."

Engen's long running EMSS programme provides extra tuition in mathematics and science - "gateway" subjects which are considered critical in addressing South Africa's technical and engineering skills shortage as well as spurring economic growth and development. "Kicking off 33 years ago, EMSS is central to Engen's efforts to contribute to the growth and transformation of our country," adds Maharaj. Like Engen, Siyanda Bakgatla Platinum Mine are also committed to social upliftment through education and skills development in the communities in which their operations are located. SBPM have successfully partnered with the Department Education and the Bakgatla Ba Kgafela Tribal Authority to host the Grade 12 Winter Camp for the past four years. "As a company, we have consecutively spent over R3 million for the past four years for the Winter and Spring Camp for Grade 12 learners from our host communities" confirms Hope Tyira, SBPM's Executive Head: Sustainable Development. "For the mine it is exciting to foster new partnerships with companies such as Engen because sustainability and local economic development of our communities requires integrated stakeholder mobilisation." Through its Social and Labour Plan, SBPM has been able to improve schools' infrastructure by investing more than R20 million to upgrade classrooms, ablution facilities as well as administration blocks at schools in the North West. "These interventions have enabled access to an improved learning and teaching environment," adds Tyira. Both Engen and Siyanda Bakgatla Platinum Mine are firmly committed to building tomorrow's leaders by ensuring that South Africa's youth are well prepared for a rapidly changing world and empowered to reach their full potential. In 2021, Engen invested R11.9 million in Learnerships and Bursaries, whilst also continuing to provide free supplementary Maths, Science and Technology tuition to approximately 1 800 under-privileged Grade 10-12 learners across South Africa through the Engen Maths and Science (EMSS) School programme.

Bakwena lets cat out of bag on maintenance plan

RUSTENBURG HERALD - RUSTENBURG - Bakwena Platinum Corridor Concessionaire (Pty) Ltd (Bakwena) places great importance on the safety of their road users as well as their experience of the N1N4 route.

Regular rehabilitation ensures that the roads for which we are responsible are kept in a condition

that ensures the safe passage of road users on a continuous basis.

Well maintained roads have economic and social benefits for individual road users and the country as a whole.

The current 18-month N4 rehabilitation works taking place between Interchanges are progressing well. The work is being carried out in approximate 5 km blocks as detailed below:-

Eastbound

Ga-Rankuwa to R80 interchange

Start date: March 2022

End date: Mid July 2022

Rosslyn interchange to Dr Swanepoel (Engen Garage)

Start date: May 2022

End date: September 2022

Westbound

Dr Swanepoel (Engen Garage) to Rosslyn interchange

Start date: June 2022

End date: October 2022

R80 interchange to Ga-Rankuwa

Start date: May 2022

End date: August 2022

The works between Majakaneng and Bapong have been delayed due to the winter embargo and will commence in September when the weather becomes warmer to ensure that a quality road surface is delivered. The proposed rehabilitation project on the N1 between Pienaarrivier and Bela Bela will commence August 2022 until July 2023. During the rehabilitation process there will be multiple lane closures of approximately 5 km for 12 weeks at a time which will result in the traffic mobility being severely impacted. Delays can be expected particularly during peak, month-end weekends and holiday periods along these

sections. We would like to assure our road users that we are continuously working to keep these delays to a minimum and to return the road to full capacity as soon as possible. We encourage road users to plan your journeys accordingly to accommodate these delays.

Solomon Kganyago, Chief Operating Officer of Bakwena, says: "Road user safety remains as always our top priority, and in order to ensure this, we request that you partner with us and adhere to the traffic accommodation road signs, obey speed restrictions that have been implemented and exercise caution and patience while we undertake these critical rehabilitation works which will not only improve the overall safety of the road surface but will also enhance your driving experience along the N1N4 route".

For regular construction and traffic updates along the Bakwena N1N4 route, follow us on our social media platforms (Twitter, Facebook, Instagram).

Rustenburg Herald Koek

Deur Christelle Wessels

En die wenner is... Dié wat kon aansit vir dié heerlike ete!

Ek hoef nie die lof van braaivleis, of braaivleis se plek in die Suid-Afrikaanse kultuur, te besing nie.

Die is 'n onbetwistbare feit – soos 'n koei. En ons gaan nou ook nie vandag hier argumenteer oor hóé jy braai nie: hout, charcoal of gas – die doel heilig die middel. Of jy jou vleis nog amper rou eet, of tot houtskool verbrand, is ook nie op die agenda vir dié kookrubriek nie; daardie is jou persoonlike voorkeur en gevoldiglik jou eie saak. Wat ons vandag wél oor gaan praat, is staatmakerbykos. Iets tradisioneel soos roosterkoek, en dan 'n nuwigheidjie soos groente-in-'n-braaisakkie. Ook op die spyskaart is knoffelsampioene en 'n romerige pepersous vir die kruiskof.

Ons braaier die week is die jonge Hugo Grobler (9). Die kranige aspirant-sjef het by Pieter Germishuys, hoof van die Inspire Culinary Instituut raad en hulp gekry vir sy eerste Rustenburg Herald/Tambuti Kombuis-kook. Die groente-in-'n-braaisakkie kan eenvoudig nie makliker wees nie! Jy gebruik gemengde groente, geur met Aromat (of jou keuse van geurmiddel), skep dit in jou braaisakkie en sit dit op die rooster tot dit na jou smaak gaar is. Hugo beduijie mooi in die video wat jy alles moet doen om dit 'n spyskaarttreffer te maak. Die roosterkoek is byna nét so maklik.

Pieter Germishuys, hoof van die Inspire Culinary Institute het nie enige bekendstelling nodig nie. Maar dié week is hy net die 'handlanger' van Hugo Grobler (9). Dié twee het 'n braafees bedien.

Braaivleis, 'Bokrugby en Buitelug-bederf

Dit is 'n uitgemaakte saak, papier kraai koning. Lesers is steeds mal daaroor om hul gedrukte gemeenskapskoerant te lees, daarom nooi Rustenburg Herald Kleinhandelaars om deel van ons verspreidingsnetwerk te word. Tradisionele roosterkoek

Jy benodig:

1kg Koekmeel of Wit broodmeel
10g Kitsgis
1t Suiker
½ t Sout
2k Water (louwarm)
2 eetl Olyfolie

Metode:

Sif die meel in 'n bak wat groot genoeg is sodat jou deeg kan rys. (As jy iewers in die bos is en jy het nie 'n sif nie, is dit nie doodsaake nie.)

Voeg die kitsgis en suiker by die meel en meng deeglik met jou hande.

Voeg die sout by en meng nog so bietjie.

Voeg die water bietjies-bietjies by en knie die deeg liggies. Indien die deeg te slap is, voeg nog 'n bietjie meel by, want as die deeg te slap is, gaan die roosterkoek deur die rooster val – en dis nie goed nie.

Voeg nou die olyfolie by en knie die deeg vir sowat 10 minute. Die deeg is reg wanneer dit nie meer aan jou hande klou nie en dit 'n vormbare bal is.

Maak jou kniebak met vadoek of iets soortgelyks toe en laat rys vir so 10 minute. Maak seker jou deeg gaan nie koud kry nie.

Haal die vadoek af en knie weer vir 'n minuut of twee. Maak weer die deeg toe en laat rys vir ongeveer 'n halfuur.

strooi meel op jou werksoppervlak en vorm die deeg in 'n reghoek of 'n vierkant.

Gebruik 'n skerp mes en sny die deeg in vierkante.

Los vir 'n paar minute sodat jou deeg weer kan rys.

Bak oor matige kole vir 20 minute, Draai dit gereeld om. Bedien warm met botter en wat anders ook jou hart gelukkig maak – die lewe is te kort vir vervelige brood.

Vir die pepersous benodig jy:

100ml Botter (of Margarien)
100ml Koekmeel
100g growwe Peper
Melk

Metode:

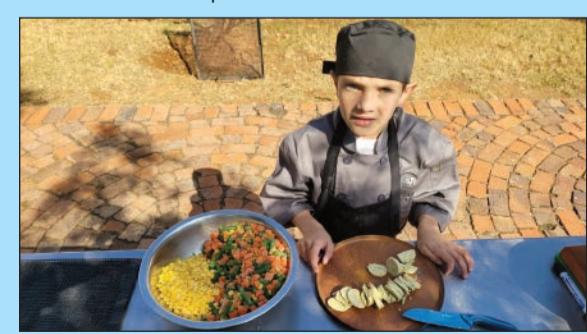

Smelt die botter, roer die meel by en dan die peper. Voeg melk geleidelik by en roer deeglik om klonte te voorkom.

Proe aan die sous om seker te maak dat jy die smaak van die peper kry.

Kook stadig oor 'n lae hitte tot gaar.

Tradisionele roosterkoek is nie te moeilik om te maak nie – en dit is 'n wenner op 'n braaibord.

Hugo Grobler is hard aan die werk.

Magashule en daai geheime

Verantwoordelik vir die jongste kat in die duiwehok die afgelope dag of twee is niemand anders nie as die voormalige Vrystaatse Premier en geskorste voormalige sekretaris-generaal van die ANC - Ace Magashule. Ons het die hoogste agting vir die ontslapenes, maar kan nie help om te wonder of "bro" Ace nie baie lank vir hierdie geleentheid gewag het om 'n onthulling te maak en in die proses sy vastrapplek in die ANC (of waar hy ook al is) te verstewig nie.

Magashule is nou eenmaal nie vir sy gebrek aan opportunisme bekend nie. In elk geval - hiérdie keer glo dat die afgestorwe adjunk sekretaris-generaal van die ANC en waarnemend in die plek van eiste Magashule, Jessie Duarte, hom (Magashule) kort voor haar dood met 'n klompie staatsgeheime vertrou het wat sy hom gevra het om na haar afsterwe te openbaar. Hoewel daar geen verdere besonderhede oor hierdie geheime bekend is nie, het Magashule nie gehuiwer om dit aan die groot klok te hang en by te voeg dat in alle waarskynlikheid die einde van die ANC kan beteken. Sjoe, komende van Magashule, iemand wat feitlik van Dag Een af met 'n wolk van omstredenheid oor sy kop gebuk gegaan het, is dit nogal 'n mondvol.

Nogal ironies in die hoofopskrifte van die media die afgelope paar dae nadat Duarte se afsterwe die hele

land aan die praat het, is dat daar gespekuur is oor talle sensitiewe geheime wat Duarte in besonder na haar graf sal neem en dan natuurlik, die klompie wat sy volgens Magashule aan hom "toevertrou" het om na haar dood openbaar te maak. Ons beklemtoon weer, ons het respek vir die ontslapenes, maar moet toegee dat dit baie onwaarskynlik is dat enige ANC-hooggeplaasde nog vir 'n baie lang tyd sonder enige geheime na sy/haar graf sal gaan. Die organisasie is na sy bewind van bykans 30 jaar wat deur talle verleenthede en skandale gekenmerk is, nie bekend vir die morele hoëgrond nie, om nou een van die ANC se mees geliefde clichés te gebruik.

Maar as ons reg onthou, is dit nie die eerste keer dat Magashule gedreig het om sensitieve inligting rondom sekere senior partygenote - onder ander Cyril Ramaphosa, te onthul as hulle nie mooi maak met hom nie. In die tyd wat Ace hardnekig vasgeskop het teen die opstaan-beleid, was dit telkens sy laaste opsie. Ons wil as't ware voorspel dat daar ook in hierdie geval "dadel's" van Ace se dreigement gaan kom. Vir enigiemand van onkreukbare karakter en integriteit soos wat Duarte sedert haar afsterwe herhaaldelik beskryf is, sou Ace Magashule ten beste die heel laaste opsie as vertroueling kon wees...

Magashule and those secrets

Ah yes, responsible for the latest cat in the pigeon loft this week - none other than the controversial former Free State Premier and suspended Secretary General of the ANC, Ace Magashule himself. Before continuing we want to emphasize - though we have the utmost respect for the deceased, we cannot help to wonder just how long "bro" Ace must have waited for an opportunity such as this to improve his somewhat insecure standing among the top brass of the ANC. The passing of former ANC Deputy Secretary General and acting Secretary General Jessie Duarte over the weekend, has left Magashule with what he believes to be a trump card (is it an Ace?) to improve his dire situation on the sidelines of the ANC (or wherever he finds himself) since his suspension in May last year.

This time however, Magashule claims that only days/weeks before her passing, comrade Jessie Duarte had entrusted to him a number of highly sensitive government secrets which he claims, involve senior party members of the ANC and yes, wait for it, which she (Duarte) wanted him to disclose after death.

Though no details on these "sensitive" secrets have been disclosed at any stage, Magashule insisted that these were far-reaching and that its disclosure could even lead to the end of the ANC. Wow, coming from Magashule who has been a

controversial figure from the very early days of both the Zuma and Ramaphosa administrations, this could put him in a bargaining position, or does it?

Media reports in the wake of Duarte's death over the weekend have widely speculated about the probability that sadly, Duarte would be taking a number of government secrets to her grave - that is of course, in addition to the number of secrets she had disclosed to Magashule. But why would this be surprising or alarming?

Are we to assume then that there are indeed some senior ANC party members who will be going to their graves without the burden of government secrets? We think not - in its rule of almost 30 years, the ANC has repeatedly demonstrated that it is not too familiar, nor comfortable with the moral high ground - to quote one of the most popular clichés of the South African government today.

To conclude with: As far as we can remember - this is not the first time that Magashule has threatened to disclose sensitive information on top ANC officials in recent years. This was an almost run-of-the-mill threat often heard during Magashule's opposing of the stepping side policy of the ANC of late. And finally, for someone of exemplary character and unparalleled integrity as Duarte is remembered by many, Magashule couldn't possibly have been more than the very last option of someone to confide in.

Thank you for the excellent service, JST

The editor

I would like to take this opportunity to thank the staff of Job Shimankana Tabane hospital for the excellent service that was recently offered to my daughter, Milandré Too. She recently got ill due to a chronic disease that she is living with. I must say that even though I hear many people say the service at the hospital is not that good, I really would like to paint a different picture. My daughter was treated very well until she recovered. The staff is very friendly and are very willing to assist both with support and advice. The most heartwarming treatment was received from the people working at casualty, MOPD and OPD more especially the workers who are assigned to Ward 11. I would like to say thank you very much Job Shimankana Tabane staff and management for putting the needs of patients and the community first.

Rustenburg se Louis Meintjes al beter in Tour de France

Waldie Volschenk/Johannes Meintjes

RUSTENBURG HERALD - RUSTENBURG - Die Rustenburgse fietsryer Louis Meintjes het vanjaar met 'n groot aanslag in die jaarlike Tour de France-fietswedren van net onder die 3 500 km gekom en beklee tans nie alleen sy beste algehele posisie in die Tour nie, maar het aan die einde van skof 12 verlede week vriend en vyand op hul voete gehad toe hy tweede geëindig het in die uitmergelende maar ikoniese Alpe d'Huez - een van die strafste bergskofte nie net in die TDF nie, maar in internasionale fietsry.

Louis se tweedeplek in skof 12 was die naaste wat hy nog aan 'n skofoorwinning in die TDF gekom het en met nog amper 'n hele week van fietsry met talle bergpremies van voorlê, is 'n skofoorwinning vanjaar glad nie vir hom uitgesluit nie. Maar na net meer as twee weke in die saal, begin die strawwe roete en uiterst warm toestande die ryers se energie tap. Maandag was 'n "rusdag" vir die fietsryers hoewel die dag begin het met verpligte "Covid 19" toetse, vir verdere deelname aan die TDF. Louis en sy span het negatief getoets en nou kan hulle begin ontspan. Hulle sou later dieoggend 'n rustige kort rit gaan ry om die stywe bene 'n bietjie los te maak en dan het die res van die dag bestaan uit ontspan langs die swembad of gewy aan persononderhoude. Dit is geweldig warm, 38°C in die suide van Frankryk - só erg dat die normale roete gewysig word om die ryers 'n geleentheid te gun om te herstel na die naweek se kwaai skof in 38°C-temperature. 'n Kamer met lekker lugversorging sal vir Louis 'n lekker en broodnodige middagslapie beteken.

Die fietsryers het Dinsdag begin met die eerste van drie bergagtige skofte. Skof 16 oor 178,5 km met 3 418 meter se vertikale klimwerk. Daar is vier gekategoriseerde berge op die roete: # Berg 1: 1,6km @ 6,6% helling (kategorie 4 berg) # Berg 2: 5,2km @ 5,3% helling (kategorie 3 berg) # Berg 3: 11,5km @ 6,7% helling (Kategorie 1 berg) # Berg 4:

9,4km @ 7,6% helling (kategorie 1 berg)

Met die ryers nou in die berge sal temperature op die pad nie so hoog wees soos Sondag nie. Die berge begin klein, net om die litte los te maak en word telkens strawwer soos die wedren vorder. Die laaste berg is feitlik uitsluitlik vir klimmers en die naelywers kry bitterlik swaar - baie van hulle val natuurlik uit. Hierdie skofte sal Louis soos 'n handskoen pas. Die laaste berg (Mur de Peguere) is 'n 2 km-seksie met 'n gradiënt van 12,8%. Die GC fietsryers wat nie Maandag kon herstel van die buitengewone hitte van Sondag se skof nie, gaan hier uitval en daar mag waarskynlik geringe veranderings in die GC-posisies wees. Die skof eindig met 'n 27,5 km hoëspoed-afdraende. Tydens die afdraende gaan die fietsryers amper 'n 1 000 meter in hoogte sak. Dit is hier waar ooryweringe ryers die pad gewoonlik byster raak en in die moeilikhed beland, indien hulle nie in valle betrokke is nie. Snelhede van naby 100 km/h kan teen die afdraende bereik word en gaan voorwaar vir 'n naelby-einde sorg.

Hou gerus later vandesweek Rustenburg Herald se facebook en webwerf dop vir nuwe en vars inligting rondom die 2022 Tour de France en Louis se vordering. Ons dank aan Johannes Meintjes vir sy waardevolle insette en hulp met hierdie artikel. Die Meintjes-gesin verdien beslis almal 'n klop op die skouer - Rustenburg is uiterst trots op Louis - welgedaan!

Raising Giants empowers local football coaches

RUSTENBURG HERALD - MOGWASE - Raising Giants Organisation (RGO), a non-profit organisation that was established in 2008 with a bold vision to raise successful and talented leaders in communities, has partnered with Transition Football Club to host coaching workshops at Orbit TVET College, Mankwe Campus from Thursday (14 July) to Saturday (16 July).

Founder of Raising Giants Organisation, Kgomotso Khosa said they have embarked on a sports transformation journey not to only support the development of sports in North West but also address societal issues such as coaching skills, mentoring, and training to ensure players, coaches, and the community is equipped with information and resources they can use post the coaching workshops.

Aimed at closing the gap in the transformation and development of sports in SA, the coaching workshops are hosted by Transition Football Club coach, Claudio Lorenzani and football legend, Doctor Khumalo.

"I am excited to be part of RGO's sports development initiative. Football has evolved, and we need to create platforms for coaches to be able to upskill themselves and have solid structures for players to succeed in their football careers," Doctor Khumalo said.

According to Ndivhuho Mafela, Head of Stakeholder Relations, Marketing and Communications at National Lotteries Commission, sports and recreation is an integral part of nation-building, creating social cohesion, and the holistic wellness of communities.

"The NLC directs a significant portion of the budget in the Sport and Recreation Sector to organisations that develop sports and recreational facilities in rural areas, with a particular aim to increase accessibility to facilities. Beneficiaries in this sector also form part of the sport development, creating a pipeline of athletes that eventually uplift the profile of their various sporting codes and represent the country on the world stage," Mafela said.

'Bokke slew Dragons'

RUSTENBURG HERALD - RUSTENBURG - Cape Town was the final battleground for the Springboks and the touring Welsh on Saturday.

And the team gave Eben Etzebeth and Bongi Mbonambi a memorable day on their respective milestones by powering to a series victory.

The Springboks outmuscled Wales to claim a 30-14 win and seal the three-Test series on the day that Etzebeth and Mbonambi ran out for their 100th and 50th appearances, respectively.

Etzebeth became just the third Springbok to taste victory with his 100th Test cap - and he gave a superhero performance to help the team achieve. From the outset, the massive lock was making huge carries, big tackles and by simply providing solid backup to his brothers-in-arms.

Mbonambi also put in a solid performance on his

50th and scored a crucial try towards the end of the first half as Wales

threatened to get back into the match.

Both teams tested each other sternly under the high ball, but South Africa coped far better in this department than they did in the previous two Tests, with the back three of Damian Willemse, Makazole Mapimpi and Cheslin Kolbe all winning the ball back in aerial duels.

Despite having tries from Mapimpi and De Allende correctly chalked off, the Boks were still able to make their dominance count when Pollard bashed his way over and converted his own try.

The home side suffered a blow when Cheslin Kolbe was forced off in the 20th minute, his mouth bleeding and evidently concussed. That prompted a backline shuffle as Willie le Roux came on, with Willemse moving to centre and Lukhanyo Am to the right wing.

That change seemed to disrupt the Boks' momentum as Wales worked their way back into the match, starting with flank Tommy Reffell's try, before skipper Dan Biggar slotted a penalty to make it a two-point game.

However, the Springboks worked their way upfield thanks to an outside break from Siya Kolisi, winning a penalty and opting for touch. From the subsequent lineout, Mbonambi forced his way over the tryline on his 50th appearance to make it a nine-point game at the break.

Wales again threatened a comeback in the second half as two cheap penalties from the Springboks allowed Biggar to narrow the deficit to just three points.

However, that was when the Springboks turned to their famed - and feared - Bomb Squad and it paid almost immediate dividends as Siya Kolisi powered over for the home side's third try after some strong carries from Malcolm Marx and Vincent Koch. Pollard converted to take the Boks to a 10-point advantage, which they never surrendered despite coming under some heavy pressure from the Welsh pack.

The All Blacks are now next in line. The fixtures are:
6 August - Mbombela Stadium, 17:00
13 August - Ellis Park, 17:00

Tough field at SA's

Rustenburg Cycling Club is so proud of Tamlyn Luyt who took part in the SA Cup Championship on 2 July at Happy Valley Bloemfontein. It was a tough field with the whole country representing SA and she took a 12th place. Unfortunately, on Sunday in the relay on 3 July she took a terrible fall that has set her back six weeks with a broken collar bone, but watch this space as she will be back even stronger riding with the elites of North West. Thank you for her sponsors making one of her dreams come true as well as a special thanks to her coach Sarah Hill (SA XCO champ 2021) who became more than a mentor and coach to her.
