RUSTENBURG HERALD - RUSTENBURG - The latest increase in the fuel price should put a damper on any plans for leisure.

The Department of Mineral Resources and Energy has published the latest fuel price adjustments for March 2022, showing a sharp hike in prices for both petrol and diesel in South Africa

The official changes, that took effect at midnight on 1 March, are as follows:

Petrol 95: increase of R1,46 per litre to R21,60 Petrol 93: increase of R1,46 per litre to R21,35

Diesel 0.05%: increase of R1,44 per litre to R19,49

Diesel 0.005%: increase of R1,48 per litre to R19,55 Illuminating Paraffin: increase R1,21 per litre to R13,19

The increases for March are mainly attributable to rising international petroleum prices as a result of Russia's invasion of Ukraine and would have been more severe had the rand not stabilised against the US Dollar in the last few weeks, the group said.

Adding to the increases, the slate levy was also increased by a further 15 cents per litre, hiking prices even more.

"The massive fuel increases announced by the Department of Mineral Resources and Energy (DMRE) will have a sharp and immediate effect on the poor, and a long-term impact on inflation," said the Automobile Association (AA).

These increases will certainly impact on every single South African given the reliance the country has on fuels for transportation, manufacturing and in the agricultural sector."

The AA said the outlook for April remains unclear but Russia's military action in Ukraine could push international oil prices higher which will again impact locally.

"For now, it's a question of wait and see how these prices move in the next few weeks.

"One silver lining, though, is that any potential increases will not be combined with increases to fuel taxes as the minister of finance earlier this week announced the General Fuel and Road Accident Fund levies will not increase this year. This is good news, but must be tempered by what happens in the next few weeks to the overall pricing of fuel.

Here's what you'll now pay on SA's toll roads

RUSTENBURG HERALD - RUSTENBURG - New toll tariff fees for 2022 came into effect on 1 March, with major routes now 5% more expensive.

Toll fees are among South Africa's silent subsidies, which will see the SA National Roads Agency (Sanral) claim R17 billion directly from consumers over the next

The increase will take the country's most expensive mainline toll, Machadodorp Toll Plaza in the Nkangala District of Mpumalanga, to R104, up from R99 in 2021. But not all tolls increase: the cheapest toll on the N4

highway, Quagga Plaza, remains at R5.00. Here is how much you will now pay for each of SA's

biggest toll routes for a passenger vehicle.

Johannesburg to Durban: R286.50

The most expensive toll gate on this route from Johannesburg to Durban is the Tugela Plaza located between Harrismith and Ladysmith, up R4 to R82.

If you're looking to ditch all of the toll fees and don't mind a longer journey, an alternative route suggested by Google Maps bypasses all the tolls – but means you'll be on the road for an hour more. Taking this route does mean that you will, for the majority of your journey, drive on the N3, leaving it to bypass toll gates.

Johannesburg to Cape Town: R205.50

A trip between SA's two major commercial metros should take between 15 and 16 hours, alongside what may be the most varied and scenic of SA's toll roads.

The most expensive toll on this route from Johannesburg

through Bloemfontein is the Vaal Toll Plaza, at R74.50.

Trying to avoid the tolls on this route entirely is not advised. But you can save R138.50 by taking the route that passes through Kimberley rather than Bloemfontein, paying only for tolls at the Grasmere Toll Plaza in Gautena and Huguenot toll in the Western Cape, and adding some distance to your trip.

Johannesburg to Polokwane: R191

The journey to Polokwane may be the cheaper than the long hauls from Johannesburg to the big coastal cities, but can come with eTolls under the Gauteng Freeway Improvement system. That will add R13.29 to the trip if you don't skip the freeway - and put the cost at R204.29, just barely shy of the cost to drive to Cape Town.

The 318 km drive should take you just over three hours. To avoid tolls you can do things such as add 50km and go through Lebowakgomo using the R516 and R33 to join the N11.

Joburg to Pretoria: R13.50, or alternatively R16.67

Gauteng has a total of 47 open toll gantries. The route from Johannesburg to Pretoria requires motorists to go through six gantries, which will cost R13.50 via the N1 or R16.67 via Bedfordview, if you go past OR Tambo - and drive an additional 14km.

The most expensive toll of the two is the Letata gantry between Tembisa and Midrand on the R21.

Democratic Alliance concerned about continued power supply interruptions in Rustenburg

RUSTENBURG HERALD - RUSTENBURG - The Democratic Alliance (DA) in the Rustenburg Local Municipality has expressed its concerns over the continued electricity supply interruption and slow response by the municipality to attend to outages to restore supply within an acceptable time.

the continued labour dispute at the electrical department and the continued unavailability of parts for maintenance and repairs to critical electrical infrastructure.

Mayor Sheila Mabale Huma and the Municipal Manager should outline a plan of action to prevent the slow response of the electrical services department to restore the electricity supply. It is unacceptable that a single complaint outage takes between 7 to 14 days to repair while sectional

"The Municipal Manager, Mr Victor outages take between four and seven Makona, must immediately address days. The entire Electrical Department must be overhauled. A start would be a skills and qualifications audit of the entire department and vacancies should be filled by competent and professional technicians.

These continued electrical outages hamper economic growth and affect thousands of households causing avoidable misery," a statement issued by Cllr Luan Snyders on Tuesday (1 March)

Tax relief, grants encouraging in new Budget 2022/23

RUSTENBURG HERALD - RUSTENBURG - South Africans who became used to reaching deeper into their pockets virtually every single day to keep the household finances afloat, will be relieved to learn that in general, a much more consumer friendly budget has been announced by Finance Minister, Enoch Godongwana on Wednesday last week.

The new financial year will definitely offer something to look forward to. Various categories of tax relief and no increase in basic charges on petrol and diesel are only two issues that will have South Africans sighting with relief.

With an amount of R182 billion in additional tax from largely the mining sector, tax payers will receive tax relief equal to the inflation rate. People working for monthly salaries will already enjoy this benefit from as soon as the end of March this year. It is also good news that provision has been made for tax bracketing and that tax blocks have been increased by 4.5%. People working from home cold expect a welcome announcement on tax relief soon. Furthermore, tax payers will not be moved to a higher tax scale provided they receive increases of not higher than 4.5%.

Tax scales & rates on income:

0 - R226 000 per annum: 18% of taxable income;

R226 001 - R353 100 per annum: R40 680 + 26% of taxable income above R226 000; R353 101 - R488 700 per annum: R73 726 + 31% of taxable income above R353 100; R488 701 - R641 400 per annum: R115 762 + 36% of taxable income above R488 701; R641 401 - R817 600 per annum: R170 735 + 39% of taxable income above R641 401; R817 601 - R1 731 600 per annum: R239 452 + 41% of taxable income above R817 601; R1 731 601 or more: R614 192 + 45% of Taxable income above R1 731 600:

For people with health or medical issues, it is welcome new that Medical fund tax credits will be increased to R347 and for additional dependents to R234.

Motorcar expenses

No changes were made to motorcar expenses and deductions. This will remain unchanged. Wonderful news is that government grants in practically all categories have been increased. Government grants for pensioners (60 - 75) will increase by R90 in April and another R10 in October. So will Old Age grants for people of 75 years (R90 in April and R10 in October). Disability grants as well as frail care grants will increase by exactly the same margin. However, grants for foster care and child welfare will increase by R20

Tobacco, alcohol and other sins

Customs and charges on alcohol and tobacco products will increase by between 4.5% and 6.5% as from last Wednesday. A new charge of no less than R2.90 will be charged from 1 January 2023 on all e-cigarette products. The increases to tobacco and alcohol

340 ml tin of beer increases by 11c;

750 ml bottle of wine increases by 17C;

Sparkling wine will increase by 76C and spirits by R4.83 per bottle of 750 ml. For the smokers there is an increase of R1.03c per packet of 20 while cigars and pipe tobacco have been increased by 37c and R6.77 respectively.

In future those with the proverbial sweet tooth will have to pay for their pleasures with sugar tax increasing to R2.31c per 1 gram per 100 ml. The first four grams of sugar per 100 ml will not be taxed however. An announcement can be awaited on the 4 grams level to be reduced.

These days there is a lot of emphasis on environmental issues - therefore lighting globes that do not meet environmental regulations, will be increased from R10 to R15. Likewise, the price is plastic bags increase from 25c to 28c per bag.

Another surprise to probably most South Africans, is that the VAT rate remains unchanged at 15%.

So where does all this leave me?

For an example of how the new budget will affect an average person we use an average person with a salary of R20 000 after pension deductions with a wife and two children. Currently / As from 1 March 2022

Salary per annum: R240 000.00 - R240 000.00

Tax: Ř44 320.00 - R42 556.00

Primary discount: R15 714.00 - R16 425.00 Medical discounts: R13 584.00 - R13 944.00 Tax per annum: R15 022.00 - R12 187.00 Salary after IRP: R224.978.00 - R227 813.00 Nett per month: R18 748.17 - R18 984.42

Relief per month: R236.24

RUSTENBURG HERALD - RUSTENBURG - Well, it could have been worse - it is something to be grateful for.

The South African Local Government Association (SALGA) said in a statement that it "reluctantly welcomes" the announcement by the National Energy Regulator of SA (NERSA) on Eskom's fifth Multi-Year Pricing Determination (MYPD5) that the Eskom tariff increase will be 9.61%.

The utility had originally requested for

The price of electricity has risen by 307% over the past 13 years, far exceeding inflation, this is despite that South Africans have experienced an unreliable electricity supply.

During the NERSA's public hearing, the basis of SALGA's submission was that these levels of tariff increases proposed by Eskom are unrealistic and unsustainable and go against economic and social issues currently affecting the South African economy. Municipalities are already confronted with insurmountable challenges of high nonpayment with businesses, government and households collectively owing over R300 billion for service rendered.

The Eskom tariff increase will be in effect on the 1st of April 2022 for Eskom customers including municipalities, and 01 July 2022 for municipal customers.

SALGA reaffirms its support for Eskom's viability as a national strategic asset but calls for the power utility to conduct its business consistent with the government's economic objectives. There is a need to explore long term solutions and a possible re-look at Eskom's cost structure including its coal

"We call for a holistic restructuring of the electricity industry to deal with the persistent challenges in the Electricity Supply Industry (ESI) and Eskom to aggressively implement cost-containment measures strategies, address corruption and the failing network infrastructure," SALGA said.

A week of rioting that erupted in July last year following former President Jacob Zuma's incarceration on contempt-of-court charges saw thousands of businesses looted and cost the economy an estimated 50 billion rand. A panel appointed by Ramaphosa to probe the violence criticized the police's inadequate response and found that tensions between Sitole and Police Minister Bheki Cele were among the contributors. Cele had accused Sitole of insubordination and sought his dismissal. Last year, Sitole lost an appeal against a High Court judgment that found he put the interests of the ruling party ahead of the

Jou moedertaal moet ook jou onderrigtaal wees

beklemtoon ons en Afrikaans.com net weer hoekom dit nie beter is om jou kind in Engels te laat skoolgaan as dit nie sy moedertaal is nie.

"Ag wat, ek gaan my kind na 'n Engelse skool toe stuur. Die wêreld is tog Engels." Afrikaans.com sê: "Meneer, mevrou ... nee!"

Ons weet al hoe meer ouers wonder of dit regtig nog die beste is om hulle kinders in hulle moedertaal te laat skoolgaan. Veral as 'n mens in ag neem dat die meeste tersiêre instellings en die ekonomiese wêreld, internasionaal en ook plaaslik, Engels as voertaal gebruik. Tog kan ons met oortuiging sê: Jou moedertaal laat jou presteer.

Om onderrig te ontvang in jou moedertaal laat jou uitstyg bo die gemiddelde en gee jou die vermoë om op dieselfde vlak met die bestes in die wêreld saam te kan praat. Kinders het hul moedertaal nodig om hul kognitiewe ontwikkeling te verseker. Kinders leer makliker lees en skryf in hul moedertaal. Skrif is 'n tegniese aktiwiteit waardeur taal uitgedruk word en anders as gesproke taal, ontwikkel dit nie spontaan nie. Dit is baie makliker vir kinders wat in hul moedertaal leer lees en skryf om die konneksie tussen gesproke en geskrewe taal te maak. As jy leer lees het in 'n taal wat vir jou maklik is, is dit soveel makliker om konsepte en vaardighede in 'n tweede of derde taal oor te dra. Die ontwikkelingsvlak van 'n kind se moedertaal is

'n sterk voorspeller van die ontwikkelingsvlak van 'n kind se tweede taal omdat hulle uit hul onderliggende taalstelsel en hul bestaande taalkennis kan put. As 'n kind byvoorbeeld in Afrikaans tydkonsepte leer, hoef hulle nie weer die totale tydsbegrip in Engels te leer nie, maar slegs die oppervlakgegewens, met ander woorde die Engelse woorde. Hulle het reeds die intellektuele basis en begrip. Ander intellektuele begrippe soos oorsaak en gevolg, of om tussen hoofgedagtes en ondersteunende detail te kan onderskei, word gemaklik vanuit die moedertaal tot 'n tweede taal oorgedra.

Troos iou daaraan ...

Dit is amper onmoontlik vir kinders om nie Engels in ons land aan te leer nie. Daarom is dit jou taak as ouer om seker te maak jou kind leer sy moedertaal aan, want so verseker jy dat hy later meertalig gaan wees.

Notice of immediate closure served on Magistrate's Court - plan of action rejected by RLM

Waldie Volschenk

RUSTENBURG HERALD - RUSTENBURG - Jurists, administrative staff, office workers and the Rustenburg Public have been left out in the cold for the third consecutive day on Tuesday this week since a notice for the immediate closure of the building was served to the Rustenburg Magistrate's Court by the Rustenburg Municipality on Friday.

purposes "out of bounds", since the notice was served by the Rustenburg Municipality on Friday. Rustenburg Herald was told that concern for the health and safety of the public and judicial personnel prompted the immediate closure of the building on Friday. It is the second time in only a matter of months since proceedings at the Rustenburg Magistrate's Court came to a halt following a cyber attack at the offices of the Master of the High Court in whereafter huge delays in court cases were experienced since early

A meeting by the national and provincial departments of Justice as well as the North West Directorate of Public Works, was urgently scheduled during the course of Monday, after which a plan of action was tabled with the Rustenburg Municipality on how the shortcomings would be addressed. The plan was however rejected by the municipality with a stern warning that the Magistrate's Court would definitely not be reopened until maintenance and repair issues were addressed.

Senior Magistrate Herman van Wyk told Rustenburg Herald that the building had been badly neglected for an extended period of time and that maintenance was rarely considered an important issue. The reality today is that ablution facilities are unsafe, poorly maintained and totally unsuitable to members of the public. "In fact, since 1986 virtually no maintenance work had been carried out at the Magistrate's Court. The premises really is in a desperate condition", Van Wyk said. During the most recent past, the orderly of the court escaped injury when a section of ceiling collapsed and plummeted to the ground during court proceedings. In another separate incident, a member of the public narrowly escaped injury when a glass panel tumbled from an overhead installation.

"En dit is die laaste meer as twee jaar asof die waterprobleem net erger raak," meen Olivia. Daar gaan beswaarlik 'n maand verby waar die buurt nie vir 'n paar dae agtereenvolgend geheel en al sonder water in hul krane sit nie. Die buurt se mense het gehoop dat 'n nuwe waterpyplyn hul

Ja, daar is diegene wat gelukkig is om 'n swembad te hê, maar dis nie die meerderheid nie. En 'n tenk help ook net vir 'n dag of twee. Wanneer jy, soos verlede week, vir meer as vier dae sonder water in jou munisipale pype is, is jy ook maar gestrand," vertel 'n moedelose Olivia.

Hulle oorweeg nou al om hul huis te verkoop en na in ander buurt te verhuis. 'Maar op dié stadium het Geelhoutpark al klaar 'n slegte naam. Ek vermoed ons sal sukkel om ons eiendom te bemark," meen Olivia. Sy sê dat sy en haar gesin egter baie dankbaar is vir die buurt se raadslid wat onder moeilike omstandighede tog probeer om die gemeenskap minstens ingelig te hou.

'n Aand gewy aan digkuns

RUSTENBURG HERALD -RUSTENBURG - Die beroemde Ierse digter, William Yeats het 'n baie eenvoudige, maar tog diepsnyende verduideliking oor wat digkuns is:

"We make out of the quarrel with others, rhetoric, but of the quarrel with ourselves, poetry." Vra vir 'n persoon om 'n stukkie aan te haal uit 'n voorgeskrewe boek op skool, en hy gaan waarskynlik sukkel. Maar vra hom om 'n stuk aan te haal uit 'n gedig wat hy op skool geleer het, en hy gaan vir jou 'n antwoord kan

Digkuns het, soms onwetend, 'n baie groter impak op 'n leser as net 'n gewone storie. Want 'n goeie digter kan in net 'n paar strofes vir jou die wêreld meer verstaanbaar maak, vir jou die woorde gee om jou eie emosies mee te beskryf of gestalte gee aan gedagtes wat jyself nog nie kon omskryf nie.

Ter viering van die genre word daar op 28 April 'n Poësie-aand gehou.

Digters, amateur digters, of voornemende digters word genooi om 'n kort uittreksel uit hul gedigte vir keuring voor te lê om as deel van die aand se program opgeneem te word.

Die aand word by Tarentaal Teater gehou en sal om 18:30 begin. Chris

Maaltyd en bederfie in 'n kits

Kitsery ('Kedgeree')

Bestanddele:

- 500 g gerookte skelvis, vars of bevrore
- 250 ml water
- 120 ml witwyn
- 1 ui, in drie gesny
- 1 geelwortel, in wieletjies gesny
- 1 lourierblaar
- 200 g rys, wit of bruin soos verkies
- 750 ml kookwater
- 3 ekstra-groot eiers, hardgekook

Plaas die skelvis in 'n pan en voeg water en witwyn by. Voeg die ui, wortel en lourierblaar by. Indien vars skelvis gebruik word, posjeer 10 minute; indien bevrore, posjeer 15-20 minute, of tot die vis sag is en vlok.

Wanneer vis gaar is, haal uit die vloeistof. Dreineer die vloeistof en hou eenkant vir later. Laat staan vis tot dit koel genoeg is om te hanteer, verwyder die vel en vlok dit met 'n vurk. Hou eenkant. Plaas rys in kastrol en voeg kookwater en 1 teelepel sout by. Kook tot rys gaar is en die water verdamp het. Sny hardgekookte eiers in blokkies en hou eenkant. Verhit die botter en olie in 'n swaarboomkastrol. Braai die uie en jonguie sag, voeg die kerrie by en braai nog 3 minute. Giet die behoue posjeervloeistof en room by en roer deur. Plaas die vis, rys, eier, ui-en-kerriemengsel, geurmiddels en kruie in 'n mengbak en meng liggies deur met 'n vurk. Mayonnaise kan bygevoeg word indien verkies.

Neut- en mintbederfies

Bestanddele:

- 200 g gemaalde neute (amandel/pekanneut)
- 5 e rou kakao, plus ekstra om oor te sif
- 1 t vanielje-ekstrak
- 2 t peperment-ekstrak 5 e heuning/gouestroop

Voer 'n bakplaat uit met bakpapier. Meng al die bestanddele in 'n mengbak en roer goed deur. Die mengsel moet effens klewerig wees. Indien dit te droog is, voeg 2 eetlepels water by. Rol eetlepelsvol van die mengsel in balletjies met natterige hande en plaas op voorbereide bakplaat. Verkoel vir ten minste 30 minute. Om op te dien, sif ekstra kakaopoeier liggies bo-oor. Bêre in die yskas vir tot een week.

Waar laat begroting 2022/23 ons?

Suid-Afrikaanse verbruikers belastingbetalers het vanjaar vir sekerlik die eerste keer die afgelope 10 jaar 'n bietjie meer rede om so ietwat te glimlag - dis nou na afloop van die iaarlikse begrotingsrede wat verlede Woensdag deur finansminister Enoch Godongwana gelewer is. Dit is toevallig ook die tweede of derde keer "in 'n ry" (sedert Trevor Manuel en Tito Mboweni) dat dit vir Suid-Afrikaners mag blyk of die minister van finansies een van die weinig kabinetsministers is wat sy plekkie op die sagte agterbanke verdien. Vanjaar se begroting is beslis baie oordeelkundig en met begrip vir die talle uitdagings waarmee die gewone man daagliks te kampe het, saamgestel.

Tot dusver, in skaars meer as 'n week, is daar groot gewag gemaak van die feit dat Suid-Afrikaners uit omtrent alle sektore by verskeie vorms van belastingverligting gaan baat.

Dit is grootliks toe te skryf aan 'n bedrag van R182 miljard in addisionele belasting vanuit die mynbousektor en bring mee dat gewone salaristrekkers reeds vanaf die einde vandeesmaand (Maart 2022) 'n bietjie makliker sal kan asemhaal. Daar is ook ander goeie nuus soos mediese fonds-krediete en toelaes wat aangepas word en dan is daar reeds melding gemaak van die feit dat ons vanjaar vir die eerste keer in 32 jaar nie 'n verhoging in die twee grootste heffings op die petrolen dieselprys gaan sien nie.

Maar met enkele ander uitsonderings is

dit min of meer hier waar die goeie nuus ophou. 'n Mens wil dadelik sê - geen verhoging in die brandstofheffing nie se voet! Kyk nou net weer met hoeveel die brandstofprys Dinsdagaand die hoogte ingeskiet het - beslis een van die heel grootste verhogings ooit en daar is min twyfel dat die tyd vir innovasie en sorgvuldige beplanning vir alle Suid-Afrikaners aangebreek het.

Met 'n verhoging van R1.46c per liter vir 95/93-oktaan gaan reiskostes van dag een af een van die grootste uitgawes in die maandelikse begroting wees. Suid-Afrikaners sal nou eenvoudig moet vastrap en planne beraam oor hoe om die wiele van die gesinsmotor aan die rol te hou, of om as't ware presies die teenoorgestelde te probeer doen. Ons sal moet minder ry, kinders sal moet busry skool toe en as 'n mens per ongeluk iets by die huis of werk vergeet het, is dit dan nou maar daarnatoe! Die aankoop van kruideniers en soortgelyke benodigdhede sal fyn beplanning verg en dit spreek vanself dat die talle vorms van belastingverligting nie vir baie lank gaan help om die gate toe te stop nie veral nie wat uitgawes betref wat met die brandstofprys te make het nie, en dit is omtrent alles op die inkopielys. Miskien het dit nou tyd geword om inisiatiewe ten opsigte van die elektriese vervoerbedryf met ope arms te verwelkom. Ons weet egter nie presies hoe Eskom in hierdie prentjie gaan pas nie - langer sal dit nie so kan voortduur nie!

Budget 2022/23 - what are you going to do?

For the first time in roughly 10 years South African consumers and rate payers have a little something to smile about. This of course after the 2022/23 Budget Speech delivered by Finance Minister Enoch Godongwana last Wednesday. Incidentally, this is the second or third year in succession (since Trevor Manuel and Tito Mboweni) that it may seem to ordinary South Africans that our finance Minister is one of few Cabinet Minister who indeed deserves a place among the soft cushions of parliament and central government. The National Budget of 2022/23 was compiled with a lot of consideration for the concerns of the man in the street and the challenges he has to face every month.

In just over a week a lot has been said and written about various forms of tax relief thanks to an amount of R182 billion in additional tax from the mining industry. This will mean that those working for a salary will already benefit marginally from relief from the end of March 2022. More welcome news is that Medical fund credits have been adjusted and that the two biggest charges in the petrol and diesel price were not increased for the first time in 32 years!

But this is more or less where the good news stops and one is prompted to ask who is fooling who?

With the biggest increase in history in the prize of petrol (and diesel) of R1.46c per litre (95/93 octane), it goes without saying that the day has finally dawned for South Africans to begin to plan their daily trips with much greater care in future. Every South African will have to think of measures than can be applied to keep the wheels of the family car rolling - or, as a matter of fact, to do exactly the opposite. We simply have to travel less - fewer and shorter trips will go a long way in saving fuel. From now on, families should perhaps reconsider taking the children to school twice every day and that a bus service might become a viable option. Trips that are not absolutely essential should be placed on ice at all costs! Of course we also have to remember that the price of all goods remotely linked to fuel costs are very likely to increase with immediat effect. From now on the thoughtful planning of trips to the family grocer should be a way of life. It speaks for itself that the few forms of tax relief are not going to bring us very far should the fuel price not stabilise in the near future. Finally it is late in the day to realise that the innovations by the motoring industry for greener/simpler/cheaper electrical energy should be embraced with open arms by each and every South African. How Eskom is going to fit into this picture is somewhat unclear however. We won't be able to continue like this for very much

Dienslewering is 'n skande

Geagte redakteur

Briewe skryfoor swak dienslewering is nie regtig in my aard nie, maar die situasie waarin ons ons in Geelhoutpark bevind met betrekking tot water is nie net frustrerend nie; dit is teen dié tyd al traumaties.

Vir die afgelope paar jaar sit Geelhoutpark kort-kort sonder water. En dit is nie vir 'n paar ure of 'n dag nie! Dit is vir dae aaneen. Ons as inwoners het geglo dat die Dr Moroka-pypleiding verligting sou bring, maar, helaas dit lyk nie asof dit binnekort funksioneel gaan wees nie.

Verlede week was dit wéér so vir meer as vier dae het inwoners van Geelhoutpark - en ander dele van die stad - nie water in hul krane gehad nie. Mens verstaan as daar 'n

probleem is en dit word uitgesorteer. Maar wat hier aangaan, is 'n ander storie. Want dis dieselfde probleme wat die hele tyd opduik en veroorsaak dat ons krane droog is.

Kan daar regtig NIKS gedoen word om die situasie permanent aan te spreek en op te los nie? Is daar kundige mense beskikbaaringenieurs met die nodige kennis - wat 'n antwoord het wat vir ons blywende verligting gaan kan bring? Die inwoners wat in dié buurt eiendom besit, gaan op die einde sit met huise wat hul nie verkoop sal kan kry nie as gevolg van die watersituasie en al die negatiewe publisiteit rondom die aangeleentheid.
