Easter weekend loading...

With Easter comes the change to a new season – autumn. And autumn brings with it its own beauty, even in the trees losing their leaves. Autumn saves what is pure in plants– that which will survive through the winter to make them bloom again in springtime. Easter weekend also brings the Easter Bunny to town and many families will spend time having a fun Easter Egg Hunt or just enjoying a couple of days of rest and relaxation. Our prolific Easter egg hunters are Hannah and Tina Kotze, Anri du Toit, Ellie Potgieter and Sion Carstens. (Photo: Christelle van Rooyen-Wessels)

Rainfall figures - is this going to be another bumper year?

RUSTENBURG HERALD - RUSTENBURG - Well, the 1st of April has come and gone, but this year it seems that our weather and rainfall patterns have played no April fools jokes on us.

Who knows - it might be an even better rainfall year than last year after Rustenburg got off to a good start this year - especially in February when 204.8 mm were recorded. It is interesting to note that a meagre 61.6 mm were recorded in February 2022 - a year that eventually turned out to be almost unprecedented in terms of rainfall.

Nonetheless, January 2023 was not a typical January in terms of great rainfall either and a disappointing 36 mm were recorded. March 2023 was considerably better and a total of 52.2 mm were recorded for the third month.

With the "fools" month (April) only 5 days old at the time of our going to print this week, a total of 8 mm were recorded on 3 (7 mm) and 4 (1 mm) April. More rain has been forecast by the South African Weather Service for the remainder of this week as well as the weekend. Rustenburg Herald wish to thank Mr Charlie Graham of Geelhout Gardens Nursery for his regular rainfall and weather statistics.

SPCA to host another “blikskud” - please support

RUSTENBURG HERALD - RUSTENBURG - Members and supporters of the Rustenburg SPCA will remember that the previous "blikskud" fundraiser on Saturday, 25 March, had been cancelled due to rain.

Because the committee cannot afford to rest on its laurels, the blikskud has in meantime been rescheduled for Saturday, 29 April between 08:30 and 12:00. The campaign will take place on the R24 bridge at the turn-off to the Waterfall Mall. Motorists and passers-by are requested to please plan your support towards this very deserving cause in advance and to please have a few loose coins (of course notes will be very welcome) in your wallets.

The Rustenburg SPCA faces huge challenges in terms of rising costs, the ever rising price of petrol, the cost of veterinarians as well as the additional financial layout of a significant increase in stray pets and dogs (and other animals) during the Christmas holiday season. Sadly many people still leave their pets at home without sufficient care or food and water - these animals escape their homes in one way or another and usually end up at the SPCA where they must be fed and cared for. Such an increase of stray pets places a huge burden in terms of dog or kitty food on the SPCA. Of course a donation of either canned (or bags) of doggy or kitty food will also be most welcome - remember that kitty food (pellets) in particular is mostly what we need. The SPCA is also in urgent need of dry blankets and bedding for pets.

It is an unfortunate fact that running an organisation such as the SPCA is no easy task and volunteers make up the bulk of our work force. Incidentally, if you are not tied up already or if you have been wondering where and how you could assist the SPCA in making ends meet, please volunteer for our "blikskud" on Saturday, 29 April. Any help will be appreciated tremendously - even if it just for an hour of two. If you would be able to help, remember your sunscreen and your hat - also please phone Suenell on 082 462 2227.

Please motorists - help the SPCA to help our beloved animals!

A number of construction workers of MCivils who have worked tirelessly into the late night hours to repair the notorious Arend Avenue during the past months. This important and very busy section of road has now been completed and was handed back to the Rustenburg Municipality. It is expected that the road surface will be resealed by the Rustenburg Municipality soon. The workers are Yoneku Mashisha, Wilson Valankulu, Thsipo Thuake, Nkqubela Nomlenze and Daniel Sonopo.

Arend Avenue done, at last

RUSTENBURG HERALD - RUSTENBURG - Residents of Safari Gardens and motorists using Arend Avenue on their way home, to the office or to take the kids to school, will be relieved to hear that perhaps the worst sewerage spill in the history of the Rustenburg Municipality, let alone in one of its upper market residential areas, is something of the past.

As Expected Rustenburg construction company MCivils has completed the repair, restoration and rehabilitation of the Arend Avenue area and has handed the project to the Rustenburg Municipality on Monday this week.

Only the resealing of the tar road surface now awaits - hopefully within the next few weeks, Cllr Ilse Edwards of the DA in Ward 15 told Rustenburg Herald on Tuesday morning. To date the Rustenburg Municipality did not respond to repeated media inquiries as to the Arend Avenue Sewerage Disaster which had lasted just over two months. At this stage it is unknown when the resealing of the road will commence.

Slang sluk glo troeteldier in

’n Leser het verlede week dié brokkie nuus aan Rustenburg Herald gestuur. Volgens die bron is hierdie Afrika rotsluislang (Python sebae) Donderdag by ’n kompleks in Cashan 10 gevind. Die luislang het toe glo reeds ’n Basset-hond as prooi gehad. Die slang is gevang en elders vrygelaat.

Rustenburg-tak vul slaggate op

RUSTENBURG HERALD - RUSTENBURG - AfriForum se Rustenburg-tak het op 27 Maart begin om verskeie slaggate op die hoek van Watervallaan en Lucasstraat op te vul, ongeveer ’n halwe ton teer is hiervoor gebruik.

Dit volg nadat die gemeenskap die tak genader het om die gate op te vul om sodoende die veiligheid van motoriste te verbeter.

Die landboumaatskappy Obaro het die teer geborg, Coastal Hire Rustenburg het die padroller en betonsaag verskaf en Sebetsa Trading het vir verversings gesorg. Alhoewel al die slaggate nog nie opgevol is nie, gaan dit reeds ’n reuseverskil in die gemeenskap maak.

Beplanning om die oorblywende slaggate op te vul is in die pyplyn en die gemeenskap en plaaslike ondernemings word uitgenooi om betrokke te raak deur ’n bydrae te lewer of teer te borg. Vir meer inligting skakel Armand Viljoen by 081 217 6568.

“Dié area is deel van die industriële gebied en dit is waar die dorp se geld vandaan kom, dus moet die paaie in ’n goeie toestand wees en deurgaans onderhou word. Daarom moedig ons ondernemings in die area aan om ons te help hetsy finansiële of deur teer te skenk,” sê Armand Viljoen, distrikskoördineerder vir Marico.

An almost “new” Arend Avenue in Safari Gardens after the resoration of a massive sewerage spill immediately in front of Santa Monica town house complex that has frustrated residents in the area for almost two months. Rustenburg construction company, MCivils, needed barely more than two weeks to complete the project.

Joint policy-in-action event highlights the fight against TB

RUSTENBURG HERALD - RUSTENBURG – Proactive measures taken by the Implats Group to support the global fight against tuberculosis (TB) have resulted in an annualised TB incidence rate far below that of the national average — at the Impala Rustenburg operations, the incidence rate was 224 per 100 000 people for the 2022 financial year, compared to the estimated incidence rate of 537 per 100 000 in South Africa.

The Implats Group's successful record in managing TB is due to its integrated approach to managing TB and HIV given that, in southern Africa, the two infections often occur together. All Implats employees, including those at the Impala Rustenburg operations, have an annual occupational health fitness assessment, which includes special investigations, x-rays,

audiometry, lung function tests and a medical examination.

This helps ensure that any conditions about which our employees may not be aware, are detected, diagnosed and treated early. Impala Rustenburg regularly conducts TB screening, testing and contact tracing for all employees and their dependents, and contractors, and its TB programme is aligned with national guidelines and standards.

Impala Rustenburg's success in the fight against TB was among the topics discussed at a joint policy-in-action event hosted on 23 March by the South African National AIDS Council (SANAC), in collaboration with Impala Rustenburg, attended by senior leaders from the mining sector, local, provincial and national government departments and organised labour. The focus of the event, to coincide with World TB Day, was on combatting TB in the workplace.

Speaking at the event, Dr Thuthula Balfour, Head of Health for the Minerals Council South Africa, commented on the multi-prong

approach taken by the mining industry to reduce the incidence of TB: "We had a very systematic approach to managing TB, which was based on a number of levers.

We had to use all those levers to ensure that TB was reduced."

Dr Balfour outlined the Minerals Council multi-stakeholder initiative — called Masoyise iTB - Let's Beat TB — for the mining industry, and explained the various levers needed to fight TB. These include reducing HIV prevalence and incidence; reducing the rate of TB co-infection in HIV-positive individuals through rigorous testing and treatment; reducing TB transmission through contact tracing; reducing latent TB prevalence through preventive therapies; reducing active TB through screening and case finding; and finally reducing the silicosis prevalence in the gold mining sector by reducing dust.

Mark Munroe, CE of Impala Rustenburg, said, "The mining industry plays a proactive role in tackling TB in South Africa.

Impala Rustenburg's partnership with the Department of Health and other organisations ensures greater impact and success in the fight against TB and other preventable diseases."

To extend its community upliftment impact and reduce TB throughout the Bojanala district, Impala Rustenburg has partnered with Tapologo Hospice to fund the training of home-based community care workers, who are trained to identify the early signs and symptoms of TB and other diseases in the mine-host communities.

The policy-in-action event took place at the Freedom Park Clinic, a community clinic recently constructed by Impala Rustenburg and which will soon to be handed over to the Department of Health.

This was followed by a tour of the Impala Hospital to showcase the strides Impala has made in the fight against TB, among other diseases.

World TB Day is an opportunity to raise awareness about the disease and to serve as a reminder that, with early detection and treatment, it is curable.

In South Africa, the commemorative events are organised by the South African National AIDS Council (SANAC).

This year, the events were held in the Bojanala District in the North West Province to highlight the ongoing fight against TB in the country and to showcase the progress made in combatting the disease.

RLM loses R65 million in grant funding

RUSTENBURG HERALD - RUSTENBURG - Nine North West municipalities will not be receiving conditional grant funding from the National Treasury.

This decision has been communicated by the Minister of Finance, Enoch Godongwana, to the North West MEC of Cooperative Governance and Traditional Affairs, Nono Maloyi.

"Regrettably, this will have far-reaching consequences for infrastructure development, maintenance, and service delivery in the province's worst performing municipalities," said Freddy Sonakile, spokesperson on Cooperative Governance, Human Settlements and Traditional Affairs for the Democratic Alliance (DA) in the North West.

"According to National Treasury, the decision to withhold conditional grant funding was informed by the poor performance of municipalities against the requirements of each grant allocated to the province. The conditional grants affected are the Municipal Infrastructure Grant, Energy Efficiency and Demand-Side Management Grant, and Water Services Infrastructure Grant, amongst others," Sonakile added.

The Rustenburg Local Municipality, Moses Kotane Local Municipality, Madibeng Local Municipality, Ditsobotla Local Municipality, Dr Ruth Segomotsi Mompati District Municipality, Matlosana Local Municipality, JB Marks Local Municipality, Ratlou Local Municipality and Mamusa Local municipality will accumulatively lose R460 million in conditional grant funding.

Madibeng is the biggest loser with a cut

of R145,408 million, followed by Dr Ruth Segomotsi Mompati at R119,453 million and Rustenburg at R65,341 million.

JB Marks and Matlosana are also in the top 5 worst affected municipalities losing R59 million and R26 million respectively.

"This is a heavy blow to service delivery in North West. ANC-governed municipalities not only fail to invest in infrastructure development and maintenance, but when they receive funding, fail to spend the money on projects it is intended for. North West suffers a massive infrastructure backlog, National Treasury's decision, although understandable, will put additional strain on the already limited cashflow of municipalities, who mostly adopted unfunded budgets," Sonakile said.

The little revenue collected by municipalities will be utilised for operational and wage bill expenses, and as municipalities struggle with the infrastructure backlog, the withholding of conditional grant funding will contribute to an increase in the already ballooning Eskom and Water bulk services debt, third-party payments such as PAYE, VAT, and pension and medical aid fund contributions, but worse of all, it will further collapse basic service delivery to residents.

"The DA demands the Provincial Public Accounts Committee (SCOPA) to urgently summon all the affected municipalities to account for their failures to spend

conditional grant funding, which is an injustice committed against the residents of this province. Each municipality must also explain how they intend to fund

their service delivery programmes and infrastructure development projects which this conditional grant funding was meant to bankroll," concluded Sonakile.

Attorney killed in cold blood

RUSTENBURG HERALD - RUSTENBURG - Police are investigating the murder of a 42-year-old attorney.

According to Sgt Ofentse Mokgadi, local Police spokesperson, the incident occurred on Wednesday afternoon (29 March) at a premises in Klopper Street.

"It is alleged that the woman - an attorney/Sherriff of the court - was fatally shot multiple times by two unknown suspects at the parking

lot outside her working place," Sgt Mokgadi told Rustenburg Herald.

The motive of the murder is still unknown and the Police are appealing to anyone who might have witnessed the incident, or have any information relating the murder to please contact the Detectives Task team's Sgt Kabelo Sekanka on 082 338 4950.

Moses Kotane director's case postponed

RUSTENBURG HERALD - RUSTENBURG - A former director of the Moses Kotane Municipality was granted bail of R10 000 after she made a court appearance last week.

The Mogwase Magistrates' Court postponed the case against Gabonewe Ridam Madikela (39) to 19 April and her case will now be transferred to the Specialised Commercial Crimes Court for trial.

Madikela was ordered to surrender her passport to the investigating officer. She is facing six charges of fraud amounting to R522 881, which she received as remuneration for a period of six months, while she was allegedly simultaneously occupying another government post without her employer's knowledge.

Madikela was arrested by the Hawks Serious Commercial Crime Investigation on 27 March following a thorough investigation into her alleged offence. "Her arrest emanates from her fraudulent orchestration of theft, involving her salary while she was employed by the Moses Kotane Local Municipality as a Director in charge of Local Economic Development during the period of April to September 2022. Her contract was to commence from 1 July 2019, to end on 30 June 2024, with an all-inclusive annual salary of R1 274 619," explained Henry Mamothame, NPA Regional Spokesperson.

According to Mamothame, it is alleged

that in March 2022 the accused applied for study leave from 30 March 2022 to 24 May 2022, with a confirmation letter from an institution of higher learning. On 29 March 2022, she applied for 39 days annual leave from 8 May 2022 to 27 June 2022, with the municipality granting her leave on both applications. Towards the end of the annual leave, she submitted sick notes from a private medical facility in Akasia, purportedly issued by her doctor, indicating that she was sickly and hospitalised.

Investigations by the Hawks revealed that during the period of her leave and purported illness, she was employed by the Department of Water and Sanitation as a Director, while still earning a salary from the Moses Kotane Local Municipality. Investigations reveal that reasons provided for her leave were false, including supporting documents from the institution of higher learning, as well as the medical certificates she provided as proof.

"Investigations into the matter have been completed and the accused is expected to be back in court when the matter resumes in April," Mamothame concluded.

Plan for a safe Easter weekend on SA roads

RUSTENBURG HERALD - RUSTENBURG - Bakwena Platinum Corridor Concessionaire (Pty) Ltd (Bakwena) encourages road users to plan their journey in advance this Easter holiday period as busy conditions are expected along the Bakwena N1N4 route.

Bakwena can confirm that rehab works on the N1 will be suspended over the Easter holiday period and there will be no lane closures on the N1 route. There will however be one lane closures still in place on the N4 both directions between Wonderboom off-ramp and the R80 interchange due to the current rehab project, which is part of the regular routine/preventative maintenance being carried out along the route to ensure that the roads Bakwena is responsible for are in a condition that ensures the safety of all road users.

Bakwena spokesperson, Solomon Kganyago, says Bakwena is implementing various measures along the route and collaborating with various authorities to ensure the safety of motorists traveling the route. Bakwena's ongoing partnership with Motus Corporation and KIA South Africa will see an additional six patrol vehicles being deployed from Wednesday 5th April 2023 until 3rd May 2023 over the Easter, school and long weekend period in April. These vehicles will assist with visible policing, crash assistance as well as support to road users who find themselves in difficulty along the route.

For those traveling with e-tags, we encourage you to top up your e-tag before your journey to minimize delays using the dedicated e-tag lanes. Registered e-tag users can pay their accounts via the SANRAL Customer Service Centre, EFT, SANRAL Call Centres and selected Pick 'n

Pays or via the SANRAL mobile app. For your convenience, self-service terminals are situated at N1 Total Panorama Petroport, N4 Total Magalies Petroport & Kroondal Shell Ultra City eastbound, road users can get e-tags as well as top up e-tag accounts via CARD payment (cash top-ups not available at the SST's) at these terminals. Eliminate your interaction with toll plaza staff by taking advantage of the special promotion Bakwena is running in partnership with N4 Total Magalies Petroport whereby you get a FREE e-tag and 10% off your sit-down meal at the N4 Magalies Steers or Mugg & Bean, promotion is valid between 1 April 2023 to 1 May 2023. If you don't already have a car seat for your child, you can pop into the Total Panorama Petroport on the N1 on Thursday the 6th April between 10H00 to 14H00 where Bakwena in partnership with Wheel Well will have a limited number of car seats for all ages available for an affordable donation as well as FREE Secure-A-Kid harnesses. The friendly staff from Wheel Well and Bakwena will be available to assist you with choosing and installing the correct seat for your child. Over the Easter weekend, between 2000 and 2400 vehicles per hour are expected to pass through Pumulani and Carousel toll plazas during peak periods, says Kganyago. Road users are encouraged to plan their journeys to avoid travelling in the peak periods. Peak periods are expected as follows: – N1 Northbound & N4 Westbound Peak traffic

is expected between 12H00 until 20H00 on Thursday 6th April and on Friday 7th April between 06H00 & 14H00. N1 Southbound & N4 Eastbound Peak traffic is expected between 12H00 until 20H00 on Monday 10th April and Monday 1st May 2023.

With the roads much busier than usual, Kganyago urges road users to take special care and apply the following safety measures when traveling:

- Ensure your vehicle is road worthy
- Ensure you get enough rest before your journey
- Do not drive if you've consumed alcohol/drugs

Protection for used car buyers

RUSTENBURG HERALD - RUSTENBURG - Thought you bought your dream car, but it is a complete lemon? You can now hold the seller responsible.

A landmark court decision has set a precedent that will offer anyone buying a used vehicle a much higher level of protection through increased transparency about a vehicle's history.

The court found in favour of an unsuspecting consumer who was sold a previously written-off vehicle. The dealer was ordered to refund the client the full outstanding financed value of the car plus interest, even though the dealer was also unaware that the vehicle had been written off beforehand.

The decision has been welcomed by both the SA Motor Body Repairers Association (Sambra) and the National Automobile Dealers' Association (NADA)

Accident-damaged vehicles are generally written off by an insurer if deemed uneconomical to repair.

If this is the case, "the vehicle should be recoded on the National Traffic Information System (NaTIS) as a code 3 vehicle, which will inform any future or prospective buyers of a damaged or salvaged vehicle that will require extensive expenses to restore," says Charles Canning of Sambra. "Typically, insurers dispose of these vehicles at auctions, where they are bought and repaired, often to substandard specification, by unscrupulous repairers, and subsequently sold to unsuspecting consumers. This decision will ensure buyers of used vehicles have access to and are fully aware of the condition and status of the vehicle. It will prevent situations such as that which the Gauteng regional court has ruled on."

Canning said that Sambra had been lobbying for many years to get the South African Insurance Association (SAIA) to facilitate increased transparency through the public having access to a vehicle salvage database (VSD) that would allow would-be buyers, whether private individuals or car dealers, to check the status of a vehicle. He reported that SAIA has agreed this VSD will be published "towards the end of the first quarter of 2023". The plaintiff/buyer had approached Sambra for help after buying a vehicle from a dealership online. The vehicle had not been given a detailed inspection by either the seller or the buyer. Sambra arranged for a specialist assessor to inspect the vehicle, who established that the vehicle had been involved in a major accident resulting in a damaged chassis and was not mechanically sound or safe to drive.

On further investigation, it was revealed that the vehicle had been written off by the previous owner's insurance company, and then sold at auction and returned to the marketplace.

South Africans are increasingly choosing to buy pre-owned vehicles for various reasons.

Jakkie Olivier, CEO of the Retail Motor Industry Organisation (RMI), says that RMI is in support of the publication of a vehicle salvage database that lists vehicles that have been written off by insurance companies. However, he added that the VSD would only cover about 30% of the insured car market, with the majority of the vehicles on South African roads uninsured.

Rustenburg Herald Art competition - first of “new standard” entries received

Another brilliant illustration of the new standard of entries in our Art competition. This entry is also by Corlia Botha.

RUSTENBURG HERALD - RUSTENBURG - We have recently announced an important change to the rules of the Rustenburg Herald Art competition.

From this year artists are no longer required to attach their entries (art works) onto the blank space regularly printed in Rustenburg Herald and/or Bonus as it is believed to somewhat restrict artists in as far as size is concerned. At the same time Rustenburg Herald would not necessarily have to sacrifice the, in fact, very much needed space of an empty/blank page to accommodate these entries. From now on artists are required to attach their works of art to THIS PAGE or use the page as your canvas to paint or sketch on. Make sure that the date and page number of THIS edition are still visible. To complete your entry, simply complete the entry form at the top of this page, attach it to your artwork and “post” your entry into the entry boxes at both participating Pick n Pay Stores - Pick n Pay Azalea Park, Greystone Crossing or Pick n Pay Lifestyle Square, Beyers Naudé Avenue in Midtown Rustenburg or at reception of Rustenburg Herald’s offices in 13 Coetzer Street, Eastern Industrial Area, Rustenburg. Paasnaweek se Jan Tuisblykarretjie

Nee, kyk, vroeër jare was daar buiten die klompie skoolvakansies elke jaar, darem ook die Paasnaweek waarna ouers, skoliere en almal wat na ‘n blaaskansie gesmag het, kon uitsien om die stof van die nuwe jaar se eerste drie maande van die skoene af te skud. Hoewel daar vroeër ook ander langnaweke was, was paasnaweek ‘n behoorlike okkasie. Maande voor die tyd is die vakansieverblyf vir ‘n wegkruipplekkie in die bosveld, by die kus of een of ander eksotiese bestemming bespreek, betaal en vergeet, wil ‘n mens amper sê en mense het sommer reeds die Woensdag of Donderdag voor die naweek in die pad geval. As kind in daardie jare - veral die sewentigs - kan ek goed onthou hoe stil en bykans verlate die dorpie in Namibië waar ons grootgeword het, oor paasnaweek was. Daardie jare het ‘n mens as jy in Namibië gewoon het, nie veel verder as Hentiesbaai of Swakopmund gery vir ‘n blaaskans nie. Andersins het jy maar net by die huis gebly. Dit was per slot van sake maar net ‘n langnaweek en Namibië was eenvoudig te ver van enige ander bestemming in KwaZulu-Natal, die ou Transvaal of die Kaap en ja, die brandstof in daardie tyd was die minste van jou bekommernisse. Baie water het egter intussen in die see geloop. Deesdae is daar relatief min verskil in die “profiel” van jou tuisdorp tydens die Paasnaweek, of sommer enige ander langnaweek, of selfs gewone naweek. As ‘n mens in die tye waarin ons die afgelope 10 jaar of langer al leef ‘n groot gewoel van die Paasnaweek wil maak, moet jy hare op jou

tande hê. ‘n Mens wonder tog hoeveel gewone Suid-Afrikaners dit deesdae nog kan bekostig om bloot vir ‘n (kort?) langnaweek minstens twee of drie tenks se brandstof uit te ry, ‘n paar duisend randjies in jou beursie te hê vir vakansiegeld, eet en drink en al wat lekker is, en dan nog moet hoes vir behoorlike vakansieverblyf ook. Enigiemand sal jou sê daar is deesdae bykans niks wat nog in hierdie land bekostigbaar is nie en vakansieverblyf het nou maar ‘n reputasie gekry as ‘n geldmaakspul. Daar is bittermin mense in die verblyf-industrie omdat hulle van ander mense se geselskap hou. Die ergste van alles is egter die ongelooftlike druk en spanning waaraan ‘n mens jouself onderwerp om net êrens veilig aan te kom, indien jy per pad reis. ‘n Mens moet onthou dat daar in Suid-Afrika vandag seker maklik ses of sewe keer die hoeveelheid motors, taxi’s, busse en swaarvragmotors op ons paaie te sien is, as in enige ander tyd in ons geskiedenis. En dan die groot een - hoe het ons paaienetwerk nie intussen verval nie? Slaggate, blinde hoogtes, aanvalle op jou gesin, sou jou motor breek, uitbuiting langs die pad, sou jou motor breek, omkoper langs die pad, indien enigiens anders gebeur, dronk en onverantwoordelike motoriste en die grootste leemte, veels te min verkeersbeamptes, maak van ons paaie oorlogsones. Hiervoor sê ek nee baie dankie - ek bly tuis! Hoe sê die mense? Braaivleis, rugby, sonskyn en ‘n toe beursie!

The best Easter in your home town

Who can’t remember those enjoyable Easter long weekends of years gone by when everything in South Africa was still easy, safe and affordable? Dad en mom making the family’s “holiday” reservations at the coast, in the bush veld or some other exotic destination months in advance, the planning, packing and preparation for an occasion which was in fact nothing more or longer than four days? Yes, those were the days you’d say. Of course a number of other long weekends were also on the calendar, but no, none of these even remotely as “spectacular” as Easter weekend! Within weeks your long weekend was booked, paid for and forgotten, so to speak until the Wednesday of Thursday before Easter when most people took to the road as if never to return. Growing up in our “little” town in Namibia, I can remember very well how quiet and almost deserted our town was during Easter weekend. In those years long weekends would mostly be spent in Henties Bay or Swakopmund for Namibia was way to far from KwaZulu-Natal, from the old Transvaal or the beautiful Cape. If the coast wasn’t your thing, you’d probably stay at home and make the best of it. Nowadays however, it seems that there is little difference in the “profile” of most South African towns or cities - Easter or no Easter! Hasn’t things changed? One has to wonder just how many “ordinary” South Africans can still afford

to spent thousands of rand on at least two or three tanks of fuel to their holiday destinations, not to mention quite a few extra thousands for food, eats, drinks, the lot. And of course there’s still the bill for the accommodation one has to foot? Few people will disagree that holiday accommodation in these times is a racket. Very few people are in this line of business because they enjoy the company of strange people. The worst of all during the Easter weekend however, is the unnecessary pressure on yourself just to reach your holiday destination in one piece. With the volume of vehicles, taxis, buses and heavy trucks at least six or seven times more than that of the seventies, Easter weekend is a nightmare, not to mention the deterioration of the country’s roads network. Potholes, dangerous curves, lacking infrastructure (traffic lights, street lights), drunken and irresponsible drivers, attacks on your family if your car breaks down, “attacks” by tow truck vultures should your car break down (yes, you may desperately need them but if you do, it will end badly for you), bribery and far too few traffic officials along the route make our roads a war zone. No thanks to all of this I say, I would rather have the peace of mind, the safety of my pets, the company of friends or family, and the comfort of my own home. Or as the South African saying goes: Braaivleis, rugby, sunshine and my money in my pocket!

Arendweg nou weer ‘n plesier

Geagte redakteur
Wat ‘n plesier is dit nie nou weer om in Arendweg te kan ry - en nie vir byna ‘n kilometer jou asem te moet ophou nie!
Met die riool wat vir weke en weke in die straat gevloei het, wou ek nie eens my motor in my garage trek nie; het my dood gegril vir die gemors wat ek daar in ry.
Ek glo ek kan namens heelwat - indien nie alle

- inwoners van die buurt wat deur die fiasko geraak is, dankie sê vir die maatskappy wat eindelijk die probleem kon oplos.
En seker ook maar ‘n woord van dank aan die Rustenburg Plaaslike Munisipaliteit wat genadiglik besef het dat die taak bo hul vuurmaakplek is en ‘n privaat kontrakteur aangestel het.
Swewende Arend, Rustenburg, per e-pos.

Easter bunny to visit Timbati Veld Market on Saturday

RUSTENBURG HERALD - RUSTENBURG - This Easter weekend and in particular, Saturday, 8 April, will see the “monthly” Timbati Veld Market being hosted in the form of an Easter Market at the usual venue in Cashan 4. Home

made food, handcrafts, jewellery, special delicacies, jams, chutneys, pap and hot and mild chilli sauces, jaffels, hamburgers, hot dogs, biltong, pap and kaiings, you name it - will be on the menu. One of the highlights of the

day, will be the “running” of no less than three Easter Egg hunts at 11:00, 13:00 and 15:00 respectively. These are for children of different age groups - so no need to worry that your kid or young ones won’t be able to keep up with the Easter bunny. Participation in any of the Easter Egg hunts, will cost R25 per kid and includes a special Lexibug soft toy key chain. And also for the kids - there will be a slip n slide - please remember to bring your costumes - this is going to be a lot of fun!
Come on - lots of Rustenburg people won’t be going away on Easter weekend this year because of rising costs - not to mention the price of fuel. Timbati’s Easter Market will provide more than enough excitement and entertainment. Come meet old and new friends, see what the town’s people are up to and do your bit in aid of local charity. The Timbati Veld Market is the only market in Rustenburg of which ALL profits go to local charity - in particular the Rustenburg SPCA, so please, don’t hesitate to bring your doggy along but make sure it’s on a leash for your doggy’s own safety. Remember - there will also be a doggy Easter Treat hunt - so be sure you bring “Killer” along! The Timbati Veld Market will begin at 10:00 and continue until 16:00 on the corner of Krokodilrivier and Nylrivier Avenue in Cashan 4 - see your there - bring your wallet, hat, sunscreen and perhaps a camping chair and enjoy the day with Rustenburg’s new generation of entrepreneurs!

Glencore Ferroalloys sponsors new women’s cricket team ‘Glencore Dragons’

RUSTENBURG HERALD - RUSTENBURG - Glencore Ferroalloys’ Boshhoek and Wonderkop Smelters partnered with North-West Cricket to support young, female local cricket players from the North-West province.

Through the sponsorship, Glencore aims to expand and support advocacy for women’s sports in communities near their operations. The objective of the sponsorship reaffirms Glencore’s commitment to transformation through inclusivity and equality, fostering environments conducive to success in its workplace and communities.

The Boshhoek and Wonderkop Smelters officially launched their title sponsorship and cricket jersey reveal at the JB Marks Oval in Potchefstroom on Tuesday 21 March. The day was spent cheering on South Africa in their match against the West Indies, and following South Africa’s thrilling victory, Glencore officially revealed the ‘Glencore Dragons’ as the new name of the sponsored women’s cricket team.

“Our partnership with North-West Cricket, which takes pride in supporting the Glencore Dragons, exemplifies Glencore’s commitment to ensuring that transformation and equality exists not only in mining but also in the communities in which we operate. The true value of this partnership lies in its ability to give women a platform to amplify their voices and break down gender barriers and discrimination through sport. We are honoured to be here today to support the Glencore Dragons; we are behind you all the way,” said Fatima Hayat, Human Resource Manager of Wonderkop Smelter. The General Manager of Boshhoek Smelter, Riaan Cilliers, congratulated the Glencore Dragons and encouraged them to continue to always focus on the end goal. Supporting women’s sport in rural communities provides opportunities to effect social, economic, and environmental change, as well as contribute to sustainable development, social

cohesion, and even challenge mind sets and prejudice in the sporting environment.

The Acting Chief Executive Officer for North-West Cricket, Ismail Minty, said, “We rejoice for our team, which will now be called the Glencore Dragons. Thank you, Glencore, we look forward to a fruitful partnership with you.” The partnership officially kicked off on 21 March 2023 and will run for the rest of the cricket season through to 2024.
