DBV hou aarvergadering

RUSTENBURG HERALD - RUSTENBURG - Diereliefhebbers wat wens hulle kan meer vir die welsyn van troeteldiere in Rustenburg doen, het op Saterdag, 15 Julie, geleentheid om die daad by die woord te voeg wanneer die Dierebeskermingsvereniging se algemene jaarvergadering by die kantore van die DBV in Escomstraat, direk oorkant Kallies Paneelkloppers, gehou word.

Die vergadering sal stiptelik om 13:00 begin en is oop vir alle belangstellendes, diereliefhebbers en mense wat hoop om 'n verskil in diere se lewens te maak.

Rustenburg is bekend as 'n stad met 'n groot probleem rondom rondloperdiere en/of versaakte troeteldiere. Ten spyte hiervan vind die DBV dit reeds die afgelope klompie jaar uiters moeilik om as 'n instansie vir die welstand van diere kop bo water te hou. Daar is baie werk en die uitdaging is inderdaad groot vir mense wat hoop om 'n verskil hierin te maak. Onthou - alle diereliefhebbers is baie welkom!

Women's Camp with Desiree

RUSTENBURG HERALD - RUSTENBURG - The 1st of September is the beginning of spring, a new season after a dry autumn, and cold winter.

It's time for trees to blossom, to produce new fruit, also a time for growth in all nature. It's a new beginning to start over, but to be able to do that, one need to get rid of all the old roots and waste of the previous year, and the soil needs to

Desiree Holtzhausen would like to invite ladies to a women's camp on 1-2 September, with the theme: It's Time for a New Beginning ("Dis is Tyd vir 'n Nuwe Begin"). "What the Lord opened up in my spirit was that most of us all have been to a women's camp weekend and it's an amazing experience, we are so spiritually uplifted after such a camp, then its time to go home, back to reality, back to a husband who does not treat you well, and complains all day, broken marriage, children that are rebellious, unforgiveness, depression, anxiety, trauma, heartache ect and the list can go on and on. God wants to heal you from inside out, once you get rid of all old baggage, the next spiritual upliftment camp will surely make more of a lasting impact on you". This camp will be dealing with three main subjects: It's time to let go of your past, It's time to heal and become whole, It's time to face your

Rustenburg Municipality on course with prepaid

Councillor murders
Foreigner arrested

RUSTENBURG HERALD - RUSTENBURG - For consumers and users of prepaid electricity meters who are still somewhat in the dark or indeed concerned about the Rustenburg Municipality's call to arrange for a "rollover procedure" of their prepaid devices at the beginning of April this year, there is little cause for worry.

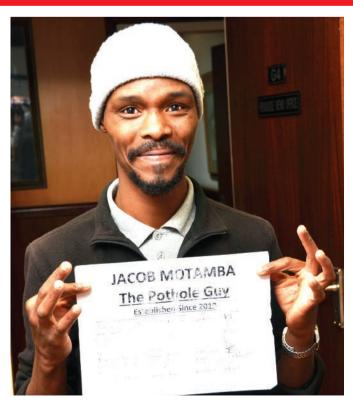

In April this year consumers with prepaid facilities were notified that inspectors/officials of the Rustenburg Municipality would need access to their prepaid devices for a so-called "rollover procedure" in order for their meters to function faultlessly from 2024.

Furthermore that municipal officials would visit owners' properties and leave a note if the residents were not at home. In the call it was pointed out to consumers that visits could be scheduled for between 17:00 and 19:00 if preferred. Prepaid consumers were at the same time referred to an advertisement by the Rustenburg Local Municipality in Rustenburg Herald of 6 April 2023 with further information on the rollover procedure.

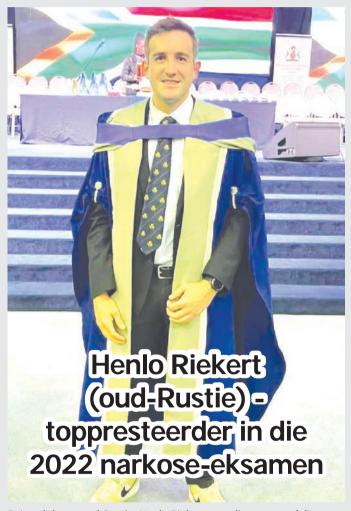

"Remember - if your prepaid meter is not rolled over, you will not be able to load electricity as from 24 November 2024", Cllr Tanya Rothman of the DA in Ward 17 said. Consumers are advised to contact F Mokalake on (014) 590 3432; 590 3434; 590 3428 or 590 3429 for an update or more information on the rollover procedure. On Tuesday this week Andrew Seome, spokesperson of the RLM confirmed that the procedure is still on course and that RLM is currently busy with the roll-out. "The implementation progress is at 28% and about 45 000 meters must still be visited. The completion date is projected at 30 June 2024. In terms of the procedure, - a Hybrid system will be implemented which will include self loading by customers, internal staff and appointed service providers, Seome said. "By the end of November 2024 all meters must be converted to the new STS edition. We urge RLM residents to grant access to the

teams responsible for the program", he concluded.

Jacob Motamba's face is a familiar one. The young man has been doing his best to fix some of the potholes around Rustenburg for nearly three years now. He has been fortunate that a couple of businesses, as well as individuals have been donating towards his cause. "To all these people and businesses, I am truly thankful. You are not sponsoring me, you are contributing to a better community," says Jacob. If you want to contact him to get involved, you can call him on 071 238 8385.

RUSTENBURG HERALD -RUSTENBURG - A 29-year-old Lesotho national, Makintane Kabelo Machete has been arrested in connection with the alleged murder of Tsietsi Mohulatsi.

At the time of the incident, Mohulatsi was a Ward Councillor in the Rustenburg Local Municipality.

The victim's body was found inside his white Nissan Navara bakkie at Freedom Park informal settlement between Extension 4 and 5 outside Phokeng in the early hours of 4 October 2022. The victim's body was spotted by passers-by who reported the incident to the police.

Machete appeared before the Bafokeng Magistrates' Court in Tlhabane on Wednesday (28 June). He was arrested on 26 June at Bekkersdal in Gauteng by the Bojanala Trio Task Team following an intensive investigation.

Preliminary investigation revealed that Mohulatsi was robbed during the incident and his bank card was used to buy clothes at shops in Rustenburg and Pretoria. As a result, Machete is also facing additional charges of kidnapping, robbery, fraud and the contravention of the Immigration Act.

He remains in custody and is expected to reappear at the same court on 24 August.

RUSTENBURG HERALD - RUSTENBURG - Dié Saterdag kan jy jou hart warm kom 'rock' wanneer dit tyd is vir vanjaar se Warmfees.

Soos verlede jaar is die Waterfall Mall weer die gasheer vir die vertoning.

Verlede jaar het Jacaranda se Warmfees die winter vir baie minderbevoorregte mense meer draaglik gemaak. Diere wat by organisasies en skuilings gehuisves word, het ook by dié inisiatief, onder leiding van ontbytprogramaanbieder Martin Bester,

En Rustenburg het as Warmfeesstad geskitter deur een van die plekke te wees wat die meeste komberse vir die projek ingesamel het. Gaan Rustenburg dié jaar selfs kan verbeter op verlede jaar se totaal?

Waterfall Mall se dakparkeerarea is Saterdag (8 Julie) die plek om te wees vir die vertoning wat jou hartkamers sal verwarm. Van die kunstenaars wat vanjaar saam met JacarandaFM se Martin Bester op die verhoog sal wees, is Bernice West, Droomsindroom, Min-Gespin, Wikus Botma, Lungi en Samantha Leonard. RUSTENBURG HERALD - RUSTENBURG - Job Shimankana Tabane Hospital has reason to be thrilled.

Last week the hospital performed a successful Percutaneous Closure procedure in treating a Congenital Atrial Septal Defect on a 21-year-old patient.

The procedure is the first of its kind to be done in the public health sector in the North West Province. Atrial Septal Defect (ASD) is a congenital heart disease whereby babies are born with a hole in their heart. Due to this hole, the blood flow in the heart and is misdirected to the wrong chamber of the heart. Most babies are diagnosed during their first year of life, however in our community with limited access to specialized cardiology services, most patients are only diagnosed later in life. If left untreated, this condition can lead to many other complications such as strokes, heart failure and pulmonary hypertension.

Percutaneous Closure of the ASD is a highly specialized procedure whereby we use minimal invasive methods to close this hole without cutting/opening the chest. This procedure requires extensive teamwork by the heart team - this includes the cardiologist, the anaesthetist and the cardiothoracic surgeon.

For the procedure, a groin puncture is made through the femoral vein, the wire and a catheter are advanced towards the heart. Once this is done, a device/patch is deployed in the heart. Although this seems simple, a lot can go wrong during this procedure. Some of the documented complications during this procedure could be:

* perforation / rupture or puncture of the heart, which could lead to death

*The device can also embolize and end up in the wrong places in the heart, causing obstruction, and possible risk of stroke during this procedure. To mitigate the risks of the potential complications the whole team needs to have an immediate and concerted effort. Maximum concentration is required and teamwork is very important. This means that while the operators are deploying the device, there should be someone doing a sonar and there should be an anaesthetist monitoring the hemodynamic of the patients.

"When this procedure is completed, the patient is ready to go home in less than two days, and the patient can be followed up as an outpatient. Not only is the procedure convenient to the patient, but it's also a cost saving measure, especially in areas where we don't have access to open heart surgery, like in our hospital," remarked Cardiologist, Dr Mmuso Mogwera. The procedure was performed in the Cath Lab of Life Peglerae Hospital in Rustenburg jointly by the JST and the Life Peglerae team. "The hospital is pleased to announce that it has appointed specialists that have been in demand for healthcare services and increased life expectancy. This procedure is proof of improved quality healthcare service that the hospital strives towards," concluded JST CEO, Gloria Tlhapi.

The Sibanye-Stillwater PGM athletics team was honoured for their excellent performance at the 2023 Comrades marathon. During a luncheon hosted by SA PGM EVP this past Thursday, the athletes were acclaimed for their commitment and discipline throughout the year.

"You are true ambassadors of the Sibanye-Stillwater brand. Thank you for representing us so well on a world stage," said Dawie van Aswegen.

Dangerous robber, hijacker arrested

RUSTENBURG HERALD - RUSTENBURG - A man suspected of being involved with a case. That's after he allegedly hijacked a number of hijackings, business robberies, as well as theft and a string of other crimes, was arrested last week.

The Bojanala Trio Task team worked diligently to arrest 39-year-old Alfred Boqo and fruitfully linked him with three hijackings, three business robberies, three illegal possession of firearms, two illegal possession of ammunition, one possession of explosives and one theft

These alleged crimes were committed between 2012 and 2023. But on Wednesday (21 June) Boqo's luck ran out and the long arm of the law caught up with him in Lefaragatlhe near Tlhabane outside Rustenburg. Subsequent to the arrest, the accused appeared in the Bafokeng Magistrates' Court on 21 June on charges of theft of police uniform and liquor. He was expected to reappear at the same court on Monday (3 July) for bail application.

Boqo is also expected to appear in the Mogwase Magistrates' Court on Friday (7 July) for formal bail application in a car hijacking Mercedes Benz vehicle from the owner earlier this month in Sun City.

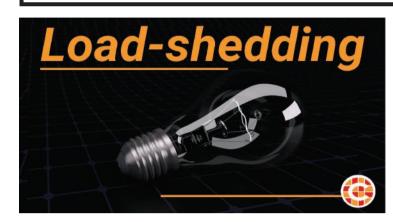

Moreover, he is expected to appear in the Bafokeng Magistrates' Court on Friday (21 July) for truck hijacking allegedly committed in May 2016 in Phokeng.

The accused is also expected to appear on Wednesday (30 August) in the Rustenburg Court, for possession explosives and unlawful possession firearms and ammunition.

That's after he was allegedly found in

possession of a rifle, revolver, and explosives at his residence in Rustenburg in September 2015. In addition, he appeared in the Brits Magistrates' Court on Tuesday (4 July) after being positively linked with car hijacking that happened September 2017, in Mooinooi.

Bogo is further scheduled to appear in the Mogwase Magistrates' Court on 23, 24, and 25 August, for trial on three counts of business robbery. The accused allegedly robbed post offices in Mogwase and Phokeng in 2012. He will also be facing additional charges of unlawful possession of firearm and ammunition.

Load shedding reduced - for now

RUSTENBURG HERALD - RUSTENBURG - Just before the weekend, Eskom announced that it will suspend load-shedding from midnight to 16:00 every day.

The new arrangement kicked in on Saturday (1 July).

Eskom will continue implementing stage 3 rotational power cuts from 16:00 to midnight every evening. "This pattern will be repeated until further notice. Eskom will publish another update should any significant changes occur," the state-owned power utility said.

Breakdowns are at 14,374MW of generating capacity, while the capacity out of service for planned maintenance increased to 5,003MW. Over the past 24 hours, a generating unit each at the Grootvlei and Kriel power stations were returned to service. In the same period, a generation unit each at Camden, Kendal, and two units at Matla power station were taken out of service due to breakdowns. Eskom said a delay in returning a generating unit to service at Tutuka power station is contributing to the current capacity constraints.

"Eskom teams are working around the clock to return generating units to service over the next few days," it assured. "We thank those South Africans who do heed the call to use electricity sparingly and efficiently, including switching off geysers from 17:00 to 21:00, as this lowers demand and helps in alleviating the pressure on the power system and contributes to lower stages of load-shedding," Eskom

Councillor accused of illegal sales

RUSTENBURG HERALD - RUSTENBURG - Community members of Paardekraal (Boitekong)

A delegation of Ward 40 contacted Rustenburg Herald as they are afraid that their concerns are being swept under the carpet.

According to the delegation of concerned community members, a ward councillor is instrumental in the illegally selling of stands in Portion 15, Paardekraal.

They claim that another man, known to them, is acting as the councillors's 'agent'.

According to the group, these stands are being sold to people for up to R250 000 each. They also allege that the majority of people buying the stands are undocumented persons. "But if you tell this 'agent' you only have R15 000, he'll sell

Even RDP houses are fair game for him to sell," one of the group told Rustenburg Herald.

According to the community group, people are being told that the stands are sold to benefit the Mayor's fund. The group claimed to have had numerous meetings with the Rustenburg Local Municipality - since 2021, but to date no solution has been offered.

The Rustenburg Local Municipality has been contacted to request comment, but by the time of going to press, no feedback has been received.

Three days later - Thursday (29 June) - a suspect was arrested at a house in Boitekong, Rustenburg.

"The Hawks" Serious Organised Crime Investigation, assisted by the Rustenburg Public Order Policing and Crime Intelligence arrested a 40-year-old man in connection with the theft of the rhino horns," Lieutenant Tinyiko Mathebula, spokesperson for the Hawks said in a statement.

The man's arrest on Thursday (29 June) follows an investigation into the break-in at the North West Parks Board in the early hours of Monday (26 June).

Five vehicles, believed to have been used in the commission of the crime - a Range Rover, Land Rover, BMW, Nissan X-Trail and a Honda Civic were confiscated for further investigation.

The suspect was due to appear in the Mmabatho Magistrates' Court earlier this week on a charge of business burglary.

RUSTENBURG HERALD - PILANESBERG - South Africa's most famous holiday resort, Sun City, has taken its name to heart and installed a R16-million solar plant to reduce electricity consumption from the national grid.

Located along the border of the Pilanesberg National Park, with many sunny days throughout the year, the grid-tied solar photovoltaic system rated at 1.4megawatts peak of installed capacity tying in at the Sun Central entertainment centre for use around Sun City.

The system constitutes 2584 560W monocrystalline solar PV modules installed on the roof of the Sun City hotel, said TM Lesetla, National Energy Engineer at Tsebo Energy Solutions who installed the system. "These panels will be married into Sun City's internal electrical network to feed the power produced on the roof to the points of delivery. Sun City is like a little town on its own and the solar capacity is part of the energy mix."

The installed plant will displace an equivalent of 2,367,571kWh per annum, with the highest levels of energy production expected in nine out of the 12 months.

"This is an equivalent of what 329 averagesized South African households consume over a year. On good sunshine days, which will be most days, the facility will free up an equivalent of 14% of Sun City's electrical demand from the national utility supplier Eskom, which will be to the benefit of the grid in the vicinity, and by extension local communities that feed off the same supply," said Sun City General Manager, Brett Hoppé.

From a sustainability perspective, the solar plant will see Sun City reduce its annual CO2 equivalent emissions by an estimated 2,510 tons per annum, a positive contribution to mitigate against climate change into the future. "This is one of the many initiatives that Sun City in particular, and Sun international, are rolling out to reduce energy use both from a supply and demand perspective. Efficient lighting, HVAC retrofits and reconfigurations, water-heating and a gradual move to renewables all form part of the plan," said Hoppé. "Sun International's sustainability approach ensures we continue to meet our vision of providing memorable experiences for our guests, providing employment for our people, delivering superior shareholder returns, creating genuine value for the communities in which we operate and making sure we reduce our environmental footprint at the same time.'

The investment will pay for itself within five years, driven by above-average annual electricity price escalations. The plant has an expected lifespan of beyond 25 years when coupled with a well-planned preventative maintenance regime.

RUSTENBURG HERALD - RUSTENBURG - Impala Platinum's takeover of Royal Bafokeng Platinum (RBPlat) gained another milestone after the Takeover Regulation Panel (TRP) approved the transaction last week.

What's left is for the JSE to approve the listing of new shares in terms of its offer for RBPlat, consisting of stock and a cash component. Implats said it would apply again for this approval from the bourse.

It said also earlier this week the longstop date for shareholders wanting to accept its offer had been extended to 28 July. At last count, Implats owned 56.41% of RBPlat while Northam Platinum, which withdrew a rival takeover proposal in May, has a 34.5% stake in RBPlat.

The real action regarding the companies, however, is at the RBPlat asset level. RBPlat becomes a listed subsidiary of Implats so there's no joint venture understanding with Northam.

The assumption therefore is that Implats will push through its agenda exclusively, focusing on with extracting synergies between its Rustenburg mines and the adjacent RBPlat operations.

Analysts said how this happens will be key to the success of Implats' RBPlat takeover, underway since it formalised its offer on 17 January 2022. Northam's decision not to press on with its own takeover offer was put down to the deteroriation in the platinum group metal basket price, the weaker rand/dollar exchange notwithstanding. Given that load shedding has been muted in South Africa, concerns regarding supply have eased slightly.

'n Storie wat jou hart gaan ruk

JOU Sermaakin in in

Decima word in Afrikaans en Engels deur Penguin Random House SA uitgegee.

Eben Venter is die skrywer van nege hoogaangeskrewe romans - onder andere 'Ek stamel, ek sterwe', 'Begeerte', en 'Horrelpoot'.

Eben is reeds vyf keer met die WA Hofmeyr-prys bekroon, en het die KykNet-Rapport-prys vir sy boek 'Wolf, wolf' ontvang. Hy is ook die skrywer van twee kortverhaalbundels en 'n versameling rubrieke. Sy boek 'Green as the sky is blue' het hy as deel van 'n doktorsgraad in kreatiewe skryfkuns aan die Universiteit van Queensland voltooi, en sy werk is in Engels, Nederlands en Duits vertaal.

Sy nuwe boek, Decima is 'n verhaal wat jou tot in jou murg gaan raak.

Die storie, kortliks is:

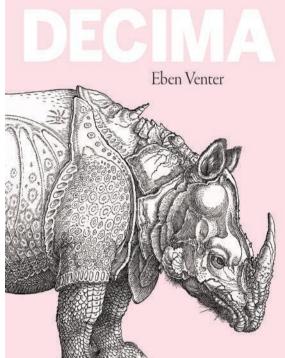

(Photo: www)

In die Oos-Kaapse veld maak 'n skrywer haar in Eben se verbeelding staan: Decima – 'n formidabele swartrenosterkoei. Decima se dogter, Tandeka, is dragtig, en die handvol renosters sien uit na die kalf se koms in die lente. Maar vir Decima is daar vrees wat met elke volmaan in haar opwel. Sy kan steeds die gebeure onthou wat haar baie seisoene vantevore wees gelaat het.

Hoe skryf mens oor hierdie dier as gevoelvolle wese? Deel van die storie is die

verskillende karakters wat 'n impak op die lot van die renosters het: stropers, hul kliënte, beoefenaars van tradisionele medisyne, ook die bewaarders. En tussendeur is daar Eben se brose ma wat in die land agtergebly het. Soos hy sy weg vind

daar Eben se brose ma wat in die land agtergebly het. Soos hy sy weg vind deur die bladsye van sy manuskrip, is dit die stem van Decima wat die suiwerste in sy gedagtes klink. Eben se boek kombineer outofiksie, fabel, 'n speurverhaal en die wetenskap, en is 'n dringende pleidooi vir die bewaring van een van die wêreld se megaherbivore. Decima is 'n storie vir baie stemme waarin die skrywer die aard van verlies in sy vele gestaltes besing en besweer in taal wat net as poëties beskryf kan word.

Time for "round" two - Art competition now open

RUSTENBURG HERALD - RUSTENBURG - With our latest "batch" of winners in our Rustenburg Herald/Bonus Art competition announced, it is very likely that there may be more artists who may feel that they could benefit from a cash prize of K1 000 not the mention a Pick n Pay shopping voucher to the value of R10 000 which will be awarded in the final round of the competition towards the end of this year.

Good news for these artists is that the new Art competition had officially kicked off on Monday this week (3 July)

To enter - remember the following: Look for the entry form printed in every week's edition of Rustenburg Herald. Complete this and attach it to your artwork which could be any full page in Rustenburg Herald provided that the name of the publication and the date are clearly visible. You are welcome to paint the full page with a base colour in white, black or any colour your prefer and to work on the base coat to complete your artwork.

You may enter as many artworks as you wish and there is no entry fee. Keep watching Rustenburg Herald and Bonus for regular news and/or updates on the competition. You can "post" your entries in the entry boxes at the two Pick n Pay stores which are clearly marked "Art competition" at the art display boards in both Pick n Pay stores. The closing date will be announced at a much later stage. Good luck with your entries.

Winners

- RUSTENBURG - Ruaan Roger Shaw van Wattlelaan is die gelukkige wenner van ons blokkiesraaisel van 23 Junie. Mev MM Rex of Kerk Street is the lucky winner of the Sudoku #718. Baie geluk aan die wenners wat 'n kontantprys van R250 elk losgeslaan het. Winners are urged to come and collect their cash prize from our offices at 13 Coetzer Street before the following Tuesday. Moet nie vergeet om 'n afskrif van u ID te bring nie.

An illustration of exactly what is required in Rustenburg Herald's "new" Art competition.

Does this make you hungry? An entry by another talented artist in our Rustenburg Herald/Bonus Art competition.

Ses wenke wat Suid-Afrika kan red

Daar is seker nie 'n mens in Suid-Afrika wat hom nog nie geskaam het vir hoe dinge die afgelope 30 jaar in Suid-Afrika tot hopeloosheid verval het nie. Daar is ook nie 'n mens wat nie gepeins het oor wat hy/sy anders sou doen indien hy/sy vir 'n onbepaalde tyd die president van die land kon wees nie. Die voorval waarin die adjunkpresident se blouligbende Maandag 'n man skandalig aangerand het, geskop, geslaan en bewusteloos agtergelaat het, het 'n mens weer aan die dink gesit - dit natuurlik ook nadat ons die jongste dagkoerant onder oë gehad het.

Ja ons weet, Dawie Roodt, Roelof Botha,
Anton van Niekerk, Amanda Gouws, Wim
de Villiers, Johan Rupert, Patrick Motsepe,
John Steenhuizen, Pieter Groenewald, Piet
Croucamp, Patricia de Lille, Helen Zille en ieder
en elk wat hom/haar oor die afgelope 10 jaar
of langer as politieke ontleder/kenner/ekspert/
adviseur/kritikus onderskei het, sou sy/haar
eie prioriteitslys hê om die bul by die horings
te pak en dinge in die land reg te ruk indien die
uiters onwaarskynlike geleentheid hom sou
voordoen. As 'n mens egter na "die mense"
luister sal jy baie gou hoor wat die grootste
euwels in ons land se skynbaar onstuitbare
verval blyk te wees;

* Dissipline - die herstel van dissipline op en onder alle vlakke van die samelewing - nee, nie deur polisiebrutaliteit nie, maar inderdaad aan die hand van 'n behoorlik opgeleide, "geskoolde", toegewyde, nie-rassistiese en gedissiplineerde polisiemag. 'n Loopbaan as polisieman of -vrou is ongelukkig nie 'n kantoorjoppie nie - die polisie of weermag is nie 'n "employment agency" nie!

* Die herinstelling van die doodstraf - jy kan nie 'n humanitêre regstelsel toepas op "mense" wat soos barbare en moordenaars optree en dan dink jy gaan misdaad effektief beveg nie; * Herdefinieer hoogverraad - weermaglede wat "staak", blouligbendes wat roof en moor,

wat "staak", blouligbendes wat roof en moor, polisie of mense in polisie-uniform wat roof en moor of staatsveiligheid bedreig is eenvoudig skuldig aan hoogverraad en verdien die doodstraf - "finish en kla";

* Die deportasie van onwettige immigrante; die sluit van ons grense; die onbeheersde toestroming van werkloses vanuit alle oorde in Afrika bly een van die grootste redes van werkloosheid, armoede, en misdaad;

* Die hervorming van die staatsdiens, die polisie, die weermag, onderwys en opleiding, gesondheidsorg, die bekamping van nepotisme en korrupsie, die bevordering van skoon, aanspreeklike, verantwoordelike regering:

* Herstel die oppergesag van "die mense" - belastingbetalers/beleggers/maatskappye wat per slot van sake vir alles betaal - ook die salarisse van korrupte politici - maar het geen gesag oor wat hulle geld "koop" nie? "Regeringsbeleid" en kritieke besluite behoort deur "die mense" geneem en bepaal te word - die fasilitering daarvan deur regeringsamptenare - dit is uitsluitlik wat plaaslike or nasionale "regerings" van meet af veronderstel was om te doen. Hoe, hoekom en wanneer het die mense hul oppergesag prysgegee?

Six tips that could save South Africa

There is hardly anybody in the country who hasn't felt ashamed by how things have gone astray and declined in South Africa over the past 30 years. Similarly is there hardly anyone who hasn't thought what he/she would have done differently had he or she been afforded the unlikely opportunity to be President of the country for an indefinite period. The incident of the Deputy President's Blue Light gang who have scandalously assaulted a man and left him unconscious on Monday, is a clear example that the country has gone too far on the road to anarchy and choas. Yes, we have also seen the latest daily newspaper which got our minds going. Yes we know Dawie Roodt, Roelof Botha, Anton van Niekerk, Amanda Gouws, Wim de Villiers, Johan Rupert, Patrick Motsepe, John Steenhuizen, Pieter Groenewald, Piet Croucamp, Helen Zille and Patricia de Lille would each have their own list and that these would differ from ours. If you really listen to the fears of the people however, the following is probably what you would have to do:

- * Discipline the restoration of discipline on all levels of society - not by police brutality, but through brave, fearless and unwavering policing, by a well-trained, educated, committed, non-racial and a disciplined police force. A career as policeman or woman unfortunately is NOT an office job!
- * The return of the death penalty you cannot apply a so-called humanitarian justice system to people who are nothing but barbarians and murderers and then think you will eventually win the war on crime it makes no sense and

never has

- * Redefine high treason once and for all members of the defence force, blue light brigades who rob and murder innocent civilians, policemen and women or men or women in uniform who rob and murder people or who threaten state security is nothing but high treason and punishable by death "finish and kla",
- * The deportation of all illegal immigrants and closing of our borders. The uncontrolled influx of unemployed, hopeless people from all over Africa is the major causes of unemployment, poverty and crime;
- * The transformation of civil service, the police, the defence force, education and training, health care, strict policing of nepotism and corruption, the promotion of clean, accountable and responsible government;
- The restoration of the supremacy of the people", rate payers/inv world economies and companies who are in fact paying for "everything" - also the remuneration of corrupt politicians but who have no say in what their money is buying" is putting the wagon in front of the oxen and makes no sense - hence where we are. "Government policies and critical decisions should be taken by "the people" but facilitated by government officials or government - this and nothing else was after all the sole purpose of what governments were tasked to do from the very outset - how, why and when did the people "surrender" their supremacy?

Diererehabilitasiesentrum sådankie

Die redakteur,

Ons het goeie reaksie gehad nadat die Rustenburg Herald ons pleidooi vir hulp geplaas het. 'n Dame het vir ons 20 kg waspoeier en 51 skottelgoedseep gebring en Jannie O'Neill van 'n rekenmeestersfirma het vir ons komberse, hoenderkos, voëlsaad, katkos en katsand geskenk. Hy gaan ook help om ons as 'n Niewinsgewende organisasie (NPO) te registreer. Jannie het ook gratis sy dienste as rekenmeester aangebied om ons boeke te hanteer. Ons is net so dankbaar aan die dierekliniek wat altyd bereid is om te probeer help waar hulle kan - ons waardeer dit baie en ons sê aan almal wat help, baie dankie. Ons was baie jare gelede wél geregistreer, maar toe het 'n veearts die rehabilitasie oorgeneem. Na sy uit Rustenburg weg is, moes ons weer oorvat en van héél van die begin af weer opbou. Ons moes weer goed aankoop wat ons weggegee het aan ander sentrums. 'n Ander veearts het ons een hok vir ons teruggee, maar die hok is erg

Women's Agricultural Union Volmoed branch

RUSTENBURG HERALD - RUSTENBURG - "Protect our Environment" is the Women's Agricultural Union ((WAU/VLU) theme for 2023. Members of the Volmoed branch of the WAU are concerned about the pollution at the inlets to the Buffelspoort Dam and were therefore well represented at a meeting that was held on Thursday 29 June at Oppieberg.

Thank you to Hein Wenhold and everybody who organised this event. They are proud to be part of the local RGKB community. Michael Kriel and Peet Venter came from the Chief Director's office in Pretoria: Department of Water and Sanitation (DWS).

The meeting was mainly about the surface demarcation on the Buffelspoort Dam and the activities allowed or not allowed in demarcated areas as well as the meanings of the buoys

colours and where they need to be placed. They also looked at the environmental impact of the area and discussed alien invasive plant species such as the non-indigenous reeds and considered possible ways to remove them. Water pollution is of great concern, and it is important to avoid any water contamination, particularly of the streams where they enter the

Discussions will continue to limit and control access of people to these areas.

Peet, who had been involved in the ecology of Hartbeespoort Dam, considered using the biological route to clean upstream with an ecological system of floating wetlands that will filter the water and increase bird and fish life. It will be a pleasure to have fish species like blue kurper and yellow fish swimming in the dam.

RUSTENBURG HERALD - BILBAO/NOGARO - Cycling aficionados have seen a great lot of action in the Tour de France of 2023 though it is really still early days in this year's outing.

Unlike previous years with Stage 1 traditionally an individual time trial, this year saw the Tour opening with a quite "normal" stage over 183 km of hilly terrain in and around Bilbao in northern Spain, not far from Andorra - Louis' home town in Spain over the past two to three years.

Stage 3 Results
After two days
and just under
120 km in Spain
during the first
two and a half
days since the
start on Saturday,
Monday saw

the peloton crossing the Spanish border into France after just over 120 km - indeed a stage contested in two halves and two countries.

The first 120 km was raced in Spain at an average speed (slow race) of 36 km/h. The peloton treated this part of the race as a rest stage after two very hard race days in Stage 1 & 2. This was also a farewell to Spain.

Once the peloton reached French soil (50 km remaining) the peloton's speed swiftly picked up to well above 50 km/h. The peloton maintained this speed up to the sprint finish in Bayonne.

At the end of the stage the results were somewhat delayed due to a dispute regarding dangerous cycling in the final sprint where Wout van Aert was possibly forced into the barriers by Jasper Philipsen. After 20 minutes of UCI Jury deliberations the finding was made that Jasper Philipsen did not commit a foul by deviating from his line of cycling. Herewith the official stage results:

(1) PHILIPSEN Jasper 04:43:15; (2) BAUHAUS Phil "; (3) EWAN Caleb "; (4) JAKOBSEN Fabio "; (5) VAN AERT Wout "; (6) CAVENDISH Mark ";

(11) GIRMAY Biniam "; (19) SAGAN Peter "; (48) MEINTJES Louis "; Although Louis finished in 48th position in Stage 3, he still maintains a respectable position overall. Overall Louis did not lose any time to the race leaders but moved up two places in the General Classification competition and found himself in 22nd position at the start of Stage 4 on Tuesday morning.

General Classification end of Stage 3

(1) YATES Adam 13:52:33; (2) POGACAR Tadej +00:06;

(3) YATES Simon ,; (4) LAFAY Victor +00:12; (5) VAN AERT Wout +00:16; (14) BARDET Romain +00:43; (15) PIDCOCK Thomas ,; (22) MEINTJES Louis +01:41; (23) O'CONNOR Ben ,;

Tuesday morning saw the start of Stage 4 which was another sprinter stage, starting in Dax and ending in Nogaro. This stage has been classified as a flat stage with a few hills with only one categorized climb. The total stage length is 181,1 km with 1 427 meters of vertical climbing. Furthermore Stage 4 was the first opportunity for the sprinters to contest for stage honors with the final section a very fast sprint finish. On Tuesday morning Johannes Meintjes reported that initially there was concern about some possibly dangerous obstacles and "road furniture" placed on the road to limit the number of accidents of which viewers have seen the usual fall or two. For the convenience of our readers and viewers Johannes suggested the following links to follow the events of Stage 4. Start town Dax (France) https://www.letour.fr/en/heritage/stage-4/town/dax

It's been said repeatedly that the winner of the Tour de France is the rider who manages perfect balance between effort and results over at least 20 of the Tour's 21 stages. On Tuesday morning Louis Meintjes found himself in 22nd position.
