Hy het as ATKV-oordbestuurder by die ATKV Buffelspoort, -Eiland Spa, -Natalia en -Klein Kariba diep spore getrap en vir die wat hom geken het, was hy 'n geloofsmann, gesinsman, gemeenskapsman, kollega en vriend. Hy sal onthou word vir sy standvastige leierskap, integriteit en humorsin.

DA welcomes Provincial Treasury's Section 139 (5) (a) and (c) intervention in Madibeng

BRITS POS - BRITS - "The DA in Madibeng Local Municipality welcomes North West Provincial Treasury's intervention under Section 139 (5) (a) and (c) of the Constitution after an assessment found that the municipality is in serious financial crisis," says Cllr Jan van Rhyn, DA Caucus Leader: Madibeng Local Municipality.

During a Special Council meeting last week, the intent to intervene was tabled and Council was officially informed of it. As part of the intervention, a team from Provincial Treasury, led by Mr

Pringle Raidani, had been sent to Madibeng to address the municipality's financial crisis to ensure that financial health and liquidity are restored through support, monitoring, and addressing ongoing material violations of the municipality's obligations to provide basic services and to meet its financial obligations. "This intervention could have been avoided had the ANC-run municipality implemented the measures the DA proposed to end financial mismanagement and corruption over the last few years which have resulted in continuous disclaimer audit outcomes by the Auditor-General. "The ANC continues to prove that they are incapable of governing effectively and delivering services to the people of Madibeng," Van Rhyn emphasised.

"This is in stark contrast to where the DA governs. In DA-run municipalities, there is a clear track record of effective and responsive government, where communities receive the services to which they are entitled."

The DA will keep a close eye on the intervention and will continue to fight for the rights of all the residents in Madibeng to ensure quality service delivery.

DA verwelkom 3 jaar tronkstraf van voormalige ANC-LP vir Schweizer-Reneke veediefstal

BRITS POS – SCHWEIZER-RENEKE - Die DA in Noordwes verwelkom die tronkstraf van drie jaar wat gister deur die Schweizer-Reneke-streekshof aan voormalige ANC-parlementslid, me. Mapule Veronica Mafolo, en haar medebeskuldigde, mnr. Thabo Freddy Phutiyaqae, opgelê is.

“Die twee is skuldig bevind aan veediefstal. Hulle het reeds in Januarie 2018 twee Bonsmara-kalwers op ’n plaas in Schweizer-Reneke gesteel,” sê Leon Basson, DA Noordwes Proviniale Leier. “Die boer het twee kalwers vermis opgemerk en sy broer versoek om ‘n saak van veediefstal by die SAPD te open. Die boer is later na die Vryburg Veilingskraal ontbied, waar hy sy vermiste kalwers suksesvol uitgeken het. Die saak is ondersoek en bewyse het geleei tot die arrestasie van die veroordeelde paar.”

In Desember 2022 is Sibusiso Thamaga, ANC-raadslid van Ditsobotla, saam met twee medepligtiges gearresteer omdat hulle na bewering 24 skape in Bakerville gesteel het. In hierdie saak is borgtog toegestaan, die saak is voor die hof, maar ANC-raadslid Thamaga dien steeds in die Ditsobotla-raad.

“Veediefstal is ‘n groot kriminele plaag in Noordwes wat kommersiële- en bestaansboere van hul vee beroof. Dat ‘n voormalige ANC-parlementslid en ‘n huidige dienende raadslid hulself by hierdie soort misdadigheid kan betrek ten spye van hul ampseed om die Grondwet te handhaaf en te bevorder, om die regte van alle Suid-Afrikaners te dien, te beskerm en te koester, is ‘n absolute skande,” het Basson benadruk.

ANC-politici en ontplooide kaders het die belastingbetalers vir jare beroof, soos dit blyk uit die Zondo-kommissie se verslag oor staatskaping. Dit blyk nou dat die steel van belastingbetalersgeld nie genoeg is nie, en ANC-politici en kaders kom vir die vee van boere wat dag in en dag uit, onder die moeilikste omstandighede swoeg om kos op die tafels van Suid-Afrikaanse gesinne te sit.

Veediefstal is ‘n onderaangemelde misdaad aangesien dit gewoonlik moeilik is om te bewys, veral as die diere geslag of na ‘n ander provinsie vervoer word, asook die gebrek aan kapasiteit deur die SAPD om sake suksesvol te ondersoek weens hulpbron- en mannekragtekorte, en die afwesigheid van doeltreffende landelike veiligheidseenhede wat hierdie misdade kan verhoed.

“Dié uitspraak in die Schweizer-Reneke-saak is ‘n landmerk-uitspraak teen die plaag van veediefstal in Noordwes. Die DA moedig alle boere wat veediefstal ervaar om hierdie misdade by die SAPD aan te meld.

“Vir die boer in Schweizer-Reneke is daar geregtigheid,” sluit Basson af.

CELEBRATING SHARED VALUE

10 YEARS OF SHARED VALUE

Sibanye-Stillwater partners with faith-based leaders to address gender-based violence and poverty in communities.

Sibanye-Stillwater is collaborating with faith-based leaders around its Marikana and Rustenburg operations, focusing on community safety, particularly in the fight against Gender-Based Violence (GBV) and substance abuse.

As part of its social renewal programmes, the Company also initiated a programme on food security in May 2021.

FOOD SECURITY

In recognition of the need for local economic revitalisation and the creation of livelihood opportunities which will extend beyond mining for households in local communities, Sibanye-Stillwater has since May 2021, been implementing a community agriculture programme, the Broad-based Livelihoods (BBL) programme. The BBL is facilitated by Umsizi Sustainable Solutions and SocioTech and aims to empower households and communities to develop their own livelihoods based on sustainable food production, business, and income generation activities. Over 1,000 households in nine communities have benefitted from the programme, which is aimed at reducing poverty and ensuring food security, so far.

SAFE HOMES - SAFE COMMUNITIES

In 2022, the Company initiated training and education programmes to address GBV and substance abuse, which have debilitating effects on local communities, especially girls, women, and the youth. The programmes aim to train and provide local faith-based leaders with knowledge to empower them sufficiently to play an active role in dealing with these critical issues. Over 58 churches around Marikana and Rustenburg are participating in the programme, with 27 faith-based leaders having already completed the course, and 13 already implementing the programmes in their local churches, clinics and schools around Marikana operations.

Winter is om die draai

BRITS POS – BRITS – Buiten die koeler weer soggens, is die voorspelling dat daar nog sonskyn met matige temperatuur verwag kan word, maar wees gewis, winter is om die draai.

Sondag en Maandag was daar met tye swaar reën en donderweer, Maandag het ons in gietende reën wakker geword en die temperatuur het vinnig gedaal.

Vir die res van die week word daar ontrent geen reën voorspel nie, maar die kans vir swaar reën en donderstorms gedurende die naweek, word nie uitgesluit nie.

Volgens die departement van water en sanitasie in Hartbeespoort het daar die afgelope naweek meer as 38mm reën in Hartbeespoort, bykans 60mm in Buffelspoort en 48mm in die Vaalkop-omgewing gevallen, met die gevolg dat die watervlak van damme oor die algemeen nog baie hoog is.

Dinsdagoggend was ses sluise van die Hartbeespoortdam teen 300mm oop, 'n totaal van 78m³/s.

Die watervlak van damme in die omgewing, soos Maandag, 8 Mei, deur die departement gemeet, is:

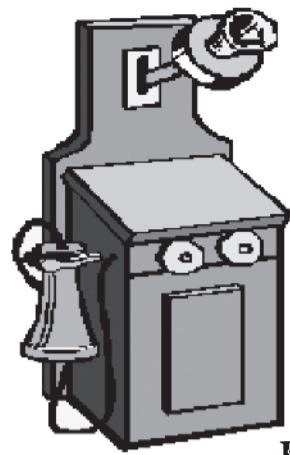

Die Bon Accorddam, ongeveer 50km vanaf Brits, se watervlak is die hoogste van al die damme in die omgewing en is Maandag, op 110,4% gemeet. Die dam is 'n hengelparadys en hengelaars is van mening dat hulle groot vis, veral kurper en karp met tigernuts en geure soos piesang en pynappel aan wal gebring het. (Foto: CarpSA)

DA questions Eskom's engineering capacity

BRITS POS - BRITS - "The DA is calling on the Minister of Public Enterprises, Pravin Gordhan, to update the nation on whether Eskom has adequate engineering and technical expertise at its disposal to deal with the high rates of coal power stations that have been taken offline, either due to breakdowns or for maintenance."

The Democratic Alliance (DA) made this statement early this week after Eskom's latest system update shows that about 50% (19 333MW) of the utility's 37 698MW coal generation capacity is offline due to breakdowns, while 4 524MW is out for planned maintenance.

"It is highly questionable that Eskom's rapid response teams have the requisite human resources to attend to this huge expanse of capacity that has broken down. With the coming winter months and the anticipated increase in electricity demand, notwithstanding the fact that Eskom is already averaging stage 6 load-shedding every week, the utility must keep breakdowns as low as possible. That will

not be possible if the engineering teams tasked with attending to these breakdowns are stretched to their limit," said Ghaleb Cachalia, DA Shadow Minister of Public Enterprises.

Cachalia further said that, in terms of quality and capability of those who effect maintenance - in each of Eskom's power plants, tripping is a perennial problem - a problem rooted in reliability maintenance. "To deal with these, the operating envelopes which include factors such as the maximum and minimum levels of power output, temperature, pressure, fuel consumption, and other operating parameters need to be reset, but the problem is that maintenance is outsourced to often-

crooked cadres who don't know a spanner from a wrench." The DA said that, to this end, Minister Gordhan should give an update on the online skills crowdsourcing platform that he launched in 2022 to enable people with the required expertise to submit their details online to help address the utility's severe skill shortage. They said that in the last update given in November 2022, from the 238 individuals who had responded to the call for expertise, only 25 were chosen for the first phase of the crowdsourcing intake. "When one factors in the challenges that Eskom is having at technical and engineering level, the addition of just 25 individuals to Eskom's technical division is simply inadequate. It has been reported that part of the reason why Eskom cannot hire as many retired engineers as it should, is because it has to comply with affirmative action requirements. With the South African economy teetering on the brink of collapse due to load-shedding, it is simply reckless for the government to prioritise regressive empowerment policies at the expense of onboarding all the help that Eskom can get. In the short term, if no practical action is taken to reduce the incidence of coal power station breakdowns, the grim reality is that South Africa may face the real prospects of elevated stages of load-shedding, with dire consequences for the economy," Cachalia concluded.
