Stock up on those candles...

BONUS - RUSTENBURG - Eskom has warned South Africans to expect ongoing load-shedding during the evening peak period - for the next three months.

The power utility implemented stage 2 load-shedding on 16 May because of 10 unit breakdowns at seven power stations. The alleged breakdowns included three generation units at Tutuka, one unit at Majuba, one unit at Kriel, and one unit at the Matla power station.

There were also trips at a unit each at Medupi, Kusile, and the Duvha power

stations. However, the latest load-shedding does not come as a surprise at all - Eskom has been struggling to cope with demand for a few weeks. Eskom spokesperson Sikonathi Mantshantsha previously warned the grid has been under severe pressure and Eskom has not been able to meet peak evening demand.

Eskom suspended load-shedding on 18 May after an improvement in supply capacity, Mantshantsha said. "Seven generation units returned to service over the past 24 hours, helping to ease the supply constraints," he explained.

Eskom expected improvement in the supply as more generation units would have returned to service. However, Mantshantsha warned that South Africans should prepare themselves for ongoing load-shedding in the coming months. "There is a likelihood of

ongoing load-shedding during the evening peak period - 17:00 to 22:00 - throughout winter," he said. This is in line with Eskom's previous comments that people should expect load-shedding to be a reality for the better part of the year.

Eskom expects some improvements from September 2021, but even then load-shedding will not be completely eliminated.

Unlicensed firearm, ammunition and explosive gel gets man in hot water

BONUS - RUSTENBURG -A 34-year-old suspect appeared before the Bafokeng Magistrates' Court in Tlhabane on Thursday (20 May), in connection with charges of possession of unlicensed firearm, ammunition and explosive gel.

His appearance emanates from his apprehension on Tuesday (18 May), after the vehicle that he was travelling in was intercepted near Rietvelli graveyard in Phokeng outside Rustenburg.

According to information received from L/col Amanda Funani, North West Provincial spokesperson, police received a tip-off from members of the community regarding a conspiracy to commit house breaking at a farm in the vicinity of Swartruggens. Consequently, the Tactical Team of Bojanala Platinum Sub-District 2 acted swiftly by following the leads and interrupted the vehicle; a Toyota Prado.

Two of the three occupants managed to flee while the 34-year-old was arrested after the police found 9mm live ammunition, magazine and explosive gel inside the vehicle.

Once again one such scam, offering employment at the Rustenburg Local Municipality is doing the rounds.

According to a statement released by the Rustenburg Local Municipality, there is an individual calling himself Mr Mohlala, and presenting himself as an HR Coordinator at the local municipality. "In a text message sent to persons who have not applied for any advertised vacancy of Admin Clerk for interviews, this Mr Mohlala requests unsuspecting members to confirm their attendance for the interviews by calling 078 068 4229. He added that the municipality do not make use of any employment agencies and or Human Resources agents for purposes of recruitment. "Our Human Resources department will invite interviewees by way of telephone, and or e-mail, on a municipal domain @rustenburg.gov.za bearing the coat of arms. Locals claim the Sugarbelt 400 with Trethewey/Roets taking second consecutive victory in Special Vehicle category

BONUS - RUSTENBURG - Local Wartburg racer, Lance Trethewey and navigator, Adriaan Roets, took their second consecutive victory of the season when they won the Special Vehicle Category of the Sugarbelt 400, the second round of the 2021 South African National Cross Country Series (SACCS) that took place in the Eston/Mid Illovo area outside Pietermaritzburg this weekend.

Competing in the colours of Schalk Burger Motorsport in their BAT, Trethewey/Roets started the first of the two 160 kilometre loops on Saturday from pole position in the Special Vehicle Category after they posted the fastest time at the Pirelli Qualifying Race that determined the starting order for Saturday. This was also their second Class A victory this season for the 2019 SA champions. It was, however, quite an eventful race for the team as they had two flat wheels and during one of the changes, the big vehicle fell off the jack. They managed to finish the two day race totalling 370 kilometres in a time of 6 hours, 27 minutes and 32 seconds.

They beat second-placed Clint Gibson/Alaric Smith (Dirt Sport Stryker) by seven minutes and five seconds, but Gibson/Smith also experienced quite a race. The team started the race on Saturday way down the field after a problematic Qualifying Race and worked their way up through the field. They even stopped to pull Production Vehicle Category competitors, Ernest Roberts/Henry Köhne (Red-Lined Motorsport) out of the mud during the second of the two 160 kilometre loops.

Despite it being a tough and challenging event, competitors enjoyed the Sugarbelt 400 with its unique race route.
