Rustenburg Herald's Bonus

06 JUNE 2022

Despite freezing early morning temperatures of late, the annual Magalies Monster Mountain Bike race at the pristine ATKV Buffelspoort was one of the main sporting highlights of the past weekend. Rugby and the finals of the 2022 French Open Tennis Championships were the other main attractions. Despite "big names" competing in the Magalies Monster, the event is also popular among families who enjoy cycling as a family activity. This year's Monster was the very first for the group of friends and family above - Kean Spratt, Zahné Barkhuizen, Kaila Spratt, Patrick Spratt and Coenie Barkhuizen. See Rustenburg Herald of this week for more photographs and news on the 2022 Magalies Monster.

Highway murder: R90 000 reward for info

BONUS - RUSTENBURG - "Please, if you have any information about the shooting that killed my brother, come forward."

This is the plea of Marco Kidson of Rustenburg.

The Kidson family is offering a reward of R90 000 for the arrest and successful conviction of the people responsible for the death of Juandr  Kidson (29) on 7 May. Juandr , his wife Johanette and their one-year-old baby daughter, Annabelle was travelling home from Rustenburg to Brits on that Saturday night. Near the R512 Randburg off-ramp, around 21:00, their Hyundai Santa Fe hit rocks that were placed across the road and a tyre was punctured. Juandr  drove on, but had no other option than to pull off the road to change the tyre.

While he was busy, three men approached him. "My brother told the men that they can take everything they had with them. He pleaded with them not to hurt them. And then they shot him in the head," Marco said. The robbers then shot Johanette in the shoulder while she was trying to shield her baby and prevent the men from grabbing the child out of her arms. If you have useful information regarding the incident, please contact Marco Kidson on 067 736 2609, or the investigating officer, Sgt Sebjane on 072 224 6805.

A reward of R90 000 is being offered for information that will lead to the conviction of the killers of Juandr  Kidson. (Photo: Supplied)

Wage strike ends at Sibanye

BONUS - RUSTENBURG - A wage strike that has been affecting Sibanye-Stillwater and its gold operations ended on Friday (3 June) after members agreed with the mining company's latest offer of R1000.

The workers of Sibanye have settled on a increase of R1000 each year of the three-year wage agreement. They will receive R1000 for the first year, a R900 increase in the second year and a R750 increase in the third year.

The Association of Mineworkers and Construction Union (AMCU) and the National Union of Mineworkers (NUM) embarked on a wage strike on 10 March and have since struggled to reach an agreement with the employer.

At Friday's meeting the union members agreed to accept the latest offer and called off the strike.

Implats to list on A2X bourse

BONUS - RUSTENBURG - Implats Platinum (Implats) is set to list on A2X Markets (A2X), with its ordinary shares to be available for trade on A2X from 13 June.

The company will retain its primary listings on the JSE and its Level 1 American Depository Receipt programme in the US.

Implats' issued share capital will be unaffected by the secondary listing on A2X.

Implats has mining operations in South Africa, Zimbabwe and Canada and employs more than 56 000 people across its operations.

"The Implats counter is a high-quality and liquid scrip and we are pleased to have the opportunity to offer it to the broadest possible range of investors. This secondary listing complements our primary listing and provides investors with a competitively priced choice of venue to transact in the company's shares," says Implats CFO Meroonisha Kerber.

"Implats investors gain exposure to a global precious metals portfolio, comprising operating PGM (Platinum group metals) assets, projects and a toll-refining business. Together, our operations are well positioned to capture the benefits of the full PGM value chain through integrated processing facilities, including wholly-owned smelters, as well as base and precious metal refineries.

"This secondary listing on A2X aligns with international best practice and supports the growth and development of South Africa's capital markets," Kerber adds. The listing will bring the number of instruments available for trade on A2X to 68, with a combined market capitalisation of about R4.5 trillion.

A2X is a licensed stock exchange that provides a secondary listing venue for companies. It is regulated by the Financial Sector Conduct Authority and the Prudential Authority in terms of the Financial Markets Act.

Unemployment rate drops in the first quarter

BONUS - RUSTENBURG - The unemployment rate in South Africa has decreased by 0.8 of a percentage point to 34.5% in the first quarter of 2022, Statistics South Africa has revealed.

In the last quarter of 2021, the country saw the highest unemployment rate on record of 35.3%. Releasing the Quarterly Labour Force Survey (QLFS) for quarter 1 of 2022 last week, Statistician-General Risenga Maluleke said these results indicate that 370 000 jobs were gained between the fourth quarter of 2021 and the first quarter of 2022. The biggest job gains were recorded in community and social services with 281 000 jobs, manufacturing with 263 000 jobs and trade with 98 000. However, there were job losses in private households at 186 000, finance at 72 000, construction at 60 000 and agriculture at 23 000.

“The total number of persons employed was 14.9 million in the first quarter of 2022. The number of unemployed persons decreased by 60 000 to 7.9 million in the 1st quarter of 2022 compared to the previous quarter. The number of discouraged work seekers decreased by 54 000 (1.4%) and the number of people who were not economically active for reasons other than discouragement decreased by 112 000 (0.8%) between the two quarters resulting in a net decrease of 166 000 in the not economically active population,” Maluleke said.

Stats SA said the changes in employment and unemployment resulted in the official unemployment rate decreasing by 0.8 of a percentage point from 35.3% in the fourth quarter of 2021 to 34.5% in the first quarter of 2022.
