## Does Gomora's Pretty have a local twin?

by MOHANOE KHIBA

**Lentswe, Jouberton** - Mmabatho Mogapi (38) of Extension 2 in Jouberton says people say she's a twin to the well-known actress Siyasanga Papu who is known as Pretty from the popular telenova called Gomora.

Pretty celebrated her 34-year-old birthday on Tuesday 14 July.

"Firstly, I felt overwhelmed and surprised to hear that I look like a celebrity because I didn't know her. And then I also started to take it seriously when more people said Pretty and I are lookalikes," Mmabatho said.

An active and forward Mmabatho who is also built like Pretty and speaks just like her, said she wishes to meet her.

"After seeing her on TV, I saw my smile and my nose on her and finally think that I have a twin sister. I can imagine the feeling being next to her.

"Some people even said I must ask my father about what happened, but unfortunately my father has passed away," she laughs.

Gomora is a South African television drama series produced by Seriti Films. It is an M-Net original produc-

tion commissioned for M-Net's local interest channel Mzansi Magic.

Catch Gomora on Mzansi Magic on weekdays from Monday to Friday at 19:30.

Is anyone you know a lookalike to any local or international celebrity, call 074 379 1738.

Lentswe's efforts to get hold of Pretty were fruitless.

Siyasanga Papu is the actress Pretty in Gomora.

Mmabatho Mogapi of Jouberton.

# Murderer gets 40 years

**Lentswe, Klerksdorp** - The murderer of a Wolmaransstad teacher was sentenced to a prison term of 40 years.

Nkululeko Kraai will leave the prison an old man after he was sentenced to a 40 year jail term in the North West High Court sitting in Klerksdorp on Tuesday 7 July.

He was behind bars since 28 April 2019 after his arrest for the kidnapping, robbery and murder of Isaac Tlhapi, a teacher in Wolmaransstad.

Tlhapi (44) was seen leaving a tavern with three men on 25 April 2019 and disappeared without a trace. His family reported him missing and his silver Nissan Qashqai was found abandoned in Soweto a few days later.

According to Lt Col Amanda Funani, police spokesperson, one of the men who was last seen with the victim, was arrested. The 23-year-old man later became a state witness and he led the police to Nkululeko Kraai in Delareyville. "He also took the police to a place along Wolmaransstad/Leedoringsstad road where Tlhapi's body was discovered with multiple stab wounds," she said.

Lt Genl Sello Kwena, congratulated the Wolmaransstad detectives who worked around the clock to collect enough evidence which resulted in the conviction and sentencing of the accused.

# Outraged miners block roads

**Lentswe, Orkney** - Seventeen people were arrested in connection with the ongoing protests where the intersections entering Orkney were blocked this week.

Capt Aafje Botma, provincial police spokesperson, said 12 men and five women were arrested for public violence on Monday 13 July. They were expected to appear in court on Wednesday 15 July.

Unrest however continued with the latest protest before going to press, on Tuesday evening 14 July. The modus operandi is for groups of men gathering, throwing stones into traffic and hijacking heavy motor vehicles. These vehicles are then parked in the intersection, blocking the road. On Tuesday, a truck carrying cement was hijacked and the cement was dumped in the road. Some of the trucks' tires were also set alight. "The road was eventually cleared late on Tuesday night and the trucks were towed away," said Botma.

The unrest started on Thursday 9 July late afternoon when groups of men later identified as miners at Tau Lekoa succeeded in blocking the road.

Traffic was rerouted for the whole of Friday and at some stage the Orkney/Vaal Reefs road was also blocked meaning that all main entrance and exit points to the town were blocked. **Lentswe** was told that miners demanded to speak to the mine management and representatives of DMR. An agreement was reached late on the day and truck drivers were handed back the keys to their vehicles so that the vehicles could be removed. Some damage was caused to the road surface where tires were burnt. SAPS were on the scene to monitor the situation.

Cllr Chris Bester said the reason for the protest was mainly about mineworkers demanding answers from mine management regarding the retrenchment process that

is underway. Mineworkers could not return to work and have not received salaries since lockdown started.

On Sunday afternoon, the protesters were back and after they succeeded in hijacking some trucks, the road was blocked again.

The protesters were armed with petrol bombs and dispersed from the scene after midnight but on Monday morning the unrest continued.

W/O Elize Kruger, police spokesperson, said the police monitor the situation. No arrests have been made. "The situation is volatile. The roads can be blocked at any time. Motorists must listen to social media updates regarding the traffic situation in the area," she said.

■ The VMR mines issued a section 189 notice on employees telling them the mines will not reopen. The mineworkers have not received salaries for the past four months.

## NW: Infections still climbing

**Lentswe, Klerksdorp** - On Tuesday 14 July, the total number of confirmed Covid-19 cases in the North West Province was 10 784 and 36 deaths were recorded.

The Province contributes 3.6% to South Africa's burden of disease. Of the 10 784 cases 8 209 are active cases.

The breakdown: Bojanala has 65% of the cases and the

Dr KK district has just under 30%.

The remainder are in the province's other two districts.

Nationally, 298 292 people tested positive and 4 346 deaths have been reported.

The increase in new infections demand that people collectively adhere to lockdown regulations to slowdown infection.

## UIF installs new measures to curb fraud

**Lentswe, Klerksdorp** - The Unemployment Insurance Fund's Covid-19 Temporary Employee Relief Scheme has introduced new and more stringent controls to verify banking details.

As a result of the introduction of the new safety and security changes, the Fund has had to delay payments, said Makhosonke Buthelezi, spokesperson. Payment however, resumed over the past weekend and disbursed R 372-million (R372 226 900.92) of Covid-19 TERS benefit claims.

According to Buthelezi, the payment covered claims for April and May lodged by 15 866 employers. The payment will benefit 78 283 employees whose banking details passed the verification process. Further payments were done on Tuesday 14 July with some R295-million paid out from 1824 employers benefitting 76 078 workers.

This brings the total paid to date since 16 April to just under R30-billion (R 29 726 359 618.48) covering 6 789 695 workers from 539 953 employers.

As part of the new control measures, the Fund also introduced a new rule to the system that requires applicants to insert either the Enterprise number (CK/CIPC) or the ID number of the bank account holder in the TERS Online portal, in order to further verify bank-

ing details against the authorized claimant.

"This requirement which may seem onerous is critical to ensure banking details are verified before any TERS payment is authorized. Failure to populate the system properly will unfortunately lead to more delays in the payment process," warns UIF Commissioner, Teboho Maruping.

The Commissioner added that the Fund has been at the receiving end of fraud complaints after it emerged that certain individuals managed to change banking details of their companies and inserted their own.

"This situation has created a need for us to do an upfront account verification and validation before the payment is made, and we expect this to increase our turnaround time by two days as the accounts are verified and validated to ensure that fraud at company level is eliminated and reduced as far as possible. We cannot overemphasize how important it is for companies to provide correct information that can be validated and verified with the banks so that there are no delays with the payment," said Maruping.

The new changes come on the back of the Fund having paid up to R1 billion (R 1 012 212 773.31) directly into the bank accounts of 238 086 employees since April 2020, and direct payments to employees have not been affected by the new measures.

Granny Kenalemang Mokgatla.

# Granny celebrates 101st birthday

Lentswe, Jouberton - According to gogo Elizabeth Kenalemang Mokgatla of Jouberton prayer and obedience have kept her alive for 101 years.

She celebrated her 101-year-old birthday on Thursday 9 July. She has lived in the area all her life and was

born on a farm near Hartbeesfontein.

Gogo Kenalemang can still talk, but uses a stick to support herself to walk. She had nine children, but only 5 are still alive. According to her family, Noni Moeketsi (48) gogo have 18 grandchildren and 21 great grandchildren.

Her advice to grow as old? "You must eat lots of vegetables and walk most of the time. You must also be obedient and always thank God in your prayers. Always have happiness and less hatred to live longer, but also accept who you are and what you have most."

*"Eat lots of vegetables and walk most of the time. You must also be obedient and always thank God in your prayers. Have happiness and less hatred to live longer, but also accept who you are and what you have most."*

# Madiba's daughter passes away

**Lentswe, Klerksdorp** - The 59-year-old South Africa's ambassador to Denmark, Zindzi Mandela died in hospital in Johannesburg on Sunday 12 July.

She is the daughter of South African liberation hero Nelson Mandela and Winnie Madikizela-Mandela. The Nelson Mandela Foundation CEO Sello Hatang said he feels paralysed and his heart is broken: "We have been shocked to wake to the news of the untimely passing of Zindziwisa Mandela. On a day when we are marking the anniversary of another terrible moment when Madiba's son Thembekile died in a car accident in 1969. Zindzi was someone we had come to know well and to love as she was our friend, so our thoughts are with her family and friends.

"Zindzi will be remembered for a

rich and extraordinary life, marked by many iconic moments. The years she spent banished with Mama Winnie Madikizela-Mandela to the small town of Brandfort. That summer's day in February 1985 at Jabulani Stadium when she read to the world Madiba's rejection of President Botha's offer of a conditional release from prison. Her own courageous work in underground structures. Public service as South African

Ambassador to Denmark."

President Cyril Ramaphosa including different political parties had send their condolences.

At the time of going to print, her memorial and funeral arrangements were to be announced in the course of the week.

Zindzi Mandela.

# Alcohol ban is back again

**Lentswe, Klerksdorp** - On Sunday 12 July evening, President Cyril Ramaphosa announced new measures to slow down the rate of Covid-19 infections that include the reinstatement of the banning of the sale of alcohol.

The South African National Civic Organisation (Sanco) in North West welcomed the reinstatement of the banning of the sale of alcohol. The civic organisation urged individual citizens to take greater responsibility for their conduct in the wake of the rising tide of coronavirus infections as the country braces itself for the devastating peak.

"We must not allow ourselves to cower to the temptation to drown our sorrows and anxieties in alcohol which has contributed to the surge in new infections and increased pressure of hospital bed occupancy when we should be sober to confront this ruthless enemy threatening our very existence," Sanco Provincial Chairperson, Paul Sebegoe said.

Sebegoe stressed that without the visibility of law enforcement to enforce the curfew and strict compliance with health protocols by public transport providers, the new measures will not achieve their intention.

"While we understand the objec-

tive to maintain social distancing, the prohibition of family visits might have unintended consequences. It needs to be urgently revisited to take into account exceptional circumstances as this might in some cases put the lives of the vulnerable with co-morbidities who are dependent on external support from family members at risk," he cautioned.

He said that schooling must be closely monitored for possible adjustment to the school calendar if Covid-19 infections get out of hand to threaten the lives of learners and educators.

"Nothing must be cast in stone. Vigilance, flexibility including adaptation must be an ongoing process as well as part of the new normal and risk adjusted strategy until we have weathered the coronavirus storm," Sebegoe emphasised.

He slammed disruption of phased-in schooling in some parts of the country describing them as populist anarchy aimed at fuelling fear instead of hope.

"An unprecedented pandemic of the magnitude that the whole world is dealing with needs principled leadership, scientific basis for decision making, cooperation and stronger partnership if lives are to be saved," he underscored.

Sanco Provincial Chairperson, Paul Sebegoe.

# Care products donated to shelter

**Lentswe, Khuma** - Rorisang Men & Youth Development Services in Khuma was visited by a group of women who call themselves 'Caring Mamas' last week.

They donated sanitary towels and toiletries to the orphans and vulnerable children currently being taken care of at the shelter.

Caring Mamas is a group of 19 mothers who came together to help underprivileged people, particularly children in the JB Marks and Matlosana local municipalities.

The concept was initiated by Kelebo-gile Trom, who is also a police communication officer at Ikageng SAPS.

Speaking to Trom she said after seeing a teenager dressed in a worn out clothes and she seemed to have low self-esteem, I then realised something must be done about that situation.

"I then shared my idea with some of her friends and they agreed to start a helping group.

"We help where we could by each buying toiletries, later identify children whose parents are unem-

ployed and those who are in need.

"We already started helping another family with maize meal and vegetables after seeing a mother picking spinach next to the road to feed her family.

The home's Motlalepule Zuene and Mojabeng Mafoltha welcomed them and thanked us for the parcels they received.

Zuene said since they are working with kids and adults who need help, all donations are welcome.

DONATE: Idah Kwena (left), Ketlareng Polori, Nosi Sonjane and Shantarpearl Mogale.

## No refuse removal in greater Orkney

**Lentswe, Klerksdorp** - No refuse removal will take place in Orkney and Kanana until Friday 17 July due to an employee at the municipality testing positive for Covid-19.

According to Ntswaki Makgetha, spokesperson, the City of Matlosana, in compliance with the Disaster Management Regulations of measures to prevent and combat the spread of COVID-19, is making necessary arrangements to sanitize and fumigate their buildings and also to follow other safety measures concerning their other employees for their overall safety.

Offices will be open on Monday 20 July for workers and the public after the deep cleaning process. "The city would like to encourage everyone to take Covid-19 precautionary measures. Let's wear masks, sanitize our hands and maintain social distancing," she said.

The Covid-19 clean-up team.

## District office re-open after decontamination

**Lentswe, Orkney** - The Dr Kenneth Kaunda District Municipality's offices are open following stages of fumigation, sanitizing, deep cleaning and decontamination last Friday 10 July.

This was after the unplanned closure owing to two confirmed cases of Covid-19 that were reported on Monday 6 and Wednesday 9 July.

"The process started last week Wednesday in Orkney and proceeded to Klerksdorp at the Disaster Management Centre where the Covid-19 District Command Council is based and was concluded in Wolmaransstad at the Maquassi

Hills Local Municipality where some of the district employees are stationed.

"However, the political wing (Old Mutual Building) adjacent to the main administration building in Orkney will remain closed due to ongoing maintenance and will be accessible in due course. In the meantime, the public is informed that employees from this office block will be working from home until after damages to the building have been attended to," the district municipal spokesperson Xolani Mndaweni said.

The municipality assured resi-

dents, stakeholders and the public at large that appropriate procedures have been put in place to pledge minor interruption of services as we treat this pandemic in a serious light.

The Executive Mayor Mosiane-Sekgotso also wishes to convey an important message to employees and the public at large to adhere to amended Disaster Management Regulations as announced by President Cyril Ramaphosa on Sunday night to ensure the safety of every citizen in the District and also minimize the spread of the virus.

A MANDELA DAY MESSAGE FROM EXECUTIVE MAYOR OF THE CITY OF MATLOSANA CLLR MAETU KGAILE

## Honour Madiba Fight COVID-19 together

Fellow Residents

This year's Mandela International Day comes at a time when our country and the world is grappling with a major health crisis – the Coronavirus (COVID-19) pandemic which has already infected millions of people and taken precious lives of hundreds of thousands more.

On this occasion, we remember the great personal sacrifice and contribution Nelson Mandela made to the transformation of our country from racial hatred and divisions, apartheid and oppression into one of the most respected democracies in the world today.

Sadly, Mandela Day comes at a time when the nation is mourning the untimely death of his very own daughter, Ambassador Zindzi Mandela who passed away on Monday aged 59. She was a remarkable leader in her own right. It is therefore fitting on behalf of Matlosana to convey our condolences to the Mandela family, her children and husband and indeed to the nation at large.

In memory of the Father of our Nation Rolihlahla Nelson Mandela, I call on all residents of our city to unite and work together in building a prosperous nation free of poverty, disease and the abuse of women and children.

As we act collectively to fight the invisible enemy COVID-19, let us draw inspiration from the wise words of our iconic hero Madiba when he once said – **"We can change the world and make it a better place. It is in your hands to make a difference."**

**Happy Nelson Madela Day to all!**

Hon. Cllr Maetu Kgaile  
Executive Mayor

# Abattoir broken down

Residents of Randlespark are shocked to see how vandals have been destroying the once active Klerksdorp abattoir in recent months. Lentswe inspected the site and found the property in ruin. Bokone Meats took over ownership of the property in 2016. Now the place is deserted.

## More load shedding

Lentswe, Klerksdorp - Eskom announced that the power generation system has improved and as a result, load shedding was reduced from stage 2 to stage 1 on Wednesday 15 July.

Since Friday 10 July, Eskom introduced load shedding between 9:00 and 22:00. The move to a lower load shedding stage comes in the midst of a severe cold front sweeping across much of the country with several genera-

tion units being taken offline in recent days.

Eskom said that generation units at Medupi and Majuba power stations have been returned to service and that Koeberg's unit 2 has been "synchronised into the grid".

However, a unit each at Kendal and Tutuka power stations respectively, have not been brought back online yet.

Load shedding is likely set to continue for the rest of the week into the weekend.

# Food donation to VMR mineworkers

On Tuesday 14 July, businesses in Orkney and some of VMR's Kopanang Mineworkers donated 130 food parcels and vegetables to their colleagues who are originally from Lesotho and Mozambique who are struggling without an income.

# Blood stocks critical

Lentswe, Klerksdorp - SANBS needs your blood!

The service is appealing to donors to donate blood as stocks are critical.

A Mandela Day Blood Drive will take place on Saturday 18 July at the Klerksdorp Donor Centre at Flamwood Walk.

An appeal was made to the bikers in the area to donate.

The NW Bikers Association answered this call and will have a mass ride from Matlosana Mall at 10:00.

The blood drive will be held from 09:00 till 15:00 and SANBS is targeting 60 units of blood on this day.

# No power due to cable theft

Lentswe, Hartbeesfontein - At least 26 households including some businesses in Martha Street in Hartbeesfontein are without power after a mini-substation was vandalised.

Ntswaki Makgetha, City of Matlosana spokesperson, confirmed that Zama Zamas broke into the substation to steal cables.

Another mini substation was vandalised in Jouberton extensions. "We could make an alternative supply plan but it's not sustainable as we are experiencing regular power interruptions," she said.

According to Makgetha, the matter is receiving the necessary attention but resources are limited at this stage due to Covid-19 restrictions.
